ARMS AND AMMUNITION IN MEXICAN MAILS.

January 19, 1907.

Order No. 40.

Upon advice received from the Postal Administration of Mexico, under date of the 11th instant, the prohibition to import arms and ammunition, except the regulation arms and ammunition of the Mexican army, into the States of Campeche and Yucatan, and the Territory of Quintana Roo, has been annulled; so that said prohibition now applies only to the State of Sonora and the Territory of Baja California.

Consequently, the second paragraph of my Order No. 1317, dated October 22, 1906, is hereby modified so as to direct Postmasters to decline to receive for mailing packages addressed for delivery at any place in the State of Sonora or in the Territory of Baja California, which contain arms or ammunition of any kind.

The regulation arms and ammunition of the Mexican army are specified in my Order No. 355a, dated April 14, 1905.

Postmasters will cause due notice of the foregoing to be taken at their offices.

GEO. B. CORTELYOU,

Postmaster-General.

FAILURE TO CANCEL POSTAGE STAMPS.

January 24, 1907.

The Department is in receipt of many reports of failure upon the part of postmasters to cancel postage stamps.

The attention of postmasters is called to section 564, Postal Laws and Regulations, and they are informed that the provisions of the section must be complied with.

F. H. HITCHCOCK,

First Asst. Postmaster-General.

CERTAIN PUBLICATIONS ADMITTED TO CANADIAN MAILS AT DOMESTIC POSTAGE RATES.

November 27, 1906.

The Postal Administration of Canada having advised this Department, under date of the 24th instant, that "Good Literature" and "The People's Home Journal," papers published at New York, N. Y., have been removed from the list of papers not entitled to transmission in Canadian mails at the publishers' rate of postage; the Postmaster-General has directed—with reference to his Order No. 767 of the 10th of March, 1906—that "Good Literature" and "The People's Home Journal" should now be admitted to the mails for Canada subject to our domestic postage rates and conditions.

Please cause due notice of the foregoing to be taken.

W. S. SHALLENBERGER,

Second Asst. Postmaster-General.

CONDITIONS APPLICABLE TO POSTAL CARDS OF FOREIGN ORIGIN.

November 27, 1906.

Referring to the Postmaster-General's Order No. 1338, dated October 31, 1906, directing that post cards conforming to the provisions of the Rome Convention when mailed in foreign countries and fully prepaid by postage stamps, shall be delivered to addressees in the United States without additional charge for postage;

postal officials are informed that the provisions of the Rome Convention above referred to are as follows:

1. Post cards must consist of paper or cardboard.

2. The left-hand half of the front of the card may be used for a message as well as the back of the card.

3. Photographs and engravings on very thin paper may be pasted on the back and on the left-half of the front of the card, provided they adhere *completely* to the card.

4. Private post cards need *not* bear the title "post card" or "postal card."

Postmasters will cause due notice of the foregoing to be taken at their offices.

W. S. SHALLENBERGER,
Second Asst. Postmaster-General.

BOOKS OF ONE-CENT POSTAGE
STAMPS.

January 15, 1907.

Postmasters are notified that preparations are being made to issue 1-cent postage stamps in book form, beginning about March 1, 1907. There will be only one size, containing twenty-four 1-cent stamps in four sheets of six-stamps each, interleaved with paraffin paper and bound like the books of 2-cent stamps. The selling price will be 25 cents per book.

Until a supply of revised requisition Forms No. 3203 can be furnished, postmasters desiring a supply of the books of 1-cent stamps will make requisition therefor on Form 3203 by interlining the number desired, and value thereof, above the items of books of 2-cent stamps. The smallest number issued to postmasters will be ten.

Postmasters are requested to cause an announcement to be published in the local press of the issue of 1-cent stamps in book form, if it can be done as a news item without expense to the Department.

EDWIN C. MADDEN,
Third Asst. Postmaster-General.

REQUISITIONS FOR POSTAGE
STAMPS.

January 22, 1907.

Postmasters are advised that postage stamps are put up in sealed packages containing, respectively, 10,000, 50,000 and 200,000 stamps of each denomination. Requisitions should, so far as possible, be made for these quantities, or their multiples, where it can be done within the amount of the postmaster's bond, and provided the stamps will be needed for legitimate postal business within a reasonable time. (See paragraphs 1, 2, and 3, section 331, P. L. & R.). For example, requisitions should be drawn for 10,000 2c stamps rather than 7,000, for 50,000 rather than 30,000, and for 200,000 rather than 170,000.

Where requisitions call for stamps in quantities other than as above indicated, this office will, in its discretion, increase or decrease the amounts furnished.

EDWIN C. MADDEN,
Third Asst. Postmaster-General.

CARE IN FILLING INTERNATIONAL
MONEY ORDER ADVICES.

January 21, 1907.

The attention of postmasters at international money order offices is directed to the necessity for greater care in filling international money order advices. Models of international money order forms with instructions as to the proper method in drawing such orders will be found on pages 8 to 15 of the "International List," a copy of which has been furnished to every international money order office.

The transposition of advices is a frequent cause of complaint, the particulars of address of the payee of Order No. 1, being entered in Advice No. 2, and vice

Not-Regular Dispatches of Inner Registered Sacks.

versa. Errors of this character will be avoided if:

a) The application is numbered before the order is issued;

b) The advice is completed at the moment the order is issued.

Drawing the order and advice, coupon and receipt should be one operation; if, however, this is impracticable on account of pressure of business, the advice may be completed subsequently at leisure, by entering in ink the name and address of the payee, and name of remitter. In such case the particulars in the advice should be carefully compared, not only with the

application but with the coupon bearing the same number.

A. M. TRAVERS,

Acting Third Asst. P. M. Gen'l.

NOT-REGULAR DISPATCHES OF INNER REGISTERED SACKS.

The postmasters at Cheyenne, Wyo., Houston, Texas, and Oklahoma, Okla., are authorized to make not-regular dispatches of inner registered sacks in accordance with instructions on pages 798 and 799 of the Postal Guide for January, 1907.

A. M. TRAVERS,

Acting Third Asst. P. M. Gen'l.

LATEST CHANGES

LIST OF POST OFFICES ESTABLISHED, NAMES CHANGED, AND DISCONTINUED FROM DECEMBER 1st, 1906, TO JANUARY 25th, 1907.

NOTE.—This list, taken in connection with the list of offices in the GUIDE for January, 1907, shows the offices in operation. Former monthly lists should be disregarded, as reference to them can only confuse. Post offices marked with an asterisk (*) have been established since the publication of the January GUIDE, and afterwards discontinued, or names changed; those with a double dagger (‡) post offices discontinued for the winter, those with parallel (||) discontinued for the summer, and those with a section mark (§) where discontinuance has been rescinded.

Money order offices in **full-face** type and Presidential offices with a dagger (†). *Independent Stations* are the only stations to which Postmasters address *Registered Package* envelopes. In the list of corrections A refers to General Alphabetical list, and S. to that by States. R. D. signifies Rural Delivery.

REGISTRY SYSTEM.

Provides for safe transmission and correct delivery. U. S. Registered Mails go to every post office in the world.

Valuable mail matter of all kinds should be registered.

The registry fee is eight cents in addition to the postage, foreign or domestic rate.

Postmasters and other employees are at all times required to advise the registration of valuable mail matter.

Mail matter may be registered at any post office, or at any post office station. Letter carriers in cities will register letters in residential districts. Rural carriers will register letters and parcels throughout their routes.

Without extra cost, every registered letter (or parcel prepaid at the letter rate) registered at and addressed for delivery through a U. S. post office, is insured against loss for its value not to exceed twenty-five dollars.

Full instructions concerning the Registry System are published in Title V, Postal Laws and Regulations, Edition of 1902, and in the annual and monthly U. S. Postal Guides. They must be carefully read and fully complied with.

IMPORTANT.

THE REVISED EDITION OF THE

PAMPHLET OF GENERAL POSTAL INFORMATION

IS NOW READY FOR DISTRIBUTION.

Postmasters who have not received a supply of the revised edition or whose supply is getting low, should at once make application to the Third Assistant Postmaster-General, for the estimated number required, giving the approximate number of families and business concerns served by their offices, together with an estimate of the whole population within their postal jurisdiction; also the number of rural routes emanating from their offices.

The pamphlet is issued under authority of an act of Congress. It contains the classification, conditions, and postage rates for domestic and foreign mail matter. It is for *free* distribution to the public through postmasters.

EDWIN C. MADDEN,

Third Assistant Postmaster-General.
