November 14, 1907.

Order No. 851.

2. Letters from a United States Pension Agency addressed to a pensioner or a payee of the pension (in whole or in part) of another person must be delivered to the addressee or to some member of his or her family specially authorized by him or her to receive them. If, however, the addressee has been declared mentally incompetent, they are to be delivered only to his or her duly appointed guardian. If the addressee *being a pensioner* has died, they are to be delivered only to the duly qualified and acting executor or administrator of his or her estate, or returned to the Agency at the expiration of the time named in the card request if there be no such executor or administrator. If the deceased addressee was not a pensioner but the payee of the pension of another person, they are to be returned to the Agency.

RECORDS OF STAMPED PAPER, ETC.

November 25, 1907.

Order No. 874.

Order No. 594 of July 30, 1907, is hereby amended to read as follows:

Postmasters at offices of the first, second and third classes are directed to discontinue the keeping of book Form 3240a (daily record of postage stamped paper received and sold).

An accurate record must, however, continue to be kept in the Postmasters' Account and Record Book, of the *value* of postage stamps of all kinds, books of stamps, international reply-coupons, stamped envelopes and postal cards received and sold daily, and the *quantities* of stamped paper received and sold monthly.

Postmasters at offices of the first, second, and third classes are directed to discontinue rendering itemized monthly statements on Form 3240 to the Third Assistant Postmaster-General of postage stamped paper received, sold, and on hand.

The monthly statements of stamped paper sold for use elsewhere, required by Order No. 907½ of August 11, 1904 (page 741 of the 1907 Official Postal Guide), to be made in connection with Form 3240, will hereafter be made at the close of each month in a letter addressed to the Third Assistant Postmaster-General. The statement of such sales will be itemized by the postmaster as to dates, amounts of purchases, and names and business addresses of the purchasers, and must bear the following form of certificate:

"I hereby certify on my oath of office that the foregoing is a true and correct statement, and that to the best of my knowledge and belief it shows all the stamp supplies sold at this office for use elsewhere."

Section 407 of the Postal Laws and Regulations, edition of 1902, in conflict herewith, is revoked.

NUMBERING OF REGISTERED MAIL, REGISTERED PACKAGE AND TAG
ENVELOPES.

November 26, 1907.

Order No. 880.

Section 812 of the Postal Laws and Regulations is hereby amended to read as follows, and all other sections of the Postal Laws and Regulations inconsistent with the requirements of this amended section are hereby modified accordingly:

SEC. 812. Window registration receipts, their counterparts or stubs, and the articles described in them must be consecutively numbered, beginning with No. 1 on the 1st day of July of each year, and continuing throughout the entire fiscal year, unless specially authorized to the contrary by the Third Assistant Postmaster-General.

2. Registered package and tag envelopes need not be consecutively numbered. Every registered package envelope containing only one piece of registered mail must bear the same number as the registration number of the piece it contains, and every registered tag envelope must bear the same number as the registration number of the piece to which it is attached. Where more than one piece is inclosed in a single registered package envelope, the number of the registered package envelope must be the same as the smallest of the consecutive numbers on the pieces it contains.

REGISTRATION REPORTS TO BE RENDERED ANNUALLY FOR THE ENTIRE
FISCAL YEAR.

November 26, 1907.

Order No. 881.

Section 898, Postal Laws and Regulations, is hereby amended to read as follows:

SEC. 898. Promptly on the first day of July of each year, all postmasters must send to the Third Assistant Postmaster-General, on Form 3848, a report showing the number of letters and parcels, domestic, foreign, distribution reregistered free, and official free, registered at their offices *during the entire preceding fiscal year*, that is to say, from July 1 to June 30, inclusive.

2. Registry reports of this character must not be rendered semi-annually or quarterly.

3. Under the item "letters" must be included all matter of the first class, such as letters in their usual and ordinary form and other matter sealed or otherwise closed against inspection, subjecting it to first-class postage and requiring it to be treated the same as first-class matter. Under the item "parcels" must be included all unsealed matter of the second, third and fourth classes not included under any other item. Under the item "distribution reregistered free" must be included all registered pieces "returned to writer," "forwarded," "missent," or "sent to the Fourth Assistant Postmaster-General (Division of Dead Letters)," whether foreign or domestic. Under the item "official free" must be included official matter only, either registered free by the postmaster himself or by some other official of the Government entitled to free registration under the provision of Section 801. Care should be taken in every case to see that no registered article is reported under more than one item.

4. Postmasters at offices which are discontinued during any fiscal year must send a report covering the time their offices were in operation, but in all other cases the report must cover the registrations for the *entire fiscal year* from July 1 to and including June 30 following, even though there may be a change in the name of the office or of the postmaster.

Fraud orders were issued as follows:

No. 817, dated November 2, 1907, | against M. E. Stern, Bremen, Germany.

No. 842, dated November 11, 1907,

| against Ernst Dello, Hamburg, Germany.

The following instructions were issued from the bureau of the First Assistant Postmaster-General — F. H. Hitchcock, First Assistant:

AID TO BE EXTENDED TO RECRUITING OFFICERS, UNITED STATES ARMY.

November 25, 1907.

Order No. 877.

Postmasters are directed to aid recruiting officers of the United States Army so far as possible by distributing to young men who may be interested in the subject any printed matter relative to enlistment in the Army that is sent to them for that purpose from the War Department.

UNDELIVERABLE LETTERS FROM UNITED STATES PENSION AGENCIES.

November 13, 1907.

Postmasters are instructed to exercise especial care to return to United States Pension Agencies promptly at the expiration of the time indicated in the card request all letters from such agencies addressed to pensioners who have died without naming an executor and for whose estates no administrator has been appointed, such letters being undeliverable under the provisions of paragraph 2, section 642, Postal Laws and Regulations.

DEDUCTIONS FROM SALARIES OF REGULAR POST OFFICE EMPLOYEES ABSENT WITHOUT PAY.

November 14, 1907.

1. Make all deductions from the salaries of clerks, city letter carriers, and other post office employees (but not of railway postal clerks and rural letter carriers) absent without pay by the Salary Tables of 1904.

2. Deduct one-twelfth of the annual salary for a full calendar month's absence, regardless of the number of days in the month.

3. Deduct one-thirtieth of one month's compensation for every day's absence during part of a month, whether the month contains 28, 29, 30, or 31 days. The last day of the month must be counted in making deductions.

4. When an employee is absent without pay a full calendar month, enter that information, giving the name of the month, in the column for "Remarks" on the pay-rolls sent to the Auditor.

5. Substitutes in place of absent clerks and carriers are paid at the rate of 30 cents an hour, but that fact does not affect the above rules concerning deductions.

The following instructions were issued from the bureau of the Second Assistant Postmaster-General — J. T. McCleary, Second Assistant.

PAYMENTS OF SALARIES TO RAILWAY POSTAL CLERKS.

November 20, 1907.

1. The acts of June 30, 1906, and March 2, 1907, still apply to payments to railway postal clerks.

2. Regular, acting, and substitute clerks are entitled to one-twelfth the annual salary for a full calendar month's service, regardless of the number of days in the month.

3. Regular clerks (including probationers) who enter the service during a 31-day month and perform full service to the end thereof are entitled to one-thirtieth of one month's compensation for each day's service, except for the 31st, for which nothing can be paid. If they enter the service during February and perform full service to the end thereof, they receive a full month's compensation less as

many thirtieths as there were days elapsed prior to the date they begin service.

4. Regular clerks absent without pay a part of a month lose one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first of the month's compensation for each day's absence, according to the number of days in the month, provided substitutes are employed and paid from the lapsed salaries; if no substitutes are employed, the deduction is one-thirtieth for each day's absence regardless of the number of days in the month, and the last day of any month is counted as one-thirtieth.

5. Acting and substitute railway postal clerks for services during part of a month receive one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first of the month's compensation for each day's service, according to the number of days in the month in which the service is performed.

6. Clerks who are promoted or reduced during a month receive one-thirtieth of one month's compensation for each day's service at each rate, except that in a 31-day month the 31st cannot be counted; in February the last day of the month in ordinary years is counted and paid for as three-thirtieths and in leap years as two-thirtieths.

7. When a clerk's pay office is changed during a month, either with or without change of salary, the amount to be paid by each postmaster will be computed on a 30-day basis, keeping in mind the rules in paragraph 4 concerning deductions for any absence without pay.

8. When a clerk is granted leave of absence with pay on account of sickness and required to furnish a substitute at his own expense, the regular clerk should receipt for the full amount of his salary during the period covered by his leave. The substitute's receipt for the amount paid him through his principal should be

kept on file in the post office. Attention is invited to Order No. 244, dated April 4, 1907, and printed on page 7 of the Postal Guide for May.

PACKAGES OF MERCHANDISE IN MAILS FROM FOREIGN COUNTRIES.

October 25, 1907.

The Secretary of the Treasury has advised this Department that customs officers report that packages containing articles of dutiable merchandise are being forwarded from exchange post offices, sea post offices and railway post offices receiving mails from foreign countries direct to the post offices of destination without submitting them to customs officers for inspection.

The attention of postal officials is called, therefore, to the "Joint Regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries," printed on pages 5-13 of the Postal Guide for March, 1907, from which it will be seen that any article, sealed or unsealed, which contains articles possibly liable to customs duty, should not be forwarded from the receiving exchange office nor delivered to the addressee before the article has been inspected by a customs official.

Postal officials will see to it that the provisions of the regulations in question are fully complied with.

PARCEL-POST PACKAGES FOR MEXICO.

November 27, 1907.

Referring to the circular dated December 29, 1898, on page 1107 of the United States Official Postal Guide for January, 1899, relative to the parcel-post packages for Mexico, United States postal officials

are informed that the Postal Administration of Mexico has advised this Department that, commencing on the 15th of November, 1907, parcel-post packages weighing up to eleven (11) pounds (5 kilograms) may be sent to the following Mexican post offices, viz:

Madera	State of Chihuahua.
Teapa	State of Tabasco.
Tlacolula	State of Oaxaca.
Tuxpan	State of Michoacan.
Huaniqueo de Morelos	State of Michoacan.
Cunduacan	State of Tabasco.
Ixtlan	State of Michoacan.

Consequently, parcel-post packages weighing not more than eleven pounds may, on and after the date named, be accepted for mailing to the Mexican post offices above named as well as to the Mexican post offices named on pages 711-713 of the United States Official Postal Guide for January, 1907.

FREIGHT SHIPMENTS OF SURPLUS EQUIPMENT NOT TO BE SUSPENDED.

November 16, 1907.

The order of November 9, 1907, published in the Daily Bulletin of November 12, 1907 (8447), directing the suspension of the shipment by freight lines of surplus empty mail equipment to designated mail bag depositors during the period from November 15 to December 25, 1907, both dates inclusive, is hereby revoked.

The following orders and notices were issued from the bureau of the Third Assistant Postmaster-General — A. L. Lawshe, Third Assistant:

JAMESTOWN COMMEMORATIVE POSTAGE STAMPS.

November 4, 1907.

Many people like to use the commemorative issues of postage stamps because of their distinctive designs, and stamp collectors generally desire them for philatelic purposes, but put off their purchases

until after the sale of the stamps has been discontinued, and are then disappointed because the postmaster can not supply them. This disappointment can be avoided by purchasing at once all the Jamestown commemorative stamps that may be desired. While the sale of these stamps is to be discontinued by postmasters after November 30, those remaining in the hands of the public after that date will continue to be good for postage indefinitely.

If their stocks are exhausted, postmasters will make special requisition on the Third Assistant Postmaster-General for commemorative stamps, provided 100, or multiples of 100, of each denomination desired are ordered by patrons.

It is suggested that postmasters cause announcement of the foregoing to be made in the newspapers if it can be done as a news item without expense to the Department.

The attention of postmasters is particularly directed to the instructions of September 19, 1907, pages 9 and 10 of the October supplement to the 1907 Postal Guide.

If any postmaster finds that he cannot dispose of his stock of Jamestown commemorative postage stamps by November 30, he should so advise the Third Assistant Postmaster-General immediately, stating the quantity that is likely to remain unsold, when the stamps will be transferred to another post office.

POSTMASTERS NOT TO DRAW REQUISITIONS FOR STAMPS, ETC., TO BE SHIPPED DURING HOLIDAY SEASON.

November 22, 1907.

Postage stamps, stamp books and postal cards are shipped about six days after receipt of requisitions at the Department. Postmasters are directed to so time their requisitions for such supplies as to avoid

shipment thereof between December 18 and 27. This is to relieve the mails at a time when they are taxed with the holiday business.

Attention is directed to paragraph 3, section 331, Postal Laws and Regulations of 1902, for instructions as to the proper time for drawing requisitions.

POSTAL CARDS IN SHEETS.

November 7, 1907.

1. Postmasters are hereby notified that the 1-cent "McKinley" postal card will be issued in sheets of 60 each, when so desired for printing purposes.

2. The sheet will be 5 cards wide by 12 cards from top to bottom; the size of the sheet will be 27.5 by 39.5 inches.

3. To be good for postage, the cards must be cut accurately to regulation size, 3.25 by 5.5 inches.

4. The sheet cards will be packed in wooden boxes containing 175 sheets, aggregating 10,500 postal cards, value \$105, and will be issued to postmasters in full boxes only.

5. To secure postal cards in sheet form, requisition should be drawn on Form 3201, writing the word "Sheets" over the printed word "Domestic" on the blank. When requisitions do not call for cards in sheets, cut cards will be supplied.

6. No other postal card than the 1-cent single domestic card, 3.25 by 5.5 inches, can be supplied in sheet form.

7. After the Department's present supply of cards in sheets of 40 cards each is exhausted, postal cards will no longer be supplied to sheets of that size.

ERRORS IN MONEY ORDERS DRAWN ON POST OFFICES IN THE NEW STATE OF OKLAHOMA.

On November 16, 1907, the President issued his proclamation announcing the ad-

mission to the Union of the new State of Oklahoma, comprising what had formerly been the separate territories of Oklahoma and Indian Territory.

The Department had previously instructed postmasters in the (then) Indian Territory that, on and after the date when the new State should come into existence, money orders and advices drawn by them should bear the name of "Oklahoma" written, stamped or printed thereon, after the name of the issuing office. They were also advised that they might pay and claim credit for the amount of any order issued in disregard of such instructions, provided the only defect in the order and advice was the failure of the issuing official to write, stamp, or print thereon the name "Oklahoma."

Postmasters throughout the United States should bear in mind that money orders drawn on offices situated in what was formerly Indian Territory must name Oklahoma instead of Indian Territory after the designation of the paying office. Failure to observe this precaution may cause delay in payment and give rise to complaints. Numerous cases have already been brought to notice of orders drawn since November 16 on "Indian Territory."

FULL ADDRESS OF PAYEES OF INTERNATIONAL MONEY ORDERS.

In view of the approach of the holiday season and the consequent increase in the volume of international money order business transacted, the attention of postmasters is again called to the necessity of entering full addresses of payees on advices of international money orders.

If the payee resides in a large city, the remitter should be requested to give the street and number; if the payee is a well-known business man or firm, the statement of the business or occupation will suffice.

For convenient reference, a list of some of the more important cities in Europe is subjoined, and also lists of large cities in British India, and in Mexico.

ORDERS PAYABLE IN AUSTRIA AND HUNGARY.

It has been brought to the attention of this Department that international money orders, intended for payment in Hungary, are frequently advised as payable in Austria, and *vice versa*; such mistakes cause confusion and delay in payment. These errors are most numerous in the case of orders payable in Croatia and Slavonia, which should be drawn as "Hungarian," and not as "Austrian." While these provinces have local autonomy, their postal system is administered by the Hungarian Post Office Department.

ALL POST OFFICE STATIONS DESIGNATED BY LETTERS OR LOCAL NAMES AUTHORIZED TO MAKE UP REGISTERED MATTER FOR DIRECT OUTWARD DISPATCH.

November 23, 1907.

1. By direction of the Postmaster-General, all postmasters having stations of their offices designated by letters or local names are hereby authorized to make up registered matter for direct outward dispatch at such stations, in accordance with the following instructions:

2. Registered mail for direct outward dispatch will be placed in registered package envelopes addressed to the offices of destination.

3. The registrations at every post office station designated by a letter or local name will be numbered in a separate series, beginning on July 1 of each year and continuing throughout the entire fiscal year, unless special directions to the contrary have already been or are hereafter given.

4. The following separate series of distribution or dispatching numbers are prescribed, to begin July 1 of each year:

(a) Window registrations, No. 1.

(b) Rural carrier registrations, if any, No. 501.

(c) City carrier registrations, if any, No. 1001.

(d) Registrations at numbered stations, tributary to named or lettered stations, if any, No. 5001.

5. Mail registered at numbered stations, if any, within the collection districts of stations designated by letters or local names, whether addressed to other post offices or intended for delivery from stations designated by letters or local names, will be inclosed in registered package envelopes addressed to the station designated by a letter or local name to which the numbered stations are tributary.

6. Registered pieces emanating at numbered stations for local delivery from the main office (including remittances, orders for stamps, etc.), or some delivery station, will be inclosed in registered package envelopes at the numbered stations addressed direct to the main office, except when such matter is addressed for delivery from the named or lettered station to which it is tributary or to some other delivery sta-

tion to which the numbered station makes a dispatch of registered mail, by closed pouches or otherwise, in which case the registered package envelope should be addressed direct to the station of delivery. It will be observed in this connection that when registered pieces for both local delivery and outward dispatch are sent at the same time from a numbered station tributary to a delivery station, separate registered package envelopes must be prepared, unless the matter for local delivery is only addressed for delivery from the station authorized to make up the matter for direct outward dispatch, in which case only one registered package envelope need be used. Each registered package envelope addressed to the main office or any delivery station should contain a station-to-main-office bill describing its contents.

7. All registered package envelopes received from numbered stations addressed to stations designated by letters or local names will be opened at the stations addressed, and the registered pieces inclosed numbered in a series beginning with No. 5001, on July 1 of each year, and continuing throughout the entire fiscal year, unless special directions to the contrary have already been or are hereafter given; and the registered mail so received and numbered will be dispatched in registered package envelopes addressed to the offices of destination.

8. The registered package envelopes received at each station designated by a letter or local name from any numbered station, addressed to the main office, will be recorded on the station-to-main-office bill book, or other authorized record, and dispatched intact to the main office. Registered package envelopes made up at numbered stations, addressed to some delivery station other than the station to which the numbered station is tributary, will likewise be recorded in transit, when received, and dispatched intact to the station addressed.

9. After the registered pieces for direct outward dispatch have been prepared in the manner herein described, a description of the registered package envelopes will then be entered on a station-to-main-office bill book, or other authorized record, and dispatched to the main office — or otherwise if previously authorized to the contrary — in the same manner as at present.

10. Registered pieces remaining undelivered at any station designated by a letter

or local name, for a period of six days, must be returned to the main office, unless there is positive information, indicating that delivery can be made within the time limited by the Postal Laws and Regulations. Registered pieces bearing request for return within a shorter period than six days, letters to be forwarded, or those which it is positively known cannot be delivered, should be recorded in the window registration book, given new numbers, placed in registered package envelopes addressed direct to offices of destination, and promptly dispatched.

11. Care should be taken to see that each registered package envelope is legibly post-marked to show the name of the station making up the same.

ALL POSTMASTERS AUTHORIZED TO USE REGISTERED PACKAGE JACKETS WHEN CONDITIONS JUSTIFY.

November 19, 1907.

All postmasters are hereby authorized to use registered package jackets in the dispatch of five or more separate registered packages addressed to the same post office or intended for distribution by the same post office, railway post office, or transfer clerk, where at least one record and handling in transit of the packages inclosed will thereby be saved.

A supply of registered package jacket envelopes and manifold registry dispatch books (Form 3853), the latter to be used in recording and billing the matter inclosed in the jackets, will be furnished to postmasters needing them on their requisition therefor upon the Fourth Assistant Postmaster-General (Division of Supplies).

Registered packages dispatched in jackets need not be recorded in the transit book, as the record of such packages in the manifold registry dispatch book (Form 3853) is sufficient.

The provisions of sections 824 and 916 of the Postal Laws and Regulations should be strictly observed as far as applicable in the dispatch of registered packages in

jackets. Further detailed instructions governing the use of registered package jackets will be found in section 939½ of the Postal Laws and Regulations, printed on pages 764 and 765 of the January, 1907, Postal Guide, all of which should be carefully read and observed; and if any question arises under this authorization, postmasters should immediately communicate with the Third Assistant Postmaster-General for instructions.

The use of the jackets should begin promptly upon receipt of the supplies necessary for their use, and must be made up in all cases, and only in those cases where their use is proper.

SEPARATE STATION AT LOS ANGELES, CAL., FOR HANDLING TRANSIT REGISTERED MAIL.

November 7, 1907.

Los Angeles, Cal., is added to the list of post offices published on page 765 of the Postal Guide for January, 1907, as having separate stations for handling transit registered mail.

All postmasters are therefore hereby directed, in dispatching registered mail to Los Angeles, Cal., in through registered pouches, inner registered sacks, or registered package jackets, to make separation of "City" and "Distribution" matter, either by separate pouches, sacks or jackets, or by proper separation in one pouch or sack.

SPECIAL AUTHORIZATION FOR NOT-REGULAR DISPATCHES OF R. P. O. INNER REGISTERED SACKS FROM CERTAIN TERMINAL R. P. O.'S.

November 30, 1907.

The following named terminal railway post offices, namely:

The Grand Central Terminal R. P. O., New York, N. Y.;

The Pennsylvania Terminal R. P. O.,
Jersey City, N. J.;

The Dearborn Station Terminal R. P. O.,
Chicago, Ill.;

The Grand Central Terminal R. P. O.,
Chicago, Ill.;

The LaSalle Street Terminal R. P. O.,
Chicago, Ill.;

The North-Western Terminal R. P. O.,
Chicago, Ill.;

The Union Station Terminal R. P. O.,
Chicago, Ill.,

are hereby specially authorized to make not-regular dispatches of R. P. O. inner registered sacks whenever the quantity or bulk of registered matter proper for inclosure justifies such dispatch to any post office or railway post office shown in the lists published in the current January Postal Guide and monthly supplements thereto as having an exchange or dispatch of railway post office through registered pouches or railway post office inner registered sacks, and thereby known to be supplied with the railway mail service rotary lock (blue lock) key.

These not-regular dispatches of R. P. O. inner registered sacks are to be conducted in accordance with the printed instructions for the conduct of R. P. O. through registered pouches and R. P. O. inner registered sack service heretofore furnished, and the instructions for the dispatch of not-regular inner registered sacks published on pages 14, 15 and 16 of the November, 1907, Postal Guide, as far as applicable.

The following notice was issued from the bureau of the Fourth Assistant Postmaster-General—P. V. DeGraw, Fourth Assistant:

R. P. O. Inner Registered Sack Exchanges.

Amendments to the Postal Laws and Regulations.

December 4, 1907.

Order No. 907.

ORDERED, That the Postal Laws and Regulations be amended, effective January 1, 1908, as indicated below:

Add to section 431, Postal Laws and Regulations, the following:

"NOTE.— On account of the Postal Convention with Canada this provision is not applicable to publications issued in that country."

Amend section 432, Postal Laws and Regulations, to read as follows:

"SEC. 432. A 'newspaper' is held to be a publication regularly issued at stated intervals of not longer than one week and having the characteristics of second-class matter prescribed by statute.

2. A 'periodical' is held to be a publication regularly issued at stated intervals less frequently than weekly and having the characteristics of second-class matter prescribed by statute."

Amend section 434, paragraph 5, Postal Laws and Regulations, to read as follows:

"5. Extra editions of a publication admitted as second-class matter manifestly issued for the purpose of communicating additional news and imparting information germane to the publication but received too late for insertion in the regular issue will be accepted at the second-class rates, provided the same are not issued for advertising purposes."

Amend section 435, Postal Laws and Regulations, to read as follows:

"SEC. 435. A known office of publication is a public office where the business of the newspaper or periodical is transacted during the usual business hours, and such office shall be shown by the publication itself.

2. In large towns the street and number of the office of publication shall be given.

3. Newspapers and periodicals may have more than one office for the transaction of business, but may be entered and mailed as second-class matter at only one post office. The name of this post office shall be placed first and given greater prominence in all printed notices relative to the offices of the publication.

4. When a periodical publication is issued at a place that is not a post office, the post office at which it is entered shall be shown in the publication."

Amend section 436, Postal Laws and Regulations, to read as follows:

"SEC. 436. For consideration by the Department in determining whether a publication has a 'legitimate list of subscribers' the publisher shall be required to furnish information as to the following: (See sec. 438.)

(a) Number of copies printed of the issue of the publication nearest to the date of the application for its entry as second-class matter.

(b) Number of subscriptions made, direct to the publisher by the persons to whom the publication is sent, at the full advertised subscription price without any extraneous inducement.

(c) Number of subscriptions made, direct to the publisher by persons to whom the publication is sent in connection with the offer of a premium, prize, or other consideration, and the value of such premium, prize, or other consideration (if more than one, the value of each should be given).

(d) Number of subscriptions made in connection with clubbing arrangements with other publications, with full details of such arrangements.

(e) Number of subscriptions received through club raisers or others, and detailed information as to terms.

(f) Number of copies furnished advertisers to prove insertion of advertisements.

(g) Number of copies sent as bona fide exchanges with other publications admitted to the second class, one copy for another.

(h) Number of copies sent to persons whose subscriptions were paid for by others.

(i) Average number of copies regularly sold over the publisher's counter.

(j) Average number of copies regularly sold by newsboys.

(k) Number of copies of consecutive issues purchased by news agents for resale by them, *without the return privilege.*

(l) Number of copies of consecutive issues consigned to news agents for the purpose of sale, *with the return privilege.*

(m) Number of copies purchased in bulk by others than news agents, or newsboys.

(n) Number of copies sent in fulfilment of subscriptions obtained in a manner other than covered above, and the terms under which such subscriptions were made.

2. The right of a publisher to fix the price of his publication or to induce subscriptions by the giving of premiums, prizes, or other considerations, or by clubbing his paper with other papers, or by commissions upon subscriptions obtained by agents is not questioned, but such methods will be carefully scrutinized in respect of their effect upon the legitimacy of the subscription list as a whole and upon the question of the primary design of the publication.

3. A reasonable time will be allowed publishers to secure renewals of subscriptions, but unless subscriptions are expressly renewed after the term for which they are paid, within the following periods,

- Dailies within three months,
- Triweeklies within six months,
- Semiweeklies within nine months,
- Weeklies within one year,
- Semimonthlies within three months,
- Monthlies within four months,
- Bimonthlies within six months,
- Quarterlies within six months,

they shall not be counted in the legitimate list of subscribers, and copies mailed on account thereof shall not be accepted for mailing at the second-class postage rate of one cent a pound, but may be mailed at the transient second-class postage rate of one cent for each four ounces or fraction thereof, prepaid by stamps affixed. The right of a publisher to extend credit for subscriptions to his publication is not denied or questioned, but his compliance or noncompliance with this regulation will be taken into consideration in determining whether the publication is entitled to transmission at the second-class postage rates."

Amend section 437, Postal Laws and Regulations, to read as follows:

"SEC. 437. The question of whether a publication is designed primarily for advertising purposes, or for free circulation, or for circulation at nominal rates, is one of fact and will be determined in each case from the evidence.

2. The word 'primarily' is intended to indicate the chief or principal object of a publication.

3. Among regular publications designed primarily for advertising purposes within the meaning of the statute (section 428) will be included:

(a) Those owned and controlled by one or several individuals or business concerns, and conducted as an auxiliary to and essentially for the advancement of the main business or calling of those who own or control them.

(b) Those which, having a few or no genuine or paid-up subscription, insert advertisements free, on the condition that the advertiser will pay for a number of papers which are sent to persons whose names are given to the publisher.

(c) Those which do advertising principally, and whose columns are filled with editorial puffs of firms or individuals who buy a certain number of copies for distribution.

(d) Publications devoted largely to advertising and having a nominal list of bona fide subscribers, but whose circulation is mainly gratuitous.

(e) Publications which restrict advertisements to a single one in a given line of business to the exclusion of all competitors, or which contain the price lists or advertisements of certain business houses while refusing similar advertisements of competing houses.

4. Similarly, a publication the subscription price of which is low and from the subscription list of which the publisher does not regularly exclude expired subscriptions (see section 436, paragraph 3) with the same care and accuracy as is exercised by a publisher whose rate is evidently more than nominal, or where the subscription price does not appear to be a material consideration in the business of the publisher, will be considered as circulated at a nominal rate within the meaning of the law."

Amend Section 438, Postal Laws and Regulations, to read as follows:

"SEC. 438. When a domestic publication, not included under the acts of July 16, 1894, or June 6, 1900 (secs. 429 and 430), is offered for mailing for the first time as mailable matter of the second class (see secs. 427 and 428), the postmaster shall

proper form on Form 3501, accompanied with two representative copies of the publication nearest to the date of the application. Instructions to both postmaster and publisher as to proper procedure will be found on the form in question.

See section 441 as to further instructions relative to entry."

Amend section 439, Postal Laws and Regulations, to read as follows:

"SEC. 439. When a publication, included in the acts of July 16, 1894, or June 6, 1900 (secs. 429 and 430), is offered for mailing for the first time asailable matter of the second class, the postmaster shall require the publisher or his duly authorized representative to file an application in proper form on Form 3501-b, accompanied with two representative copies of the publication nearest to the date of the application. Instructions to both postmaster and publisher as to proper procedure will be found on the form in question.

See section 441 as to further instructions relative to entry."

Amend section 440, Postal Laws and Regulations, to read as follows:

"SEC. 440. When a newspaper or periodical published in a foreign country is offered for mailings for the first time asailable matter of the second class (see sec. 431) by the publishers thereof or their agents, the postmaster shall require satisfactory evidence that the publication has been duly entered as second-class matter at a United States post office, or, if such evidence can not be furnished, shall require the publisher or his duly authorized representative to file an application in proper form on Form 3501-a, accompanied with two representative copies of the publication as regularly issued. Instructions to both postmaster and publisher as to proper procedure will be found on the form in question.

See section 441 as to further instructions relative to entry and section 500 as to matter in violation of copyright laws."

Amend section 441, Postal Laws and Regulations, to read as follows:

"SEC. 441. Where an application has been made as hereinbefore provided for entry of a publication as second-class matter, the postmaster will require a deposit of money sufficient to cover postage at the third-class rate—one cent for each two ounces or fraction thereof—on all copies offered for mailing pending consideration of such application, and he will issue to the publisher, on Form 3503, furnished therefor, a permit conditionally accepting the publication for mailing in the manner in which second-class matter is mailed (see sec. 464), pending its classification. Such deposit shall *not* be taken up in either the postal account rendered to the Auditor or the quarterly statement of pound-rate postage rendered to the Third Assistant Postmaster-General, but *shall be held in trust* until the decision as to the admissibility of the publication as second-class matter is received by the postmaster. If the publication is admitted as second-class matter, the excess of the deposits over the second-class rates of postage shall be refunded; if the publication is held to be third-class matter, the entire deposit should be converted into ordinary postage stamps affixed to a sheet or sheets of paper, canceled, and sent by registered mail to the Third Assistant Postmaster-General. The stamps so used will be accounted for at Presidential offices as sold and at fourth-class offices as canceled.

2. The following indicia shall be conspicuously printed in publications admitted to the second class of mail matter:

- a. Title of the publication.
- b. Date of issue.
- c. Regular periods of issue; that is to say, frequency.
- d. Serial number.
- e. Known office of publication.
- f. Subscription price."

Amend section 442, Postal Laws and Regulations, to read as follows:

"SEC. 442. The Third Assistant Postmaster-General will in all cases decide upon the admissibility of publications as second-class matter. He will examine all applications as soon as practicable, and upon being satisfied that a publication is entitled to admission as second-class matter will authorize the postmaster at the proper office to accept mailings thereof at the second-class rates of postage.

2. The publisher shall, upon admission of his publication to the second class of mail matter, print, preferably on the first page, upon each copy of the publication the following: 'Entered as second-class matter at the post office at under the act of'. The insertion of such words, or their equivalent, in a publication before entry will be regarded as submitting 'false evl-

dence relative to the publication for the purpose of securing admission thereof to the second class of mail matter." (See secs. 447 and 470.)"

Amend section 443, Postal Laws and Regulations, to read as follows:

"SEC. 443. In case of a change of name, or of the regular periods of issue, of a publication entered as second-class matter, or the removal of its known office of publication to another post office, the postmaster shall require the publisher to apply for re-entry. In such cases the requirement of a deposit to cover postage at the third-class rate on mailings of the publication pending action on the application will, on application to the Third Assistant Postmaster-General, be waived if the conditions appear to warrant that action.

2. Discontinued publications are subject, when issue is resumed and they are again offered for mailing, to treatment as new publications, and they shall be formally re-entered.

3. Publications suspended, except for unavoidable cause, shall, when issue is resumed and they are again offered for mailing, be treated as new publications and formally re-entered, except that upon application to the Third Assistant Postmaster-General the requirement of a deposit to cover postage at the third-class rate on mailings of the publication pending action on the application for re-entry will be waived if the conditions appear to warrant that action."

Amend section 447, Postal Laws and Regulations, to read as follows:

"SEC. 447. When a postmaster has reason to believe that a publisher has submitted to him, or to any postmaster, or to the Post Office Department, any false statement or evidence as to his publication to secure its transmission as second-class matter, he will report the fact (with the evidence in his possession substantiating it) to the Third Assistant Postmaster-General.

NOTE.—Any person who shall submit, or cause to be submitted to any postmaster or to the Post Office Department or any officer of the Postal service any false evidence, relative to any publication for the purpose of securing the admission thereof at the second-class rate for transportation in the mails, shall be deemed guilty of a misdemeanor, and for every such offense, upon conviction thereof, shall be punished by a fine of not less than one hundred nor more than five hundred dollars."

Amend section 451, paragraph 5, Postal Laws and Regulations, to read as follows:

"5. A statement on Form 3551 (Presidential Office) or 3551-a (fourth-class office) of the amount of postage collected at the rate of one cent a pound and the weight of free county matter, together with the duplicates of the receipts (Form 3539) issued during the quarter, shall be sent to the Third Assistant Postmaster-General (Division of Classification) at the end of each quarter."

Amend section 452, paragraph 2, Postal Laws and Regulations, and add paragraphs 3, 4, 5, 6 and 7 as follows:

"2. Publications of the second class, one copy to each actual subscriber residing in the county where the same are printed, in whole or in part, and published, shall go free through the mails and be delivered free by rural and star route carriers; but the same shall not be delivered from city letter carrier offices unless postage is paid thereon in accordance with the rates hereinafter set forth.

NOTE.—The right of a publisher to mail his publication free of postage under the provisions of this section depends upon the existence of the three following conditions:

First.—The addressee must be an actual subscriber.

Second.—The residence of the subscriber must actually be within the county in which the publication is printed in whole or in part, and published.

Third.—The publication must be addressed for delivery from a post office (or rural route emanating from such post office) not having a city free delivery service.

3. The fact that the post office at which a person receives his mail is located outside of the county in which he resides, and the fact that the post office at which a publication is entered is located in an adjoining county from that in which it is printed in whole or in part, and published, do not subject to postage copies of a publication otherwise entitled to free county circulation; but copies addressed to subscribers who do not reside in the county where the publication is printed, in whole or in part, and published, shall not be accepted for mailing free, even though

addressed for delivery from a post office in the county where the paper is printed, in whole or in part, and published.

4. Second-class matter, mailed at a post office where free delivery is not established, if addressed to a city letter-carrier office in the same county, is subject to postage at the pound rate, and shall be presented for mailing in a separate package from the free county matter, and in the same manner as matter addressed to subscribers residing outside the county is required to be mailed.

See secs. 448 and 455 as to rates on second-class matter; sec. 560 as to weighing and dispatch of second-class matter.

5. Publications of the second class mailed by the publishers thereof or news agents at a city letter-carrier office for distribution through the boxes or general delivery thereof, or addressed to a city letter-carrier office other than that of publication, or for delivery on rural or star routes emanating from city letter-carrier offices, are subject to postage at the rate of one cent a pound.

6. Weekly newspapers mailed by the publishers thereof or news agents at a city letter-carrier office, for delivery by carriers or otherwise, are subject to postage at the rate of one cent a pound.

7. Newspapers other than weeklies (without regard to weight) and periodicals not exceeding two ounces in weight, mailed by publishers or news agents for local delivery by city letter carriers, are subject to postage at the rate of one cent each, to be prepaid with ordinary stamps affixed.

8. Periodicals exceeding two ounces in weight mailed by publishers or news agents for local delivery by city letter carriers are subject to postage at the rate of two cents each, to be prepaid with ordinary stamps affixed."

Amend section 453, Postal Laws and Regulations, to read as follows:

"SEC. 453. All copies of a publication entitled to free county circulation shall be presented for mailing separately from those on which postage is to be paid, and, when not so presented, postage shall be charged on the whole at the pound rate. Free county matter shall be weighed and recorded in the post office records separately from that which is mailed at the rate of one cent a pound; and in the postmaster's quarterly newspaper and periodical statement the weight of free matter for each publication shall be shown in the space provided therefor, as is required in the case of paid matter. (See paragraph 5, section 451.)"

Revoke section 454, Postal Laws and Regulations, the substance of which has been included in section 452.

Amend section 455, paragraphs 2, 3 and 4, Postal Laws and Regulations, to read as follows:

"2. Newspapers and periodicals which have been admitted as second-class matter may be sent to any place in the United States, Cuba, Mexico and Panama, without regard to the place of mailing or destination, at the rate of postage herein provided. (For second-class matter to Canada, see section 532, paragraph 6.)

3. Publications of the second class sent by publishers to others than subscribers and copies mailed by them in pursuance of a contract or agreement with an advertiser or other interested party for advertising purposes shall not be accepted for mailing at the second-class postage rate of one cent a pound, but may be transmitted at the transient rate herein provided.

4. Partial or incomplete copies of publications of the second class shall not be regarded as second-class matter and postage thereon shall be prepaid at the third-class rate."

Amend section 456, Postal Laws and Regulations, to read as follows:

"SEC. 456. Sample copies, which may be sent by publishers from the office of publication at the second-class rate of one cent a pound, are copies sent to persons not subscribers for the purpose of inducing them to subscribe for, advertise in, or become agents therefor.

2. Only complete and unaltered copies of regular editions as sent to subscribers shall be mailable as sample copies.

3. Sample copies shall be plainly marked as such on the exposed face of the publication or package or wrapper. Several sample copies may be inclosed in a single wrapper to one address, or may be sent in one wrapper addressed to the post office, and each paper therein properly folded, addressed to some patron of the office, and marked 'sample copy' on the wrapper or on the exposed face of each of the papers separately addressed.

4. Copies addressed to the same person in excess of three times in any one calendar year shall not be accepted as 'sample copies.'

5. Sample copies of publications entered as second-class matter shall be accepted for mailing at the second-class postage rate of one cent a pound to the extent of ten per centum of the total weight of copies mailed to subscribers during the calendar year. Such sample copies may be mailed at any time during the year, based on an estimate of the probable mailings to subscribers during the year obtained from the best information at hand: for instance, a publisher of a 'weekly' mailing an average of 1000 pounds per week to subscribers would mail during the year 52,000 pounds to such subscribers and may, therefore, mail sample copies to the extent of 5,200 pounds at any time during that year at the second-class postage rate of one cent a pound. Should a publisher offer for mailing as 'sample copies' copies in excess of the amount above prescribed, the postmaster shall require on such excess copies a deposit of money sufficient to cover postage at the transient second-class rate—one cent for each four ounces or fraction thereof on each separately-addressed copy or package of unaddressed copies—and forward to the Third Assistant Postmaster-General a report of the facts accompanied with a copy of the issue in question and a sworn statement of the publisher giving—(a) the number of copies of the issue printed, and (b) the number of subscribers to such issue, and any further statement the publisher may care to submit. The particular facts and circumstances in each case will be considered in determining whether such additional mailings or any part thereof can properly be regarded and accepted as sample copies.

NOTE.—Mailings of a publication (including sample copies) pending consideration of the application for admission thereof to the mails as second-class matter shall be accepted as provided in section 441.

6. Copies of a publication entered as second-class matter when mailed by a publisher acting as an agent for an advertiser or purchaser shall not be accepted as sample copies. Copies marked 'sample copy' but not mailable as such and copies sent on behalf of advertisers or purchasers shall be accepted for mailing when prepaid by stamps affixed at the transient second-class postage rate of one cent for each four ounces or fraction thereof the same as if mailed by the advertiser or purchaser himself, and mailings at the above rate of postage will not be regarded as affecting the second-class status of the publication, except that the regular mailing of large numbers of such copies tends to show that the publication is 'designed primarily for advertising purposes or for free circulation or for circulation at nominal rates.'

7. Sample copies are not entitled to free county circulation. (See section 452.)

8. Sample copies shall not be inclosed in the same package with copies intended for subscribers. (See section 464.)

9. Sample copies shall not be mailed by news agents at the pound rate of postage. (See section 470.)"

Amend section 460, Postal Laws and Regulations, to read as follows:

"SEC. 460. Publications of the second class offered for mailing by a publisher or news agent, containing matter in the form of supplements, but which is not germane to the publication itself, should be treated at the mailing office as third-class matter and prepayment of postage required at the rate applicable to such matter, by stamps affixed. (See sections 471, 560 and 619.) If in doubt as to the proper rate of postage on a publication containing matter offered as a supplement to the same, the postmaster may accept the publication under a deposit of money to cover postage at the third-class rate, and submit the question to the Third Assistant Postmaster-General. Should the decision be favorable to the publisher the excess over the second-class rates will be refunded; should it be unfavorable the postmaster will be instructed as to the disposition of the deposit.

2. Publications of the second class containing illegal inclosures of any character arriving at the office of address without evidence of prepayment of postage by stamps affixed should be delivered without exacting additional postage and a report of the facts made to the Third Assistant Postmaster-General, including therein the name, date, and place of entry of the publication, and where practicable submitting a copy of the publication containing the illegal inclosures."

Amend section 461, paragraph 1, Postal Laws and Regulations, to read as follows:

"SEC. 461. All advertisements in periodicals shall be permanently attached thereto, and the sheets containing the same shall be substantially as large, but not larger, than the pages of the publication."

Add to section 462, paragraph 7, Postal Laws and Regulations, the following:

"Coupons or order forms may be included in advertisements permanently attached to newspapers or other periodicals, provided they do not in any case exceed in size twenty-five per cent of the superficial area of such advertisement."

Amend section 467, Postal Laws and Regulations, to read as follows:

"SEC. 467. Postmasters should scrutinize mailings of publications entered at their offices as second-class matter to ascertain whether the publishers are complying with the law and these regulations.

2. Every postmaster having reason to believe that a publication passing in the mails as matter of the second class is not entitled to the second-class mailing privileges, either by reason of the character of the publication itself or of irregular methods or practices pursued by the publisher, is expected to report the matter promptly, with any evidence or facts in his possession tending to support such belief, to the Third Assistant Postmaster-General.

See section 1593 as to penalty for submitting false evidence as to second-class publications; section 444 as to annulment of entry."

Amend section 468, Postal Laws and Regulations, to read as follows:

"SEC. 468. News agents are persons, including newsboys, engaged in business as news dealers or sellers of publications of the second class. If a person restricts himself to advancing the interests of a single publication he is not a 'news agent' within the meaning of the law, but shall be regarded as a mere local agent of the publisher, and not entitled to a 'news agent's' mailing privileges."

Amend section 469, Postal Laws and Regulations, to read as follows:

"SEC. 469. When a person, firm or corporation desires to mail second-class matter as a news agent at the second-class postage rate of one cent a pound, formal application for the privilege should be made and submitted to the postmaster on form 3501-C. Instructions to both postmaster and news agent as to proper procedure will be found on the form in question.

2. If upon examination of the application it is found that the applicant is entitled to exercise the privileges of a news agent, he will be duly registered as such and the postmaster authorized to accept from him, at the applicable second-class postage rates, mailings of publications admitted to the second class of mail matter conforming to the requirements of the law, so long as he complies with the law and the regulations thereunder."

Amend section 470, paragraph 8, Postal Laws and Regulations, to read as follows:

"8. On all copies sent by news agents to other news agents, except for the purpose of sale, or to persons not subscribers to such agency, postage shall be prepaid at the transient second-class rate of one cent for each four ounces or fraction thereof, by stamps affixed. (See section 455.)"

Amend section 492, paragraphs 3, 4 and 5, Postal Laws and Regulations, to read as follows:

"3. Postmasters shall carefully examine packages before mailing to ascertain that the postage to which the matter is subject has been prepaid. (See sections 460, 462, 465, 466, 478, 483 and 490.)

4. (a) Postmasters at the office of address shall examine packages and if found to be subject to postage in excess of the amount prepaid thereon, they shall rate thereon such deficient postage and collect the same on delivery except as hereinafter provided. If the addressee objects to the payment of such additional postage he may deposit the amount thereof with the postmaster, who shall give a receipt therefor and submit to the Third Assistant Postmaster-General a full statement of the facts in the case and the reason for the charge. Should it be held that the matter was prepaid at the proper rate, or if for any reason it appears proper to not insist on the payment of such additional postage the postmaster will be directed to refund the deposit. (See section 486.)

(b) Matter of the second class without evidence of prepayment of postage by stamps affixed containing illegal inclosures of any character or containing or bearing additions not authorized by section 462, shall be delivered without exacting additional postage, but a report of the facts made to the Third Assistant Postmaster-General including therein the name, date and place of entry of the publication and

where practicable submitting the copy thereof containing the illegal inclosure or unauthorized addition. (See sections 460, 462, 465, 466, 478, 483, 614, 616, 618, 619 and 620.)

5. Postmasters will report to the Auditor for the Post Office Department all cases in which it is believed the penalty has been incurred under section 484, giving the name of the sender, if known, addressee, office, and date of mailing, and a description of the package and of the matter inclosed or concealed therein, and a statement of the disposition made thereof. When the postmaster at the mailing office is of the belief that the penalty provided by section 484 has been incurred he may bring the matter to the attention of the sender and if the penalty is voluntarily paid, dispose thereof as prescribed by section 196 and report his action to the Auditor as above set forth. When not delivered to the addressee on payment of the proper postage the package will be retained by the postmaster to be used as evidence, and he should be able to establish its identity."

Add to section 532, Postal Laws and Regulations, as paragraph 6, the following:

"6. The rate of postage on second-class matter addressed for delivery in Canada shall be one cent for each four (4) ounces or fraction of four (4) ounces, calculated on the weight of each package and prepaid by means of postage stamps affixed."

Amend section 560, paragraph 2, Postal Laws and Regulations, to read as follows:

"2. Publishers shall make separate packages or sacks of (1) sample copies; (2) of other copies subject to postage at the pound rate, and (3) copies entitled to free county circulation, and, when so presented, each kind shall be weighed separately. (See section 585.)"

Amend section 619, Postal Laws and Regulations, to read as follows:

"SEC. 619. When a publication mailed as second-class matter, without evidence of prepayment of postage by stamps affixed, arrives at a post office and is found to be or to contain matter subjecting it to a higher rate of postage, the postmaster will treat the same in accordance with paragraph 4, section 492."

Amend section 675, paragraph 3, Postal Laws and Regulations, and add paragraph 7, as follows:

"3. (a) If matter of the second, third or fourth class of *obvious value* is undeliverable, the postmaster must notify the sender of that fact by card notice (Form 3540) and give him an opportunity to furnish the return postage, or in the case of third and fourth class matter, to withdraw the matter, if he so prefers, from the mails (either himself or through some person authorized by him), *at the office where it is held*, upon payment of one cent postage for each card notice sent him. The stamp representing such postage must be affixed to the matter itself when withdrawn, and be canceled by the postmaster. (See paragraph 2, section 485.)

(b) No more notices of nondelivery of third or fourth class matter than actually necessary should be sent. When there are several pieces of undeliverable third or fourth class matter of obvious value, from the same sender, one notice on Form 3540 may be used to cover as many of such pieces as practicable, and the form should be suitably altered with the pen to show that it is for a bulk number of pieces, the names and addresses on which are not to be given unless demanded but when demanded, a separate notice must be furnished for each piece and postage therefor be collected as provided above. When the sender himself, or through some person authorized by him, upon receipt of a bulk notice, elects to withdraw such matter from the mails at the office of address, all pieces covered by such notice must be withdrawn at the same time. Such pieces may not be distributed among several persons.

NOTE.—There is no provision of law by which the sender of undeliverable second-class matter may withdraw it in this manner from the mails at the office of address.

7. Where the title of a newspaper or other periodical, the place of its publication and a pledge to pay return postage appear on the wrapper inclosing the same, will be deemed to be of obvious value, within the meaning of section 485, and the publisher shall be notified of the fact of nondelivery and be given the opportunity of prepaying the return postage except where publishers have previously failed to carry out their pledge. (See section 462, paragraph 2.)

LIST OF POST OFFICES ESTABLISHED, NAMES CHANGED, AND DISCONTINUED FROM DECEMBER 1st, 1906, TO DECEMBER 1st, 1907.

NOTE.—This list, taken in connection with the list of offices in the GUIDE for January, 1907, shows the offices in operation. Former monthly lists should be disregarded, as reference to them can only confuse.

Post offices marked with an asterisk (*) have been established since the publication of the January GUIDE, and afterwards discontinued, or names changed; those with a double dagger (‡) post offices discontinued for the winter; those with parallel (||) discontinued for the summer, and those with a section mark (§) where discontinuance has been rescinded.

Money order offices in **full-face** type and Presidential offices with a dagger (†). *Independent Stations* are the only stations to which Postmasters address *Registered Package* envelopes. In the list of corrections A refers to General Alphabetical list, and S. to that by States. R. D. signifies Rural Delivery.

Remittances of Surplus Postal Funds

The attention of the Department has been called to the fact that a large number of postmasters remit their surplus postal funds to the Auditor for the Post Office Department, instead of to their designated depositaries. THIS PRACTICE MUST BE DISCONTINUED.

In this connection the attention of postmasters is directed to section 364 of the Postal Laws and Regulations, which states that postmasters **MUST NOT** remit their surplus postal funds to the Post Office Department, nor to the Auditor for the Post Office Department.

A. L. LAWSHE,

Third Assistant Postmaster-General.

Important Instructions to Postmasters

As to Star Route Service in North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee, Kentucky, and Island of Porto Rico.

Postmasters at all offices in the above named States have been furnished with a pamphlet advertisement inviting bids for carrying the mails on star, steamboat and screen wagon routes from July 1, 1908, to June 30, 1912.

No bids submitted under this advertisement will be considered unless the bidder will agree in his bid that, in the event of the service being awarded to him, he will reside on or contiguous to the route and give his personal supervision to the performance of the service.

It is the desire of the Department that all postmasters in the States named will make known this limitation on bidding to all persons who would be likely to submit proposals and endeavor to secure competition for the service by actual residents of the localities in which the routes are located, and who intend to personally provide for the service.

Postmasters are expected to aid the Department in obtaining reasonable bids for service on all routes, and should remind prospective bidders that proposals must be received at the Department before 4.30 P. M., January 7, 1908.

J. T. McCLEARY,

Second Assistant Postmaster-General.

IMPORTANT TO ALL POSTMASTERS.

ANNUAL INSTEAD OF SEMI-ANNUAL REGISTRY REPORTS TO BE RENDERED.

The special attention of all postmasters is directed to Postmaster-General's Order No. 881, dated November 26, 1907, published in this issue of the Postal Guide, amending Section 898 of the Postal Laws and Regulations so as to require registry reports to be hereafter rendered annually for the entire fiscal year (from July 1, to June 30, following) instead of semi-annually as heretofore.

Under this order, postmasters must not render registry reports for the six months ending December 31, 1907, but instead must render one report immediately after June 30, 1908, for the entire year, from July 1, 1907, to and including June 30, 1908.

OMISSION OF REGISTRY GRAY CARD BILL.

The attention of all postmasters is also directed to Postmaster-General's Order No. 801, dated October 25, 1907, discontinuing the gray card and sheet registry bills (Forms 1550 and 1551) in the dispatch of registered matter to domestic destinations, and instructions relating thereto printed on pages 10, 11 and 12 of the November 1907 Postal Guide, as well as to Postmaster-General's Order No. 880, dated November 26, 1907, published in this Guide, amending Section 812 of the Postal Laws and Regulations, governing the numbering of registered mail, registered package and tag envelopes.

A. L. LAWSHE,

Third Assistant Postmaster-General.
