UNITED STATES OFFICIAL POSTAL GUIDE

Third Series.

APRIL, 1916

VOL. 8, NO. 10.

The following order and notice were issued from the office of the Postmaster General.—Albert S. Burleson, Postmaster General:

AMENDMENTS TO THE POSTAL LAWS AND REGULATIONS.

The amendments are printed on one side of the paper at the back of the monthly supplements. The following subjects are treated in the amendments published this month:

Insert No.

- 196. Waybills to be prepared by postal clerks.
- 197. Requests for maps required by post offices.

FRAUD ORDERS.

The attention of all postmasters is invited to the fact that fraud orders have been issued against Roy Bunting and Jules Maurice at London, England. All mail addressed to these parties should be returned to the postmaster at the office at which originally mailed, to be delivered to the senders thereof, with the words "Fraudulent: Mail to this address returned by order of Postmaster General" plainly written or stamped upon the outside of such letters or matter. Where there is nothing to indicate who are the senders of such matter it should be sent to the Division of Dead Letters with the words "Fraudulent: Mail to this address returned by order of Postmaster General" plainly written or stamped thereon. All postmasters should decline to issue any postal money order in favor of the parties named.

The following notices were issued from the bureau of the First Assistant Postmaster General—Daniel C. Roper, First Assistant:

CORRECTION OF MAILING LISTS.

It has been brought to the attention of the Department that a large number of mailing lists are being sent to postmasters for the purpose of having same corrected. In connection with the sending of these lists some firms are including instructions not in keeping with the provisions of section 523, Postal Laws and Regulations.

The attention of postmasters is called to the fact that the correction of these lists is entirely voluntary with them and that they may be only corrected by striking off the names of persons who are no longer patrons of their offices and for whom there are no forwarding orders.

INDORSEMENT OF UNDELIVERABLE MAIL.

The attention of all postmasters is directed to section 638, Postal Laws and Regulations, which requires that upon every undelivered article of mail matter must be indorsed or stamped the reason for nondelivery such as "Unknown," "Refused," "Removed," "Firm dissolved," "Deceased," "In dispute," etc. When no other reason can be ascertained, the matter shall be indorsed "Unclaimed." In indorsing or stamping undelivered matter the original address or postmark must not be defaced or obscured.

WASTE PAPER.

Postmasters who have received from the Department of Commerce a notice concerning "Shortage of Paper Material" are hereby instructed not only to post such notices conspicuously but in all instances where they are unable to sell the waste paper, etc., in accordance with Section 362, Postal Laws and Regulations, to communicate with the local Chamber of Commerce or Board of Trade, to obtain information as to a probable market for such matter and to assist as far as practicable in this endeavor on the part of the Department of Commerce to prevent the unnecessary destruction of material which might be used for the manufacture of paper.

It should be noted that this matter can not be sent free in the mails to a purchaser and that mail bags can not be used to store or carry it away, but it is probable that many dealers will arrange for its transportation.

USE OF FORM B-22, NOTIFYING SENDERS OF UNCLAIMED LETTERS.

It has been brought to the attention of the Department that a number of postmasters are using Form B-22 in a general effort to secure information as to all letters bearing the card request of senders that remain on delivery in their offices. In view of the provisions of Section 633, Postal Laws and Regulations, the use of this form should be limited as much as possible. Postmasters are notified that the use of Form B-22 should be restricted to making inquiries in regard to such letters as are apparently improperly addressed to the wrong office or to some other firm or individual than those they are intended for, and the form should not be used even in cases of this nature if the return request on the envelope shows that the inquiry cannot be made and reply received from the sender within the time limit stated in the return request or as stated in Section 633. The indiscriminate use of Form B-22 in post offices is resulting in an excessive amount of work on the part of postal employees and is the frequent cause of complaint from senders who desire that undelivered mail shall be returned promptly instead of its being made the subject of unnecessary correspondence.

The following notices were issued from the bureau of the Second Assistant Postmaster General — Otto Praeger, Second Assistant:

LIQUIDS, PASTES, ETC., ADMISSIBLE TO THE PARCEL-POST MAILS EXCHANGED BETWEEN THE UNITED STATES AND ARGENTINE REPUBLIC.

This Department and the postal administration of the Argentine Republic having agreed thereto, mailable liquids and oils, pastes, salves and other articles easily liquefiable are admissible to the parcel post mails exchanged between the United States and Argentine Republic, provided said articles are packed in accordance with the provisions of paragraph 4 of section 474 of the Postal Laws and Regulations as amended by the Postmaster General's Order No. 7884 of the 13th of March, 1914. Referring to the notice of this office dated the 13th of December, 1915, printed on page 2 of the Postal Guide for January, 1916, and to the notice of this office dated February 25, 1916, printed on page 2 of the Guide for March, 1916, the "Note" printed at the top of page 115 of the Postal Guide for July, 1915, is further modified accordingly.

In this connection, attention is invited to sections 472 and 480 of the Postal Laws and Regulations, and to pages 3 to 7 of the Postal Guide for May, 1915.

Postmasters and other postal officials will please take due notice of the foregoing and cause the widest possible publicity to be given thereto.

PARCEL-POST PACKAGES FOR CHILE — CONSULAR INVOICES.

With regard to parcel-post packages from the United States for Chile, this Department is advised that if the value of the goods contained in a parcel or in several parcels posted at the same time by one sender to the same addressee exceeds five pounds sterling, an invoice certified by a Chilean Consul must be furnished. It appears that the necessary invoice may be attached to or inclosed in one of the parcels covered by same, or that it may be forwarded separately to the addressee in the regular mails.

Postmasters and other postal officials will please take due notice of the foregoing and give the widest possible publicity thereto.

PAPER MONEY IN MAILS FOR MEXICO.

The postal administration of Mexico has advised this Department under date of the 16th of February as follows:

"It is prohibited to import into Mexico paper money of any nature whatever in amounts of one thousand (1,000) pesos or more, unless covered by a consular certificate."

Postmasters and other postal officials will please take due notice of the foregoing and give the widest possible publicity thereto. In this connection reference is had to section 74 (c) on page 97 of the Postal Guide for July, 1915.

COIN, GOLD OR SILVER SUBSTANCES, ETC., PROHIBITED IN THE REGULAR MAILS TO HONG KONG.

This Department having been advised that the articles mentioned in section 37 "d" on page 93 of the Postal Guide for July, 1915, are prohibited importation into Hong Kong in the regular mails, the phrase "including certain British Colonies" should be modified to read "including Hong Kong and certain other British Colonies."

Postmasters and other postal officials will please take due notice of the foregoing.

CERTIFYING TO SERVICE OF MAIL MESSENGERS.

On account of numerous complaints being received by the Department from mail messengers of delay in receipt of their pay warrants, and of the fact that in most cases the delays are caused by postmasters failing to forward promptly their reports of service on Form 2242, or when so forwarded are incorrectly made, postmasters at offices where mail messenger service is involved are instructed to make reports of messenger service on Form 2242 promptly and forward to the Department by the first mail after the close of each month, as provided by the Postal Laws and Regulations, section 1479, paragraph 3.

Care should be exercised that the reports are correctly made out by the postmasters and that the signature of the messenger of record is obtained thereto. Otherwise delays will be incurred in making settlements.

LETTER BILLS TO ACCOMPANY MAILS FROM UNITED STATES NAVAL VESSELS.

In order that it may be known what should be received at the office of destination in a dispatch from a United States naval vessel, a Letter Bill (Form 4072-E) shall be inclosed with each mail dispatched from a United States naval vessel, whether the dispatch is made up of one or more sacks, or pouches, and whether the mail is prepared by a navy mail clerk or a mail orderly.

Each Letter Bill shall show by the entries the name of the naval vessel, the date of dispatch, the number of (outside) sacks or pouches and the aggregate of the registered articles and jackets to be accounted for at the post office to which the Letter Bill is addressed.

A Letter Bill serves as an invoice of the sacks, pouches and registered articles sent in a dispatch, and must be invariably used to prevent loss and misunderstanding.

Mail orderlies who are without a stock of Letter Bills (Form No. 4072-E) shall make requisition on the New York post office for the number needed on the basis of one bill for each dispatch.

The following notices were issued from the bureau of the Third Assistant Postmaster General.—Alexander M. Dockery, Third Assistant:

MONEY ORDERS TO BE CAREFULLY EXAMINED UPON THEIR RECEIPT FROM THE DEPARTMENT.

Postmasters are requested to make a careful examination of all domestic money order forms immediately upon their receipt from the Department, with special reference to the correct printing of both the *office* and *serial* numbers and in all cases where errors are detected promptly report the same to the Third Assistant Postmaster General, Division of Money Orders.

The office number assigned to each post office will be found in the U. S. Official Postal Guide for July, 1915, or the monthly supplements since that time. In cases where typographical errors of such numbers appear in the July Guide the correct number will be found in the supplement for March, 1916, under the heading "Corrections" appearing at the end of the State concerned.

FORWARDING AND RETURNING MAIL MATTER.

It has come to attention that some postmasters, when they have two or more separately-addressed pieces of mail of the second, third or fourth class to be forwarded or returned to the same person, place the pieces in one package and attach to the wrapper of the package the stamps for all the pieces therein. In many cases the postage is computed on the bulk weight of the package instead of on each separately-addressed piece. This action is improper, as will be seen by reference to paragraph 3, section 595, and paragraphs 3 and 4, section 637, Postal Laws and Regulations.

The forwarding or return postage shall be charged on each individually-addressed piece of second, third or fourth class matter and the necessary stamps in prepayment thereof be affixed to each piece and canceled. Before forwarding or returning mail the necessary change of address shall be made on each piece and, in the case of matter which is being returned to the sender, the reason why it could not be delivered shall be indorsed thereon as required by section 638, Postal Laws and Regulations, care being taken in indorsing or stamping the matter not to deface or obscure the original address or postmark. After being treated in accordance with the foregoing, a number of pieces intended for the same person or delivery at the same post office may, of course, be tied in a single bundle labeled to such office. Postmasters will report to the Third Assistant Postmaster General, Division of Classification, any instances of failure to comply with the foregoing coming to their attention.

PLANTS AND PLANT PRODUCTS ADDRESSED TO PLACES IN CALIFORNIA.

Postmasters are informed that Bieber, Cal. should be stricken from the list of places in California, heretofore published in the Postal Guide, to which plants and plant products subject to terminal inspection in the State of California may be sent for inspection, under the provisions of section 478 $\frac{1}{4}$, Postal Laws and Regulations, as no inspector is stationed at Bieber.

CORRECTION IN SCHEME FOR THE DISPATCH OF REGISTERED MAIL TO CANADA.

Omit the words "Athabasca, and" from paragraph (3) of Article 57, page 77, of the July, 1915, Postal Guide, and insert the words "including Yukon Territory" after the words "British Columbia" in the same paragraph.

RETURN RECEIPTS FOR INSURED PARCELS.

Many complaints are being received by the Department because of the failure of senders to receive return receipts for insured parcels.

The negligence of postal employees in furnishing such receipts is, at the present time, the most serious irregularity in connection with the insurance service, and all postmasters are therefore enjoined to enforce a strict observance of section 488, paragraph 8, of the Postal Laws and Regulations, and Articles 27, 28 and 29, page 82 of the July, 1915, Postal Guide.

To obtain the best results, patrons who desire return receipts for their insured parcels should be requested to place the indorsement "Return receipt desired" conspicuously on both the wrapper and tag, immediately above the name of the addressee, so that it will attract attention at the office of address when the parcel is examined to ascertain whether a return receipt must be obtained upon delivery.

The following notices were issued from the bureau of the Fourth Assistant Postmaster General — James I. Blakslee, Fourth Assistant:

CHANGE OF RURAL DELIVERY DISBURSING OFFICER IN OKLAHOMA.

By Order 9457 of the Postmaster General, dated February 15, 1916, the postmaster at Oklahoma, Oklahoma, is designated as disbursing officer for the payment of salaries of all rural carriers and substitute rural carriers in the State of Oklahoma for services performed *on and after April 1, 1916*.

Vouchers covering salaries of regular, temporary or substitute rural carriers for services performed in the State of Oklahoma, on and after April 1, 1916, must be sent to the postmaster at *Oklahoma, Oklahoma*.

Payment for service performed on or before March 31, 1916, will be made by the postmaster at Guthrie, Oklahoma, if the vouchers are sent to that office without delay. After completing payment of vouchers sent to him, the postmaster at Guthrie will transfer his records to the postmaster at Oklahoma.

FAILURE TO CANCEL POSTAGE STAMPS PROPERLY.

Postmasters should comply strictly with the requirements of section 1615, Postal Laws and Regulations. "The postmarking portion of the postmarking and canceling stamp shall not be used to cancel postage stamps."

TYPEWRITERS.

Postmasters at offices of the first and second class entitled to typewriters should understand that the Department has the following makes of machines under contract for the balance of the current fiscal year from which selections may be made when submitting requisitions: Monarch, Oliver, Remington, Royal, Smith Premier, L. C. Smith, Underwood, and Victor.

This notice must not be construed, however, as an invitation to request typewriters, as the state of the appropriation from which they are purchased will only permit supplying them in very urgent cases, but is merely for guidance of postmasters when submitting requisitions, a number having been received in which the make of machine desired has been omitted, resulting in much unnecessary correspondence.

NUMBERING MACHINES.

Numbering machines should be carefully handled, well oiled, and kept free from dirt. Special ink, supplied for the purpose, should be used. When repairs are needed, machines should be sent to this office by registered mail with explanatory letter. Parts are not carried in stock by the Department.

SURPLUS INSURANCE TAGS.

Postmasters at all offices, other than regular depositories, will promptly notify the Fourth Assistant Postmaster General, Division of Equipment and Supplies, of the surplus supply of insurance tags, Forms 3813 and 3813-A, in excess of requirements to July 15th, next.

POSTAL SAVINGS CHANGES.

JUNE 1, 1915, TO MARCH 31, 1916.

This list, taken in connection with the post offices designated as postal savings depositories in the State list of the Postal Guide for July, 1915, shows the offices, branches and stations at which the postal savings service has been established or discontinued. Former monthly lists should be disregarded. The radical sign (√) before the name of an office indicates information not previously published.

MONEY ORDER CHANGES.

DOMESTIC LIST.

March 31, 1916.

Money order offices established, names changed, corrections made, etc., since issue of the register of money order post offices in operation July 1, 1915, as published in the body of that pamphlet, are given below.

NOTE.—The last named office under head of "Discontinued" in each case, is the office at which the records of the discontinued office are kept. Example: Wood, Ala., having been discontinued, the Money Order Records, etc., will be found at Double Springs.

Names in the following list preceded by the radical sign (✓) are printed therein for the first time and have not previously appeared under the same heading in any list of "Money Order Changes."

Classified branch offices and classified stations are indicated by an asterisk (*). International offices appear in full face type.

INSERT No. 196. ORDER No. 9500.

March 8, 1916.

Paragraph 3, Section 1644, Postal Laws and Regulations, is modified to read as follows:

"Waybills shall be prepared by the first United States post office of receipt, and the mails shall be checked therefrom by all railway postal clerks who handle them, except that where it is impracticable to check such mails while in transit in a car, it will be sufficient to check them when loaded into the car and again when unloaded therefrom. Any shortage shall be reported. If a railway postal clerk receives such mails without a waybill he shall note the failure on trip or daily report and make a waybill on the required form."

INSERT No. 197. ORDER No. 9552.

March 31, 1916.

Paragraph 5 of Section 100, Postal Laws and Regulations, is amended to read as follows:

5. Requests for maps required by post offices in the dispatch of mails and for preparation of clerks for examination shall be made by postmasters on the Fourth Assistant Postmaster General, Division of Equipment and Supplies.

Should any be presented, refuse payment, wire the Post Office Inspector in charge of your Division, and also the Third Assistant. Similar action must be taken in case of the theft of forms.

When notice of the theft of money orders is received, immediately examine coupons of paid orders to ascertain whether any orders bearing the numbers and name of the office advertised have already been presented and collected. If any are found, report the fact, without loss of time, to the Third Assistant Postmaster General, and await instructions. If the payment was recent, use the telegraph, stating the number of the order.

To provide against payment of stolen orders postmasters should conspicuously post warning notices where they can be readily consulted by the paying clerks.

Exercise unusual caution in paying orders issued at any of the offices named on this card, even though numbers differ from those printed hereon.

Business men should be cautioned not to accept money orders from strangers without satisfactory references.

OFFICE NUMBERS ON MONEY-ORDER FORMS

Immediately upon receipt of a shipment of domestic money-order forms postmasters should verify the office number printed thereon with the office number appearing in the Guide. See Notice on page 3.

**COPIES OF THE POSTAL LAWS
AND REGULATIONS MUST
BE KEPT UP TO DATE**

The amendments to the Postal Laws and Regulations are published in the monthly supplements to the Postal Guide in such form that they may be clipped therefrom without destroying the usefulness of the supplements. The amendments should be pasted directly opposite the sections amended; or consecutively in a blank book, the margin of each section amended being marked with the number of the "Insert" affecting that particular section.

Those postmasters and postal employees who have not understood the matter heretofore will please take immediate steps to have their copies of the Postal Laws and Regulations brought up to date.
