

The King William Street Pedestrian Priority Project

Impact on Access to Abchurch Lane

A major project will be undertaken during the summer and autumn of 2024 and the first quarter and second half of 2025 covering King William Street, Lombard Street, Cannon Street and many of the lanes that connect them including Abchurch Lane.

This will mean that there will be road closures due to roadworks. Access during these times will be for pedestrians only, with very limited access to vehicles.

Here are the key dates that will affect deliveries and access to the RPSL's premises. Please note there are more roadworks going on across the ward that may restrict access coming into the area if travelling by car, and all the buses in the area may be on diversions.

Abchurch Lane: will be closed when resurfacing work is taking place in King William Street on the dates shown below.

Closure of King William Street:

- 19 September 2025 to 28 September 2025
- 3 October 2025 to 5 October 2025
- 26 October 2025 to 28 October 2025

Resurfacing works, taking place from Friday evening to Monday morning as follows:

- 4 April 2025 7pm - 7 April 2025 5am
- Back-up Dates
- 9 May 2025 7pm - 12 May 2025 5am
- 16 May 2025 7pm - 19 May 2025 5am

- 18 July 2025 7pm - 21 July 2025 5am
- Back-up Dates
- 25 July 2025 7pm - 28 July 2025 5am
- 1 August 2025 7pm - 4 August 2025 5am

Further information about the King William Street project is available from the Corporation of London, Candlewick ward website: <https://www.candlewickward.org/>
