### ADVERTISEMENT OF GENERAL MAIL LETTINGS.

JANUARY 4, 1911.

*Order No. 5194.*

Section 1254 of the Postal Laws and Regulations, edition of 1902, is amended so as to conform to the Act approved March 1, 1881, as amended by the Act approved May 12, 1910, so as to read as follows:

Sec. 1254. The Postmaster-General shall cause advertisements of all general mail lettings of each State and Territory to be conspicuously posted in each post office named in said advertisements for at least sixty days before the time of such general lettings, and no other advertisement of such lettings shall be required; but this provision shall not apply to any other than general mail lettings.

## UNDELIVERABLE MATTER.

JANUARY 7, 1911.

Order No. 5201.

Ordered, That in accordance with the provisions of the Act of Congress approved May 12, 1910, the Postal Laws and Regulations be, and the same are hereby, amended as follows:

Amend Section 678 to read as follows:

SEC. 678. That hereafter when copies of any publication of the second class, mailed by a publisher at the pound rate or free in the county of publication, are undeliverable at the address thereon, the postmaster at the office of destination shall promptly notify the publisher of the fact, giving the reason therefor, and copies received five weeks after the mailing of the notice to the publisher, and in no instance until two successive issues thereof have been published, shall, under such regulations as the Postmaster-General may prescribe, be separately returned to the publisher thereof charged with postage at the third-class rate. All laws and parts of laws in conflict with this act are hereby repealed. (Act of May 12, 1910.)

Amend Section 679 to read as follows:

SEC. 679. The notice to the publisher that copies of his publication are undeliverable at the address thereon, as required by the preceding section, shall be on Form 3578, which shall be filled out in duplicate, the original to be retained by the postmaster and the duplicate sent to the publisher. The retained copy shall be filed by the postmaster and shall constitute a record of notices sent to publishers.

2. Copies of all publications received five weeks after the mailing of the notice on Form 3578, but in no instance until two successive issues thereof have been published, which are undeliverable at the address thereon for any reason, including local change of address, shall be returned to the publishers under label Form 3579. This label shall be pasted on the outside of the publication or its wrapper in such manner as not to cover or obscure the original address thereon. Lines shall be lightly drawn through the original address. The postmaster shall enter in the place provided therefor the amount of postage due at the third-class rate.

NOTE — Copies of publications undeliverable at the address thereon because of the temporary absence of the addressee from such address shall not be regarded as coming within the provisions of paragraph 1 of the above section.

See Section 621 as to collection of postage due on undeliverable second-class matter returned to Publisher.

Amend Section 680 to read as follows:

SEC. 680. The copy which forms the basis for sending the notice on Form 3578 and copies received similarly addressed for the period of five weeks thereafter, or in the event that during the five weeks' period two issues have not been published, then copies received until two issues have been published shall, if undeliverable at the post office of address, be disposed of as waste (see Section 357), unless there be on file a forwarding order of the addressee, or unless there appears on the face of the publication or wrapper a pledge of the publisher to send postage for its return, in which events the copies should be retained a reasonable time (see paragraph 6, Section 675) to give the addressee or the publisher an opportunity to furnish the necessary postage at the transient second-class rate — one cent for each four ounces or fraction thereof — to effect the forwarding or return of the matter, as the case may be. If the postage for forwarding or returning such matter is not furnished, the copies shall be disposed of as waste.

2. In the treatment of undeliverable second-class matter postmasters are particularly cautioned to observe that where such matter is forwarded to the addressee or returned to the publisher after postage for such forwarding or return has been furnished in advance, the rate is one cent for each four ounces (transient second-class rate), whereas the rate of postage applicable to such matter when returned to the publisher under the provisions of Section 678 is one cent for each two ounces (third-class rate).

Amend Section 621 to read as follows:

SEC. 621. Postage-due stamps shall be used for the collection of postage at the office of destination on unpaid or part-paid matter of the first, third and fourth classes, and of the second class when mailed by others than publishers or news agents, and on undeliverable second-class matter returned to the publisher under the provisions of Section 678.

2. In case the publisher shall refuse to pay the postage due on undeliverable copies of his publication returned to him under Form 3579, as prescribed by Section 678, the postmaster shall immediately obtain the publisher's statement of his reasons for such refusal and make a full report of the matter to the Third Assistant Postmaster-General, Division of Classification.

Amend note to Section 485 to read as follows:

See Section 627 as to the forwarding of second, third, and fourth class matter, and Sections 675 and 678 as to the return of such matter and the withdrawal of undeliverable third and fourth class matter at the office of address, and the return of undeliverable second-class matter received five weeks after mailing notice of non-delivery to publisher.

## DISCONTINUANCE OF GRAY CARD AND SHEET REGISTRY BILLS, FOREIGN REGISTRATION LABELS AND EXCHANGE OFFICE NUMBERS.

JANUARY 24, 1911.

Order No. 5235.

Hereafter postmasters will omit gray card and sheet registry bills (Form Nos. 1550 and 1551) in the dispatch of all registered mail.

Unless otherwise specially authorized by the Third Assistant Postmaster General, postmasters at United States exchange offices will hereafter omit foreign registration labels and United States exchange office numbers in preparing, recording and billing registered mail dispatched to or received from foreign countries, and use the *original* registration numbers in describing the matter.

Sections 944, 957, 958 and 962 of the Postal Laws and Regulations are modified accordingly.

The following instructions were issued from the bureau of the First Assistant Postmaster General —  
C. P. Grandfield, First Assistant:

### PENSION VOUCHERS.

JANUARY 23, 1911.

The attention of fourth class postmasters is called to the following instructions of the Department of the Interior and to section 281, Postal Laws and Regulations, which should be carefully observed:

#### "GENERAL INSTRUCTIONS FOR THE EXECUTION OF PENSION VOUCHERS.

##### DEPARTMENT OF THE INTERIOR,

Washington, D. C., November 2, 1910.

The following general rules are prescribed, in conformity with section 4765 of the Revised Statutes, for observance in the execution of vouchers of all classes for the payment of pensions:

#### 1. BEFORE WHOM VOUCHERS MAY BE EXECUTED.

(a) Vouchers for the payment of pensions may be executed within the territorial limits of the United States, before any civil officer, Federal, State, or Territorial, having authority to administer oaths for general purposes, or before any fourth class postmaster or rural free delivery carrier of the United States, as authorized by the acts of August 23, 1894, and June 25, 1910. Said acts are held not to extend to postmasters or carriers appointed by the temporary government of the Philippine Islands, as established under the act of Congress approved July 1, 1902.

(b) If the officer before whom a voucher is executed (being other than a fourth class postmaster or rural free delivery carrier) be required by law to have and use a seal, it must be affixed to his jurat. If he have no seal, or if he be an officer other than a notary public and use a seal though not required by law to do so, a certificate of the proper officer as to his official character, signature, and term of office, must be filed in the agency where the pension is payable. One such certificate so filed shall suffice for the term. The seal of a notary public will be accepted as sufficient evidence of his official character in all vouchers executed within the territorial limits of the United States.

(c) Fourth class postmasters and rural free delivery carriers are required to affix the stamp of their office to their signatures to the vouchers. By such stamp is meant the post-marking stamp used to show the date on which a letter is filed in the post-office for transmission, or on which it is received for delivery. The stamp must be legibly impressed and the date therein should be the date of execution of the voucher as stated in the jurat. A later date in the stamp may be accepted, but an earlier date will cause the rejection of the voucher. The authority conferred by the acts of August 23, 1894, and June 25, 1910, does not extend to deputy, acting, or assistant postmasters, or to temporary or substitute rural letter carriers.

(d) Vouchers for the payment of pensions may be executed in a foreign country only before an American Ambassador, Minister or Consul, or other consular officer, or before a magistrate or other civil officer of the country duly authorized under the laws thereof to administer oaths or to authenticate extra-judicial documents, the official character and signature of such magistrate or other civil officer to be authenticated by the certificate of an American Ambassador, Minister, or Consul, or other consular officer. One such authenticating certificate, if filed at the pension agency for general reference, and showing the term of office of the official to whom it relates, shall suffice for such term. The Commissioner of Pensions may, in his discretion, authorize the acceptance of a voucher in the absence of such authenticating certificate if for any reason it be not furnished.

(e) Vouchers for pensions may be prepared and executed, in whole or in part, in a foreign language in case the person to whom payment is to be made resides in a foreign country the language of which is other than the English, and wherein the authentication of documents in a foreign language is prohibited by law. The substituted language in such case must be a substantially correct translation of the corresponding part in the form of voucher furnished, and the paper or document whereon it appears must be securely attached to said form.

(f) No person who is to receive payment of a fee as attorney, out of the pension to be paid upon a voucher, may officiate in the execution of such voucher.

#### 2. EVIDENCE OF IDENTITY OF PAYEE OF PENSION.

(a) In the execution of vouchers for the payment of pensions, the possession of the pension certificate shall be accepted as primary evidence of the identity of the payee of the pension in all cases wherein the exhibition of such certificate to the officiating officer is required, and in such cases the certificate must be so exhibited at the execution of each and every voucher, unless a "permit," dispensing with such exhibition

of the certificate, shall have been obtained from the Commissioner of Pensions, for exhibition to the officer in place of the certificate.

(b) Permits to execute vouchers for pension in the absence of the pension certificate may be issued, in cases where the certificate is lost or can not for other reason be exhibited, upon application to the Commissioner of Pensions by the person to execute the voucher, such application to be in the form of an affidavit and to set forth fully and explicitly the cause or causes of the applicant's inability to exhibit the pension certificate. Such permit shall in each instance be good only for the payment for which issued, and the same must be securely attached to the voucher for such payment and be surrendered with the presentation thereof for payment.

(c) The officer before whom the voucher is executed with the exhibition of such permit in place of the pension certificate, should be careful to cancel the words in the affidavit and jurat stating possession and exhibition of the certificate.

(d) When the person executing the voucher affixes his or her signature thereto in legible writing, the certificate of the officer before whom the voucher is executed shall be a sufficient attestation; but when the executant's signature is affixed by mark (X) or is written illegibly, the same must be attested by the signatures of two witnesses in their own proper handwriting. In cases where two deposing witnesses are required to appear, the signature by mark (X) of either or both of such witnesses must be attested by a third person, other than the person executing the voucher or the officiating magistrate, and the attesting signature of such third person must be in his or her proper handwriting.

(e) Signatures by mark (X) or illegibly written in the lower third or coupon of the voucher do not need to be attested. Magistrates in filling in the spaces for their signature, official title and post-office address, and impressing their stamp or writing in the margin, should be careful to avoid crossing the line immediately below said spaces, as the coupon is cut off at said line and retained by the pension agent while the upper two-thirds or voucher proper is filed with his accounts in the Treasury Department where it is not acceptable if presented in a mutilated condition.

(f) The pension agent shall in all cases of payment of large sums of money to persons not known to him, and may, in all other cases when in his judgment such precaution is necessary, require that the person to receive payment be identified by one or more credible persons, under oath.

### 3. PREPARATION OF VOUCHERS.

(a) All blank spaces in the vouchers must be filled in with the information required.

(b) Signatures must in every instance appear only in the spaces provided therefor, and should be written as legibly as possible.

(c) Post-office addresses, wherever required, must be given in the proper spaces, in each instance, notwithstanding two or more persons, whose signatures appear on the voucher, may have the same address.

(d) All alterations, erasures, cancellations, or interlineations, must be certified by the officiating officer as having been made before the voucher was executed.

### 4. WHEN VOUCHERS FOR PENSION MAY BE EXECUTED.

(a) Pensions are due and payable from eighteen United States Pension Agencies, in quarterly installments, on the fourth day of each month in the year, as follows:

#### Group 1.—July 4, October 4, January 4, April 4—

Buffalo, N. Y. Concord, N. H. Chicago, Ill. Des Moines, Iowa. Milwaukee, Wis. Pittsburg, Pa.

#### Group 2.—August 4, November 4, February 4, May 4—

Indianapolis, Ind. Knoxville, Tenn. Louisville, Ky. New York, N. Y. Philadelphia, Pa. Topeka, Kans.

#### Group 3.—September 4, December 4, March 4, June 4—

Augusta, Me. Boston, Mass. Columbus, Ohio. Detroit, Mich. San Francisco, Cal. Washington, D. C.

(b) Vouchers for the payment of quarterly pension, whether for one or more quarters' pension due, may be executed only on or after the fourth day of the month to which pension is due as therein specified.

(c) Vouchers for final payment upon a pension certificate may be executed only on or after the day following the date of termination of the pension as therein specified, and the pension certificate upon which final payment is to be made must be surrendered, with the presentation of the voucher for such final payment, to the pension agent by whom the payment is to be made; but if the pension certificate be lost or mislaid after the execution of the voucher for final payment, and cannot for such or other sufficient reason be surrendered, the person to receive payment shall make affidavit fully reciting the facts, and the pension agent by whom payment is to be made may accept such affidavit if satisfactory and waive the surrender of the pension certificate, the affidavit so accepted to be attached to and filed with the voucher.

(d) In all cases where a pension certificate is replaced by a new issue, the certificate so replaced must be surrendered with the voucher for first payment upon the new issue, unless the same be lost or can not for other sufficient reason be so surrendered, in which case an affidavit to procure waiver of surrender shall be prepared and submitted with the voucher for acceptance by the pension agent in like manner as provided in the next preceding paragraph.

(e) Should it appear from the affidavit for waiver or other writing, in any case of first or final payment, that the certificate upon which payment is to be made was lost, mislaid, or in the hands of another person at the time of execution of the voucher, and was therefore not in fact exhibited as certified by the officiating officer, the pension agent will transmit the voucher, without making payment thereon, and the affidavit or other evidence of non-exhibition of the certificate, to the Commissioner of Pensions for appropriate action.

(f) When a voucher for final payment of pension has been executed upon a "permit," as hereinbefore described, the pension agent shall accept such permit as a waiver of the requirement for the surrender of the pension certificate upon which final payment is to be made.

All instructions in conflict with the foregoing, heretofore issued, are hereby revoked and canceled.

R. A. BALLINGER,  
Secretary of the Interior.

NOTICE.

DEPARTMENT OF THE INTERIOR, BUREAU OF PENSIONS.

Washington, D. C., November 2, 1910.

Pension vouchers are intended to serve as permanent records. Signatures and all other writing therein must be with pen and ink. Indelible pencil writing will not be accepted.

Vouchers found defective for want of proper observance of any of the foregoing instructions will be returned for correction or be canceled as void, according to the character of the defect.

The act of July 7, 1898, amending Section 4756, R. S. U. S., provides —

"That every person who knowingly or wilfully makes or aids, or assists in the making, or in any wise procures the making or presentation of any false or fraudulent affidavit, declaration, certificate, voucher, or paper or writing purporting to be such, concerning any claim for pension or payment thereof, or pertaining to any other matter within the jurisdiction of the Commissioner of Pensions or of the Secretary of the Interior, or who knowingly or wilfully makes or causes to be made, or aids or assists in the making, or presents or causes to be presented at any pension agency any power of attorney or other paper required as a voucher in drawing a pension, which paper bears a date subsequent to that upon which it was actually signed or acknowledged by the pensioner, and every person before whom any declaration, affidavit, voucher, or other paper or writing to be used in the aid of the prosecution of any claim for pension or bounty land or payment thereof purports to have been executed who shall knowingly certify that the declarant, affiant, or witness named in such declaration, affidavit, voucher, or other paper or writing personally appeared before him and was sworn thereto, or acknowledged the execution thereof, when, in fact, such declarant, affiant, or witness did not personally appear before him or was not sworn thereto, or did not acknowledge the execution thereof, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment for a term of not more than five years."

J. L. DAVENPORT,  
Commissioner."

NO ARRANGEMENT FOR SPECIAL DELIVERY SERVICE BETWEEN UNITED STATES AND PHILIPPINE ISLANDS.

JANUARY 24, 1911.

Inasmuch as there is no arrangement between the Post Office Department and the Bureau of Posts of the Philippine Islands for special delivery treatment of mail matter bearing special delivery stamps, postmasters are informed that they should not give such treatment to matter received from the Philippine Islands bearing special delivery stamps of that service and that they should advise the public that matter dispatched from the United States bearing special delivery stamps of this Department will not be accorded special treatment in the Islands.

UNDELIVERED PUBLIC DOCUMENTS.

FEBRUARY 1, 1911.

The attention of postmasters is called to the necessity for careful compliance with return requests on undeliverable matter sent out from the office of the Superintendent of Documents, Government Printing Office, and on all other official matter which can not be delivered as addressed.

The following notices were issued from the bureau of the Second Assistant Postmaster General — Joseph Stewart, Second Assistant:

PARCEL-POST PACKAGES FOR MEXICO.

DECEMBER 31, 1910.

The Postal Administration of Mexico has advised this Department that, commencing December 1, 1910, parcels weighing up to eleven (11) pounds (5 kilograms) may be sent to the Mexican post office of —

Tetipac ..... State of Guerrero

Consequently, parcel-post packages weighing not more than eleven pounds may be accepted for mailing to the Mexican post office above mentioned, as well as to the Mexican post offices named on pages 225-228 of the United States Official Postal Guide for July, 1910.

SHORT-PAID LETTERS FOR INDIA.

JANUARY 11, 1911.

The Postal Administration of British India has advised this Department that many letters are being received in India from the United States prepaid only 2 cents, causing serious annoyance and expense to the addressees.

Therefore, attention is called again to the fact that the only British Colonies to which letters are mailable at the rate of 2 cents an ounce are the Dominion of Canada and the Colony of Newfoundland.

To letters for all other British Colonies (including India, South Africa, Australasia and the West Indies) the rate is 5 cents for the first ounce and 3 cents for each additional ounce or fraction of an ounce. If that rate is not prepaid in full, *double* the amount of the deficient postage is collectible of the addressees.

Attention is called to the notice dated the 25th of April last and printed on page 7 of the Postal Guide for May, 1910.

### ARTICLES FOR AUSTRIA WITH ADDRESSES UNDER TRANSPARENT PAPER.

JANUARY 13, 1911.

The following statement of the Postal Administration of Austria is published for the information of postal officials:

The Austrian service does not admit registered articles under transparent covers. The same prohibition is applicable to ordinary articles in envelopes the transparent part of which is not parallel to the length of the envelope.

### KEYS FOR ORDINARY MAIL POUCH LOCKS.

JANUARY 25, 1911.

Double Star keys having been furnished to each and every post office of the fourth class, as well as to all other offices, it is quite evident from correspondence recently received at this office that many postmasters have either entirely disregarded, or overlooked the plain instructions in reference to the safeguarding of these keys contained in the circular letter of transmittal, which reads as follows:

"Upon the receipt of the Double Star key, which will be forwarded by registered mail, it must be attached to the chain carrying the Eagle key, and the old key held until a direct request is made by this office for its return to the Division of Equipment."

The attention of all postmasters, and especially those of the fourth class, is called to the fact that Double Star mail locks are now being placed in service, and it is therefore incumbent upon every postmaster to see to it that his key is attached to the safety chain for immediate use.

The new key will open both the Eagle and Double Star locks.

In all correspondence in reference to mail keys address—

SECOND ASSISTANT POSTMASTER-GENERAL, DIVISION OF EQUIPMENT.

and if any particular one is referred to therein give the number stamped on the key.

The following instructions were issued from the bureau of the Third Assistant Postmaster General—James J. Britt, Third Assistant:

### REQUISITIONS FOR SPECIAL-REQUEST ENVELOPES TO BE DRAWN PROMPTLY.

JANUARY 5, 1911.

It has come to the Department's notice that some postmasters do not draw requisitions for special-request stamped envelopes promptly on receipt of order from purchasers, as required by Section 336, Postal Laws and Regulations, as amended in paragraph 64, page 42, July, 1910, Postal Guide.

All special-request requisitions must be forwarded to the Third Assistant Postmaster General, Division of Stamps, on the day on which order is taken from the purchaser.

### NEW SMALL POSTAL CARD.

JANUARY 21, 1911.

1. Notice is hereby given of the issuance of a new 1-cent domestic postal card, designated No. 5, to replace the "K" card. The No. 5 is designed primarily for index or library purposes, but is available for use of any purchaser preferring a small card. It is described as follows:

The size is 3 by 5 inches. The card is white and is printed in red ink. The subject of the stamp is a profile head of Abraham Lincoln looking to the left. The background is solid, and is surrounded with an elliptical border bearing in capital letters the words "U. S. Postal Card," this border resting upon a base containing the denomination "1 cent 1." In a curved ribbon above the denomination appears the name "Lincoln." A spray of laurel extends from the base two-thirds up, and outside of the border on either side of the stamp. To the left of the stamp appears in a horizontal line of Gothic capitals the inscription, "This side of card is for address only," within a frame of plain lines.

2. The production of "A" and "K" cards has been discontinued, and the new No. 5 cards will be issued on postmasters' requisitions for A, K, and No. 5 cards.

3. Undamaged "A" or "K" cards must not be returned to the Department. They will continue valid for postage indefinitely.

4. All requisitions for postal cards should be drawn on Form 3201 for nine months' supply if the postmaster has storage room for that quantity. Requisitions for No. 5 cards should call for 500, 1,000, 2,000, 5,000 or multiples of 5,000.

5. No requisition will be filled for postal cards alone unless accompanied with a satisfactory explanation as to why stamps, due stamps, stamp books and plain stamped envelopes are not included. When any variety of stamp supplies is needed the postmaster must inventory his stock and include in the requisition all varieties likely to be needed in the ensuing three to nine months, depending upon his storage facilities and not exceeding the number of stamps that can be adequately protected. This will avoid the necessity for frequent requisitions, and will be advantageous to the postmaster as well as to the Department. See paragraphs 4, 10, 13, 14, 15, 16 and 11, pages 34, 35 and 48 of the July, 1910, Postal Guide; also Section 356, P. L. & R.

#### NO. 5 POSTAL CARDS IN SHEETS.

6. The new No. 5 postal card will be issued in sheets of 18 when desired in that form for printing purposes. The sheets are 2 cards wide by 9 long, and measure 10 by 27½ inches, having ¼ inch at top and ¼ inch at bottom for trim. These sheets are packed in cases containing 4,500 cards each. Requisitions should be drawn for that quantity or multiples thereof, the word "Sheets" to be plainly written on Form 3201 opposite the item. Purchasers of cards in sheets should be advised that to be valid for postage they must be cut to regulation size.

### UNDELIVERABLE SECOND-CLASS MATTER.

JANUARY 16, 1911.

Order No. 5222.

The necessary supplies to enable postmasters to comply with Order No. 5201, dated January 7, 1911, published in the Daily Bulletin for January 9 (and on page 5 of this Guide), providing for the return to publishers of undeliverable second-class matter, are in course of preparation, and an initial supply will be furnished to postmasters, without requisition, on or about May 1, 1911. Action under Order No. 5201 should be deferred until such time as the proper forms (Forms 3578 and 3579) are furnished.

### REGISTRY SYSTEM.

#### INSTRUCTIONS CONCERNING THE DISCONTINUANCE OF GRAY CARD AND SHEET REGISTRY BILLS (FORMS 1550 AND 1551).

JANUARY 25, 1911.

Order No. 5235 of the Postmaster General, dated January 24, 1911, printed in this Guide, eliminates the gray card and sheet registry bills (Forms 1550 and 1551) from the registry service, and is effective immediately.

Postmasters who have been using the combined mailing and registry bill (Form 3859) in lieu of a jacket, sack or pouch bill (Form 3853 or 1508) on which to describe registered matter originating at their offices and sent in registered package jackets, inner registered sacks or through registered pouches, to a United States exchange office for dispatch to foreign countries, may continue to use Form 3859 for such purpose, but it will not be necessary to make any entries in the column bearing the caption "To whom addressed." However, the numbers of the rotary locks or of the registered package jackets should be noted at the head of the bill.

Postmasters at United States exchange offices receiving registered mail for or from foreign countries need make no other distribution record of it than the usual record of dispatch, it being contemplated that when it becomes necessary to trace a registered article, inquiry shall commence at the mailing office and include the complete address of the article.

Postmasters at exchange offices who hereafter receive gray card and sheet registry bills, Forms 1550 or 1551, with registered mail for foreign destinations, should dispose of such bills as waste paper without reporting their misuse to the Department.

#### INSTRUCTIONS REGARDING DISCONTINUANCE OF REGISTERED PACKAGE AND TAG ENVELOPES.

JANUARY 30, 1911.

The original instructions regarding the discontinuance of registered-package and tag envelopes, dated November 25, 1910, printed in the December 1910 Postal Guide, were modified January 25, 1911. The following instructions are complete to date:

1. In accordance with the Postmaster General's Order No. 5113, dated November 25, 1910, on and after January 1, 1911, all postmasters will discontinue the use of registered-package and tag envelopes in the dispatch of registered mail, whether in registered pouches, sacks or jackets, in iron-locked or brass-locked pouches, or as hand pieces.

2. Before dispatch, all registered matter shall be plainly marked with a rubber stamp or have written on its face the word "Registered," in bold letters, and when possible in red. This indorsement must, if practicable, be placed in the upper left-hand portion of the address side of the registered article or directly above the address; otherwise in some conspicuous place near the

address. The original registration number of the piece should be placed immediately under the word "Registered" in the space provided in the stamp. Articles too small to contain the word "Registered" must be stamped or marked in a similar manner with the letter "R," to be followed by the original registration number. *Registered articles received at United States exchange offices from foreign countries must be plainly marked "Registered" or "R" in the same manner as domestic matter before delivery or dispatch to interior offices.*

3. Sealed parcels should be indorsed "First Class" on the address side of the piece by the mailing postmaster.

4. Before dispatch, postmasters must see that the county is plainly marked on each registered article as near the lower left-hand corner of the address side as possible, unless the piece is addressed to some office which is excepted from this requirement. (See pages 105 and 106 of the July, 1910, Postal Guide.)

5. Before dispatch, the impression of the postmarking stamp must be placed *twice on the back* of each letter and other sealed article, as nearly as practicable at the crossings of the upper and lower flaps. The postmark must not be placed on the face of first-class registered mail. All other matter should be postmarked as heretofore. The stamps, however, must be effectually canceled. It will be necessary for postmasters who are not furnished separate canceling instruments to cancel the stamps on first-class matter with the combined postmarking and canceling stamp, so that no impression of the postmark will appear on the face of the article.

6. Senders' return receipts accompanying registered mail should be securely fastened to the registered article with twine or with two wire clips, one at the top and one at the left end, to prevent them from becoming detached while in transit.

7. Senders' return receipts found loose in the mails, which can not be assembled with the registered articles to which they belong, should be destroyed as waste paper.

8. When dispatched in iron-locked or brass-locked pouches, registered matter should be tied with the ordinary mail, whenever practicable, and placed on the top of the local or No. 1 working package, immediately under the facing slip, together with the registered-package receipt. The local or No. 1 working package is the package addressed to, and first to be worked by, the railway post office or post office to which the pouch is addressed. All registered mail dispatched should, when practicable, be tied in this package immediately under the facing slip. Registered mail must not be included in city packages unless inclosed in a direct pouch for the city addressed, and must never be included in State packages. When there is special delivery mail and registered mail for dispatch at the same time, the special delivery mail should be placed immediately under the facing slip on top of the registered mail.

9. The word "Registered," in bold letters, shall be plainly stamped or marked on the facing slip covering the package containing the registered matter or the registered-package receipt describing it (one or both).

10. Registered matter that can not be tied with the ordinary mail should be inclosed, if possible, in a registered-package jacket (or registered-package envelope) unaddressed, unnumbered and unsealed, but securely tied; otherwise the registered articles should be placed loose in the pouch.

These unaddressed, unnumbered and unsealed registered-package jackets (or registered-package envelopes) are to be used merely as containers or convenient coverings for small registered parcels that might otherwise become mislaid and not be easily located when the pouch is opened.

11. For special instructions concerning the dispatch of registered mail for foreign destinations via New York, N. Y., see pages 109 and 110, articles 92 to 96, of the July, 1910, Postal Guide.

12. Registered mail for foreign destinations (except for Canada, Mexico and the Republic of Panama) proper for dispatch via San Francisco, Cal., Seattle, Wash., or Tacoma, Wash., should, when the quantity or bulk justifies, be inclosed in a jacket or not-regular pouch or sack addressed simply to the country of destination, as "China," "Japan," "Korea," "Australia," etc.

13. When it is known that registered mail for two or more foreign countries is scheduled for dispatch from one of the Pacific exchange offices by the same vessel such matter should, when the quantity or bulk justifies, be inclosed in one jacket or not-regular pouch or sack addressed simply to the countries of destination. To illustrate, registered mail for China, Japan and Korea may be included in the same pouch, sack or jacket, but registered mail for Australia, New Zealand and the Philippine Islands must be dispatched separately in each case.

14. Pouches, sacks and jackets containing only mail addressed to trans-Pacific countries (as well as single pieces), may be reinclosed in pouches, sacks or jackets addressed to the proper exchange office whenever it is known that they will reach the exchange office at least twenty-four hours in advance of the sailings. In other cases they should be dispatched as hand pieces.

15. Registered-package and tag envelopes now on hand in post offices may be used as jackets and jacket tags by placing the letter "J" before the number. Jacket tags should be used on single pieces too large for inclosure in pouches. Two or more pieces for one destination may be included in a jacket when advantageous, but a jacket is not required for less than five pieces. Whenever a jacket is dispatched, a bill, Form 3853, must be inclosed therein, describing its contents. This applies to all postal employees making up jackets.

16. Whenever registered mail has been improperly dispatched under cover of a registered-package or tag envelope, it should be stripped at the first post office, railway post office or terminal railway post office handling it in transit. Registered-package and tag envelopes so received may be treated as waste paper after having been carefully examined to see that they have been emptied

of their contents. Care should be taken, however, not to strip R. P. E.'s that have been used as substitutes for registered-package jackets, as indicated by the letter "J" stamped or written thereon.

17. *Registered matter which has not been properly indorsed with the word "Registered" by the mailing postmaster should be so indorsed by the first postal employee noting the irregularity.*

18. Employees receiving registered mail in bad condition shall, when possible, repair it by means of official seals; otherwise it should be reinclosed in a special registry "bad condition" envelope (Form 81) or an official envelope. In every such case the employee repairing the break, or re-enveloping the mail, shall sign his name and write or stamp the date across the edge of the seal, or across the new envelope, and secure the signature of a witness to the transaction when possible.

19. When matter is reinclosed the new envelope must bear a statement of the condition, the name and address of the addressee, the name and address of the sender, the office of origin and the original number; also a statement of the contents of the article, if known.

20. In the dispatch of registered mail for Canada, Cuba, Mexico and Salvador, all postal employees will be governed by the instructions on pages 120 to 131, inclusive, of the July, 1910, Postal Guide and in subsequent supplements. Care must be taken to dispatch these registered articles to the proper exchange offices, in view of the difference between the schemes governing ordinary and registered mail.

21. The necessary rubber stamps will be furnished all postal employees without request on their part. Postmasters not receiving a sufficient number of stamps for the needs of their offices should make requisition therefor direct on the Fourth Assistant Postmaster General (Division of Supplies).

22. Before registered articles are forwarded or returned to the writer, care should be taken to see that all original numbers and the original address are canceled.

23. In dispatching registered mail addressed for delivery in foreign countries, postmasters will record the foreign address (city and country) and not the name of the United States exchange office to which the matter is to be sent.

24. Gray card or sheet registry bills received with registered matter should be removed by the first postal employee noting the irregularity and destroyed as waste paper without reporting their misuse.

#### LEGIBLE POSTMARKING OF REGISTERED MAIL

DECEMBER 31, 1910.

It has come to the attention of the Department that many registered articles are so illegibly postmarked that it is difficult or impossible to read the name of the mailing office and date.

All postal employees are therefore enjoined to place postmarks on registered mail in such a manner that they may be easily read by all concerned.

#### REGISTRY DISPATCHES AND EXCHANGES TO BE LABELED TO BALTIMORE & OHIO TERMINAL R. P. O., CHICAGO, ILL., INSTEAD OF TO THE GRAND CENTRAL TERMINAL R. P. O., CHICAGO, ILL.

JANUARY 14, 1911.

Because of change in name of the Grand Central Terminal R. P. O., Chicago, Ill., to the Baltimore & Ohio Terminal R. P. O., Chicago, Ill., all through-pouch and inner-sack exchanges and dispatches of registered mail heretofore authorized to be made to and from the Grand Central Terminal R. P. O., Chicago, Ill., are hereby authorized to be made to and from the Baltimore & Ohio Terminal R. P. O., Chicago, Ill.

The following notice was issued from the bureau of the Fourth Assistant Postmaster General — P. V. DeGraw, Fourth Assistant:

#### MONEY AND VALUABLE ARTICLES FOUND LOOSE IN THE MAILS.

JANUARY 6, 1911.

The attention of postmasters and postal employees generally is called to the provisions of Section 685 of the Postal Laws and Regulations, covering the treatment to be accorded money and other articles of value found loose in the mails.

Frequent complaints have been received by the Department of the non-observance of this section by postal employees. The money and other valuable articles described should be sent promptly to the Division of Dead Letters as prescribed by the section cited.

LATEST CHANGES IN POST OFFICES.

JUNE 1, 1910, TO JANUARY 25, 1911.

NOTE.—This list, taken in connection with the list of offices in the GUIDE for July, 1910, shows the offices in operation. Former monthly lists should be disregarded, as reference to them can only confuse.

Post offices marked with an asterisk (\*) have been established since the publication of the July GUIDE, and afterwards discontinued, or names changed; those with a dagger (†) are Presidential; those with a double dagger (‡) post offices discontinued for the winter; those with parallel (||) discontinued for the summer, and those with a section mark (§) where discontinuance has been rescinded.

Independent Stations are the only stations to which Postmasters address Registered Package envelopes. In the list of corrections A. refers to General Alphabetical list, and S. to State list and C. to County list. R.D. signifies Rural Delivery.

# Important to all Employees of the Postal Service.

---

January 30, 1911.

Revised instructions regarding the discontinuance of registered package and tag envelopes are printed in this Guide. The original instructions printed in the December 1910 Postal Guide were modified January 25, 1911. The revised instructions embody and enlarge the instructions originally given, and are complete to date. Special attention is directed thereto.

Special attention is also directed to the Postmaster-General's Order No. 5235, dated January 24, 1911, and the instructions thereunder printed in this Guide, concerning the discontinuance of the gray card and sheet registry bills in the dispatch of all registered mail.

JAMES J. BRITT,

Third Assistant Postmaster-General.

# Postmasters at International Money-Order Offices.

## ATTENTION.

### CHANGES IN INTERNATIONAL MONEY-ORDER FEES.

Effective Feb. 1, 1911.

OFFICE OF THE POSTMASTER-GENERAL,  
WASHINGTON, DEC. 31, 1910.

ORDER NO. 5189.

In order to secure greater uniformity in the system of fees charged for money orders issued on international forms, such fees on and after Feb. 1, 1911, will be as follows:

When payable in Apia, Austria, Belgium, Bolivia, Cape Colony, Costa Rica, Denmark, Egypt, Germany, Great Britain, Honduras, Hongkong, Hungary, Italy, Japan, Liberia, Luxemburg, New South Wales, New Zealand, Orange River Colony, Peru, Portugal, Queensland, Russia, Salvador, South Australia, Switzerland, Tasmania, the Transvaal, Uruguay and Victoria,

The fees to be charged for orders issued on domestic forms for payment in countries with which money-order business is conducted on the domestic basis will be those at present exacted.

**FRANK H. HITCHCOCK,**  
Postmaster-General.

JANUARY 25, 1911.

NOTE.—Postmasters will avoid mistakes and possible loss resulting therefrom by correcting, in accordance with the foregoing order, the tables of fees for money orders issued on international forms printed on page 4 of the Annual Register of Money-Order Post Offices, and on page 24 of the Postal Guide for July, 1910. They will also take special care not to be misled by the old schedule of fees printed on the back of Form No. 6701, "Application for International Money-Order."

**JAMES J. BRITT,**  
Third Assistant Postmaster-General.
