NEW CLASSIFICATION OF POST OFFICE EMPLOYEES.

The act of Congress making appropriations for the service of the Post Office Department for the fiscal year ending June 30, 1908, provides for the classification of post office clerks and city carriers on July 1, 1907, as follows:

"After June 30, 1907, clerks in offices of the first and second class and carriers in the city delivery service shall be divided into six grades, as follows: First grade, salary six hundred dollars; second grade, salary eight hundred dollars; third grade, salary nine hundred dollars; fourth grade, salary one thousand dollars; fifth grade, salary one thousand one hundred dollars; sixth grade, salary one thousand two hundred dollars. Clerks and carriers at first-class offices shall be promoted successively to the fifth grade, and clerks and carriers at second-class offices shall be promoted successively to the fourth grade.

"2. After June 30, 1907, all promotions of both clerks and carriers shall be made at the beginning of the quarter following the expiration of a year's service in the next lower grade. No promotion shall be made except upon evidence satisfactory to the Post Office Department of the efficiency and faithfulness of the employee during the preceding year. The Post Office Department may reduce a clerk or carrier from a higher to a lower grade whenever his efficiency falls below a fair standard or whenever necessary for purposes of discipline. When a clerk or carrier has been

reduced in salary he may be restored to his former grade or advanced to an intermediate grade at the beginning of any quarter following the reduction, on evidence that his record has been satisfactory during the intervening period. When a clerk or carrier fails of promotion because of unsatisfactory service he may be promoted at the beginning of the second quarter thereafter, or of any subsequent quarter, on evidence that his record has been satisfactory during the intervening period. Clerks and carriers of the highest grade in their respective offices shall be eligible for promotion to the higher positions in said post offices.

"3. After June 30, 1907, any clerk shall be eligible for transfer to the service of a carrier, and any carrier shall be eligible for transfer to the service of a clerk, such transfer to be made to any grade not higher than the corresponding grade of salary, and the time which such clerk or carrier shall have served in the grade from which such transfer was made shall be counted in connection with the service to which such transfer may be made in computing the time of service necessary to entitle such employees to promotion: *Provided*, That no clerk or carrier shall be promoted more than one grade within any one year's period of service: *Provided, however*, That the carriers who on June 30, 1907, are regularly employed at a salary of eight hundred dollars per annum, shall be promoted to the fourth grade upon evidence satisfactory to the Post Office Department of the efficiency and faithfulness of the employee during at least one year's service.

"4. After June 30, 1907, auxiliary employees may be employed to be paid for actual services at the rate of thirty cents an hour: *Provided*, That such employees shall be required to work not less than two hours daily, and may serve as substitutes: *And provided further*, That such employees shall be eligible for appointment as clerks and carriers of the first grade.

"5. After June 30, 1907, substitutes may be employed to be paid at the rate of thirty cents an hour when serving for absent clerks and carriers: *Provided*, That such substitutes shall be eligible for appointment as auxiliary employees and as clerks and carriers of the first grade."

PROMOTIONS.

In accordance with this law all clerks and carriers who have rendered satisfactory service without increase in salary since July 1, 1906, will be eligible for promotion on July 1, 1907, as shown by the following table:

EMPLOYEES AT FIRST-CLASS OFFICES

CLERKS		CARRIERS	
From	To	From	To
\$1,000	\$1,100	\$1,000	\$1,100
900	1,000	*850	900
800	900	800	1,000
*700	800	600	800

EMPLOYEES AT SECOND-CLASS OFFICES

CLERKS		CARRIERS	
From	To	From	To
\$900	\$1,000	*\$850	\$900
800	900	600	800
*700	800		
600	700		

*All \$700 clerks and \$850 carriers whose service has been satisfactory will be promoted on July 1, 1907, to \$800 and \$900, respectively, without regard to the length of their service in the \$700 and \$850 grades.

Clerks and carriers completing a year's service in a given grade at any time during the quarters ending September 30, 1907, December 31, 1907, and March 31, 1908, will be eligible for promotion in accordance with the foregoing table on October 1, 1907, January 1, 1908, and April 1, 1908, respectively, provided that their service has been satisfactory.

Promotions to grades above \$1,100 at first-class offices and to the grades above \$1,000 at second-class offices will be made in the discretion of the Department to the extent made possible by the appropriation.

SUBSTITUTES FOR EMPLOYEES ABSENT WITHOUT PAY.

Postmasters will be authorized by the Department to utilize the amounts deducted during the next fiscal year from the salaries of regular clerks absent without pay for the employment of substitutes for such clerks at the rate of 30 cents an hour, and similarly to utilize the amounts deducted from the salaries of regular carriers absent without pay for the employment of substitutes for such carriers at the rate of 30 cents an hour.

Any balance of the amounts deducted from regular clerks' and carriers' salaries remaining unexpended at the close of a quarter may be utilized for the payment of substitutes for absent clerks and carriers, respectively, in any subsequent quarter of the same fiscal year.

Should the amount deducted in any quarter from the salaries of regular clerks or carriers, plus any balance brought forward from preceding quarters of the same fiscal year, prove insufficient to pay for necessary substitute service at the rate of 30 cents an hour, application should be made to the Department at the close of the quarter for a supplemental allowance to cover the deficiency. The Department believes, however, that as a rule the deductions will be more than sufficient to pay for all necessary substitute service. Supplemental allowances will be granted only in exceptional cases.

It should be borne in mind that allowances for clerical service and allowances for carrier service are granted out of separate appropriations. Care should be exercised to use each allowance for the proper kind of service only.

SUBSTITUTES FOR EMPLOYEES ON VACATION.

Substitutes for clerks and carriers absent on vacation will be employed only on specific authorizations by the Department

and will be paid at the rate of 30 cents an hour. Allowances for their payment will be granted by the Department at the beginning of the next fiscal year on application by the postmaster.

AUXILIARY AND TEMPORARY SERVICE.

Auxiliary clerks and carriers, to be regularly employed for at least two hours a day at the rate of 30 cents an hour, will be appointed only on previous authorization by the Department, at offices where in the judgment of the postmaster they can be utilized to advantage. Such employees will be available for temporary and substitute service in addition to their auxiliary service of two hours or more daily.

Temporary employees, like auxiliaries, will be paid at the rate of 30 cents an hour and must be employed only to the extent authorized by the Department. Allowances for temporary employees will be granted, when necessary, on application by the postmaster.

When continuous temporary service is required for the period of a month or longer a temporary clerk or carrier will be appointed at the rate of \$600 per annum.

SUBSTITUTE CARRIERS' ANNUAL SALARY.

The payment to substitute letter carriers of a salary of \$1 per annum will be discontinued on June 30, 1907.

CORRESPONDENCE CONCERNING CLERICAL AND CARRIER SERVICES.

Correspondence concerning all classes of clerical service should be addressed to the First Assistant Postmaster-General (Division of Salaries and Allowances). Correspondence concerning all classes of car-

rier service should be addressed to the First Assistant Postmaster-General (Division of City Delivery).

PAYROLLS.

New quarterly payrolls to be sent to the Auditor with the quarterly postal account will be furnished to postmasters before July 1 next, together with office rolls in loose-leaf form for semi-monthly payments. Inasmuch as the latter rolls will show a complete record of all payments, duplicates of the quarterly rolls will be unnecessary. Care should be taken to enter all payments on the appropriate rolls and in the proper columns thereof, in order that each expenditure may be charged against the proper allowance and appropriation.

The rolls will contain no provision for checking the service of individual substitutes against the absence of individual regular employees, the new salary law having rendered such a check unnecessary.

For use in connection with the semi-monthly payrolls there will be furnished forms for recording the absences of regular employees and the service of substitute and auxiliary employees.

After July 1, 1907, the above-mentioned forms will be supplied by the Fourth Assistant Postmaster-General (Division of Supplies) on postmasters' requisitions. They will be numbered as follows:

PAYMENT OF RAILWAY POSTAL CLERKS.

On July 1, 1907, there will be a general increase in the salaries of railway postal clerks, of which paying postmasters will be notified. There will be no change in the method of making payments to such clerks or to substitute or acting railway postal clerks, and no change in the forms used in accounting for such payments.

CARD-SLIDE LABELS FROM U. S. STAMPED ENVELOPE AGENCY.

May 21, 1907.

Reports are made to this office indicating that card-slide labels from the U. S. Stamped Envelope Agency, Hartford, Conn., are being used by clerks of this

service to label pouches and sacks, by adding with pencil the post office destinations. This misuse of labels is prohibited, and Division Superintendents are requested to give the matter immediate attention and take such action as will prevent further misuse of these labels in the manner described.

WAYBILLS TO CHECK FOREIGN MAILS.

May 1, 1907.

This office has been advised by the Chief Inspector that waybills describing foreign mails in transit through this country are frequently endorsed by clerks of this service without any check being made by the clerk to ascertain if the mails described in the waybill are actually received. The use of the waybill is to afford clerks a means of checking the mails described at all points of connection and transfer, to insure the mails being kept intact for proper transmission to port of dispatch. It is ordered, therefore, that clerks shall check and endorse waybills to indicate the receipt or otherwise of mails described in the bills. Any failure to comply with this order brought to the attention of this office will be severely dealt with.

AUSTRALIA AND NEW ZEALAND—PARCELS-POST MAILS FOR.

April 30, 1907.

This office is advised that until further notice Parcels-Post mails for Australia and New Zealand will be dispatched by means of steamers sailing from New York. The next dispatch will be made by the steamer *Indian Monarch*, of the United Tyser Line, scheduled to sail from New York May 11th. Future dispatches will be announced in the Foreign Mail Steamship Schedule issued monthly by the Department.

PHILIPPINE MAILS.

May 16, 1907.

Mails addressed to United States Naval Vessels stationed in the Philippine Islands and to officers and men aboard of them shall be enclosed in sealed sacks, addressed to such vessels for delivery intact, instead of being forwarded in open mails to Manila, or other Philippine post offices. These sacks will be made up at San Francisco, Cal., Seattle, or Tacoma, Wash., according as either of those offices may be the port of dispatch by steamers carrying mails to the Philippines.

DUPLICATES OF LOST CHECKS.

The following decision of the Comptroller of the Treasury is printed for the information of the postal service:

TREASURY DEPARTMENT,

WASHINGTON, April 27, 1907.

The Honorable, the Postmaster-General:

SIR.—In your communication of April 18, 1907, you request my decision of a question which you therein present as follows:

"Referring to your decision, dated February 20, 1907, relative to the issue of duplicates of lost checks by disbursing postmasters, I quote the closing paragraphs as follows:

"Section 3646 of the Revised Statutes, as amended by the act of June 19, 1906 (34 Stat., 301), provides as follows:

"Sec. 3646. Whenever any original disbursing officer's check is lost, stolen, or destroyed, the Secretary of the Treasury may authorize the officer issuing the same, after the expiration of six months, and within three years from the date of such disbursing officer's check, to issue a duplicate thereof upon the execution of such bond to indemnify the United States as the Secretary of the Treasury may prescribe; *Provided*, That when such original disbursing officer's check does not exceed in amount the sum of fifty dollars the Secretary of the Treasury may author-

ize the issuance of a duplicate at any time after the expiration of thirty days and within three years from the date of such disbursing officer's check.

"I think these provisions apply to all disbursing officers, including postmasters designated by the Postmaster-General as disbursing officers, and I am therefore of opinion that a postmaster so designated is authorized to issue a duplicate check only upon the execution by the proper person of such bond to indemnify the United States as the Secretary of the Treasury may prescribe."

"In order that disbursing postmasters may be properly instructed by this Department, an opinion is desired as to whether or not the proviso in the amended section of the Revised Statutes, above quoted, waives the requirement of a bond of indemnity in cases where application is made for the issue of duplicates of lost checks, the amount of which does not exceed the sum of fifty dollars."

I think the proviso to section 3646, *supra*, operates to modify the provisions in that section in the case of original checks not exceeding \$50 only to the extent of changing the time limitation, after which the Secretary of the Treasury may authorize the issuance of a duplicate, from six months to thirty days. If it had been the intention of Congress to dispense with the requirement of a bond of indemnity in the case of checks not exceeding that amount, I think it would have used language expressing such intention, and in the absence of such language I do not think the proviso can properly be construed to so operate.

I have the honor, therefore, to reply to your question in the negative.

Respectfully,

R. J. TRACEWELL,

Comptroller.

UNPERFORATED POSTAGE STAMPS.

1. Postmasters are notified that the Department is prepared to issue postage

stamps without the usual perforations, when desired in that form for sale to the public for use in automatic stamp-affixing or stamp vending machines.

2. The unperforated stamps are in sheets of 400 each.

3. They are issued to postmasters in lots of 10,000 stamps, or multiples of 10,000, of each denomination desired.

4. To secure them, requisition should be made on Form 3201, with the word "UNPERFORATED" plainly written on the face of the blank. Such a requisition should not be made unless the postmaster has satisfactory assurance that at least 10,000 stamps of each denomination ordered will be sold within a reasonable time.

5. Unperforated stamps may be sold to the public in any quantity not less than a sheet of 400; but postmasters will not be supplied with such stamps to be sold for use on mailings to be dispatched from other than their own post offices. In this connection attention is directed to paragraph 10, page 739, 1907, Postal Guide.

6. Postmasters will notify purchasers that the unperforated stamps should be cut apart carefully, as mutilated stamps are not valid for postage (paragraph 3, Section 562, Postal Laws and Regulations of 1902).

7. The right is reserved to prescribe other conditions as necessity may arise, or to discontinue the issue of unperforated stamps if at any time it appears necessary or advisable.

be used by postmasters to mail requisitions or receipted invoices for stamp supplies to this Office, nor for official correspondence. Postmasters should keep themselves supplied with official envelopes by timely requisitions upon the Fourth Assistant Postmaster-General, using Form 1579 for the purpose. When, however, a postmaster's official envelopes are exhausted, he should use a plain unstamped envelope, writing upon it with ink the names of his post office and State, and the words "Official Business. Penalty for Private Use \$300." (See Section 512, P. L. & R. of 1902.)

NEW DESIGNS OF EMBOSSED STAMPS ON STAMPED ENVELOPES AND NEWSPAPER WRAPPERS.

May 24, 1907.

Order No. 358.

Postmasters and all others concerned are notified that shortly after June 30, 1907, the Department will begin the issue of stamped envelopes and newspaper wrappers bearing embossed postage stamps of new designs in four denominations — 1, 2, 4, and 5-cent.

The form of these stamps will be an ellipse on end. The subjects, in bas-relief, and the colors of their backgrounds will be:

- 1c, Benjamin Franklin, green,
- 2c, George Washington, red,
- 4c, Benjamin Franklin, black,
- 5c, George Washington, blue.

Within a border surrounding the subject in bas-relief will appear in white embossed capital letters the words "UNITED STATES" and denomination ("ONE CENT," "TWO CENT," &c.). The denomination will appear also in large numerals (1, 2, &c.), one on each side of the subject.

POSTAGE STAMPS AND STAMPED ENVELOPES NOT TO BE USED BY POSTMASTERS FOR OFFICIAL CORRESPONDENCE.

May 21, 1907.

Postage stamps and stamped envelopes furnished for sale to the public must not

In connection with the foregoing notification, all postmasters will carefully observe the following instructions:

1. As soon as the new envelopes are ready they will be issued upon postmasters special-request and office-request requisitions; but no plain stamped envelopes or newspaper wrappers of the new designs will be issued until the Department's stock of the old designs is exhausted. Postmasters must not make requisition for the purpose of securing office-request or plain envelopes or wrappers of the new designs until it becomes necessary in regular course of business to replenish their stocks. The Department will not expedite the filling of requisitions merely to give postmasters envelopes or wrappers of the new design.

2. Postmasters must not send in their undamaged envelopes and wrappers of the present designs for redemption. They will continue to be valid for postage, and postmasters will sell them until exhausted.

3. Soon after June 30 the U. S. Stamped Envelope Agency will be moved from Hartford, Conn., to Dayton, Ohio, where the envelopes and wrappers are to be manufactured under a new contract, taking effect July 1, 1907. The removal will cause the filling of requisitions from that Agency to be somewhat delayed at first. Postmasters will understand the reason if deliveries on their requisitions are not made in the usual time, and avoid unnecessary correspondence on the subject. To prevent their supplies from becoming exhausted because of such delay, postmasters should make requisitions to reach the Department not later than June 22 for an ample stock of office-request and plain stamped envelopes and newspaper wrappers to be furnished before the removal of the Envelope Agency; and regular users of special-request envelopes should be notified that their orders for envelopes needed promptly should be placed to reach the Department by June 22.

14 *Change in Price of Stamped Envelopes and Newspaper Wrappers.*

CHANGE IN PRICE OF STAMPED ENVELOPES AND NEWSPAPER WRAPPERS.

May 21, 1907.

1. Postmasters are notified that under a new contract for the manufacture of stamped envelopes and newspaper wrappers, taking effect July 1, 1907, the prices at which they will be issued by the Department to postmasters, and sold by postmasters to the public, are increased four cents per thousand over the selling prices of the present (1903) price-list. Postmasters should notify their patrons to this effect.

2. All stamped envelopes and wrappers delivered to purchasers beginning July 1, 1907, will be at the new prices, even though the order therefor was taken before that date. If invoices dated in June which accompany envelopes and wrappers received on or after July 1 do not show the new prices, postmasters will change with pen and ink the price, value, and total to agree with the new rates.

3. In their quarterly postal accounts to the Auditor for the quarter ending June 30, 1907, postmasters will use the old prices of envelopes and wrappers in Articles A and B, and the new prices in Article C. By a separate entry between Articles A and B they will charge themselves with the increase in price at the rate of 4 cents per thousand on the total number of stamped envelopes and wrappers on hand at the close of business June 30, the entry to be in this form:

“Increase in price of envelopes and wrappers, at 4c. per
(quantity)
1,000 \$.....”

4. The latter part of June postmasters will be sent price-lists, Form 3200, containing the new prices. One of them should be posted conspicuously in the postoffice where it can be consulted by the public. The old price-lists of 1903, Form 3200, must be destroyed at the close of business June 30, 1907.

5. The new prices taking effect July 1, 1907, are as follows:

PRICES OF STAMPED ENVELOPES AND NEWSPAPER WRAPPERS, JULY 1, 1907.

This Schedule Supersedes all Previous ones.

No other Stamped Envelopes than those here described will be furnished.

Stamped Envelope Schedule.

SALES OF IRREGULAR QUANTITIES.

In making sales of envelopes and wrappers in quantities other than as above set forth, it is expected that postmasters will evince a proper spirit of accommodation, but they are not required to lose the fraction of a cent; and if a postmaster cannot make change, the purchaser must tender the exact amount for the number required.

When the schedule price of a single envelope is 3 cents and that of a single wrapper is 2 cents, and both are purchased in the same transaction, 4 cents, and not 5 cents, will be charged, and the same principle applies to all similar sales of different qualities or denominations. That is, where several envelopes of different styles are sold, the postmaster will retain only the fraction of a cent on the whole purchase, and not on each separate envelope.

DOMESTIC MONEY ORDERS ON BERMUDA.

May 23, 1907.

Postmasters at money order offices in the United States are hereby notified that on and after the 1st of July next, money orders may be drawn at any money order office in the United States for payment in the Island of Bermuda. *Such orders will be drawn on the domestic form; and for orders issued in this country the domestic scale of fees (Table I.) will be charged.*

The instructions contained in Circular No. 6377 relative to the transaction of money order business with Canada, Cuba, the Philippines, and certain other countries, will apply to the transaction of money order business with Bermuda.

The offices in Bermuda authorized to transact money order business are as follows:

Hamilton	Mangrove Bay
Ireland Island	St. Georges

FEEES FOR INTERNATIONAL MONEY ORDERS PAYABLE IN MEXICO.

May 23, 1907.

It having been brought to the notice of this Department, that postmasters at international money order offices sometimes charge the fee on international money orders in accordance with an obsolete table, attention is directed to the fact that the fee for an international money order drawn for payment in Mexico for an amount not exceeding \$10 is eight cents.

The tables printed on pages 751 and 752, of the January Postal Guide, as amended by publication in the Monthly Supplements, should be kept in sight and referred to, in order to ascertain the correct fee to be charged for the issue of a money order. The tables of fees printed on the back of the applications for international money orders (Form No. 6701)

are often misleading, because of changes made since some of such forms now in the hands of Postmasters were printed. It is impracticable to issue a new edition and restock 7,000 post offices whenever a change of that kind is made, but due notice of any such change is always given in the Official Postal Guide.

ADDRESSES OF JAPANESE AND CHINESE PAYEES OF POSTAL MONEY ORDERS.

May 23, 1907.

The attention of postmasters at international money order offices is directed to the fact that the Japanese Post Office Department has requested that advices of orders payable in Japan, or at Japanese Post Offices in China or Korea, be accompanied by a slip in the handwriting of each remitter, giving the name and address of the payee, and the name of the remitter, in Japanese characters, whenever the remitter and payee are Japanese, and in Chinese characters whenever the remitter and payee are either Chinese or Korean.

Instructions on this subject were published in the United States Official Guide for February, 1905.

Postmasters are requested to comply with these instructions by obtaining the desired information, in the handwriting of the remitter, on Form 6083, a supply of which will be furnished upon proper requisition therefor on the Fourth Assistant Postmaster-General, Division of Supplies.

USE OF MONEY ORDER AND REGISTRY SYSTEMS TO BE ENCOURAGED.

May 24, 1907.

Order No. 363.

It has come to the knowledge of the Department that certain postmasters and

their employees have spoken disparagingly of the Registry and Postal Money Order Systems and have suggested that money or valuable matter be forwarded by other means than those afforded by this Department.

It is, therefore, hereby enjoined upon postmasters and post office employees to encourage the use of the Money Order and Registry Systems. They should recommend to the public that Postal Money Orders be used, whenever available, instead of cash, for remittances by mail, and when Postal Money Orders are not available, that money should be sent by registered mail, and that all other valuable mail matter should be registered so that it may be kept under special supervision and insured, to the extent of the indemnity afforded, against loss in the mails. Disregard of this order, or any disparagement of the Registry or Money Order Systems, whether by making unfavorable comparison with other means of transportation or otherwise, will interfere with the policy of the Department and be deemed sufficient ground for removal of the offender.

Order No. 763, dated December 5, 1899, is hereby revoked.

ALASKA — REGISTERED MATTER FOR.

May 10, 1907.

This office is advised that the steamer *Corwin* was scheduled to sail from Seattle, Wash., May 10, 1907, carrying mails for Nome, Saint Michael and vicinity, Alaska, and that other steamers carrying mail will depart from Seattle on or about June 1, 1907, and on frequent dates thereafter.

All classes of mailable registered matter which does not exceed the weight limit of four pounds can, therefore, now be sent to any office in Alaska. The instructions

contained in Article 442, pages 773 and 774 of the January, 1907, Official Postal Guide, are modified accordingly.

AUSTRALIA, NEW ZEALAND, SA- MOAN ISLANDS, AND FIJI IS- LANDS — REGISTERED MAILS FOR.

May 9, 1907.

Until otherwise ordered, registered articles mailed in the United States destined for Samoan and Fiji Islands will be dispatched exclusively by steamers sailing every four weeks from Vancouver, B. C., for Honolulu, Suva, Brisbane and Sydney. The dates of sailing of said steamers will be announced in the Foreign Mail Steamship Schedule published by the Department.

Articles for Australia and New Zealand will be dispatched via Vancouver, and also via Great Britain. The average time of transit to Australia and New Zealand from Vancouver is about 25 days and 33 days, respectively, and from New York via Great Britain about 40 days and 50 days, respectively.

All postmasters will bill and send to the postmaster at Seattle, Wash., for dispatch to destination via Vancouver, B. C., registered pieces destined for the Samoan and Fiji Islands.

All postmasters who are not furnished the Foreign Steamship Schedules published by the Department, and are not in possession of other information as to the sailing of steamships from New York, will bill and send to the postmaster at Seattle, Wash., for dispatch to destination via Vancouver, B. C., all registered matter (except parcels-post packages) addressed for delivery in Australia and New Zealand. Postmasters who have the Steamship Schedules, or are in receipt of information from other sources as to the dates of sailing from New York, N. Y., and

from Vancouver, B. C., of Steamers carrying mails for Australia and New Zealand, will send the registered matter either to the exchange office at New York or to Seattle, according to which one of the two routes affords the most expeditious dispatch. In case of doubt preference should be given to the Vancouver route.

The foregoing instructions do not affect articles for the Colony of West Australia, which will continue to be sent to New York, N. Y., for dispatch via Great Britain exclusively, as at present.

Until further notice, registered parcels-post packages for Australia and New Zealand should be forwarded to New York, N. Y., for dispatch to destination.

The instructions appearing in Article 451, pages 777 and 778 of the January, 1907, Postal Guide are modified accordingly.

CANAL ZONE, CENTRAL AMERICA
AND SOUTH AMERICA — REGIS-
TERED MAIL FOR.

May 23, 1907.

As a rule, registered articles for the Canal Zone, South America, and for the west coast of Central America should be forwarded to New York, N. Y., as the proper exchange office, for dispatch by steamers sailing from that port, while registered articles for Costa Rica, Guatemala, British Honduras, Republic of Honduras, and the east coast of Nicaragua should be forwarded to New Orleans, La., for dispatch by steamers sailing from that port.

The mails for Central and South America dispatched from San Francisco should consist of registered articles for those countries mailed immediately before the sailing of steamers from San Francisco and in the immediate vicinity of San Francisco.

Parcels-post registered packages should be forwarded for dispatch to one of the exchanging post offices (according to destination of the parcel and proximity of exchange office to office of origin) mentioned on page 706 of the January, 1907, Official Postal Guide. Parcels-post registered packages for Central and South America dispatched from San Francisco, Cal., should be restricted to parcels-post packages for those countries mailed immediately before the sailing of steamers from San Francisco and in the immediate vicinity of San Francisco.

In this connection attention is directed to the table on pages 1102 to 1105 of the Postal Guide for January, 1906, and to the "General Foreign Separating Scheme" and "Distribution Scheme" printed on pages 12 and 13 of the May, 1907, Postal Guide. The two last-mentioned schemes indicate whether a foreign country is served via a trans-Atlantic or a trans-Pacific exchange office.

The above instructions modify those contained in Article 451, pages 777 and 778, of the January, 1907, Official Postal Guide, particularly paragraph four of that Article. Postmasters will be governed accordingly.

Those postmasters who are furnished the steamer schedules issued by the Department will dispatch registered mail to that United States exchange office (authorized to dispatch registered mail to the foreign country of destination) which will afford it the most expeditious dispatch to its destination as shown by the steamer schedules or other official information which may be received in regard to the sailing of mail steamers.

The foregoing instructions do not apply to "specially-addressed" registered mail. Directions given by the sender, in the address of registered matter, as to the route by which it shall be sent, must be complied with whenever practicable,

except in the case of registered mail addressed for delivery in the Philippine Islands. (See amended Section 944, Postal Laws and Regulations, pages 774 and 775 of the January, 1907, Official Postal Guide, Section 945, Postal Laws and Regulations, and page 776 of the January, 1907, Official Postal Guide.)

CUBA — REGISTERED MAILS FOR, VIA MOBILE, ALA.

April 25, 1907.

Dispatches of registered mails from Mobile, Ala., for Havana, Cuba, are now made every Saturday, mails closing at the Mobile post office at 8.30 a. m.

The instructions to postmasters in Alabama contained in Paragraph 1, page 779, of the January, 1907, Postal Guide, are modified accordingly.

MEXICO — REGISTERED MAIL FOR, NOT TO BE SENT TO SAN ANTONIO, TEXAS, AS AN EXCHANGE OFFICE AFTER JULY 1, 1907.

May 18, 1907.

On July 1, 1907, postmasters will discontinue sending to San Antonio, Texas, as the exchange office the *registered* mail addressed for delivery in Mexico now sent to that office, and in lieu thereof send this registered matter to the exchange office at Eagle Pass, Texas.

Postmasters will correct accordingly that portion of the "Scheme for the Dispatch of Registered Mail to Mexico," printed on pages 783 and 784 of the January, 1907, Official Postal Guide, by inserting the words "Eagle Pass, Texas," instead of the words "San Antonio, Texas," wherever San Antonio is mentioned as an exchange office for *registered* mail.

NOT-REGULAR INNER REGISTERED SACKS.

May 4, 1907.

Attleboro, Mass.	Honolulu, Hawaii

STAMPED PAPER SENT TO THE DEPARTMENT FOR REDEMPTION.

Considerable annoyance and delay in adjusting quarterly postal accounts is caused by the failure of postmasters to observe the provisions of the Postal Laws and Regulations in sending stamped paper to the Department for redemption.

Hereafter all postmasters must strictly observe the instructions given on page 19 of the March, 1907, supplement, as well as those found in Articles 549 to 554, pages 847 to 850, January, 1907, Postal Guide.

RURAL DELIVERY SERVICE — COMPENSATION OF CARRIERS, TEMPORARY CARRIERS AND SUBSTITUTES.

Beginning July 1, 1907, the compensation of rural letter carriers will be based upon the length of routes as shown on the records of the Department, as follows:

1. Full month.—When any regular, temporary, or substitute carrier serves the whole of any calendar month he is entitled to $1/12$ the annual salary; likewise, if the carrier is absent without pay the whole of any calendar month he loses $1/12$ the annual salary.

2. Part month.—When a carrier is appointed, or separated from the service, during the month, he is entitled to $1/30$ of one month's compensation for each day's actual service, except for the 31st, which must be excluded from the computation: *Provided*, That in February the last day shall in ordinary years be counted as three days, and in leap years at two days. This also applies to persons appointed temporarily in case of a vacancy caused by death, resignation, or removal. (See Rule 3.)

Note the distinction between persons appointed temporarily in case of *vacancies* (Rule 2), and temporary carriers appointed in place of carriers *suspended* (Rule 3).

3. Temporary carrier.—When a carrier is suspended from duty without pay, and a temporary carrier is appointed in his stead, the deduction from the salary of the carrier should be made on the basis of $1/28$, $1/29$, $1/30$, or $1/31$ of the month's compensation, according to the number of days in the particular month in which the absence occurs; and the temporary carrier shall be paid accordingly for each day's service at the rate of compensation received by the regular carrier for whom he serves.

4. Substitute paid by regular carrier.—Whenever, during the absence without pay of a carrier, a substitute is employed,

such substitute shall be paid by the carrier for each day's service on the basis of $1/28$, $1/29$, $1/30$, or $1/31$ of the month's compensation, according to the number of days in the particular month in which the absence occurs.

5. Absent without pay.—A carrier who is absent without pay loses $1/12$ of his annual salary for each full calendar month, and $1/30$ of a month's compensation for each day's absence during part of a month if no substitute is employed. In making deductions the 31st is counted as one day, and the last day of February is counted as only one day. Any Sunday or holiday falling within the absence shall be counted as one day.

6. Vacation service.—Under the act approved March 2, 1907, temporary carriers, or substitute carriers working vice regular carriers absent on annual leave *with pay*, are entitled to $1/28$, $1/29$, $1/30$, or $1/31$ of a month's compensation for each day's actual service according to the number of days in the particular month in which the service is rendered. (In these cases every date in every month is counted as one day.)

EXAMPLE (a): For 15 days' service, from May 25 to June 8 (both dates inclusive), a temporary or substitute carrier earns $7/31$ plus $8/30$.

The tables published in this supplement should be used in computing the compensation of rural carriers, temporary carriers, and substitute rural carriers in accordance with the character of the service. BE CAREFUL TO USE THE PROPER COLUMN.

SALARIES AND DEDUCTIONS ON ACCOUNT OF ABSENCES.

The following tables for computing salaries of employees in the postal service, for portions of 28-day, 29-day, 30-day and 31-day months, respectively, are published for use in connection with the rules governing deductions on account of absences, and payments to substitutes from lapsed salaries, or to temporary employees who are paid from separate appropriations, found on page 11 of the April supplement to the U. S. Official Postal Guide for January, 1907:

LATEST CHANGES

LIST OF POST OFFICES ESTABLISHED, NAMES CHANGED, AND DISCON-
TINUED FROM DECEMBER 1st, 1906, TO MAY 25th, 1907.

NOTE.—This list, taken in connection with the list of offices in the GUIDE for January, 1907, shows the offices in operation. Former monthly lists should be disregarded, as reference to them can only confuse. Post offices marked with an asterisk (*) have been established since the publication of the January GUIDE, and afterwards discontinued, or names changed; those with a double dagger (‡) post offices discontinued for the winter, those with parallel (||) discontinued for the summer, and those with a section mark (§) where discontinuance has been rescinded.

Money order offices in **full-face** type and Presidential offices with a dagger (†). *Independent Stations* are the only stations to which Postmasters address *Registered Package* envelopes. In the list of corrections A refers to General Alphabetical list, and S. to that by States. R. D. signifies Rural Delivery.

IMPORTANT.

THE REVISED EDITION OF THE

PAMPHLET OF GENERAL POSTAL INFORMATION

IS NOW READY FOR DISTRIBUTION.

Postmasters who have not received a supply of the revised edition or whose supply is getting low, should at once make application to the Third Assistant Postmaster-General, for the estimated number required, giving the approximate number of families and business concerns served by their offices, together with an estimate of the whole population within their postal jurisdiction; also the number of rural routes emanating from their offices.

The pamphlet is issued under authority of an act of Congress. It contains the classification, conditions, and postage rates for domestic and foreign mail matter. It is for *free* distribution to the public through postmasters.

VERY
IMPORTANT.

Special attention is invited to
pages 22-47 on which will be
found tables for computing salaries
of employees in the postal service,
for portions of 28-day, 29-day,
30-day and 31-day months,
respectively. : : : : :
