PIECES OF MAIL TOO LARGE FOR DELIVERY THROUGH POST-OFFICE BOXES.

The attention of all postmasters is directed to the necessity for placing a memorandum or notice in the call or lock box of the addressee or in the proper compartment of the general delivery in every instance where there is received a piece of mail that is too large to be placed in the box or general-delivery compartment from which the addressee receives mail. Form E-22 is supplied to Presidential offices for this purpose and fourth-class postmasters should use a suitable card or slip of paper.

OFFICIAL INQUIRIES CONCERNING LOST MAIL.

Numerous complaints have been made to the Department of inattention on the part of postmasters to inquiries from other post offices relative to reports of lost or delayed mail. Postmasters are directed to respond promptly to all official tracers and forms of inquiry.

PARCELS MUST BEAR RETURN CARD.

March 26, 1914.

The attention of all postmasters is directed to paragraph 4 of Section 470, Postal Laws and Regulations, which requires that the name and address of the sender shall appear on every parcel accepted for mailing.

The following notices were issued from the bureau of the Second Assistant Postmaster General — Joseph Stewart, Second Assistant:

IMPORTATION INTO CANADA OF NURSERY STOCK PROHIBITED.

The postal administration of Canada has informed this Department, under date of March 13, 1914, as follows:

"Under a regulation of the Department of Agriculture, which took effect on the 1st of March, 1914, the importation into Canada of all nursery stock, including trees, shrubs, plants, vines, grafts, scions, cuttings or buds, through the mails is prohibited, excepting greenhouse-grown florists' stock, cut flowers, herbaceous perennials, and bedding plants, which will be admitted provided that a detailed statement of the contents is attached to the parcels containing such matter."

Postmasters and other postal officials will please take due notice of the foregoing.

FIREARMS IN MAILS TO MEXICO.

ORDER No. 7852.

February 28, 1914.

In view of the President's proclamation of February 3, 1914, rescinding the proclamation of March 14, 1912, firearms may be sent by mail to Mexico as before the issuance of Order No. 6147, of March 15, 1912, and said order is hereby modified accordingly.

SHORT-PAID LETTERS FOR FOREIGN COUNTRIES.

The Department continues to receive numerous complaints from addressees in foreign countries on account of the receipt from this country of many letters which are subject to the Postal Union postage rate, but are prepaid only two cents, the United States domestic rate. Postmasters are directed again, therefore, to give the widest possible publicity to the rates of postage and conditions applicable to letters for foreign countries and to the regulation which requires the collection on delivery to the addressees of short-paid articles of double the amount of deficient postage.

It should be pointed out that the only destinations to which the two-cent letter rate applies are Canada, Cuba, Mexico, the Republic of Panama, Newfoundland, the Canal Zone, Germany (by direct steamers only), England, Scotland, Wales, and Ireland, and the City of Shanghai, China; and that to all other places the rate is five cents for the first ounce or fraction of an ounce and three cents for each additional ounce or fraction of an ounce, which must be fully prepaid or the letters become liable to the charge for double the deficiency, as stated above.

DELIVERY FEE ON PARCEL POST PACKAGES FROM THE BAHAMAS, BARBADOS, BRITISH HONDURAS, JAMAICA AND THE LEEWARD ISLANDS.

Notice is hereby given that for the future the delivery fee collectible on parcel post packages from the Bahamas, Barbados, British Honduras, Jamaica and the Leeward Islands for the United States shall be 5 cents for each package of whatever weight, instead of 1 cent for each 4 ounces, with a minimum charge of 5 cents a parcel, as heretofore.

Postmasters and other postal officials will please take due notice of the foregoing, reference being had to Sections 131-133 on page 134 of the Postal Guide for July, 1913.

PARCEL POST PACKAGES FOR AND FROM GERMAN SAMOA.

By agreement with the postal administration of Germany the provisions of the parcel post convention in force between the United States and Germany have been extended to German Samoa. Parcel post packages for Apia and other destinations in German Samoa are, therefore, mailable at the postage rate and subject to the conditions applicable to parcel post packages from the United States for Germany, and parcel post packages from German Samoa are mailable to the United States at the rate and conditions applicable to parcels from Germany for the United States. Parcel post mails for Apia will be made up at the offices of San Francisco and Pago Pago.

Postmasters and other postal officials will please take due notice of the foregoing.

ARTICLES HAVING A COMMERCIAL VALUE CAN NOT BE SENT IN THE REGULAR MAILS TO URUGUAY.

The Department having received frequent complaints from exporters in the United States on account of the confiscation by customs officials of Uruguay of valuable articles sent to that country in the regular mails, attention is called again to the circumstance that the regulations of Uruguay require the confiscation of all articles having a commercial value received in that country in the regular mails from other countries. Postmasters will please adopt such further measures at their offices as may be necessary to prevent the dispatch to Uruguay, except by parcel post of packages containing articles having a commercial value, and give the widest possible publicity to this prohibition. See the notice on page 5 of the Postal Guide for February, 1913, and Section 88 on page 117, of the Postal Guide for July, 1913.

Articles of value sent to Uruguay by parcel post are not liable to confiscation, but are delivered to addressees subject to the customs regulations of that country.

ALL JUTE BURLAP SACKS STILL OUT IN THE SERVICE TO BE IMMEDIATELY RETURNED TO NEW YORK AND CHICAGO FOR STORAGE.

It has been noted by the Department that the order published in the Daily Bulletin under date of January 27, 1914, instructing the immediate return of jute burlap sacks to New York, N. Y., and Chicago, Ill., has in a great many cases not been complied with, there still being from twenty to thirty thousand of these sacks out in the service that have not been turned in for storage. Postmasters and other postal employees are instructed to immediately forward every jute burlap sack in their possession, as follows:

From all points in the First and Second Divisions, Railway Mail Service, to the postmaster, New York, N. Y. Offices not making regular freight shipments should forward such sacks to their nearest freight shipping point by mail, there to be assembled and shipped to New York, N. Y., under regular Government bill-of-lading.

Offices not located in the First and Second Divisions, Railway Mail Service, in possession of a sufficient quantity of these burlap sacks to weigh five hundred pounds or more must immediately forward same under Government Bills-of-Lading (series B) to the postmaster, Chicago, Ill. Those points having on hand less than five hundred pounds of burlap sacks should forward same by mail to the nearest freight shipping point in the usual manner, there to be assembled and shipped by

freight to the postmaster, Chicago, Ill. The bills-of-lading will be furnished to offices not regular freight shipping points on request to the Division of Railway Adjustments. All shipments to be plainly tagged, tags showing contents of bundles and postmarking stamp of post office making shipment.

ALL DOMESTIC REGISTERED SACKS EQUIPPED WITH COLLAR FASTENERS TO BE IMMEDIATELY FORWARDED TO THE MAIL BAG STOREHOUSE, WASHINGTON, D. C.

The attention of postmasters and other postal employees is directed to order published in the Daily Bulletin, under date of September 10, 1913, discontinuing the use of the red-striped domestic registered sacks, and directing that these sacks be forwarded to the Mail Bag Storehouse Washington, D. C., as rapidly as accumulated. Several thousand of these sacks having been issued to the service during the past holiday season to meet emergencies, there are consequently a great many of them again out in the service that have not been returned to the storehouse. All of these sacks that are equipped with the collar fasteners must be at once forwarded to the Mail Bag Storehouse, Washington, D. C., where, after some slight changes are made in them, they will again be issued for use in the service. These sacks should not be confused with the inner registered sacks. The inner sacks, not having been discontinued, should not be turned in.

The following notices were issued from the bureau of the Third Assistant Postmaster General — Alexander M. Dockery, Third Assistant:

MONEY ORDER SYSTEM.

IMPORTANCE OF PROMPT PAYMENT OF MONEY ORDERS.

Complaints have been received at the Department from patrons of third and fourth class money order offices that money orders held by them remain unpaid owing to the lack of funds in the hands of the postmaster.

The attention of postmasters at all money order offices is directed to the important requirements of the Department as contained in Sections 1147 and 1234 of the Postal Laws and Regulations. The popularity and usefulness of this branch of the service is largely impaired when payees of orders are subjected to the inconvenience and hardship often caused by the delay in payment of money orders held by them. Postmasters are, therefore, earnestly requested to familiarize themselves with the regulations cited and to provide for the payment promptly of all money orders presented.

ENVELOPES FOR DISPATCHING INTERNATIONAL ADVICES.

The postmaster at New York reports that international advices and German card orders which are dispatched in the old style envelopes No. 52 (size 10½ by 6½ inches) are frequently in a bad condition when received at the exchange office.

All postmasters at international offices whose stock may include these old style envelopes are therefore hereby requested and instructed to discard them (disposing of them as waste paper), and to use instead the new style envelope No. 52 (4¾ by 7¼ inches).

CANADIAN FRAUD ORDER.

The Canadian Post Office Department has issued a fraud order against the Chesham Gold Mines Promoters, Limited, Montreal, on the ground that it is advertising a lottery in connection with a gold-mining enterprise in Megantic County, Province of Quebec.

The notification sent this office adds that "a large number of money orders payable to this concern are observed to be coming from the United States * * *."

Postmasters in this country should warn their patrons that payment will be refused on orders drawn in favor of the concern named.

ORDERS PAYABLE IN THE ISLAND OF CRETE.

In future, payment of international money orders in the Island of Crete will be effected by the Postal Administration of Greece instead of through the intermediary of Great Britain. The attention of postmasters at all international money order offices is therefore directed to the fact that such orders must, in future, be drawn as "Greek."

SUPPLEMENTAL ADVICE FORMS TO BE FORWARDED TO AUSTRIA.

The attention of Postmasters at all international money order offices is invited to a notice printed in the January Supplement to the United States Official Postal Guide, reading in part as follows:

"It is hereby directed that postmasters at international money order offices require an intending remitter when making application for the issue of a money order payable in Austria, to fill out a "Supplemental Advice Form" (No. 6983) for transmission to the Austrian Administration. "After comparing this form with the remitter's application to the Austrian Administration, the number of such order and the M. O. B. dating stamp of his office the postmaster will attach it to the advice and coupon and forward these documents with the canceled order to the Postmaster at the New York Exchange Office."

Although this notice was supplemented on January 20, 1914, by a special circular addressed to each international office and by a notice in the "Daily Bulletin" of February 10, 1914, there have been, since February 1, more than 1000 cases in which certification of Austrian advices has been delayed because of the failure of postmasters to forward the Supplemental Advice form to the New York Exchange Office with the original advice.

It becomes necessary, therefore, to call attention again to the fact that every international money order intended for payment in, or through the intermediary agency of, Austria, must be accompanied by Form 6083 written by the remitter.

NEW REQUISITION BLANKS FOR POSTAGE STAMPS.

Before July 1, 1914, the Department will distribute to postmasters a revised Form 3201, "Requisition for Postage Stamps, Postal Cards, and Unprinted Stamped Envelopes."

The form as revised will be in the shape of a mailing card addressed to the Third Assistant Postmaster General, and is designed to be sent by postmasters to the Department without being inclosed in an envelope. Upon receipt of the revised form, postmasters will at once destroy all the old Forms 3201 remaining on hand.

Beginning July 1, 1914, requisitions drawn on the old Form 3201 will be returned to postmasters, to be replaced with requisitions prepared on the revised blank.

REGISTRY SYSTEM.

RECEIPTS FOR REGISTERED MAIL DELIVERED TO OTHER THAN THE ADDRESSEE TO SHOW BOTH THE NAME OF THE ADDRESSEE AND THAT OF THE PERSON RECEIPTING FOR THE ARTICLE.

It is reported that in many instances persons receipting for registered mail as representatives of the addressees fail to receipt for the matter in the name of the addressee followed by their own. Postmasters are enjoined to see that such receipts are taken in every instance; also that return receipts are dated and postmarked to show the actual dates of delivery. In this connection, attention is directed to Section 931, Postal Laws and Regulations of 1913.

MODIFICATION OF "LIST OF MORE IMPORTANT OFFICES IN UNITED STATES AT WHICH CUSTOMS OFFICERS ARE STATIONED."

REGISTERED ARTICLES FOR THE YUKON DISTRICT OF CANADA.

The postal officials of Canada advise that arrangements have been made whereby all classes of mail matter will in future be accepted for transmission to the Yukon District of Canada as freely in winter as in summer, and that the restrictions hitherto prevailing with regard to the winter service north of White Horse have been removed. All mails for the Yukon Territory of Canada are dispatched from the States via Skagway, Alaska, both winter and summer and therefore, so far as offices in the States are concerned, there are no longer restrictions on the dispatch of mails for points in the Yukon District north of White Horse. Article 103 on page 79 of the July, 1913, Postal Guide as regards registered mail is obsolete and should be disregarded, and articles 97 and 100, page 78, are amended accordingly. The route between Dawson, Y. T., and Eagle, Alaska, is restricted to 400 pounds weekly, so that unrestricted weights cannot be dispatched from Eagle to Dawson.

INSURED AND C. O. D. MAIL.

March 24, 1914.

The attention of all postmasters is directed to the paragraphs printed under the heading "Additional Instructions Pertaining to C. O. D. Mail," on pages 6 and 7 of the September, 1913, Postal Guide. There should be especially noted the paragraphs which direct that the name of the addressee of a C. O. D. parcel shall appear as the remitter of the money order; that the money order shall not be delivered to the addressee, but shall be mailed to the sender of the parcel; that C. O. D. parcels may be delivered without collection upon written orders of the senders, and that the letters "C. O. D." shall be stamped on the coupon portion of the money order immediately above the printed word "Coupon"; also, that when the sender of a C. O. D. parcel indorses the back of the C. O. D. tag "Insert number of parcel on money order," the postmaster shall also place the number of the parcel on the coupon portion of the money order. The last paragraph provides that senders may, when authorized, print their own C. O. D. tags. Postmasters who are not already aware of the fact are hereby advised that the tags thus authorized have an extra coupon which is attached to the delivery-office portion. This coupon, which is arranged to permit the senders to indorse thereon their file or account numbers, is to be removed from the tag by the postmaster who makes delivery of the C. O. D. parcel and should be returned with the money order.

Some postmasters are apparently not careful to scrutinize parcels received for delivery in order to find out whether there are any which have been insured or sent C. O. D. and from which the tags have become detached in transit. The wrappers of all insured and C. O. D. parcels must be indorsed at the mailing office to indicate whether the parcels are insured or C. O. D., and the fact that the tags become detached in transit does not excuse postmasters for making wrong delivery by permitting addressees to receive the packages as ordinary mail without obtaining receipts therefor or making collection in the appropriate cases.

In all inquiries, tracers, or notices sent out by postmasters concerning insured and C. O. D. parcels the number of the parcel and a statement or notation showing whether the article in question is "Insured" or "C. O. D." must appear.

DISCONTINUANCE OF POSTAL SAVINGS ANNUAL STATISTICAL REPORT.

That part of section 59 of the "Instructions to Postmasters at Postal Savings Depository Offices," edition of July 1, 1913, which requires the rendering of a statistical report (Form PS 542) at the close of each fiscal year, giving statistical information with respect to the race or color, occupation, birthplace, and age of each depositor, and the amount on deposit at the end of the year, has been revoked. Postmasters at postal savings depository offices will not be required to render this report in the future.

The following notices were issued from the bureau of the Fourth Assistant Postmaster General — James I. Blakslee, Fourth Assistant:

FOREST FIRES TO BE REPORTED BY RURAL AND STAR ROUTE CARRIERS.

The attention of postmasters and rural and star route carriers is directed to the following order which has heretofore been published and which should be carefully observed:

"ORDER NO. 6315.

"May 31, 1912.

"The following instructions are promulgated for the guidance of the postal employees concerned:

"In accordance with the request of the Secretary of Agriculture, this Department has arranged a plan of co-operation with State and National Forest officers whereby rural and star route carriers shall report forest fires discovered by them along their routes to persons designated by the State and National authorities to receive such intelligence.

"Co-operation with State officers will be given in the following States: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland, West Virginia, Tennessee, Kentucky, Michigan, Wisconsin, Minnesota, Idaho, Washington, Oregon, and California.

"The National Forest officers will be co-operated with in the following States: Florida, Arkansas, South Dakota, Wyoming, Colorado, New Mexico, Arizona, Utah, Montana, Idaho, Washington, Oregon, and California.

"The State and National authorities will inform postmasters as to whom the discovery of fires should be reported, and each rural carrier should be directed to co-operate to the fullest extent with such authorities in the manner agreed upon, namely, that the carrier shall report a fire to the nearest State fire warden or National Forest officer on his route, or, if no such warden or officer lives on the route, to arrange through some responsible citizen to have him notified, by telephone if possible. Star route contractors and carriers are included in the plan of co-operation and should be requested to report the discovery of fires in the same manner as will be done by the rural carriers.

"Postmasters in or near National Forests are also directed to report fires to the nearest forest officer."

CARE OF HORSES USED BY RURAL DELIVERY AND STAR ROUTE CARRIERS.

Reports received at the Department indicate that in some instances carriers on rural delivery and star routes are mistreating animals used in the mail service. The Department requires that rural carriers and star route contractors shall provide adequate stock and vehicles for conveying the mails and that proper care shall be taken of animals used in the service. Postmasters are directed to report promptly any cases where these requirements are not being met.

WEIGHING OF MAIL ON RURAL AND STAR ROUTES, APRIL 16 TO JUNE 15, 1914.

Instructions and forms for keeping account of the weight of mail of each class on all star routes and the weight and number of pieces of mail handled on rural routes and the amount of postage paid thereon during the period beginning April 16, 1914, and ending June 15, 1914, will be forwarded to postmasters in time to reach them before the work is begun. If the instructions and forms are not received on or before April 16, 1914, notice should be sent to the Fourth Assistant Postmaster General (Division of Rural Mails) and a complete record should be made on an ordinary sheet of paper of the weight of mails by classes received by and dispatched over star routes, and the weight, number of pieces by classes, and the amount of postage on mail handled on rural routes. When the report forms shall have been received, the records should be transferred to them. The weighing of the mail is required by law. It is of the utmost importance that it be done accurately and every postmaster will be held responsible in case of failure to comply fully with the instructions.

DISPOSITION OF SURPLUS TWINE.

All postmasters, except those at the regular twine depositories, having more jute twine on hand than will be needed to meet requirements of their respective offices until July 1st next, should forward any quantity up to fifty pounds to the Fourth Assistant Postmaster General, Division of Supplies, Washington, D. C., by ordinary mail. Offices having a surplus of more than fifty pounds should communicate promptly with the Department, stating the exact amount of surplus, when instructions covering final disposition will be issued.

TREATMENT OF UNDELIVERABLE THIRD AND FOURTH CLASS MATTER.

Paragraph 10(a), Section 637, Postal Laws and Regulations, requires that undeliverable third and fourth class matter of domestic origin shall be sent to *post offices* at division headquarters of the Railway Mail Service. Undelivered mail matter must be addressed to "The Postmaster" at the *post office* where such headquarters are located and not to officials of the Railway Mail Service.

INSERT No. 32. ORDER No. 7880.

March 13, 1914.

Section 457, Postal Laws and Regulations, edition of 1913, is amended to read as follows:

1. Seeds, cuttings, bulbs, roots, scions, and plants, shall hereafter be embraced in and carried as fourth-class matter, and for the same rates of postage. (Act of March 9, 1914.)

2. The rate of postage on parcels of seeds, cuttings, bulbs, roots, scions, and plants, weighing four ounces or less, is one cent for each ounce or fraction thereof, regardless of distance; on parcels weighing more than four ounces the pound rates, shown in paragraph 1, Section 456, apply. These rates apply whether the articles are for planting or other purposes.

See Section 460 as to preparation of seeds, etc., for mailing.

INSERT No. 33. See page 47.

INSERT No. 34. ORDER No. 7884.

March 13, 1914.

Section * * * 475 * * * , Postal Laws and Regulations of 1913, (is) hereby amended to read as follows:

SEC. 475. Parcels containing perishable articles shall be marked "PERISHABLE." Articles likely to spoil within the time reasonably required for transportation and delivery shall not be accepted for mailing.

2. Butter, lard and perishable articles, such as fish, fresh meats, dressed fowls, vegetables, fruits, berries, and articles of a similar nature which decay quickly, when so packed or wrapped as to prevent damage to other mail matter, shall be accepted for local delivery either at the office of mailing or on any rural route starting therefrom. When inclosed in an inner cover and a strong outer cover of wood, metal, heavy corrugated pasteboard, or other suitable material, and wrapped so that nothing can escape from the package, they will be accepted for mailing to all offices to which in the ordinary course of mail they can be sent without spoiling.

3. Butter, dressed fowls, vegetables, fruits, and other perishable articles in parcels weighing more than twenty pounds shall be accepted for mailing to offices in the first and second zones when suitably wrapped or inclosed and packed in crates, boxes or other suitable containers having tight bottoms to prevent the escape of anything from the package and so constructed as properly to protect the contents. All such parcels to be transported outside of mail bags.

4. Vegetables and fruits which do not decay quickly will be accepted for mailing to any zone if packed so as to prevent damage to other mail matter.

5. Eggs shall be accepted for local delivery when so packed in a basket or other container as to prevent damage to other mail matter.

6. Eggs shall be accepted for mailing regardless of distance when each egg is wrapped separately and surrounded with excelsior, cotton or other suitable material and packed in a strong container made of double-faced corrugated pasteboard, metal, wood or other suitable material and wrapped so that nothing can escape from the package. All such parcels shall be labeled "Eggs."

7. Eggs in parcels weighing more than twenty pounds shall be accepted for mailing to offices in the first and second zones when packed in crates, boxes, buckets or other containers having tight bottoms to prevent the escape of anything from the package and so constructed as properly to protect the contents. Such packages to be marked "Eggs—This side up," and to be transported outside of mail bags.

INSERT No. 35. ORDER No. 7884.

March 13, 1914.

Section * * * 1629, Postal Laws and Regulations of 1913, (is) hereby amended to read as follows:

SEC. 1629. Mail matter shall not be carried outside of the regular mail bags except second-class matter marked for outside delivery, as provided in Section 1613, or matter the character, form or weight of which prevents it from being carried in the mail bags or makes it liable to damage the mail.

INSERT No. 36. ORDER No. 7890.

March 14, 1914.

Section 458, Postal Laws and Regulations, edition of 1913, is amended by the addition of the following as paragraph 5½:

5½. When the sender desires that a parcel of fourth-class matter on which the postage is fully prepaid, with stamps affixed, at the rate for that class, be accompanied with a communication which is not a permissible inclosure at the fourth-class rate, the communication may be placed in an envelope, and after the full amount of postage at the first-class rate is affixed to the envelope it may be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel. The envelope shall be addressed to correspond with the address on the parcel. Parcels to which such communications are attached shall in all cases be treated as fourth-class mail.

INSERT No. 33. ORDER No. 7884.

March 13, 1914.

Section 474, * * *, Postal Laws and Regulations of 1913, (is) hereby amended to read as follows:

SEC. 474. Admissible articles which, from their form or nature, might damage other mail matter or equipment or injure the person of any postal employee shall be accepted when packed in accordance with the following conditions:

2. In case of articles liable to break, the inner bag, box, envelope or wrapping shall be surrounded by sawdust, excelsior, cotton or other similar substance.

3. Admissible liquids and oils, in packages not exceeding the limit of weight of fourth-class matter (see Sec. 454), shall be accepted for mailing when intended for delivery at the office of mailing or on a rural route starting therefrom when inclosed in a glass or metal container securely closed and heavily wrapped, provided it is not necessary to transport them over steam or electric railways.

4. Admissible liquids and oils, pastes, salves or other articles easily liquefiable shall be accepted for mailing, regardless of distance, when they conform to the following conditions:

(a.) When in strong glass bottles holding 4 ounces or less, the total quantity sent in one parcel shall not exceed 24 ounces, liquid measure. Each bottle shall be wrapped in paper or other absorbent substance and then all placed in a box made of cardboard or other suitable material and packed in a container made of double-faced corrugated pasteboard of good quality. The corners of the container must fit tightly and be reinforced with tape so as to prevent the escape of any liquid if the contents should be broken, and the whole parcel shall be securely wrapped with strong paper and tied with twine. Single bottles of liquid holding 4 ounces or less may also be packed as prescribed in the following paragraphs (b) and (c):

(b.) When in glass bottles holding more than 4 ounces, the total quantity sent in one parcel shall not exceed 16 ounces, liquid measure. The bottle must be very strong and must be inclosed in a block or tube of metal, wood, papier-mache or similar material; and there must be provided between the bottle and the block or tube a cushion of cotton, felt or other absorbent. The block or tube, if of wood or papier-mache, must be at least one-eighth of an inch thick for bottles holding 8 ounces or less, and at least three-sixteenths of an inch thick for bottles holding more than 8 ounces. The block or tube must be rendered water-tight by an application on the inside of paraffin or other suitable substance and must be closed by a screw-top cover with sufficient screw threads to require at least one and one-half complete turns before it will come off. The cover must be provided with a washer, so that no liquid could escape if the bottle should be broken. Any number of bottles separately packed as herein prescribed may be included in a single package if the limit of weight and size for fourth-class matter be not exceeded.

(c.) Bottles containing liquid may also be packed in strong and tight receptacles of wood, metal or waterproof corrugated pasteboard. Space must be left all around the bottles, which must be filled with bran, sawdust or other absorbent material in sufficient quantity to absorb all the liquid if the bottle should get broken.

(d.) When in a metal container, the weight limit of the parcel is the same as for other fourth-class matter. The container must be securely sealed and inclosed in a strong box.

(e.) When in parcels weighing more than twenty pounds, mailable liquids in securely-sealed glass bottles or metal cans shall be accepted for mailing to offices in the first and second zones when packed in strong boxes and surrounded with sawdust or other suitable substance to protect the contents from breakage. All such packages to be marked "Fragile—This side up," or with similar inscription, and to be transported outside of mail bags.

(f.) All packages containing liquid must be marked "FRAGILE."

5. Pastes, salves, etc., not easily liquefiable shall be accepted for mailing when inclosed in water-tight containers and placed in a strong pasteboard or wooden box.

6. Manufacturers or dealers intending to transmit articles in considerable quantities should submit to the postmaster at the mailing office for approval a specimen parcel showing the manner of packing.

7. Sharp-pointed or sharp-edged instruments or tools shall be capped or incased so that they can not cut through their covering. Blades shall be bound so that they will remain firmly attached to each other or within their handles or sockets. Plowshares, stove castings, pieces of machinery, etc., shall have all points, edges, and corners thoroughly protected with excelsior or similar material and be wrapped in burlap, cloth or tough paper, or be properly boxed to prevent damage to mail or equipment, when intended for other than local delivery.

8. Ink powders, flour, pepper, snuff, or other similar powders not explosive, or any similar pulverized dry substance not poisonous, shall be accepted when inclosed in the manner prescribed herein for liquids, or when inclosed in cases made of metal, wood, papier-mache, or similar material, in such manner as to render impossible the escape of any of the contents.

9. Candles, confectionery, yeast cakes, soap in hard cakes, etc., shall be inclosed in boxes and so wrapped as to prevent injury to other mail matter.

10. Mailable hides and pelts (Secs. 472 and 477½) shall be thoroughly wrapped to prevent grease soaking through the package and damaging other mail matter.

11. Unloaded pistols or guns may be sent in the mails, but the postmaster at the mailing office shall carefully examine such packages and shall receive them only when sure they are harmless. Cartridges or loaded shells are not mailable.

12. Fragile articles, such as millinery, toys, musical instruments, etc., and articles consisting wholly or in part of glass, or contained in glass, shall be securely packed and the parcel stamped or labeled "FRAGILE." Parcels so labeled shall be handed with the greatest possible care.

INSERT No. 37. ORDER No. 7899.

March 20, 1914.

Section 270, Postal Laws and Regulations, edition of 1913, is amended as follows:

2. Hereafter, in determining the gross receipts upon which the salary of a postmaster shall be based, stamps, stamped envelopes, and postal cards sold in large or unusual quantities to any person to be used in mailing matter at other post offices, or in mailing matter diverted from other offices, shall not be included, whether the sale be made with or without solicitation by the postmaster. (Act of Congress approved March 9, 1914.)

3. When postage stamps or other stamped paper are sold in large or unusual quantities, it shall be the duty of the postmaster to inquire into and ascertain whether the purchaser intends to use such postage stamps or other stamped paper for mailing matter in his office or another office, or for mailing matter diverted from another office; and any "outside" sales shall be reported to the First Assistant Postmaster General, Division of Salaries and Allowances, at the end of the quarter in which the sales are made. The statement of such outside sales shall be itemized by the postmaster as to dates, amounts of purchases, and business addresses of the purchasers, and shall bear the following form of certificate:

I hereby certify on my oath of office that the foregoing is a true and correct statement, and that to the best of my knowledge and belief it shows all the stamp supplies sold at this office for use elsewhere, or on mailings diverted from other post offices.

Upon evidence of neglect of the postmaster to ascertain and report such facts, he shall be required to refund the amount of the excess salary and allowances he may have received on account of such sales.

4. When matter entitled to transmission in the mails at the fourth-class rates of postage is shipped by freight or express, without solicitation by the postmaster, and not primarily for the purpose of increasing his salary or allowances, to be deposited in the mails at a given post office, such office of mailing is construed to be the office of origin, and the mail shall not be considered as diverted. Stamps sold at the post office of mailing and there used on such mail shall be included in determining the gross receipts upon which the salary of the postmaster is based.

(See Sec. 332 for penalty for unlawful sales.)

INSERT No. 38. ORDER No. 7900.

March 20, 1914.

Section 531, Postal Laws and Regulations, edition of 1913, is amended by adding the following paragraph:

3. When matter entitled to transmission in the mails at the fourth-class rates of postage is shipped by freight or express, without solicitation by the postmaster, and not primarily for the purpose of increasing his compensation, to be deposited in the mails at a given post office, such office of mailing is construed to be the office of origin, and the mail shall not be considered as diverted. The postmaster shall be allowed commissions upon the amount of the stamps canceled on such mail.

INSERT No. 39. ORDER No. 7901.

March 20, 1914.

Section 1289 of the Postal Laws and Regulations, edition of 1913, is hereby amended by the addition of the following paragraph:

2. Postmasters are not precluded by this section from accepting for mailing letters delivered to them by freight or express in bulk, provided each of such letters bears the return card of a person or firm located within the delivery limits of their offices, and provided further that each of such letters is duly directed and properly sealed and bears the proper postage. Under such conditions the office of mailing is construed to be the office of origin under the postal laws and regulations.

Should any be presented, refuse payment, wire the Post Office Inspector in charge of your Division, and also the Third Assistant. Similar action must be taken in case of the theft of forms.

To provide against payment of stolen orders postmasters should conspicuously post warning notices where they can be readily consulted by the paying clerks.

Exercise unusual caution in paying orders issued at any of the offices named on this card, even though numbers differ from those printed hereon.

Business men should be cautioned not to accept money orders from strangers without satisfactory references.

Notices not previously published in Monthly Supplement shown by full faced type.

IMPORTANT

TRANSMITTING PAID MONEY ORDERS

Postmasters must exercise care to see that all paid money orders are forwarded with the account in which credit is claimed for their payment. If for any reason they do not accompany the account in which the credit is claimed they must be transmitted to the Auditor in departmental envelope No. 17, with a brief explanation. Under no circumstances should they be forwarded with the next account.

ENVELOPES TO BE USED FOR CORRESPONDENCE

Correspondence addressed to the Auditor making inquiries and transmitting vouchers omitted from accounts, etc., should be forwarded in departmental envelope No. 17, and the nature of the inclosure stated briefly on the blank line provided for that purpose. No envelopes should be used for correspondence except those furnished for the purpose. When replying to letters from the Auditor use the specially addressed envelopes which accompany such correspondence. All money order and postal accounts should be transmitted in the special envelopes provided for that purpose.

RENDERING POSTAL AND MONEY ORDER ACCOUNTS

Postmasters must render their quarterly postal accounts to the Auditor promptly after the close of the quarter on the last day of March, June, September and December, as required by Section 192 of the Postal Laws and Regulations, 1913.

Postmasters must render their money order accounts to the Auditor promptly after the close of each month, as required by Section 204, Postal Laws and Regulations, 1913. Failure to comply with the above instructions will be reported to the Postmaster General for appropriate action, as required by Section 178, Postal Laws and Regulations.

CHAS. A. KRAM,
Auditor for the Post Office Department

Carriage of Farm Products Outside of Mail Bags

Postmasters should read carefully Order No. 7884, Inserts Nos. 33-35, published on pages 45 and 47 of this supplement, especially those paragraphs which provide for the use of boxes, crates, etc., in the shipment outside of mail bags, in the first and second zones, of butter, eggs, fruits, vegetables, dressed poultry, and other articles, in parcels weighing over 20 pounds.

The widest publicity should be given to these regulations in the local newspapers or otherwise, without expense to the Department.

JOSEPH STEWART,

Second Assistant

Supplemental Advice Forms to be Forwarded to Austria

The special attention of postmasters is invited to the instructions concerning the issue of money orders payable in Austria, which appear on pages 4 and 5 of this Supplement.
