

THIRD SERIES,]
VOL. 1, No. 10.]

APRIL, 1909

[PRICE, \$3.00 per Annum.
Including large July Guide.

OFFICE OF THE POSTMASTER-GENERAL, WASHINGTON, D. C., March 25, 1909.

All postmasters and railway postal clerks will be supplied monthly by this Department with the United States Official Postal Guide, the only official guide of the Post Office Department.

FRANK H. HITCHCOCK, POSTMASTER-GENERAL.

UNITED STATES

OFFICIAL

POSTAL GUIDE

IMPORTANT

All Postmasters and Postal Employees should read the
July Postal Guide and Monthly Supplements

J. B. LYON COMPANY, PRINTERS,
LYON BLOCK, MARKET SQUARE,
ALBANY, N. Y.

CONTENTS

Amendment to the Postal Laws and Regulations:

- Free conveyance of mail of Frances F. Cleveland and Mary Lord Harrison.
- Letters not to be forwarded under cover.
- Defacing of double postal cards.
- Time of holding mail for which held-for-postage notices have been sent.
- Postmasters' bulletins, orders, etc.
- Diseased tissues in the mail.
- Mail for Saint Louis, Michigan, and Saint Louis, Missouri.
- Rate of postage between Hawaii and United Kingdom of Great Britain and Ireland.
- Dutiable matter for branch post offices.
- Foreign closed mails.
- Surplus mail equipment.
- Unperforated postage stamps.
- Transfers of postal or money order funds.
- Lead-sealed registered package sack-jackets in railway mail service.
- Rural carriers to account promptly for stamp supplies.
- Suggested indicator of registered mail for delivery by rural carriers.
- Immediate report of total suspension of rural service.
- Money order changes.
- Registry changes.
- Post Offices established, discontinued and names changed.
- Requisitions for special-request envelopes, Third cover page.
- Treatment of registered mail, Fourth cover page.

UNITED STATES OFFICIAL POSTAL GUIDE

Third Series.

April, 1909.

Vol. I, No. 10.

The following orders were issued from the office of the Postmaster General — Frank H. Hitchcock, Postmaster General:

AMENDMENT TO THE POSTAL LAWS AND REGULATIONS.

FREE CONVEYANCE OF MAIL OF FRANCES F. CLEVELAND AND MARY LORD HARRISON.

Order No. 2117.

MARCH 2, 1909.

Paragraph 2 of section 510 of the Postal Laws and Regulations, as amended by Order No. 310a, dated March 29, 1904, is hereby rescinded and the following substituted therefor:

"2. All mail matter sent by the post by Frances F. Cleveland, widow of the late Grover Cleveland, under her written autograph signature, and by Mary Lord Harrison, widow of the late Benjamin Harrison, under her written autograph signature, will be conveyed free of postage during the natural life of each, respectively. (Act of February 1, 1909 — Public, No. 199.)"

LOTTERY.

A fraud order was issued as follows:

No.	Date.	
2111.	Feb. 25, 1909.	Against Fekete Karoly, Budapest, Hungary.

The following instructions were issued from the bureau of the First Assistant Postmaster General — C. P. Grandfield, First Assistant:

LETTERS NOT TO BE FORWARDED UNDER COVER.

It has been brought to the attention of the Department that many postmasters forward letters under cover to other postmasters with the request that if such letters can not be delivered they be returned to the office from which forwarded. Such forwarding is not in accordance with the provisions of section 629, Postal Laws and Regulations. If a postmaster is certain that a letter can not be delivered from his office and reasonably certain that it can be delivered from another office, the address should be changed on the original envelope and the letter should be properly endorsed and forwarded. However, in cases where it is thought probable that a letter may be delivered at another office, Form 3983 may be used but the letter should be held subject to delivery at the office making the inquiry until reply has been received from the postmaster or postmasters to whom the form may be sent.

DEFACING OF DOUBLE POSTAL CARDS.

Postmasters should issue such instructions as will prevent the defacing of the unused half of double or reply postal cards by the placing of postmarks or endorsements thereon.

TIME OF HOLDING MAIL FOR WHICH HELD-FOR-POSTAGE NOTICES HAVE BEEN SENT TO REMOTE PLACES.

The attention of postmasters is called to paragraph 6, page 80, Supplement to the Postal Laws and Regulations, and also to paragraph 61, page 45, Annual Postal Guide of July, 1908, for instructions as to the treatment of mail for which held-for-postage notices have been sent to remote places.

POSTMASTERS' BULLETINS, ORDERS, ETC.

Postmasters at offices that issue bulletins, general orders, or other printed instructions to employees, are requested to submit a copy of each edition to the First Assistant Postmaster General, Division of Salaries and Allowances.

The following instructions were issued from the bureau of the Second Assistant Postmaster General — Joseph Stewart, Second Assistant:

DISEASED TISSUES IN THE MAILS.

Complaint reaches the Department that specimens of diseased tissues are frequently sent in the mails in improper mailing cases.

Postmasters will refuse to receive such matter for transmission in the mails when not put up as required by section 495, Postal Laws and Regulations, and will under no circumstances deliver such matter to any laboratory which is not in possession of the permit required by that section.

MAIL FOR SAINT LOUIS, MICHIGAN, AND SAINT LOUIS, MISSOURI.

Complaints received at the Department show that much mail for Saint Louis, Mich., is being misssent to Saint Louis, Mo., resulting in vexatious delays to such matter and causing serious interruption in the conduct of business through the mail.

All employees of the postal service making up direct packages for Saint Louis, Mo., will take such precautions as will prevent further cause for these complaints.

RATE OF POSTAGE BETWEEN HAWAII AND THE UNITED KINGDOM OF GREAT BRITAIN AND IRELAND.

Order No. 2174.

MARCH 25, 1909.

The Postal Administration of Great Britain having concurred therein: It is hereby ordered that commencing on the 1st of April, 1909, the rate of postage applicable to letters mailed in Hawaii addressed for delivery in the United Kingdom of Great Britain and Ireland shall be two cents an ounce or fraction of an ounce.

Notice is also hereby given that commencing on the same date the rate of postage applicable to letters mailed in the United Kingdom addressed for delivery in Hawaii will be one penny for each ounce or fraction of an ounce.

Letters unpaid or short-paid will be despatched to destination, but double the amount of the deficient postage calculated at the rates above indicated will be collectible of the addressees upon the delivery of the unpaid or short-paid letters.

DUTIABLE MATTER FOR BRANCH POST OFFICES.

Sealed dutiable packages addressed for delivery at a branch post office remote from its central post office, the central office being an exchange office, shall be considered to be for delivery at a post office other than the exchange post office of receipt, and shall be treated in accordance with the stipulations of section 12 of the "Joint Regulations governing the treatment of dutiable articles received in the mails from foreign countries" rather than in accordance with the stipulations of section 11 of the same regulations.

FOREIGN CLOSED MAILS.

Closed foreign mails consisting of a few letters only are frequently made up in paper-covered packages and are not inclosed in sacks. Whether wrapped in paper or inclosed in sacks, the mails in question should be treated as closed mails of foreign origin and forwarded intact to office of address by clerks in the Railway Mail Service.

SURPLUS MAIL EQUIPMENT.

Complaint is made that postmasters are not promptly forwarding their surplus No. 2 sacks to their designated mail-bag depositories, as required by section 1352, Postal Laws and Regulations. This remissness on their part has become a very serious matter, and attention is called again to the necessity for the release of all surplus equipment at the earliest possible moment, in order that it may become available for re-issue to other offices needing it for immediate use.

The following instructions were issued from the bureau of the Third Assistant Postmaster General—A. L. Lawshe, Third Assistant:

UNPERFORATED POSTAGE STAMPS.

Postmasters are notified that the following denominations of stamps of the new designs of 1908 have been issued in sheets of 400, unperforated: 1-cent, 2-cent, 3-cent, 4-cent, 5-cent; also the 2-cent Lincoln memorial. See sections 23 to 29, page 29 of the July, 1908, Postal Guide, for further information concerning unperforated stamps. The Lincoln memorial stamps will no longer be available after the Department's present supply is exhausted.

TRANSFERS OF POSTAL OR MONEY ORDER FUNDS.

The auditor for this Department has called attention to the fact that much annoyance and delay in auditing money order accounts is caused by irregularities in entering in money order statements transfers of funds from or to the money order account.

Postmasters must comply strictly with the requirements of sections 1100, 1101 and 1102 of the Postal Laws and Regulations, 1902.

Any transfer of funds from postal to money order account must be entered as a debit in the money order statements, and as a credit in the general postal account, and if a surplus remains on hand after payment of the money orders for which the funds were transferred, the residue must not be re-transferred to postal account, but must be deposited as surplus money order funds.

If it becomes necessary to transfer money order funds to postal account (sec. 1101), the item must be entered as a credit in the money order statement and as a debit in the postal account.

The transfer of fractions of dollars is prohibited; all transfers must be made in complete dollars; and in any case notice thereof must be sent immediately on Form 6024, in a separate envelope addressed to the Auditor for the Post Office Department, Recording Division.

AUTHORIZATION FOR THE USE OF LEAD-SEALED REGISTERED PACKAGE SACK-JACKETS IN THE RAILWAY MAIL SERVICE.

The general authorization for the use of registered package jackets in the Railway Mail Service is hereby extended to include the use of lead-sealed registered package sack-jackets by any railway post office which now is or hereafter may be supplied with the proper hand press and lead seals, whenever the amount or bulk of registered matter for dispatch at one time to the same destination is such that it cannot be included in a paper registered package jacket.

Lead-sealed sack-jackets should never be used when paper jackets will answer the same purpose.

When dispatched, each sack-jacket should be securely fastened by means of a lead seal with cord attachment, duly stamped by hand press; and a paper registered package jacket, properly numbered, postmarked, and addressed to the office or R. P. O. of destination, should be firmly secured to the sack-jacket.

The provisions of section 939½ of the Postal Laws and Regulations, covering the use of registered package jackets, are to apply in the use of lead-sealed sack-jackets.

All intaglio seal dies issued for use in hand presses under this authorization are to be consecutively numbered in a series beginning with 1, each number being preceded by the letters "R. P. O." and the letters and numbers so made in the dies that they will clearly show in the impressions therefrom.

Canvas tie-sacks Nos. 2 and 3 may be used as sack-jackets when lead-sealed, as the sealing of the sack in this manner changes its character from a tie to a sealed sack. When No. 2 sacks are used for this purpose, they must not be filled so that they cannot be conveniently inclosed in a No. 2 pouch.

On receipt of lead-sealed sack-jackets addressed to them, postmasters and railway postal clerks will make careful examination to insure that all the contents are removed therefrom (see sections 608, 917 and 1502 of the Postal Laws and Regulations). The sack-jackets after being emptied need not be returned and if not needed for use should be treated as surplus mail bags, in accordance with section 1352 of the Postal Laws and Regulations.

It is expected that sack-jacket tags will in the near future be furnished in lieu of registered package jackets for labeling lead-sealed sack-jackets, but special requisition for such tags need not be made at present, as due notice will be given as soon as the tags are ready for distribution.

The following instructions were issued from the bureau of the Fourth Assistant Postmaster General — P. V. DeGraw, Fourth Assistant:

RURAL CARRIERS SHALL PROMPTLY AND PROPERLY ACCOUNT TO POSTMASTERS FOR STAMP SUPPLIES.

It has come to the notice of the Department that certain postmasters are extending credit to carriers for indefinite amounts of stamp supplies, and not requiring carriers to turn in each night all money received by them in the sale of such supplies and are not checking carriers' stock of stamps and balancing their stamp accounts once each week as required.

The attention of postmasters is directed to section 141, Instructions for the Guidance of Postmasters and Carriers in the Conduct of the Rural Delivery Service, relating to carriers' stamp supplies, which must be strictly observed in every particular. When credit is extended to rural carriers for stamp supplies it must be for a specified amount and carrier's receipt therefor taken and carefully preserved. The cash for stamp supplies sold by carriers will be turned in to the postmaster at the close of business each day and the value thereof returned to the carriers in stamps or stamped paper of required denominations and postal cards. In checking up carriers' stamp supplies each week the stamps remaining in carriers' possession and cash for that day's sales must be of equal value (less excess gained in sale of stamped paper and envelopes) to the original amount for which credit was given carriers.

SUGGESTED INDICATOR OF REGISTERED MAIL FOR DELIVERY BY RURAL CARRIERS.

With a view to obviating the probability of rural letter carriers departing on the service of their routes without registered matter for delivery, Mr. John E. Clark, Assistant postmaster at Marion, Indiana, has devised a registered mail indicator that seems well adapted to the purpose, which may be constructed at little cost, and to which the attention of postmasters at rural delivery offices is directed.

The device consists essentially of a board of suitable size painted white. Imposed at the top of the board, in letters not less than 1½ inches high, is the following legend:

"Rural Carriers

Bulletin of Registered Mail for Delivery."

Into the face of the board is screwed, about three inches apart, a number of small hooks on which are to be suspended by screw eyes or eyelets the desired number of blocks of wood about 2 x 2 x ¼ inches, or pieces of heavy Bristol board of the same size. On the obverse sides of these, in conspicuous lettering will be painted or stencilled a number corresponding to each rural route number at the office, and one or more of such squares will be lettered or painted with the legend "Special Delivery." The reverse sides of the squares will be painted white if made of wood.

8 TOTAL SUSPENSION OF RURAL SERVICE MUST BE IMMEDIATELY REPORTED.

This board will be displayed in the most conspicuous place to be seen by rural carriers. As soon as the registered mail clerk has separated the registered mail for rural delivery, he will proceed to the bulletin board and display thereon the number block of each rural carrier for whom there is registered mail for delivery. The numbers on the remaining blocks will be turned to the board, displaying their blank sides.

If there is special delivery matter for delivery by rural carriers, a block or card printed "Special Delivery" will be displayed on the hook bearing the number of the carrier by whom such matter is to be delivered.

A notice should be placed on, or at the side of, the board, requiring each and every carrier to visit the board prior to leaving the office on the service of his route, and after they have routed up their ordinary mail, to receive and receipt for the registers or special delivery matter.

The device is not patented and may be used by postmasters without hindrance. It will be of the most value at offices having four or more rural carriers.

TOTAL SUSPENSION OF RURAL SERVICE MUST BE IMMEDIATELY REPORTED TO THE DEPARTMENT BY LETTER AND IN DETAIL.

Attention of postmasters of rural delivery offices is called to the fact that each month a large number of postmasters fail to conform to the rural delivery instructions in the matter of reporting total or partial failures by carriers to serve their routes. This entails upon the department much avoidable correspondence and delay in making remission of deduction in meritorious cases.

While the department will not approve the suspension of service for insufficient and frivolous causes, consideration will be given to the matter of remissions of deductions or authorization that deductions be not made on account of the nonperformance of service due to extraordinary weather conditions which render the roads impassable or the performance of service unduly hazardous.

Postmasters are therefore admonished to see to it that in accordance with section 27, Instructions for the Guidance of Postmasters and Carriers in the Conduct of the Rural Delivery Service, total failures of carriers to perform service are immediately reported by letter to the department with full detail as to causes, and to state whether they believe carriers are excusable, and also submit report of total or partial suspension of service with full reasons on Carrier's Monthly Trip Report, Form No. 5502½.

MONEY ORDER CHANGES.

DOMESTIC LIST.

MARCH 25, 1909.

List of money order offices established, names changed, corrections made, etc., since issue of the register of money order post offices in operation July 1, 1908, as published in the body of that pamphlet. International Offices appear in full-face type.

NOTE.—The last named office under head of "Discontinued" in each case, is the office at which the records of the discontinued office are kept. Example: Riceville, Ark., having been discontinued, the Money Order Records, etc., will be found at Edmondson.

Names preceded in the following list by an asterisk (*) are printed therein for the first time and have not previously appeared under the same heading in any list of "Money Order Changes."

LATEST CHANGES.

LIST OF POST OFFICES ESTABLISHED, NAMES CHANGED, AND DISCONTINUED FROM JUNE 1, 1908, TO MARCH 25, 1909.

NOTE.—This list, taken in connection with the list of offices in the GUIDE for July, 1908, shows the offices in operation. Former monthly lists should be disregarded, as reference to them can only confuse. Post offices marked with an asterisk (*) have been established since the publication of the July GUIDE, and afterwards discontinued, or names changed; those with a dagger (†) are Presidential; those with a double dagger (‡) post offices discontinued for the winter; those with parallel (||) discontinued for the summer, and those with a section mark (§) where discontinuance has been rescinded. Independent Stations are the only stations to which Postmasters address Registered Package envelopes. In the list of corrections A. refers to General Alphabetical list, and S. to State list and C. to County list. R. D. signifies Rural Delivery.

Requisitions for Special-Request Envelopes.

March 25, 1909.

Postmasters will take notice that the time for drawing of requisitions for stamp supplies fixed by paragraph 3 of section 331, P. L. & R., does not apply to special-request requisitions. These requisitions, as stated in the second sentence of that paragraph, must always be forwarded to the Department the same day order is taken from purchaser. See also section 336.

Requisitions and receipts for stamps, postal cards and stamped envelopes should always be inclosed in envelopes addressed plainly "Third Assistant Postmaster General, Division of Stamps, Washington, D. C." This will insure more prompt handling in the Department.

A. L. LAWSHE,
Third Assistant Postmaster General.

TREATMENT OF REGISTERED MAILS.

March 25, 1909.

To all Postmasters:

The numerous registry irregularities reported to the Department indicate failure on the part of postmasters to carefully read the Postal Laws and Regulations governing the treatment of registered mail, especially in the preparation of such mail for dispatch, its handling in transit, and its proper recording and delivery when received.

Attention is directed to Title V, sections 796 to 964, Postal Laws and Regulations, and to amendments under that Title published in Supplement thereto, particular attention being directed to sections 807 to 824, 839 to 846, and 847 to 864, and to matter relative to registered mail printed in the current Postal Guide and supplements. These regulations and instructions should be carefully read and strictly observed.

A. L. LAWSHE,
Third Assistant Postmaster General.
