permission may be granted upon application from a railroad company to permit the furnishing of a car seventy feet in length, thirty feet of which may be used by the company, and forty feet (inside measurement) of which shall be constructed, fitted up and furnished, for railway post office purposes as provided by law and in accordance with the requirements of the General Superintendent, Division of Railway Mail Service, to be used exclusively for railway post office purposes; such car will be regarded as a forty-foot railway post office car and when duly authorized and used for such purpose payment for the same as a forty-foot railway post office car will be warranted.

2. The assignment of space in cars used partially for other than railway post office purposes will not entitle the railroad company to railway post office car pay excepting as provided in paragraph one.

SPECIAL-REQUEST ENVELOPES.

October 24, 1907.

Order No. 798.

ORDERED, That section 336, Postal Laws and Regulations, edition of 1902, be, and the same is hereby amended to read as follows:

SEC. 336. Postmasters must make requisitions for special-request envelopes (see section 137), on blank Form No. 3202, promptly upon receiving orders therefor. All orders are, however, subject to acceptance by the Department.

2. Postmasters shall require the purchaser to deposit with his order the difference between the schedule and the postage value of the envelopes (for example, \$1.24 per thousand on No. 5 first quality), the postage value to be collected when the envelopes are delivered to purchasers.

3. Receipt blanks, Form No. 3202a, for advance deposits on stamped envelopes, are furnished by the Fourth Assistant Postmaster-General, Division of Supplies.

4. The postmaster will be held accountable for advance deposits upon orders for stamped envelopes in the same manner and to the same extent as for other receipts of the post office; but such deposits should not be transmitted to the postmaster's depository before he receives the stamped envelopes from the Department. Upon receiving such envelopes the postmaster will include the amount of their postage value and of the advance deposit made in respect of them with proceeds from his sales of other stamp supplies, and remit the same with his next ensuing deposit of postal funds.

LOTTERY SCHEME.

Fraud order No. 737, dated Oct. 3, 1907, was issued against Arnold Martony, Budapest, Hungary.

The following circular was issued from the bureau of the First Assistant Postmaster-General—F. H. Hitchcock, First Assistant:

PAYMENT OF SUBSTITUTE CLERKS
AND CARRIERS FOR SERVICE AT
30 CENTS AN HOUR.

October 15, 1907.

In paying substitute clerks and carriers for service at the rate of 30 cents an hour,

postmasters should observe carefully the following instructions:

Enter in each substitute's service record (Form 1592 or 1593) the exact length of time, in hours and minutes, during which he actually serves every day, whether Sunday, holiday, or working day. At the end of each half month find, by adding such entries, his total time of service during that period, and pay him for the nearest whole number of hours, counting a fraction of an hour amounting to 30 minutes or more as one hour and ignoring a fraction amounting to less than 30 minutes. Thus, for 29 hours and 30 minutes pay \$9.00; for 29 hours and 29 minutes pay \$8.70.

Substitute clerks should not be employed for fractions of hours unless absolutely necessary.

The following orders and notices were issued from the bureau of the Second Assistant Postmaster-General — J. T. McCleary, Second Assistant:

**ALASKA AND YUKON TERRITORIES
—MAILS FOR, DURING WINTER
SEASON, 1907–08.**

October 1, 1907.

Arrangements similar to those in operation last winter have been made with the Post Office Department of Canada for the transportation of mails to and from Alaska, via White Horse and Dawson, during the approaching winter season, taking effect October 1, 1907, and will be subject to the same restrictions and conditions which prevailed during the last winter season. The following are added to the list of offices printed in article 442, page 773, Official Postal Guide, 1906, for which destinations merchandise packages are not admitted to the mails for Alaska during the closed season of navigation, viz:

Bethel,	Hot Springs,
Berry,	Innoko,
Caro,	Kokrines,
Deadwood,	Meehan,
Dome,	Richardson,
Eldorado,	Shelton,
Elliott Creek,	Steel Creek,
Gakona,	Taylor,

TAMPA AND MIAMI.**

October 10, 1907.

The last sailing from Miami to Havana will occur on October 12th, at 9.30 p. m., and from Havana for Miami on October 14th, at 12 noon. This suspension of service is only temporary, and until such time as service is resumed mails to and from Cuba will be forwarded via the Port Tampa & Havana line.

FIJI ISLANDS —MAILS FOR.

October 22, 1907.

Order No. 647.

Referring to General Order No. 644, published in Daily Bulletin of September 25, 1907, it is ordered that mails for Fiji Islands, not otherwise specially addressed, shall be forwarded for dispatch by steamers sailing from Vancouver, B. C., rather than via steamers sailing from San Francisco, Cal. General Order No. 644 is modified accordingly.

**PHILIPPINE ISLANDS —DISPATCH
OF MAILS FOR.**

September 27, 1907.

General Order No. 645.

Mails for the Philippine Islands will hereafter be dispatched from Pacific Coast ports in every instance at first available opportunity to secure the earliest arrival at destination. The superintendent of the eighth division. Railway Mail Service, at San Francisco, Cal., will prepare a schedule of dispatch the first of each month and publish the same in his division orders for the information and guidance of the superintendents of the eastern divisions in routing these mails via San Francisco, Cal., and Seattle or Tacoma, Wash., as either may offer opportunity for the most expeditious transmission. The superintendent at San Francisco shall also furnish promptly such supplemental information as to any changes during the month that may be found necessary, subsequent to the preparation of the schedule printed in his division order. Information in future relating to the route of dispatch of mails for the Philippines will be furnished by the superintendent of this service at San Francisco. Previous orders involving the dispatch of mails for the Philippine Islands are modified accordingly.

ARTICLES DESTINED FOR SANTA FE.

October 22, 1907.

The postmaster at Santa Fe, New Mexico, having reported the frequent missending to his office of articles addressed to Santa Fe, Mexico; Santa Fe, I. of P. (Isle of Pines); Santa Fe, F. C. C. A. (Ferro-Carril Central Argentino; i. e., Central Argentine Railroad); and Santa Fe, Rosario, F. C. C. A. (Rosario, in the Province of Santa Fe, Central Argentine Railroad); the attention of postmasters and postal clerks is called to the names of the places as given above, and care is enjoined that mail matter so addressed be not treated as if directed to Santa Fe, New Mexico.

FOREIGN MAILS VIA NEW YORK,
N. Y., SEPARATION OF.

October 9, 1907.

General Order No. 646.

Referring to General Order No. 640, of June 26, 1907, and the General Foreign Separating Scheme which appears on pages 12 and 13 of the May Supplement of the 1907 Postal Guide:

Postmasters and postal clerks will hereafter omit the designation "Transatlantic" or "Mixed," and simply label such matter "New York Foreign." It is desirable, however, that the special instructions in regard to making up separate packages for cities and countries where there are five or more pieces shall be strictly complied with.

DIRECT LETTER PACKAGES OF
FOREIGN ORIGIN TO BE FOR-
WARDED INTACT.

October 5, 1907.

Attention is called to the fact that General Order No. 643, published in Daily Bulletin 8406, has no bearing whatever

on mails received from Cuba, Canada and Mexico and should not be construed to apply to mails originating in those countries, that feature being fully covered by the Joint Regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries.

PACKAGES OF MERCHANDISE IN
MAILS FROM FOREIGN COUN-
TRIES.

October 25, 1907.

The Secretary of the Treasury has advised this Department that customs officers report that packages containing articles of dutiable merchandise are being forwarded from Exchange Post Offices, Sea Post Offices, and Railway Post Offices receiving mails from foreign countries direct to the post offices of destination without submitting them to customs officers for inspection.

The attention of postal officials is called, therefore, to the "Joint Regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries"—printed on pages 5-13 of the Postal Guide for March, 1907; from which it will be seen that any article, sealed or unsealed, which contains articles possibly liable to customs duty, should not be forwarded from the receiving exchange office nor delivered to the addressee before the article has been inspected by a customs official.

Postal officials will see to it that the provisions of the Regulations in question are fully complied with.

REPLY-COUPONS NOT VALID IN
SPAIN.

October 10, 1907.

The Department has been officially advised that the Postal Administration of

Spain finds itself obliged to postpone indefinitely its participation in the international reply-coupon service.

Consequently, postmasters should not issue reply-coupons for use in Spain; and section 6 of Order No. 645 printed on pages 8-13 of the Postal Guide for last month (September) should be modified by striking "Spain" from the list named therein of countries in which the reply-coupon is valid.

The following orders and notices were issued from the bureau of the Third Assistant Postmaster General — A. L. Lawshe, Third Assistant:

RATES OF POSTAGE ON POST CARDS AND POSTAL CARDS MAILED UNDER COVER OF ENVELOPES.

October 3, 1907.

Post cards and postal cards mailed under cover of sealed envelopes (transparent or otherwise) are chargeable with postage at the first-class rate — two cents an ounce or fraction thereof. If inclosed in unsealed envelopes, they are subject to postage according to the character of the message — at the first-class rate if wholly or partly in writing, or the third-class rate (one cent for each two ounces or fraction thereof) if entirely in print, and the postage should be *affixed to the envelopes* covering the same.

Postage stamps affixed to such cards inclosed in envelopes having an opening exposing the stamps cannot be recognized in payment of postage thereon.

However, where such cards, properly addressed and prepaid — bearing no matter rendering them unmailable under Postmaster-General's Orders Nos. 146 (par. 5) and 539 (par. 4) when sent openly in the mails — are inclosed in envelopes, it will be assumed that they were inadvertently placed under cover, and they may be

removed therefrom and dispatched without additional payment of postage.

MONEY ORDERS MUST NOT BE DRAWN ON DOMESTIC FORMS FOR PAYMENT IN MEXICO AND CERTAIN OTHER FOREIGN COUNTRIES.

October 25, 1907.

The Postal Administration of Mexico has complained of the great number of money orders drawn on *domestic forms* for payment in that country, and of the consequent delay and inconvenience to payees.

A money order, to be payable in Mexico (or in any other country not named in the following paragraph), must be drawn on an *international* money order form and may be issued only at an office specially authorized to transact *international* money order business.

Orders may be issued at any money order office in this country, on *domestic forms*, for payment only in the United States and its island possessions (Guam, Hawaii, Porto Rico and Tutuila, Samoa), at the United States Postal Agency at Shanghai (China), or in Bermuda, British Guiana, British Honduras, Canada, the Canal Zone, Cuba, Newfoundland, the Philippine Islands and the following named islands in the West Indies: Antigua, Bahamas, Barbados, Dominica, Grenada, Jamaica, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent and the Virgin Islands.

MONEY ORDERS AND REGISTERED LETTERS FOR TUSKEGEE INSTITUTE, ALA.

October 17, 1907.

It has been brought to the notice of the Department that in many cases money orders intended for persons connected with the educational establishment known as

the Tuskegee Institute, instead of being drawn payable at the post office so named and there located, are drawn on the neighboring post office at Tuskegee, Alabama, and that in numerous instances similar errors are made in addressing and forwarding registered mail matter intended for such persons. Postmasters are, therefore, requested to see that money orders intended for persons thus connected are drawn on the post office at "Tuskegee Institute, Alabama," and that registered letters intended for such persons are addressed in that manner and forwarded for delivery through that post office, instead of the one at Tuskegee, unless the senders make special request to the contrary. Attention in this connection is directed to section 807, to paragraph 2, section 818 (as amended and published on page 763, U. S. Official Postal Guide for January, 1907), and to section 985 of the Postal Laws and Regulations.

DISCONTINUANCE OF REGISTRY BILLS, FORMS 1550 AND 1551 EXCEPT IN THE DISPATCH OF REGISTERED MATTER TO UNITED STATES EXCHANGE OFFICES FOR FOREIGN DESTINATIONS.

October 25, 1907.

Order No. 801.

On and after December 1, 1907, all Postmasters will discontinue the use of the gray card and sheet registry bills, Forms Nos. 1550 and 1551 in the preparation for dispatch of registered matter addressed for delivery at *domestic destinations*.

Postmasters will continue to use these bills in the preparation of registered matter addressed for delivery in foreign countries.

All sections of the Postal Laws and Regulations bearing on this subject which

are inconsistent with this Order are hereby modified accordingly.

INSTRUCTIONS GOVERNING THE DISCONTINUANCE OF THE GRAY CARD AND SHEET REGISTRY BILLS (FORMS 1550 AND 1551) IN THE PREPARATION FOR DISPATCH OF REGISTERED MATTER ADDRESSED FOR DELIVERY AT DOMESTIC DESTINATIONS.

October 25, 1907.

1. Under the authority conferred by Order No. 801 of the Postmaster-General, dated October 25, 1907, discontinuing the gray card and sheet registry bills (Forms 1550 and 1551) in the preparation for dispatch of registered matter addressed for delivery at domestic destinations, postmasters will be governed by the following instructions:

2. Commencing December 1, 1907, all postmasters will discontinue the preparation and dispatch of the gray card and sheet registry bills, Forms 1550 and 1551, in making up and dispatching registered letters and parcels addressed for delivery at *domestic destinations*, including those addressed to United States naval vessels located abroad and those for delivery in Hawaii, Porto Rico, Guam, and the United States post offices at Pago Pago and Tau in the Samoan Islands.

3. Postmasters will continue to use these forms in billing to United States exchange offices registered matter addressed for delivery in foreign countries, as well as that addressed to the Canal Zone, the Philippine Islands, and the United States Postal Agency, Shanghai, China.

4. When more than one registered piece is inclosed in the same registered package envelope the registration number of each piece inclosed must be noted with ink on the outside of the registered package envelope on the face and just to the right of the address. In view of the omission of the registry bill, great care should be exercised at mailing offices to make sure that the contents of the registered pack-

age envelopes are correctly listed by number on the outside of the same. When only one registered piece is inclosed in a registered package envelope the registration number of the piece inclosed need not be noted on the outside of the registered package envelope, but the registration number of the piece inclosed and the registered package envelope number must be the same.

5. At offices of destination the contents of the registered package envelopes must be carefully checked with the numbers placed on the outside of the same by the mailing office, and any discrepancies between the individual numbers or the total number of the pieces actually received, and those advised as having been dispatched, must be promptly reported to the mailing postmaster, and in cases of shortage must also be reported to the Department for investigation. Postmasters at offices of address receiving registered package envelopes containing more than one piece without the proper notation thereon of the contents as herein directed, will enter the registration numbers of the inclosures in the appropriate place on the face of the registered package envelopes before filing the same; likewise they will make proper corrections or additions on the registered package envelopes in cases of error on the part of the mailing postmaster, and in each case report the irregularity to the Third Assistant Postmaster-General, Division of Registered Mails. In cases where receiving postmasters fail to report such discrepancies, they will be considered as having received the registered matter as advised on the outside of the registered package envelopes.

6. Postmasters must not enclose in any one registered package envelope more pieces than can be clearly and legibly advised by number on the face of the registered package envelope as herein indicated.

7. As soon as the present stock supply of registered package envelopes is exhausted, the Department will furnish registered package envelopes on which spaces will be provided for the entry of the registration number of pieces inclosed therein and dispatched without a registry bill.

8. No more specially printed registered package and tag envelopes, such as have heretofore been used at offices where au-

thority has been granted for the omission of the registry (gray card) bill, will be furnished, but those offices having a stock of such specially printed registered package or tag envelopes on hand will continue their use in dispatching single pieces of third and fourth class registered matter, until the stock is exhausted.

9. In making requisitions upon the Fourth Assistant Postmaster-General (Division of Supplies) for registry bills, postmasters will carefully estimate the number of letters and parcels dispatched from their offices addressed to foreign destinations, in order that no more bills than are actually required for that purpose need be furnished.

10. Registry bills prepared and dispatched prior to December 1, 1907, must be returned to the mailing office to be properly checked and filed, as heretofore. When such bills are not promptly returned a circular of inquiry (Form No. 3856) or duplicate bill should be sent to the postmaster at the office of address.

11. If at any time during the period from December 1, 1907, to January 1, 1908, any postmaster receives a registry bill which the mailing postmaster has prepared and dispatched in disregard of these instructions, the receiving postmaster will sign, postmark and return such bill promptly, without reporting the irregularity to the Department.

12. On and after January 1, 1908 (by which time it is believed these instructions will have become well circulated and understood by postmasters), if a registry bill is received which should not have been prepared and dispatched, the receiving postmaster will dispose of the bill as waste paper and report the irregularity of the mailing postmaster to the Third Assistant Postmaster-General (Division of Registered Mails).

13. Postmasters who have been specially authorized to use the combined mailing and registry bill-book, Form No. 3859, may continue to do so until further advised. When this special form of bill is used, the number of the registered pieces inclosed need not be entered on the outside of the registered package envelopes, and the coupon attached thereto need not be returned to the postmaster at the mailing office, but postmasters or receiving clerks must sign the body of the bill acknowledging receipt of pieces entered thereon before filing.

14. Postmasters at United States exchange offices will file the registry bills received from interior offices, under this authorization, as a part of their office record and retain same on file until special authorization is obtained from the Department for their destruction.

15. Postmasters must not confuse in any way the authorization discontinuing the use of the registry gray card and sheet bills (Forms Nos. 1550 and 1551) to apply to the registry return receipt (Form No. 1548) or the registered package receipt (Form No. 1556). The registry return receipt and the registered package receipt must be used as heretofore.

SEPARATION OF FIRST-CLASS FROM THE OTHER CLASSES OF REGISTERED MATTER IN PREPARATION OF SAME FOR DISPATCH IN THROUGH REGISTERED POUCHES AND INNER REGISTERED SACKS DURING THE HOLIDAY SEASON.

October 25, 1907.

In order to facilitate the delivery of registered letters and other first-class registered mail during the ensuing holiday season, postmasters at the offices hereinafter named are hereby authorized, in preparing registered mail for dispatch to any other office named in this list during the period beginning December 15, and ending December 31, 1907, to separate the first-class from the other classes of registered matter. The following are the post offices to which these instructions apply:

Albany, N. Y.	Los Angeles, Cal.
Atlanta, Ga.	Louisville, Ky.
Baltimore, Md.	Memphis, Tenn.
Birmingham, Ala.	Minneapolis, Minn.
Boston, Mass.	Nashville, Tenn.
Buffalo, N. Y.	New Orleans, La.
Brooklyn, N. Y.	New York, N. Y.
Chattanooga, Tenn.	Ogden, Utah.
Chicago, Ill.	Omaha, Nebr.
Cincinnati, Ohio.	Philadelphia, Pa.
Cleveland, Ohio.	Pittsburg, Pa.
Columbus, Ohio.	Portland, Oregon.
Council Bluff, Iowa.	Rochester, N. Y.
Denver, Colo.	Saint Louis, Mo.
Des Moines, Iowa.	Saint Paul, Minn.
Detroit, Mich.	San Francisco, Cal.
Harrisburg, Pa.	Seattle, Wash.
Indianapolis, Ind.	Spokane, Wash.
Jacksonville, Fla.	Toledo, Ohio.
Kansas City, Mo.	Washington, D. C.

In making the separation herein required, postmasters will consider all mail prepared in sealed registered package envelopes as first-class matter.

When separate through registered pouches or inner registered sacks are used to inclose first-class matter only, the labels of such separate pouches and sacks will be marked "First-Class" to distinguish them.

When the quantity of first-class registered mail to be dispatched will not justify the use of the registry equipment required for the dispatch of separate through registered pouches or inner registered sacks to inclose first-class matter only, separate bills should be made out, one for the first-class matter only, and another for the other classes of mail matter to be dispatched, and both bills and all classes of registered mail described thereon will be inclosed in one through registered pouch or inner registered sack, the first-class matter and the bill therefor being kept separate from the other matter by inclosing the same in a canvas or jute sack before being placed in the through pouch or inner sack. When registered matter is prepared for dispatch in this manner the label of the through registered pouch or inner registered sack in which it is inclosed must be marked "Separated."

When a through registered pouch or inner registered sack is prepared containing other than first-class matter only, the label of such pouch or sack must be plainly marked "Parcels."

When the quantity of registered mail for any one dispatch of through registered pouches or inner registered sacks will not warrant the use of separate pouches or sacks for letter mail only, or the separation of such matter as above indicated, the pouch or sack will be dispatched bearing a label without special indorsement.

This authority for the separation of first-class matter from matter of the other

classes is in addition to the previous requirement for the separation of "city" and "distribution" matter addressed to post-offices having separate registry transfer stations.

If it is found to be impracticable to make the separation of the first-class from other classes of registered mail in addition to the separation of the "city" and "distribution" matter for those offices having registry transfer stations, the separation of the "city" and "distribution" matter should be given preference.

Postmasters receiving through registered pouches or inner registered sacks will carefully examine the labels on the same and give preference in the opening, checking and disposition of their contents to those known to contain first-class mail.

Postmasters are enjoined to report to the Third Assistant Postmaster-General, Division of Registered Mails, the results obtained by following these instructions and to make such suggestions for their continued operation during the entire year without regard to any holiday season or rush period as the registry business of their offices and the economical use of equipment may justify in the interest of the patrons of the registry service.

SEPARATION OF CITY AND DISTRIBUTION REGISTERED MAIL — GENERAL AUTHORIZATION TO CERTAIN POST OFFICES DURING THE HOLIDAY SEASON.

October 25, 1907.

All authorizations and instructions which were specifically given by this office for temporary dispatch or exchange of "City" and "Distribution" pouches during the period beginning December 17, 1906, and ending January 5, 1907, are hereby renewed and made operative for

the period beginning December 15, 1907, and ending January 5, 1908.

This authorization for the separation of "City" and "Distribution" matter is in addition to the other contemporary authorization for the separation of first-class matter from registered matter of the other classes at certain post offices, and should not be confused with, or considered as in any way affecting, that authority.

If it is found to be impracticable to make a separation of "City" and "Distribution" matter in addition to the separation of the first-class from the other classes of registered mail, at offices authorized to do so, preference should be given to the separation of "first-class" matter from matter of the other classes except in the dispatch of through registered pouches and inner registered sacks addressed to post offices having separate registry transfer stations, in which latter cases preference should be given to the separation of "City" and "Distribution" matter.

The postmasters concerned will govern themselves accordingly.

RUBBER BANDS FOR USE IN THE REGISTRY DIVISIONS OF LARGE POST OFFICES.

October 18, 1907.

The Fourth Assistant Postmaster-General (Division of Supplies) has advised that it is the intention of his office to make requisition for a supply of rubber bands for use in the postal service within a few days, and that these bands will probably be received and ready for distribution by December 1, 1907.

Postmasters at the larger offices may therefore obtain a limited supply of these rubber bands by making requisition therefor upon the Fourth Assistant Postmaster-General (Division of Supplies). No

more bands should be ordered than are absolutely necessary, and their use should be restricted to cases where a wire clip cannot be used in lieu thereof.

NOT-REGULAR DISPATCHES OF INNER REGISTERED SACKS—GENERAL EXTENSION OF THE AUTHORIZATION FOR DISPATCH OF.

October 18, 1907.

1. All postmasters who are now or who may hereafter be authorized to dispatch through registered pouches or inner registered sacks are hereby authorized to make *not-regular dispatches of inner registered sacks* to any post office shown in the lists published in the current January Postal Guide and monthly supplements thereto, as having an exchange or dispatch of through registered pouches or inner registered sacks (and thereby known to be supplied with a rotary-lock key) whenever the quantity or bulk of registered matter proper for inclosure justifies such dispatch.

2. This authority is not to be construed as restricting the use of registered package jackets in cases where it would be proper to use jackets. No dispatch of a not-regular inner registered sack should be made when the use of a registered package jacket will answer the same purpose.

3. Not-regular dispatches of inner registered sacks are to be governed by the Postal Laws and Regulations relative to regular dispatches (sections 910 to 929, inclusive), except as herein otherwise provided.

4. The postmaster making a not-regular dispatch of inner registered sacks must in every instance advise the postmaster at the office addressed by sending him, in the ordinary mail, an appropriate notice of such dispatch on Form No. 3891, bearing

the words "Not-regular," and marked to show the hour (or train number) and date of dispatch and the lock and rotary numbers.

5. All pouch bills and their coupons accompanying matter sent in not-regular dispatches of inner registered sacks, and all labels used for such dispatches, must bear the words "Not-regular," either written or stamped, for the information of the postal employees handling the sacks in transit, checking their contents at the offices of address, or returning the sacks as empty equipment.

6. Printed labels for not-regular dispatches will not be furnished by the Department, at least for the present, and not until the not-regular dispatches of inner registered sacks have so superseded (as hereinafter mentioned) the regular dispatches of inner registered sacks as to develop the necessity for such labels.

7. Registered matter for distribution at an office to which a sack is addressed may be included in a not-regular dispatch of inner registered sacks *when the dispatching postmaster is assured by consulting the current registry scheme of his office that the delivery of the matter will be advanced thereby or when he has obtained instructions from the division superintendent of the Railway Mail Service directing that such registered matter may be so inclosed*; otherwise matter inclosed should be restricted to that addressed to the same office as the sack.

8. The fact that a postmaster has a regular exchange of through registered pouches or inner registered sacks with a certain office does not necessarily prevent him from making a not-regular dispatch of inner registered sacks to that office between the hours of dispatch of the regular pouches or sacks, if the quantity or bulk of the matter involved justifies the not-regular between the regular dispatches. On the contrary postmasters are expected to avail themselves of the privilege of dis-

patching not-regular inner registered sacks whenever the quantity or bulk of matter to be dispatched warrants the use of the not-regular inner sack.

9. When a not-regular inner sack is addressed to a post office having separate stations for handling transit registered mail, containing only matter for delivery at the office addressed, the word "City" should be plainly written or stamped on the labels; and when the quantity or bulk of matter to be dispatched to any such post office having separate registry transfer stations is sufficient to require two or more not-regular inner sacks, separation of the "City" and "Distribution" matter should be made, provided no additional equipment is required thereby; and the not-regular "City" sack, or sacks, should be appropriately labeled.

RETURN OF NOT-REGULAR EQUIPMENT.

10. The equipment used in not-regular dispatches of inner registered sacks must be returned by registered mail at the first opportunity, in conformity with the current registry schemes furnished by the respective division superintendents of the Railway Mail Service and in accordance with the following instructions:

11. In returning not-regular equipment receiving postmasters will convert the equipment into a not-regular dispatch of inner registered sacks by billing and inclosing any registered matter addressed for delivery at or distribution from the office from which the original not-regular dispatch was made, without regard to the quantity or bulk of the matter involved. If more than one sack is to be returned to the same office at one time, and registered matter is also to be sent to the same office at that time, the extra empty sack or sacks should be returned open with the locks attached to the staples and the labels reversed to show the name of the office for which intended, the empty inner sacks rolled up commencing at the

lower part, into one or more compact rolls securely tied with a string, and placed in the sack in which it is to be sent, and proper notation of the number of sacks and the lock numbers made in the appropriate spaces on the manifold pouch bill, but not counted in the total number of registered packages billed. Whenever receiving postmasters convert the return of equipment into a not-regular dispatch of inner registered sacks by the inclosure of registered mail, Form No. 3891 should be properly made out and sent in the ordinary mail to the postmaster at the office of address.

12. When more than one sack is to be returned to the same office at one time *empty* (that is to say, without registered mail), one of the sacks should be used to inclose the others, and all the inclosed sacks, with their locks should be duly noted on a manifold pouch bill which should be so marked as to show that the dispatch is merely the return of not-regular registry equipment; and the outer sack with its contents is then to be dispatched the same as a not-regular dispatch of inner registered sacks and treated in transit as a registered piece. Form No. 3891 need not be sent when *empty equipment only* is returned.

13. When receiving postmasters have no registered mail to dispatch to the original office from which a not-regular dispatch of inner registered sacks is received, and have but one inner sack and rotary lock to return, the sack should be returned *open and empty* with the lock attached to the staple, and the label reversed to show the name of the office for which intended, the sack rolled up, commencing at the lower part, into a compact roll, securely tied with a string and dispatched to the office addressed. If dispatched in a through registered pouch or inner registered sack proper notation of the serial and lock numbers of the returned not-regu-

lar equipment should be made in the appropriate spaces on the manifold pouch bill but the equipment should not be counted in the total number of registered packages billed. A like record is to be made at every post office receiving the returned equipment in transit when it is similarly dispatched therefrom. When empty single equipment is returned no bill need be inclosed in it, the entry on the manifold pouch bill with which it is dispatched being sufficient; and when a hand-to-hand return dispatch of empty equipment is made, postmasters must take receipts from postal clerks by the description furnished by the label and the lock serial and rotary numbers, and similar receipts should be obtained by postal clerks when hand-to-hand deliveries of such equipment are made; and the receipts in each instance should show that the matter exchanged is return equipment.

14. During rush periods and in emergency cases, including Christmas holiday seasons, the equipment received in a not-regular dispatch of inner registered sacks may be used by the receiving postmaster in making any dispatch of inner registered sacks, instead of being returned; but in every such case the postmaster who originally made the not-regular dispatch must be advised that the equipment has been so used. In no case may the equipment be withdrawn for use while it is in transit.

15. Postmasters who make not-regular dispatches of inner registered sacks should carefully keep a memorandum record of the not-regular inner sack equipment to be returned to them, and advise the Third Assistant Postmaster-General (Division of Registered Mails) when such equipment is not returned within a reasonable length of time.

16. *This general authorization for the dispatch of not-regular inner registered sacks will preclude the necessity of requests for special authorizations of additional temporary exchanges of inner registered sacks during any holiday season or other rush period, between postmasters already or hereafter authorized to exchange or dispatch through registered pouches or inner registered sacks. However, when additional or temporary exchanges of inner registered sacks are considered necessary in cases where either office or both offices involved have no authorized exchange or dispatch of inner registered sacks or through registered pouches, special authority must be asked and received therefor before the same are put into operation.*

17. Postmasters are enjoined to report to the Department all cases in which this general authorization for the dispatch of not-regular inner registered sacks so depletes the quantity of registered matter involved in their regular dispatches as to render the latter no longer necessary or advisable, in order that appropriate action may be taken for the discontinuance of the regular exchanges or dispatches affected.

18. All previous instructions governing not-regular dispatches of inner registered sacks inconsistent with these instructions are hereby revoked.

NOT-REGULAR INNER REGISTERED SACKS.

The postmasters at Salem, Mass., Grand Rapids, Mich., Fall River, Mass., Bellingham, Wash., and Galveston, Texas, have been authorized to make not-regular dispatches of inner registered sacks in accordance with instructions on pages 798 and 799 of the Postal Guide for January, 1907.

LATEST CHANGES

LIST OF POST OFFICES ESTABLISHED, NAMES CHANGED, AND DISCONTINUED FROM DECEMBER 1st, 1906, TO OCTOBER 25th, 1907.

NOTE.—This list, taken in connection with the list of offices in the **GUIDE** for January, 1907, shows the offices in operation. Former monthly lists should be disregarded, as reference to them can only confuse. Post offices marked with an asterisk (*) have been established since the publication of the January **GUIDE**, and afterwards discontinued, or names changed; those with a double dagger (‡) post offices discontinued for the winter; those with parallel (||) discontinued for the summer, and those with a section mark (§) where discontinuance has been rescinded.

Money order offices in **full-face** type and Presidential offices with a dagger (†). *Independent Stations* are the only stations to which Postmasters address *Registered Package* envelopes. In the list of corrections A. refers to General Alphabetical list, and S. to that by States. R. D. signifies Rural Delivery.

Remittances of Surplus Postal Funds

The attention of the Department has been called to the fact that a large number of postmasters remit their surplus postal funds to the Auditor for the Post Office Department, instead of to their designated depositaries. THIS PRACTICE MUST BE DISCONTINUED.

In this connection the attention of postmasters is directed to section 364 of the Postal Laws and Regulations, which states that postmasters **MUST NOT** remit their surplus postal funds to the Post Office Department, nor to the Auditor for the Post Office Department.

A. L. LAWSHE,

Third Assistant Postmaster-General.

Important Instructions to Postmasters

As to Star Route Service in North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee, Kentucky, and Island of Porto Rico.

Postmasters at all offices in the above named States have been furnished with a pamphlet advertisement inviting bids for carrying the mails on star, steamboat and screen wagon routes from July 1, 1908, to June 30, 1912.

No bids submitted under this advertisement will be considered unless the bidder will agree in his bid that, in the event of the service being awarded to him, he will reside on or contiguous to the route and give his personal supervision to the performance of the service.

It is the desire of the Department that all postmasters in the States named will make known this limitation on bidding to all persons who would be likely to submit proposals and endeavor to secure competition for the service by actual residents of the localities in which the routes are located, and who intend to personally provide for the service.

Postmasters are expected to aid the Department in obtaining reasonable bids for service on all routes, and should remind prospective bidders that proposals must be received at the Department before 4.30 P. M., January 7, 1908.

J. T. McCLEARY,

Second Assistant Postmaster-General.
