POSTAL CARDS, PERMISSIBLE WRITING, ETC.

Order No. 539.

July 13, 1907

In order to afford users of Government postal cards substantially the same privileges accorded users of "Post Cards," Section 416 of the Postal Laws and Regulations is hereby amended to read as follows, and postal cards in conformity with paragraph (a) will be issued by the Department:

SEC. 416. Postal cards issued by the Post Office Department may bear written, printed, or other additions as follows:

Classification of Employees on Establishment of Delivery Service. 7

a. The face of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for a message, etc., but the space to the right for the address only.

b. Addresses upon postal cards * * * may be either written, printed, or affixed thereto, at the option of the sender. (Act of July 12, 1876, ch. 179, 1 Supp. 110.)

c. Very thin sheets of paper may be attached to the card on condition that they completely adhere thereto. Such sheets may bear both writing and printing.

d. Advertisements, illustrations or writing may appear on the back of the card and on the left third of the face.

2. The addition to a postal card of matter other than as above authorized will subject the card, when sent in the mails, to postage according to the character of the message — at the letter rate if wholly or partly in writing or the third-class rate if entirely in print. In either case the postage value of the stamp impressed upon the card will not be impaired.

3. Postal cards must be treated in all respects as sealed letters, except that when undeliverable to the addressee they may not be returned to the sender. (See sections 548 and 673.)

4. Postal cards bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unmailable, except when enclosed in envelopes with proper postage attached, or when treated in such manner as will prevent the objectionable substances from being rubbed off or injuring persons handling the mails.

July 16, 1907.

Order No. 550.

It has been brought to the attention of the Department that, in some instances, postmasters have notified neighboring postmasters of the presence of a post office inspector. This is prejudicial to the best interests of the service and contrary to the purposes of the Postmaster General. All postmasters and postal employees are hereby directed not to inform other postmasters or employees of the presence or of the contemplated visit of a post office inspector.

FOREIGN MAILS SEPARATING SCHEME.

June 26, 1907.

General Order No. 640.

Attention is invited to the General Foreign Separating Scheme published on pages 12 and 13 of the May Supplement of the Official Postal Guide, and postal clerks and postmasters are directed to preserve the same for future use. This is necessary as the table showing the course of foreign mails in a general way, previously printed in the annual Postal Guide, is now omitted from the Guide, and hence the scheme printed on pages 12 and 13 of the May Supplement is the only recent publication containing information concerning the disposition of mails for foreign countries. The list printed in the May Supplement is complete and arranged for ready reference so that it will be found of great advantage concerning the information it supplies, and it is therefore specially necessary that it shall be preserved for future reference in the make up and dispatch of the foreign mails.

SHORT-PAID LETTERS FOR FOREIGN COUNTRIES.

June 27, 1907.

The British Office has called attention to the large number of short-paid letters received from the United States.

As DOUBLE the amount of the deficient postage is required to be collected upon the delivery of short-paid letters, the addressees of such letters frequently refuse to receive them, and the letters are returned to this country as undeliverable, to the annoyance of postal officials as well as of the senders of the letters.

It is presumed that many cases of short-payment may be attributed to the fact that the unit of weight for the letter-rate of postage in our domestic mails is an ounce, while in international mails it is only *half-an-ounce*.

The evil would probably be remedied to a great extent if the attention of the public were called to the difference between the unit of weight in our domestic mails and the unit of weight in international mails.

Postmasters are requested, therefore, to give as much publicity as possible to the circumstance that the postage rate for letters for foreign countries is five (5) cents for each HALF-OUNCE or fraction of half-ounce; and that if postage upon letters is not prepaid IN FULL at that rate, DOUBLE the deficiency must be paid by the addressees or the letters are not delivered.

TREATMENT OF SUPPOSED DUTIABLE PACKAGES AT OFFICES OF DELIVERY.

July 9, 1907.

The Secretary of the Treasury having advised this Department that in many instances a postmaster has constituted himself a customs officer and, upon his own responsibility, has delivered, free of charge for customs duty, a package received at his office marked "supposed liable to customs duty," instead of submitting the package to the nearest customs officer for examination; also that the label—Form "B"—attached to such package is frequently forwarded to the Auditor of the Treasury

without indication of the location of the customs officer to whom the package was submitted; the attention of postmasters is called to Sections 11 and 12 of the "Joint Regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries" (printed on page 7 of the Postal Guide for March, 1907) which require that all such packages be invariably submitted for examination to the nearest customs officer; and that each Form "B" when forwarded to the Auditor for the Treasury Department shall be filled up to show the location of the customs officer to whom the package to which said form relates was submitted.

Postmasters will see to it that the provisions of Sections 11 and 12 mentioned above are strictly conformed to at their offices.

COMPLAINTS BY DEPOSITARY POSTMASTERS OF RECEIPT OF LARGE QUANTITIES OF PENNIES WITH POSTAL REMITTANCES.

July 17, 1907.

Complaints have reached the Department that postmasters at offices of the fourth class are remitting large quantities of pennies, thus involving much additional work upon their postal depositories.

Postmasters are hereby instructed to make every effort to secure coin or notes of large denominations before making remittances to their designated depositories. Attention is directed to Sections 366, 367, 801 and 838 of the Postal Laws and Regulations, relative to the proper preparation and dispatch of remittances of post office funds.

Depository postmasters are directed to notify the Third Assistant Postmaster-General of all cases where large remittances of minor coin are received from depositing postmasters.

CHANGE IN DEPOSITARY FOR POSTAL FUNDS OF FOURTH CLASS OFFICES.

July 18, 1907.

All postmasters at offices of the fourth class will deposit their surplus POSTAL funds with the POSTMASTER in their State, as indicated below (*Money Order Funds* are NOT affected by this change). Postmasters are cautioned not to send their remittances to this Department nor to the Auditor for the Post Office Department. See Section 364 of the Postal Laws and Regulations.

July 9, 1907.

Owing to a recent change in the method of distributing stamped envelopes, postmasters are directed to make separate requisitions for ordinary stamped envelopes and wrappers, for the present using Form 3201 but including in such orders *no other* kind of stamp supplies. At an early date, postmasters will be supplied a new form of requisition, which will be numbered 3204, for ordering *plain* stamped envelopes, and the old blank 3201 will be specially revised, without change of number, for use exclusively in ordering ordinary postage stamps, special-delivery stamps, and postal cards.

Postmasters in the sections to be supplied by freight shipments should allow from one to two weeks longer than heretofore for delivery of their envelopes and wrappers, and time their requisitions accordingly. They should also notify regular users of special-request envelopes of the longer time required for delivery, and suggest that future orders be placed sufficiently early to insure delivery before their supply of envelopes will be exhausted.

NEW DESIGN OF POSTAL CARD.

Postmasters and others in the postal service are notified that a 1c. postal card of new design is being issued by the Department. The card is of cream-colored paper, 3¼ by 5½ inches in size, printed in black ink, and the design is described as follows:

The card contains the words "Postal Card" in large tinted letters, with the words "The space below is for the address only" beneath, in light block letters. A frame surrounds the stamp. At the top are the words "United States of America" and at the bottom, "Postage one cent." The portrait used upon the stamp is a profile of McKinley in a circular frame, with the date of his birth and death, and his name, "1843, McKinley, 1901," inclosed in a ribbon.

The Department has a supply of the old design of 1c. cards (series of 1902) on

hand, from which, until it is exhausted, postmasters' future requisitions will be filled. Postmasters must not send in their undamaged cards of the old design for redemption; these cards will continue to be valid for postage, and must be sold until their stocks are exhausted.

SIGNING OF REGISTERED PACKAGE RECEIPTS.

July 25, 1907.

Complaint has been made concerning the unsatisfactory manner in which registered package receipt cards accompanying registered matter are signed by some postal employees.

The name of the receiving postmaster is often written or stamped, in the space provided therefor, followed only by the initials of the receiving clerk.

If the postmaster's name is written or stamped on the registered package receipt card by the receiving clerk, the written signature of the clerk showing his name should follow. If the postmaster personally receipts for the registered mail, his name should be written and not stamped.

Postmasters are directed to see that the

requirements of Section 854 of the Postal Laws and Regulations are strictly complied with in signing registered package receipts.

REGISTRY TRANSFER STATIONS AT CHICAGO, ILL., NOW TERMINAL RAILWAY POST OFFICES.

July 24, 1907.

All postmasters are notified that the Registry transfer stations at Chicago, Ill., were on the 1st of June last made Terminal R. P. O's, and are no longer under the control of the postmaster at Chicago.

The words "Chicago, Ill.," should therefore be stricken from the list of offices named in paragraph 423 on page 765 of the Postal Guide for January, 1907, as having separate stations for handling transit registered mail.

LATEST CHANGES

LIST OF POST OFFICES ESTABLISHED, NAMES CHANGED, AND DISCONTINUED FROM DECEMBER 1st, 1906, TO JULY 25th, 1907.

NOTE.—This list, taken in connection with the list of offices in the *GUIDE* for January, 1907, shows the offices in operation. Former monthly lists should be disregarded, as reference to them can only confuse.

Post offices marked with an asterisk (*) have been established since the publication of the January *GUIDE*, and afterwards discontinued, or names changed; those with a double dagger (‡) post offices discontinued for the winter, those with parallel (||) discontinued for the summer, and those with a section mark (§) where discontinuance has been rescinded.

Money order offices in **full-face** type and Presidential offices with a dagger (†). *Independent Stations* are the only stations to which Postmasters address *Registered Package* envelopes. In the list of corrections A. refers to General Alphabetical list, and S. to that by States. R. D. signifies Rural Delivery.

Stamped Paper Sent to the Department For Redemption.

Considerable annoyance and delay in adjusting quarterly postal accounts is caused by the failure of postmasters to observe the provisions of the Postal Laws and Regulations in sending stamped paper to the Department for redemption.

Hereafter all postmasters must strictly observe the instructions given on page 19 of the March, 1907, supplement, as well as those found in Articles 549 to 554, pages 847 to 850, January, 1907, Postal Guide.

IMMEDIATE DELIVERY

Special Delivery Mail.

The Department is in receipt of information that postmasters are frequently violating Section 762 of the Postal Laws and Regulations, which requires immediate delivery of special delivery mail.

Postmasters must be careful to see that special delivery mail is delivered promptly and attention is directed to Pages 366 to 377 of the Postal Laws and Regulations and Pages 659 to 662 of the Postal Guide for January, 1907, and also to the instructions contained in the June supplement.
