—Monthly Supplement—

PUBLISHED BY THE POST OFFICE DEPARTMENT, WASHINGTON, D. C.

Fourth Series

MAY, 1930

Vol. 9, No. 11

The Following Notices Were Issued from the Office of the Postmaster General

WALTER F. BROWN, POSTMASTER GENERAL

## SPECIAL-DELIVERY MESSENGERS' UNIFORMS

ORDER No. 10139.

APRIL 9, 1930.

Effective July 1, 1930, postmasters at all offices having three or more special-delivery messengers, each of whom is regularly employed as much as four hours daily, shall require such messengers to provide themselves, at their own expense, with a uniform in full accordance with the following specifications:

"1. *Material*.—Same as provided in section 674, Postal Laws and Regulations, bluish, mixed cadet gray, flannel, or heavy bluish-gray worsted or serge.

"2. *Style of coat or vest*.—Same as provided in section 674, Postal Laws and Regulations, except that it may be optional whether the vest is worn and instead of an overcoat a reefer be adopted for winter wear. Use of summer coat to be optional, shirt to be used instead.

"3. *Style of trousers*.—Same as provided in section 674, Postal Laws and Regulations, or, if breeches are worn, they may be made of same cloth as the coat, or for summer wear khaki breeches may be worn, and for the winter corduroy breeches.

"4. *Style of shirt, material, color, etc.*—Same as provided in section 674, Postal Laws and Regulations.

"5. *Style of tie*.—Either a black four-in-hand or bow may be used.

"6. *Pullees*.—Leather—black or dark brown.

"7. *Style of cap*.—Cap same material and color as uniform and similar in style and appearance to what is commonly known as the full top yacht cap."

NOTE.—Badges will be furnished by the department and postmasters should require each special-delivery messenger to whom a badge is issued to place a deposit of 50 cents which should be treated as a trust fund and accounted for as such to cover losses of badges, the deposit to be returned to the messenger when he is separated from the service and returns his badge to the postmaster in good condition.

The above order does not apply to substitute carriers, wearing the regulation carrier uniform, whose services are utilized as special-delivery messengers.

At offices where the special-delivery messengers are now uniformed, the department will not insist upon their securing new uniforms in accordance with the above order until such time as the uniforms they now have need replacement.

## INFORMATION REGARDING POST-OFFICE LEASES TO BE FURNISHED TO THE PRESS AND OTHERS MAKING REQUEST

Advice has reached the department to the effect that a great many requests have been received by postmasters for information regarding post-office leases. Some postmasters have refused to furnish this information, holding that it is confidential.

There is absolutely no reason why information as to the space occupied, name of lessor, the cost to the Government, the location of the quarters, the term of the lease, etc., should not be furnished by postmasters to representatives of the press and others making request therefor.

Postmasters will be governed accordingly.

**THE ANNUAL ENCAMPMENT OF THE UNITED SPANISH WAR VETERANS, DEPARTMENT OF CALIFORNIA, TO BE HELD AT FRESNO, CALIF., MAY 11 TO MAY 15, 1930, INCLUSIVE**

ORDER No. 10217.

MAY 2, 1930.

Postmasters and all other officials of the Postal Service with employees under their supervision who are members of the United Spanish War Veterans, Department of California, are authorized to grant leave of absence to such employees, whose services may be spared without detriment to the service, upon application in the usual manner, for as many days as may be necessary, not to exceed 30, to enable them to attend the annual encampment of their organization to be held at Fresno, Calif., May 11 to May 15, 1930, inclusive. Such absence may be charged to the employees' annual leave, or, if necessary, leave without pay may be granted.

**THE STATE ENCAMPMENT OF THE UNITED SPANISH WAR VETERANS TO BE HELD IN CHATTANOOGA, TENN., JUNE 5, 6, AND 7, 1930, INCLUSIVE**

ORDER No. 10120.

APRIL 7, 1930.

Postmasters and all other officials of the Postal Service with employees under their supervision who are members of the United Spanish War Veterans are authorized to grant leave of absence to such employees, whose services may be spared without detriment to the service, upon application in the usual manner, for as many days as may be necessary, not to exceed 30, to enable them to attend the State encampment of their organization to be held in Chattanooga, Tenn., June 5, 6, and 7, 1930, inclusive. Such absence may be charged to the employees' annual leave or, if necessary, leave without pay may be granted.

**ANNUAL STATE CONVENTION, DEPARTMENT OF MICHIGAN, THE AMERICAN LEGION, TO BE HELD AT SAULT STE. MARIE, MICH., JULY 4, 5, AND 6, 1930**

ORDER No. 10186.

APRIL 24, 1930

Postmasters and other officials with employees under their supervision who are members of the department of Michigan, the American Legion, are authorized to grant leave of absence to such employees whose services may be spared without detriment to the service upon application in the usual manner for as many days as may be necessary, not to exceed 30, to enable them to attend the annual State convention of their organization to be held at Sault Ste. Marie, Mich., July 4, 5, and 6, 1930, inclusive. Such absence may be charged to the employee's annual leave or, if necessary, leave without pay may be granted. It is suggested that vacation schedules be arranged without regard to seniority so that junior employees who are members of the American Legion and who wish to attend the convention may take their vacation at that time.

**AMENDMENTS TO THE POSTAL LAWS AND REGULATIONS**

The amendments are printed on one side of pages at the back of the supplements, and should be clipped therefrom regularly each month, as they are intended for pasting directly opposite the sections amended or for pasting in a blank book, the margin of each section amended being marked with the number of the insert affecting that particular section. The following subjects are treated in the amendments published this month:

Insert No.

- 592. Nonreceipt of registry return receipt.
- 593. Locked pouches and direct packages on star routes.
- 594. Mailing matter without stamps affixed.
- 595. Mail collections by rural carriers.

### The Following Notices Were Issued from the Bureau of the First Assistant Postmaster General

ARCH COLEMAN, FIRST ASSISTANT

---

#### SALARIES OF STATION SUPERINTENDENTS

The salary of superintendents of classified stations should be based on the annual gross receipts, which will include all stamp sales, receipts from box rents, and other miscellaneous receipts.

The postage on mailings on permit matter, metered and nonmetered, should be credited to the station, provided the mail is actually distributed in the station.

The fact that a patron within a station district makes a deposit at the main office does not entitle the station to credit in that amount if the mail involved is simply accepted at the station, statement of mailings verified, and then dispatched to a centralized unit for distribution and dispatch.

The receipts of contract stations within a station district must not be included in the receipts of that station.

---

#### PERSONNEL—RETIREMENT

The attention of postmasters of offices of the first, second, and third class and all offices having village or rural-delivery service is directed to section 2 of the act of July 3, 1926, amending the act of May 22, 1920 (see sec. 42, Postal Laws and Regulations, as amended by Order 4484, dated July 24, 1926), which provides in part as follows:

"No employee shall be continued in the civil service of the United States beyond the age of retirement for more than four years."

The Solicitor for the Department of the Interior, which is charged with the administration of the retirement law, has interpreted this as meaning that all employees who will be four or more years beyond the retirement age of their respective grades on August 20, 1930, and who have a retirement status (at least 15 years of allowable service to their credit) must retire at the close of business on that date. Postmasters are advised that this section and ruling do not operate to separate from the service employees, four or more years beyond retirement age, who have not to their credit at least 15 years of allowable service, but they must retire as soon as they have completed this minimum amount of service.

Postmasters are enjoined to see that all employees under their supervision who are due to retire from the service on August 20, 1930, are furnished with a copy of Form 3-R1 on which to make application for annuity under the provision of section 1 of the act cited above, and such applications shall be executed and forwarded to the Bureau of the First Assistant, Division of Post Office Service, and in the case of rural carriers to the Division of Rural Mails, Washington, D. C., at least 30 days before August 20, 1930.

Postmasters are definitely put on notice that if any employee, coming within the provisions of the above-quoted section 2, is retained in the service beyond August 20, 1930, and are paid for such service, the amount so paid may be disallowed in their accounts.

These instructions apply also to all employees who, after August 20, 1930, complete four years beyond the retirement age of their respective grade.

The foregoing applies as well to all presidential postmasters who have a civil-service retirement status, whose applications for annuity shall be executed and forwarded to the Bureau of the First Assistant, Division of Postmasters, at least 30 days before August 20, 1930.

The employees to whom the above applies and the ages at which they must retire are as follows:

|                                       |    | Years                         |
|---------------------------------------|----|-------------------------------|
| Postmasters.....                      | 74 | City letter carriers..... 69  |
| Supervisors.....                      | 74 | Village carriers..... 69      |
| Watchmen and messengers.....          | 74 | Rural letter carriers..... 69 |
| Clerks, including special clerks..... | 69 | Laborers..... 69              |

In further connection with those who retire from the service on August 20, 1930, and thereafter, postmasters are informed that these employees should be granted the annual leave accruing to them for the fiscal year ended June 30, 1931, which shall be taken by such employees before the date of their retirement becomes effective.

## SIMILAR POST-OFFICE NAMES

Due to the similarity in names, a considerable amount of mail is being missent to the following post offices. The attention of the Postal Service is called thereto with the request that great care be exercised in the distribution of mail for these offices in order that the missending of and resultant delay to mail may be eliminated.

The department is in receipt of information that a quantity of mail is received at Ankeny, Iowa, that is intended for Crocker, Iowa, which is served by rural route from Polk City, Iowa.

### COMPLETE ADDRESS OF ADVERTISERS

It is estimated that approximately 50 per cent of the advertisements appearing in newspapers and magazines do not show a street address and number. Persons responding, therefore, omit that necessary information from the envelope address, seriously interfering with the prompt delivery of such mail and not infrequently resulting in nondelivery.

One large office reports that not less than 75,000 pieces of mail, exclusive of that addressed to the larger and well-known firms, are received at that office daily without street address, and this in a city where a building may often house more people than reside in a good-sized town.

It would be a waste of time to handle such incompletely addressed mail through the ordinary channels of distribution, so it is turned over to expert distributors. After they have handled it there are frequently from 8,000 to 10,000 pieces which require directory service. Of that amount there are often as many as 5,000 pieces that are undeliverable.

In an effort to reduce the amount of mail received without street and number, the postmaster sought and was assured of the cooperation of many publishers of newspapers and magazines. One publisher stated substantially that possibly 500 advertising agencies in the United States control 90 per cent of all the advertising that is placed, and suggested that the cooperation of these agencies would eliminate a great portion of the difficulties experienced.

The department is as responsive to suggestions for improvement from outside as from within the service, and postmasters are therefore directed to get in touch with advertising agencies in their cities, either personally or through a qualified representative, with the idea of securing their cooperation in urging advertisers to include their street and number as part of the address, thereby insuring the expeditious handling and prompt delivery of mail matter.

### ORANGE-COLORED LABEL TO BE USED IN MAKING DISPATCHES OF DEAD PARCEL-POST MATTER

The attention of postmasters and all post-office employees concerned is directed to paragraph 10 on page 34 of the current Postal Guide, directing that the orange-colored label (Form 4412) be used in making dispatches of undeliverable parcel-post matter to the various dead parcel-post branches. This label is printed on orange-colored paper, addressed to the proper dead parcel-post branch, and is so arranged that it can be used for either a facing slip on an individual article or "outside piece," or as a sack or pouch label.

The purpose of the distinctive color, as explained when its use was first introduced, is to permit instant and unmistakable recognition of returns of undeliverable matter on their way to the dead parcel-post branches, and thus prevent such returns from being opened while in transit.

Prior to adoption of this special label constant complaints were received of the loss and mishandling of returns of dead matter which had been opened in error in transit apparently on account of the labels not clearly indicating the destination. The introduction of the orange-colored label resulted in the elimination of most of this trouble, but of late a number of complaints have been received indicating that returns of dead parcel post have been opened in transit.

Postmasters are therefore cautioned to see that their offices are supplied with these labels, which may be had by making requisition on supply offices, and that proper instructions are issued to insure their use on all dispatches of undeliverable parcel-post matter to dead parcel-post branches.

**DIVISION OF INTERNATIONAL POSTAL SERVICE**

**SCALE OF FEES AND LIMITS OF INDEMNITY PAYABLE FOR REGISTERED PARCEL POST TO GERMANY**

In several instances it has been noted that a registration fee of only 15 cents was charged on registered *parcel post* to Germany, whereas the minimum fee is 25 cents.

The attention of all postmasters and other postal employees concerned is directed to page 335 of the July, 1929, Postal Guide, showing the scale of registration fees and limits of indemnity payable on registered *parcel post* for Germany.

Attention is invited to the circumstance that the 15-cent registration fee is chargeable only on Postal Union (regular) mail to Germany; that is, letters, prints, commercial papers, and samples of merchandise.

Postmasters will cause such notice to be taken of the foregoing as will assure the prepayment of the proper fees on registered *parcel post* for Germany.

**PARCEL POST SERVICE TO MEXICO**

The Postal Administration of Mexico advises that the Mexican domestic rate of postage will hereafter be charged on each parcel-post package which is forwarded from one office to another office in that country when it bears

an indication that the mailer desires it tendered for delivery at an alternative address, as outlined in section 54, on page 215 of the current Official Postal Guide. In the event the parcel can not be delivered at the alternative address indicated, it will be returned to origin rated for the collection of the above-mentioned forwarding charges. These charges, in addition to others which may have accrued on the parcel, will be collected from the mailer at time of return.

It is to be noted also that parcel-post packages which are forwarded from one office to another in this service at the request of the mailers in Mexico should, if undeliverable, be marked by the postmasters at offices of address to show the amount of the forwarding charges which were due thereon from the addressees, in order that record thereof may be made at the United States exchange offices which dispatch the undeliverable parcels to Mexico.

The United States exchange offices dispatching the parcels to Mexico will enter these charges on the parcel bills accompanying the returned parcels. They will also submit to the department quarterly reports of the charges in question as the basis for the preparation of accounts against Mexico.

### STATISTICS OF INTERNATIONAL MAILS

The attention of all postmasters is directed to the necessity of being prepared to submit on July 1, 1930, reports of all foreign mail transactions conducted at their offices during the period July 1, 1929, to June 30, 1930, as outlined in section 94 on pages 226, 227, and 228, of the annual Postal Guide for 1929 and in the attached facsimile of a card which will be transmitted to each postmaster.

This matter is called to the attention of postmasters for the reason that difficulty has heretofore been experienced in obtaining completed reports immediately after the close of the fiscal year. Postmasters are requested to return the cards transmitted to them even though no foreign mail transactions have been conducted at their offices, in order that the statistics may be compiled at this office in sufficient time to be included with other data prepared for the Postmaster General's annual report.

A copy of the card upon which this data is to be included is shown below:

POST OFFICE DEPARTMENT,  
DIVISION OF INTERNATIONAL POSTAL SERVICE,  
Washington.

Report on the reply half of this card, as called for by the items, the business transacted at your office during the entire fiscal year from July 1, 1929, to June 30, 1930, both dates inclusive, regardless of any change in postmasters during that time. Please be careful to list each item separately as called for. Do not make any alteration in any of the items. Postmasters must fill in name of office, sign plainly, *postmark distinctly*, detach, and mail this report promptly on July 1, 1930, to Second Assistant Postmaster General, Division of International Postal Service, Washington, D. C.

If the records of your office were destroyed by fire, flood, or otherwise, estimate the business transacted during the period for which the records were destroyed and indorse the report "ESTIMATED."

If there is nothing to report opposite any of the items, draw short horizontal lines in the appropriate space.

Item 1. See sec. 83, on page 225 of the annual Postal Guide for 1929.

Item 2. Sec. 73, on page 219 of the annual Postal Guide for 1929.

Item 5. See sec. 20, on page 189 of the annual Postal Guide for 1929.

Item 6. Sec. 634, P. L. and R., 1924, amended by Order No. 3647, dated December 1, 1925.

Item 7. Include all letters registered to any foreign country and those parcels for which the 15c fee applies, except to U. S. naval or military forces.

Items 8, 9, 10, and 11. Include all international parcel-post packages registered at the fees mentioned to the countries concerned.

Item 12. Include only official mail, registered free. (Secs. 869, 871, and 872, P. L. and R.)

Items 13, 14, 18, and 19. These have reference to registry and insurance return receipts (5 cents if requested at time of mailing and 10 cents if requested after mailing, except Canada).

Items 15 and 17. See sec. 120, page 233 of the annual Postal Guide for 1929.

Item 20. Mexico and Austria are the only countries with which C. O. D. service is in operation.

Items 21, 22, and 23. Report opposite these items the number of registered, insured, and C. O. D. articles sent as air mail during the fiscal year and which were included in items 7 to 11, inclusive, and 16 and 20.

Items 24 and 25. Should include all *ordinary parcel-post packages addressed to all Pan American countries, except Cuba*, which have ratified or put into effect the provisions of the Pan American Parcel Post Convention of Buenos Aires or Mexico.

*If there has been any unusual increase or decrease in any of the above services over the previous year at your office, please state to what it was due, either on the card or by letter.*

SECOND ASSISTANT POSTMASTER GENERAL.

### DISPATCH NOTES ACCOMPANYING PARCEL-POST PACKAGES FROM FOREIGN COUNTRIES

This office has been informed that postmasters are failing to observe the instructions set forth in section 93 on page 226 of the Official Postal Guide regarding the treatment of dispatch notes accompanying parcel-post packages received from foreign countries.

It is evident that these forms are being confused with registry receipts, and postmasters are hereby instructed not to detach dispatch notes (bulletin d'expédition) from parcel-post packages of foreign origin, as such forms should be permitted to remain with the parcel and delivered to the addressees, or, in case the parcel becomes undeliverable, the forms should accompany the parcel back to origin.

### DUTIABLE ARTICLES IN THE REGULAR MAILS TO FOREIGN COUNTRIES

It has come to the attention of this office that senders of dutiable articles in the regular mails to foreign countries frequently indorse such articles as "Samples without value," or by means of similar indications. As such indications are not permissible, except in the case of bona fide trade samples without salable value and sent under the classification of "Samples," and often result in delay and fines, postmasters should take proper action to prevent such irregularities.

In addition, as the green label (Form Dquarter), Form 2976 often becomes detached, it is suggested, in order to prevent delays, that letters or articles prepaid at the letter rate of postage also bear the notation "En douane" (Customs) in conspicuous letters.

### CUSTOMS DECLARATIONS ON PARCELS TO HONDURAS (REPUBLIC OF)

The Postal Administration of the Republic of Honduras advises that parcel-post packages are being received in that service with the contents incorrectly described on the relative customs declaration.

Postmasters should accordingly caution mailers of parcels destined for delivery in the country mentioned to see that the customs declaration is prepared in the manner outlined on pages 220 and 221 of the current Official Postal Guide.

**CUSTOMS DUTY ON ADVERTISING MATTER FOR AUSTRALIA MAY BE PREPAID BY MEANS OF AUSTRALIAN CUSTOMS-DUTY STAMPS AFFIXED TO THE REVERSE SIDE OF EACH PIECE OF SUCH MAIL MATTER**

The department has been advised of strong protests from the addressees in Australia of advertising matter from the United States, the customs duty on which has not been prepaid by means of Australian customs-duty stamps in the manner prescribed under the heading "Australia" on page 245 of the Postal Guide for July, 1929, thereby subjecting the addressees of such advertising matter to considerable inconvenience.

Postmasters are, therefore, requested to advise senders of the advertising matter concerned that the desired Australian customs-duty stamps to be affixed to the reverse side of each piece of such matter, may be purchased from the Australian customs representative, 25 Broadway, New York, N. Y.

**THE SPECIAL-DELIVERY FEE OF 20 CENTS ON ARTICLES FOR MEXICO OR OTHER FOREIGN COUNTRIES MUST BE PREPAID IN ADDITION TO THE REGULAR POSTAGE**

Report has been made to this office that many letters addressed for delivery in Mexico which are intended by the senders to be specially delivered are prepaid only 10 cents in addition to the regular postage.

As set forth under the table at the top of page 395 of the July, 1929, Postal Guide, the fee for the special delivery of articles mailed in this country and addressed for delivery in Mexico is 20 cents, in addition to the regular postage.

By reference to the top of page 197 of the said Guide it will be seen that special-delivery articles for Mexico or any other foreign country with which special-delivery service is in effect, must have affixed to the covers labels reading "Expres (special delivery)" or be marked "Expres" in red ink directly below but never on the stamps; and that insufficiently prepaid articles intended by the senders for special delivery in Mexico or any other country with which special-delivery service is in effect, must be marked "Not in special-delivery mail" and dispatched onward to destination as ordinary mail matter whenever such articles can not be returned to the sender for the deficiency in fee without seriously delaying the dispatch thereof.

Postmasters will cause due notice of the foregoing to be taken at their offices and the widest publicity without expense to the department to be given thereto.

**RESUMPTION OF AIR MAIL SERVICE FROM THE NORTH GERMAN LLOYD STEAMSHIP "BREMEN" TO THE COASTS OF AMERICA AND GERMANY, RESPECTIVELY**

The ship-to-shore service from the North German Lloyd steamship *Bremen* referred to in the notice of this office dated August 9, 1929 (printed on pp. 6 and 7 of the Postal Guide for September, 1929), is resumed in connection with future sailings of the steamship named.

The arrangements for this special service provide that prior to the arrival at New York or Bremerhaven, as the case may be, of the North German Lloyd steamship *Bremen* there will be a ship-to-shore service by plane which will leave the steamship at such a distance from the American or German coasts that its employment will expedite the delivery of the mail so transported.

Ordinary letters and post cards will be accepted for dispatch by the steamship *Bremen* and delivery to the German service by plane as indicated above, subject to a total charge of 20 cents for each letter not exceeding  $\frac{1}{2}$  ounce in weight, 35 cents for each letter exceeding  $\frac{1}{2}$  ounce up to 1 ounce in weight and so on in progression (15 cents to be added as air mail fee for each additional half ounce of weight and 3 cents to be added as postage for each additional ounce of weight). The total charge for a post card is 18 cents (15 cents air mail fee plus 3 cents regular postage). Such mail will be forwarded onward by the connecting air lines in Germany.

If air mail service is desired in this country en route to New York (the port of dispatch) letters must be prepaid in addition to the charges stated above the air mail fee of 4 cents for the first ounce or fraction thereof and 8 cents for each additional ounce or fraction thereof, and post cards 4 cents each.

Mail matter for this special airplane service should be marked conspicuously "Via Steamship 'BREMEN' and Airplane Ship-to-shore" and bear the "Par Avion" air mail label.

## AIR MAIL SERVICE DIRECT TO VENEZUELA

Effective with flight from Cristobal Monday, May 5, deliveries of mail are made at Maracaibo and Puerto Cabello, Venezuela, by planes on F. A. M. Route 5. Effective on the date mentioned, the schedule on F. A. M. Route 5 is as follows:

| Southbound      |                                    |   | Northbound                         |                 |

<sup>1</sup> Planes on route 8 connect with southbound planes on route 5 at San Lorenzo.

<sup>2</sup> The first stop in Costa Rica, both northbound and southbound, is Puntarenas. San Jose is reached from Puntarenas.

It will be noted there is no change in the schedule between Miami and Cristobal.

## EXPEDITED AIR MAIL SERVICE TO THE CANAL ZONE AND SOUTH AMERICA

Attention is invited to the new schedules printed in this Supplement for air mail service to the Canal Zone and South America. This reduces the transit time from Miami to the Canal Zone to 28 hours and from Miami to Argentina and Uruguay to less than 7 days, with corresponding reduction in time to intermediate countries.

All postmasters will, as far as practicable and without expense to the department, bring this materially improved service to the attention of all patrons having correspondence with these countries and endeavor to have them utilize this service to the fullest extent possible.

## DIVISION OF RAILWAY MAIL SERVICE

## HONEYBEES BY PARCEL POST

Honeybees should be prepared for mailing as directed in paragraph 1b of section 466, as amended August 16, 1928, and transported outside of mail bags.

The following instructions should be observed:

"Bees require plenty of air, therefore cages should never be packed or stored close together or to other mail. At least 6 inches of space should be left on each side of the cage, otherwise the bees are liable to 'melt' or suffocate. They should never be exposed to extremes of temperature or to sunshine or rain, and whenever possible should be kept between 97° and 40°.

"Bee cages should never be dropped, thrown, or otherwise roughly handled. Special care must be taken to prevent them from falling from trucks. Rough handling or violent shaking of the cages, in addition to the danger of killing the bees, is liable to cause the liquid food to drain from its container faster than the bees can consume it and flood the bottom of the cage.

"There are about 5,000 bees to the pound. Shippers when filling cages usually add about 600 extra bees. When time and circumstances will permit railway postal clerks, transfer clerks, and postmasters handling bee cages should examine them and if an excessive number of bees (say, approximately 500 or more) is seen to be dead on the bottom of the cage, the parcel should be treated as in bad order and report thereof made on Form 5257. No attempt should be made to remove the dead bees.

"Stray bees or those from queenless hives sometimes alight on the outside of bee cages in transit at depots or in post offices. This should not be taken as an indication that cages are defective and bees are escaping therefrom."

NEW COUNTERFEIT

The Treasury Department furnishes the following description of a new counterfeit:

\$20 FEDERAL RESERVE NOTE (NEW SERIES)

On the Federal Reserve Bank of Richmond, Va.; series of 1928; check letter F; face plate No. 1; back plate No. 8; H. T. Tate, Treasurer of the United States; A. W. Mellon, Secretary of the Treasury; portrait of Jackson.

This is a fairly well executed production printed from photo-engraved plates on one sheet of hard-surfaced paper with glazed finish. The cross-hatch lines which form the portrait background are coarsely drawn and under close inspection will reveal many imperfections, while the two parallel hair lines encircling the portrait oval are unevenly executed at several points as indicating the engraver's unsteady hand. The legend at the left of the note, directly above the bank seal, is deeply engraved, to such a degree that the ink stands up from the paper conspicuously after the style of an engraved card. In the inscription, "Series of 1928," the numerals are irregularly formed, particularly the 9 and 8, and after the word Treasury under the Secretary's signature, the engraver has omitted the period. The numbering and the Treasury seal are embossed in green. On the back plate the view of the White House reveals several defects, the left end of the building being slightly lower than the right, and the trees, lawn, and shrubbery are rather crudely engraved. The face of the note has an ash-gray tone which reflects a bleached appearance, and notwithstanding the

many imperfections this counterfeit is likely to deceive the unwary handler of currency.

Several of these counterfeits have appeared bearing the same serial number—E01397149A.

#### DIVISION OF CLASSIFICATION

---

#### “FREAK” ADDRESSES ON LETTERS

The enviable reputation of postal employees for their patient persistence in deciphering the addresses on mail has led some persons to place “freak” addresses on letters “just to see” if they will reach the person for whom intended. Such so-called “addresses” consist of rebuses or symbols of various kinds more or less suggestive of the names of alleged well-known persons in various stations of life.

Letters bearing such cryptic addresses are not definitely and sufficiently addressed as required by the postal laws and regulations and consequently are not acceptable for mailing. They should be returned to the sender, if known, for proper address. If the sender is not known, the letters should be treated as prescribed for dead letters.

---

#### PLACE OF MAILING METERED FIRST-CLASS MATTER

Paragraph 4 (c) of the conditions dated February 8, 1929, appearing on page 3 of the March, 1929, Supplement to the Postal Guide, governing the acceptance of metered permit matter, prescribes that such matter shall be presented by the mailer at the post office or station thereof designated by the postmaster. While this procedure is preferred in all cases, since it simplifies and expedites the handling and dispatch of the matter, and mailers are to be encouraged to follow it, nevertheless metered matter of the first class may, if the mailer so desires, be deposited in a street package collection box *designated by the postmaster* in the case of each particular mailer, provided such mail consists of lots of not more than 300 pieces.

The pieces must be properly faced and securely tied in packages and, when practicable, placed in a container or cover properly labeled “Metered mail,” and bearing the mailer’s name, which container shall be adaptable to the size of the opening in the collection boxes and be nonreturnable to the mailer. A statement of mailing on Form 3602-A must be securely attached to the package in the container. When it is not practicable to use a container, the statement of mailing shall be inclosed in a red envelope bearing in a prominent manner the inscription “Metered mail,” together with the name of the mailer, and such envelope shall be securely tied to the face side of the package of letters in order to enable postal employees to identify such packages as metered matter and thus assure proper handling in the post office. When a single mailing would make a larger package than could be deposited in the opening of the street collection box, it may be divided into two or more packages, in which case the container or envelope carrying the statement of mailing shall be plainly marked to show the number of packages included in the mailing. A red card bearing the mailer’s name may be substituted for the envelope identifying the packages not containing the statement of mailing.

All metered first-class matter thus collected from street package collection boxes must be carefully examined and recorded as prescribed by the conditions governing the acceptance of metered mail, and at least once a week all the pieces comprising such mailing shall be carefully verified in the manner prescribed by such conditions. Every precaution must be taken to observe every statement of mailing accompanying the packages so as to see that the readings of the ascending and descending registers as shown on any particular statement follow consecutively the readings of the registers as given on the preceding statement.

When any first-class matter is deposited by a permit holder in a street collection box other than the one designated by the postmaster for such permit holder, or is not accompanied with the prescribed statement of mailing, or in any other respect does not conform to the conditions governing the acceptance of metered mail, the mailer shall be cautioned as to the requirements he must observe, and any matter so mailed thereafter which does not conform to these requirements shall be returned to the sender.

### ACCEPTANCE OF METERED PARCELS OF FOURTH-CLASS MATTER

With reference to Order No. 10199, Insert No. 594, page 71 of this Supplement, metered parcels of fourth-class matter, irrespective of the number of pieces or whether they are identical, will be accepted from persons or concerns who have been accorded permits to mail fourth-class matter as metered permit mail under the following conditions:

(a) The prescribed indicia, which must include the date of mailing, may be placed directly on the envelope, wrapper, or address label, or on tape to be attached to the parcel.

(b) Such fourth-class metered permit mail must in all cases be presented at the post office or designated station thereof accompanied with the required statement of mailing on Form 3602-A.

(c) Each mailing of fourth-class matter presented under the foregoing conditions must be carefully examined and recorded, and at least once a week all the pieces comprising a mailing shall be completely verified, all this to be done in the manner prescribed by the conditions governing the acceptance of metered permit mail

### INFORMATION CONCERNING CIRCULATION OR DISTRIBUTION OF PUBLICATIONS NOT TO BE FURNISHED BY POSTMASTERS

It has come to attention that a representative of a monthly periodical entered as second-class matter has mailed to postmasters a circular letter with a questionnaire requesting information regarding the circulation of certain other magazines at their respective offices. Postmasters are prohibited by the postal laws and regulations from furnishing to any publisher information in regard to the circulation or mail of a publication issued by another publisher, and therefore postmasters should not furnish to the representative of the periodical referred to the information requested in his questionnaire. The publisher whose representative has been requesting from postmasters the information above referred to has been informed that the sending of such letters to postmasters should be discontinued.

---

### PERMISSIBLE ADDITIONS TO THIRD AND FOURTH CLASS MATTER

Paragraphs 5 and 6, section 447, Postal Laws and Regulations, provide for the inclosure with parcels of third or fourth class matter of an invoice showing, in writing or printing, the name and address of the sender and of the addressee; the names and quantities of articles inclosed, together with inscriptions indicating, "for purpose of description," the price, style, stock number, size, and quality of the articles; the order or file number, date of order and date and manner of shipment; and the initials or name of the salesman or of the person by whom the articles were packed or checked.

The words "No charge," "Charge \$\_\_\_\_\_" or "Charge," being equivalent to a price, are regarded as permissible additions to matter mailed at the third or fourth class rates of postage.

### PLANTS AND PLANT PRODUCTS ADDRESSED TO PLACES IN CALIFORNIA

Postmasters in the State of California are informed that facilities for the terminal inspection of plants and plant products at Inyokern and Mojave have been discontinued and, therefore, such material should not be sent to those places in future, but to the point at which inspection is maintained nearest to the office of address upon payment of the required postage, as prescribed by section 468, Postal Laws and Regulations.

Provision has been made for the terminal inspection of plants and plant products at Crescent City, Del Norte County, and this place should, therefore, be added to the list of places within the State of California to which plants and plant products subject to terminal inspection may be sent by postmasters for inspection under the provisions of section 468.

## DIVISION OF STAMPS

## "GRAF ZEPPELIN" AIR MAIL STAMPS

Postmasters and employees of the Postal Service are advised that the department has issued three special *Zeppelin* air mail stamps of 65-cent, \$1.30, and \$2.60 denominations, for use on mail matter carried on the *Graf Zeppelin* first Europe-Pan America round-trip flight, to be made early in May.

The stamps are the same shape and size as the current air mail stamps,  $7\frac{5}{100}$  by  $1\frac{84}{100}$  inch, and are described as follows:

The border design is the same for each stamp, with the necessary change of numerals representing the value. At the top of the stamp in a straight line are the words "Graf Zeppelin" with the words "Europe-Pan America Flight" directly beneath. At the bottom of the stamp in a dark panel appear the words "United States Postage" and within circles in both lower corners are the numerals showing the denomination.

The 65-cent stamp is printed in green and contains as the central design a representation of the *Graf Zeppelin* in flight across the Atlantic Ocean in an eastward direction.

In the \$1.30 stamp the airship is similarly shown sailing westward with a partial outline of the eastern and western continents on either side of the stamp. This stamp is printed in brown.

The design of the \$2.60 stamp shows the *Graf Zeppelin* emerging from the clouds, passing a globe representing the earth, and traveling toward the west. This stamp is printed in blue.

The *Graf Zeppelin* stamps were first placed on sale at the post office, Washington, D. C., on April 19, 1930, and for the benefit of collectors the stamps were placed on sale the same date at the philatelic agency of the department. The stamps were also placed on sale at the following additional post offices on April 21, 1930:

Postmasters at the above post offices were sent a supply of the stamps without requisition, together with special instructions in regard to the sale and accounting.

This special issue is limited to 1,000,000 stamps of each denomination, which will remain on sale at the above post offices until the departure of the *Graf Zeppelin* from Lakehurst, N. J., on the return flight. The stamps then remaining unsold will be recalled for destruction. As soon as the above quantities are printed the plates will be destroyed and no additional printing authorized.

The *Graf Zeppelin* stamps will be continued on sale at the philatelic agency of the department until June 30, 1930, for the benefit of stamp collectors.

When these stamps are desired for collection purposes the remittance must include return postage and registry fee.

Orders for *Zeppelin* stamps sent to the philatelic agency will be filled more promptly if other varieties of stamps are omitted.

## CHANGES TO BE INSERTED IN THE JULY, 1929, GUIDE

[The changes in the Postal Guide are printed on one side of the pages to enable postmasters and postal employees to clip and paste them opposite the sections of the Guide changed. In case it is desired to keep the Supplements intact for ready reference, memoranda of the changes may be placed on the margin of the page changed, indicating the change number and the monthly supplement.]

CHANGE No. 144 (Agents for publications, p. 93).

The parenthetical sentence at the close of article 12 on page 93 of the Official Postal Guide for July, 1929, is amended to read as follows:

"(As to classified clerks, carriers, and rural carriers, see secs. 57, 681, and 755, Postal Laws and Regulations.)"

CHANGE No. 145 (General Foreign Separating Scheme, Notes, p. 204).

The following modifies the item "Notes" under the above heading, on page 204:

"Heavy official mail, both registered and ordinary, addressed to Hawaii and Guam shall be forwarded to San Francisco, Calif., while such mail for the Philippine Islands shall be forwarded to either San Francisco, Calif., or Seattle, Wash., for dispatch from the offices named by vessels sailing direct to Honolulu, Guam, and Manila, preference being given United States transports and contract steamers. It has been arranged with the executive departments at Washington that in any instance where there may be special reason for the expeditious transmission of a particular dispatch the mail will bear a notice in a conspicuous manner requesting dispatch to be made so as to secure earliest arrival at destination. In such special cases the dispatch shall be made via the quickest available route."

CHANGE No. 146 (sec. 15, p. 187).

As the Postal Administration of Haiti has granted the franking privilege to the official correspondence of United States consuls and vice consuls when acting as consuls, the second paragraph of section 15 on page 187, as modified by the notice of this office dated February 27, 1930, is further modified as follows:

The words "except Haiti" appearing in lines 7 and 11 of the same paragraph, should be stricken out.

CHANGE No. 147 (sec 33, p. 195; p. 328).

Effective at once dutiable articles will be accepted in the Postal Union (regular) mails to French Indo-China.

In view of the foregoing, the following changes should be made:

*Section 33, page 195.*—Insert the words "French Indo-China" between the words "French Guiana" and "French Settlements in India."

*Page 328.*—The information appearing under the subheading "Dutiable Articles" should be superseded by the following:

"Dutiable articles accepted, provided there is affixed to each letter or package prepaid at the letter rate a green label (Form D quater), Form 2976, showing that the articles are to be submitted to the customs authorities for examination. A customs declaration properly completed or an invoice must also be inclosed in the package."

CHANGE No. 148 (February, 1929, Supplement, pp. 13 to 18).

The list of steam served Chinese post offices appearing under the caption "Parcel Post Service to China," on pages 13 to 18, inclusive, of the February, 1929, supplement to the annual Postal Guide for 1928 is modified as follows:

- After "Hinglungtien Fengtien," insert "Hingnungchen Heilungkiang, (Ki-Hei)."
- Delete "Kumchuk Kwangtung."
- After "Laofanchai Yunnan," insert "Laosiaokow Kirin (Ki-Hei)" and "Laotowkow Kirin (Ki-Hei)."
- Delete "Nankang Ki (Singtze) Kiangsi."
- Delete "Singtze (see Nankang Ki)."
- After "Sunchow Tung Kwangtung," insert "Sungchan Heilungkiang (Ki-Hei)."
- After "Yaotsun Sung. Shantung," insert "Yapuli Kirin (Ki-Hei)."
- After "Yenshih Honan," insert "Yentungshan Kirin (Ki-Hei)."

CHANGE No. 149 (November, 1929, Supplement. Change No. 51).

The Postal Administration of Colombia advises that the acceptance of parcels of increased dimensions as mentioned in the announcement issued by this office under date of October 5 has been restricted to the offices of Barranquilla, Cartagena, Santa Marta, Buenaventura, Tumaco, Bogota, Medellin, Cali, and Manizales.

In view of the above, the relative portion of the notice pertaining to Colombia, appearing as Change No. 51 in the November, 1929, Supplement, should be modified accordingly.

CHANGE No. 150 (Belgian Congo (via England), p. 258).

The following should be added to the subheading "Observations" of the item "Belgian Congo (via England)—Parcel Post," on page 258:

"Parcels addressed to inland offices are subject to additional charges which must be paid by addressees at time of delivery."

CHANGE No. 151 (Ceylon, p. 281).

The following should be added to the subheading "Prohibitions" of the item "Ceylon—Parcel Post," on page 281:

"Milk in any form.  
"The importation of wireless telegraph apparatus is subject to special restrictions."

CHANGE No. 152 (Haiti, p. 211).

The rates of postage at present applicable to articles mailed in Haiti and addressed for delivery in the United States are as follows:

|   | Centimes of<br>a gourde |
|---|-------------------------|
| Letters:                                    |                         |

| Requested after mailing.....                | 10                      |

The item "Haiti" on page 211 is modified accordingly.

CHANGE No. 153 (Madagascar and dependencies, p. 388).

The following articles are now prohibited in the Postal Union (regular) and parcel-post mails to Madagascar and dependencies and supersede those now shown under the subheadings "Prohibitions" of the item "Madagascar and Dependencies—Regular Mails and Parcel Post" on page 388:

#### REGULAR MAILS

Coins, gold or silver bullion, jewelry and other precious articles.

Playing cards.

Tabacco sauce (prais).

Works violating the copyright laws.

Saccharine.

Compound medicines not appearing in an official pharmacopeia.

Foreign products bearing either on themselves or on their wrapper, any mark, sign, or indication capable of creating the impression that they are of French origin.

Boxes or cans of conserved fish, vegetables, or prunes not bearing the stamped indication of the country of origin on each container.

Boxes or cans of sardines weighing more than 1 kilogram.

All articles prohibited in the form of parcel post are likewise prohibited in the regular mails.

#### PARCEL POST

*For the protection of plants.*—Plants, parts and refuse thereof, soil and packing materials capable of conveying plant or animal parasites are subject to special restrictions, to wit: Inspection of shipments at port of entry, and, if deemed necessary, withdrawal of a sample for laboratory examination. According to findings, decision is made for: (a) Immediate delivery to importer; (b) disinfection; (c) placing in quarantine; or (d) destruction by fire. All expenses involved are charged against the importer, who may not claim indemnity for any loss thereby involved.

Banana plants and parts thereof from the American continent may be shipped in packages of not more than 10 plants if accompanied by a certificate of origin visaed by a French consul in the country of origin.

Coffee plants, parts thereof, fruits and seeds are prohibited, except that seeds in parchment only and for propagation may be shipped in tightly closed metal containers weighing not more than 2 kilograms. Each shipment must be accompanied by a certificate of origin visaed by a French consul. The seeds shall be disinfected on entry.

Plants or parts thereof may be imported under a permit obtained in advance. They must be shipped in closed containers, free from refuse of coffee plants, and accompanied by a certificate of origin visaed by a French consul in the country of origin and bearing a certification by the Phyto-Sanitary Service that the plants are free from disease. After inspection, plants shall be destroyed or placed in quarantine for one year. The importation of coffee berries, seeds, and plants, as well as seeds and plants capable of harboring the coffee berry borer, may be effected only through the port of Tamatave. All such shipments, whether in the form of regular mails or parcel post, should consequently be directed to the post office at that port.

Cottonseed from the States of Louisiana, New Mexico, and Texas, when delinted, may be imported exclusively for propagation on condition that: (1) the importer obtains a permit in advance; (2) the seeds are shipped in closed containers marked by the Phyto-Sanitary Service of the country of origin; (3) they are accompanied by a certificate of origin in which that service affirms that the seeds have been regularly disinfected before packing. The seeds shall be again disinfected on entry. Cottonseed from other States may be shipped in closed containers accompanied by a certificate of origin visaed by a French consul. They shall be disinfected on entry.

In practice, cotton bales (cotton lint for local industries) will be opened only in the factory, except when port inspection is deemed necessary. Manufacturing wastes, seeds and refuse shall be destroyed by fire.

Hevea seeds may be imported only for propagation and without hulls, also plants and parts thereof may be imported from noninfected countries (i. e., countries other than those of South America) if accompanied by a certificate of origin visaed by a French consul. After inspection, these seeds will be delivered or disinfected.

Sugar-cane seeds may be imported from Hawaii and the Philippines on condition that: (1) The importer obtains a permit in advance; (2) the seeds are shipped in tightly closed metal containers marked by the Phyto-Sanitary Service of the country of origin, which service will affirm that the seeds have been regularly disinfected before packing; (3) the seeds are again disinfected on entry. Seeds may be imported from other countries if accompanied by a certificate of origin visaed by a French consul. The seeds will be disinfected on entry. Cuttings may be imported under a previously issued permit from Hawaii and the Philippines in packages of not more than 10; the packages shall be sealed or marked by the Phyto-Sanitary Service of the country of origin, which service shall affirm that the cuttings have been examined individually and found free from disease. After inspection, such cuttings shall be destroyed or placed in quarantine for two years. Cuttings from other countries shall be accompanied by a certificate of origin visaed by a French consul and shall be shipped in packages of not more than 50, free from soil and cane refuse. After inspection, such cuttings shall be destroyed or placed in quarantine for two years.

Seeds of the tea plant may be imported only for propagation. Each shipment shall be accompanied by a certificate of inspection and origin issued by the Phyto-Sanitary Service of the country of origin and visaed by a French consul. After inspection, such seeds shall be delivered or disinfected.

ARMS, MUNITIONS, ETC.

The importation of arms and munitions of any origin (French or foreign) may be effected only with the authorization of the local authorities.

CHANGE No. 154 (Persia, p. 428).

Effective at once, parcel-post service is discontinued to the office of Dowlatabad, Province of Kirman.

In view of the above, the following changes should be made:

Page 428

*Service (1), Poste Restante, Duzdab.*—Parcels for places in the Provinces of Khorassan, Kriman (except Dowlatabad), Seistan, and Yezd.

*Service (2) (Desert Motor Service), Poste Restante, Bander Abbas.*—Parcels for Bander Abbas and places in the Provinces of Kirman (except Dowlatabad) and Seistan.

CHANGE No. 155 (Portuguese India, p. 436).

The following articles are now prohibited in the parcel-post mails to Portuguese India and supersede those now shown under the subheading "Prohibitions" of the item "Portuguese India—Parcel Post," on page 436:

"Arms and munitions, except under permit.

"See item 'Great Britain and Northern Ireland' for information concerning varnish, paint, turpentine, lacquer and similar substances, and carbon paper."

CHANGE No. 156 (Portuguese Timor, p. 437).

The following articles are now prohibited in the parcel-post mails to Portuguese Timor and supersede those shown under the subheading "Prohibitions" of the item "Portuguese Timor—Parcel Post," on page 437:

"Arms and munitions, except under permit.

"See item 'Great Britain and Northern Ireland' for information concerning varnish, paint, turpentine, lacquer and similar substances, and carbon paper."

CHANGE No. 157 (April, 1930, Supplement, Change No. 130).

The information appearing under the subheading "Routing" of the item "Cyprus" of the announcement issued by this office under date of March 19, and published as Change No. 130 on page 49 of the April, 1930, Supplement, should be changed to read as follows:

"Routing—England; thence each Tuesday to connect with steamers of the P. & O. Steam Navigation Co. sailing from Marseilles on Friday."

CHANGE No. 158 (sec. 20, p. 189, Sierra Leone, p. 455).

A parcel-post agreement has been concluded between Sierra Leone Colony and Protectorate and this country (including Alaska, Hawaii, Porto Rico, Guam, Samoa, and the Virgin Islands of the United States). Note thereof should be made in connection with the information concerning the parcel-post service with that colony on page 455.

The transit charges on parcel-post packages addressed for delivery in Sierra Leone will be reduced to those shown below:

- 24 cents for each parcel not exceeding 3 pounds in weight.
- 36 cents for each parcel over 3 and not exceeding 7 pounds in weight.
- 48 cents for each parcel over 7 and not exceeding 11 pounds in weight.
- 72 cents for each parcel over 11 and not exceeding 22 pounds in weight.

The only other changes in the existing parcel-post service with Sierra Leone will be:

(1) Refused parcels must be returned at once from the post office at which they were received, marked "Refused," while other parcels which can not be delivered must be returned at the expiration of 30 days (as at present) after being marked to show the cause of nondelivery, as "unclaimed," etc., unless the parcels were marked by the senders to be otherwise disposed of, as "Abandon," or "If not deliverable as addressed, deliver to ———," in which case the parcels must be disposed of as instructed by the senders.

(2) So long as a parcel sent to or from Sierra Leone has not been delivered to the addressee, the sender may recall it or cause its address to be altered, under the conditions set forth in section 20 on page 189. Paragraph (d) of that section is modified accordingly.

CHANGE No. 159 (Leeward Islands, p. 382).

The following supersedes the information now appearing under the subheadings "Prohibitions" of the item "Leeward Islands—Regular Mails and Parcel Post," on page 382:

REGULAR MAILS

Coins. (Admitted into Montserrat only.)  
Also all articles prohibited in the form of parcel post.

PARCEL POST

Used clothing admitted, but may be subjected to fumigation.  
*For the protection of plants.*—Plants, fruits, and parts thereof, if they come from countries where diseases of such plants exist. Pears, apples, peaches, nectarines, apricots, plums, cherries, grapes, citrus fruits, and juicy fruits of all kinds (except dried, preserved, or candied fruits, nuts, onions, potatoes, or other bulbs or tubers not bearing either flowers or fruits).

The following articles, however, are admitted into Antigua under permit from the governor: (a) Sugar-cane and parts thereof; (b) banana plants, parts thereof, and bananas from Porto Rico and the Virgin Islands; (c) citrus plants with roots, unless accompanied by a certificate signed by a responsible inspector attesting that the district from which they come has been free from the citrus canker for the past two years.

*Arms, munitions, etc.*—Admitted only under permit from the governor.  
*For other reasons.*—Goods bearing the name or trade-mark of any manufacturer, dealer, or merchant in Great Britain, Northern Ireland, or any British possession, unless that name or mark is accompanied by the exact indication of the country where such goods were made or purchased.

CHANGE No. 160 (Chile, p. 282).

Raw platinum may be accepted for transmission in the Postal Union (regular) mails to Chile.

In view of the above, the words "except platinum" should be added at the end of the first line of the subheading "Prohibitions" of the item "Chile—Regular Mails," on page 282.

CHANGE No. 161 (Greece, pp. 346 and 347).

The following additional offices in Greece are designated to engage in the exchange of parcel-post packages between the United States and Greece, and should be added to the list of those authorized to participate in the parcel-post service as shown on pages 346 and 347:

"Sycoriou Palama, Kalimeriani, Zaha, Katronos, Gerakion, Axioupolis, Vavdou, Gida, Elefterohorion, Sikia, Megali Panagia, and Portaria."

CHANGE No. 162 (French Indo-China, pp. 328 and 329).

The following supersedes the information now appearing under the sub-headings "Prohibitions" of the item "French Indo-China—Regular Mails and Parcel Post," on pages 328 and 329:

#### REGULAR MAILS

Coins, gold or silver bullion, precious stones, jewelry, and other precious articles.

Imitations of banknotes, postage stamps, money, or securities.

Coins not in circulation.

Tobacco sauce (Praiss).

Works violating the copyright laws.

Saccharine.

Compound medicines not appearing in an official pharmacopeia, except for Asiatics.

Foreign products bearing either on themselves or on their wrapper any mark, sign, or indication capable of creating the impression that they are of French origin.

Boxes or cans of conserved fish, vegetables, or prunes not bearing the stamped indication of the country of origin on each container.

Boxes or cans of sardines weighing more than 1 kilogram.

In general, same prohibitions as France, but leaf or manufactured tobacco, playing cards, and compound medicines for Asiatics are admitted.

All articles prohibited in the form of parcel post are likewise prohibited in the regular mails.

#### PARCEL POST

*For the protection of plants.*—Plants, parts and refuse thereof, soil and packing materials capable of conveying plant or animal parasites, are subject to special restrictions, to wit: Inspection of shipments at port of entry, and, if deemed necessary, withdrawal of a sample for laboratory examination. They shall be disinfected on entry.

In practice, cotton bales (cotton lint for local industries) will be opened only in the factory, except when port inspection is deemed necessary. Cotton lint may be imported temporarily through the port of Haiphong. Manufacturing wastes, seeds, and refuse shall be destroyed by fire.

Hevea seeds may be imported only for propagation and without hulls; also plants and parts thereof may be imported from noninfected countries (i. e., countries other than those of South America) if accompanied by a certificate of origin visaed by a French consul. After inspection, these seeds will be delivered or disinfected.

Sugarcane seeds may be imported from Hawaii and the Philippines on condition that: (1) The importer obtains a permit in advance; (2) the seeds are shipped in tightly closed metal containers marked by the Phyto-Sanitary Service of the country of origin, which service will affirm that the seeds have been regularly disinfected before packing; (3) the seeds are again disinfected on entry. Seeds may be imported from other countries if accompanied by a certificate of origin visaed by a French consul. The seeds will be disinfected on entry. Cuttings may be imported under a previously issued permit from Hawaii and the Philippines in packages of not more than 10; the packages shall be sealed or marked by the Phyto-Sanitary Service of the country of origin, which service shall affirm that the cuttings have been examined individually and found free from disease. After inspection, such cuttings shall be destroyed or placed in quarantine for two years. Cuttings from other countries shall be accompanied by a certificate of origin visaed by a French consul and shall be shipped in packages of not more than 50, free from soil and cane refuse. After inspection, such cuttings shall be destroyed or placed in quarantine for two years.

Seeds of the tea plant may be imported only for propagation. Each shipment shall be accompanied by a certificate of inspection and origin issued by the Phyto-Sanitary Service of the country of origin and visaed by a French consul. After inspection, such seeds shall be delivered or disinfected.

Arms, munitions, and the nonexplosive components of artillery fuzes are prohibited.

*For other reasons.*—Articles bearing false French marks; canned fish, vegetables, or prunes not bearing the stamped indication of the country of origin on each container; boxes or cans of sardines weighing more than 1 kilogram.

Dyestuffs, chemical, and pharmaceutical products.

Weights and measures not of the metric system.

Also, in general, same articles prohibited in France.

## AMENDMENTS TO THE POSTAL LAWS AND REGULATIONS

INSERT No. 592. ORDER No. 10126.

APRIL 8, 1930.

Section 1000, paragraph 2, of the Postal Laws and Regulations of 1924, is hereby further amended to read as follows:

"2. Complaints of failure to receive registry return receipts for registered articles addressed for delivery in foreign countries should be made on Form I (Form 542), at first and second class offices, and on Forms 1510, at third and fourth class offices, and treated as outlined in Section 634, paragraph 1 (c). Requests made for such receipts after articles have been mailed, should be made and treated in the same manner."

INSERT No. 593. ORDER No. 10128.

APRIL 9, 1930.

Amend paragraph 3, section 553, Postal Laws and Regulations, as amended Oct. 13, 1928, by omitting in the fifth and sixth lines the words "who shall notify the general superintendent, Railway Mail Service, of every such order," the amended paragraph to read as follows:

"3. When in the judgment of the proper division superintendent of Railway Mail Service the amount of mail for any office on a star route is sufficiently large to justify it, he may order a locked pouch made up for and labeled to that office, which shall not be opened by any other office. No such special pouch shall be used unless authorized by the division superintendent. Ordinarily such pouches shall not contain registered mail, but when deemed advisable by the division superintendent and when in his opinion the safety of registered matter will not be unduly jeopardized thereby, railway post offices making up direct iron-locked pouches of ordinary mail for post offices on star routes may include registered matter in the pouches but all authorizations for the inclosure of registered matter in these pouches shall be reported to the Third Assistant Postmaster General (Division of Registered Mails) for disapproval or modification if not deemed acceptable to his office. In all such cases investigation shall be made to determine whether any registered matter of considerable value is involved. If such is found to be the case the facts shall be reported to the Third Assistant Postmaster General (Division of Registered Mails) for consideration, before direct dispatch of the registered matter is authorized."

INSERT No. 594. ORDER No. 10199.

APR. 25, 1930.

Section 452, Postal Laws and Regulations, is amended by the addition of the following as paragraph 2½:

"2½ (a). On fourth-class matter \* \* \* postage \* \* \* shall \* \* \* be prepaid by stamps affixed thereto or as otherwise prescribed by the Postmaster General." (Act of May 29, 1928, 45 Stat. 940.)

(b) Metered fourth-class matter mailed without stamps affixed—that is, such matter on which the required indicia are printed by means of a device having recording mechanism set by the postmaster for a given number of impressions or amount of postage and which automatically locks when such impressions or amounts have been exhausted—may be accepted for mailing in any quantity, irrespective of whether the pieces are identical, and bulk mailings of large quantities of nonidentical parcels of fourth-class matter may be accepted without stamps affixed, under conditions prescribed by the Third Assistant Postmaster General, Division of Classification.

INSERT No. 595. ORDER No. 10218.

MAY 2, 1930.

Section 772, Postal Laws and Regulations, is amended to read as follows:

"All mail collected by rural carriers shall be taken by them to the offices from which the respective routes are operated, and shall be properly faced by the carriers for cancellation and for delivery or dispatch, unless the regulations provide, or instructions are specifically issued by the department, for the delivering or depositing of the mail in some other manner." (See secs. 774 and 775, P. L. and R.)

INSERT No. 596. ORDER No. 10224.

MAY 2, 1930.

Paragraph 10, section 90, of the Postal Laws and Regulations of 1924 is hereby amended to read as follows:

"No contract for furnishing supplies to the Post Office Department or the Postal Service shall be made with any person who has entered, or proposed to enter, into any combination to prevent the making of any bid for furnishing such supplies, or to fix a price or prices therefor, or who has made any agreement, or given or performed, or promised to give or perform, any consideration whatever to induce any other person not to bid for any such contract, or to bid at a specified price or prices thereon; and if any person so offending is a contractor for furnishing such supplies, his contract may be annulled, and the person so offending shall be liable to a fine of not less than one hundred dollars nor more than five thousand dollars, and may be further punished, in the discretion of the court, by imprisonment for not less than three months nor more than one year." (Act of August 24, 1912, 37 Stat. 553; Title 39 U. S. C., sec. 808.)
