

Three postmark rarities - only two were Saints. St. John's took its name from the then Governor of Antigua.

C. E. Ceder, Esq.,
701-13th South
Tacoma, Wash.

U.S.A.

Crooked Island used to be the packet station for the Bahamas, but in about 1841 the office was closed and transferred to Nassau.

The strike on this page proves that the office had re-opened under its old name by 1909. Subsequent date stamps bore the name COLONEL HILL.
