Complaints in general affecting the service should likewise be made to the postmaster, but when that course is manifestly improper under the circumstances, they should be addressed to the Department. DOMESTIC MAIL MATTER.

CLASSIFICATION AND RATES OF POSTAGE.

1. Domestic mail matter includes matter deposited in the mails for local delivery, or for transmission from one place to another within the United States, or to or from or between the possessions of the United States, and is divided into four classes:

- First. Written and sealed matter, postal cards and private mailing cards.
 Second. Periodical publications.

Third. Miscellaneous printed matter (on paper) weighing four pounds or less.

Fourth. (Parcel Post.) All mailable matter not included in previous classes.

NOTE.—The parcel-post law, embodied in section 454, P. L. & R., does not apply to matter of the first, second and third classes, but only to fourth-class matter.

2. What is included in terms "United States" and "Possessions of United States."—Hawaii, Porto Rico, and the Virgin Islands of the United States are included in the term "United States." The Philippine Archipelago, Guam, Tutuila and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the Canal Zone are included in the term "Possessions of the United States." The term "Canal Zone" includes all the territory purchased from the Republic of Panama, embracing the "Canal Zone" proper and the islands in the Bay of Panama named Perico, Naos, Culebra, and Flamenco.

NOTE.—The value of the stamps used to pay postage on matter mailed in the Philippine Islands to the United States is expressed in centavos, the value of a stamp of the denomination of 2 centavos being equivalent to 1 cent.

3. Domestic rates and conditions apply to mail matter addressed to officers or members of the crews of vessels of war of the United States, to matter sent to the United States Postal Agency at Shanghai, China, and other places where the United States mail service is in operation, to officers and men of the U. S. Navy in the United States Naval Hospital at Yokohama, Japan, and, with certain exceptions, (see page 116) to that sent to Canada, Cuba, Mexico, and the Republic of Panama. The domestic rate applies also to letters, but not to other articles, addressed to the countries named in article 15, page 118.

The domestic rates apply to mail to and from the United States Expeditionary Forces in Europe. For further information regarding such mail, see supplements to the July, 1917, Postal Guide, also the August, 1918, supplement.

4. Prepayment of postage on domestic matter at time of mailing, by stamps affixed, is required. By special permission, however, postage may be paid in money on matter of the second, third and fourth classes when mailed in the quantities prescribed by article 66, page 18. Postmasters are not required to affix stamps to mail. When stamps are so affixed to mail that one overlies another, concealing part of its surface, the stamp thus covered is not taken into account in prepayment.

5. Letters of Soldiers, Sailors and Marines may be transmitted in the mails, without prepayment of postage, under the provisions of paragraphs 1 and 2, section 406, P. L. & R. Letters of soldiers, sailors and marines connected with the American Expeditionary Forces may be mailed free of postage, provided they bear in the upper left corner the name of the soldier, sailor or marine, together with the designation of the service to which he belongs, as, for instance, Private John Doe, U. S. Army, U. S. Navy, or U. S. Marine Corps, as the case may be, as provided by paragraphs 3 and 4, amended section 406, P. L. & R.

6. Two classes of matter in one parcel.—Matter of a higher class inclosed with matter of a lower class subjects the whole to the higher rate. Persons knowingly concealing or inclosing matter of a higher class in that of a lower class, for the purpose of evading payment of the proper postage, are liable to a fine of not more than \$100.

FIRST-CLASS MATTER.

7. Includes written matter, namely: Letters, postal cards, post cards (private mailing cards), and all matter wholly or partly in writing, whether sealed or unsealed, except manuscript copy accompanying proof-sheets or corrected proof-sheets of the same and the writing authorized by law to be placed upon matter of other classes.—(Secs. 441, 453 and 458, P. L. & R.) Matter sealed or otherwise closed against inspection is also of the first class. (Secs. 398 and 469, P. L. & R.)

NOTE.—Typewriting and carbon and letter-press copies thereof are the equivalent of handwriting and are classed as such in all cases.

8. List of articles included in first-class matter:

- (a) Assessment notices (printed) with amount due written therein.
Albums (autograph) containing written matter.
- (b) Blank books with written entries; bank checks filled out in writing, either canceled or uncanceled; legal and other blank printed forms signed officially.
Blank forms, filled out in writing.
- (c) Cards or letters (printed) bearing a written date, where the date is not the date of the card, but gives information as to when the sender will call, or deliver something otherwise referred to, or is the date when something will occur or is acknowledged to have been received.
Cards (printed) which by having a signature attached are converted into personal communications, such as receipts, orders for articles furnished by addressee, etc.
Cards (visiting) bearing written name—except single cards enclosed with third or fourth-class matter, and bearing the name of the sender.
Certificates, checks, diplomas, receipts, etc., filled out in writing.
Communications entirely in print—with exception of name of sender—sent in identical terms by many persons to the same address.
Copy (manuscript or typewritten) unaccompanied with proof-sheets thereof.
- (e) Envelopes bearing written addresses other than those of the sender and addressee.

- (f) Folders made of stiff paper, the entire inner surface of which cannot be examined except at the imminent risk of breaking the seal, and those having many folds or pages, requiring the use of an instrument of any kind in order thoroughly to examine the inner surfaces are subject to the first-class rate of postage. No assurance of the postmaster at the office of mailing will prevent the collection of the higher rate of postage at the post office of delivery if the entire inner surface cannot be easily examined, without danger of breaking the seal.
- (h) Hand or typewritten matter and letter-press or manifold (carbon) copies thereof.
- (i) Imitations or reproductions of hand or typewritten matter not mailed at the post office window or other depository designated by the postmaster in a minimum number of twenty identical copies.
- (l) Letters (old or remailed) sent singly or in bulk.
- (p) Price-lists (printed) containing written figures changing individual items.
- (r) Receipts (printed) with written signatures.
- (s) Sealed matter of any class, or matter so wrapped as not to be easily examined, except original packages of proprietary articles of merchandise put up as prescribed in article 56, page 17, and seeds and other articles that may be enclosed in sealed transparent envelopes under paragraph 4, section 469, P. L. & R.
- Stenographic or shorthand notes.
- (t) Typewritten matter, original letter-press and manifold copies thereof.
- (u) Unsealed written communications.

9. Rates of postage on first-class matter.—(a) On letters and other matter, wholly or partly in writing, except the writing specially authorized to be placed upon matter of other classes, and on matter sealed or otherwise closed against inspection—3 cents an ounce or fraction thereof.

(b) On postal cards—2 cents each, the price for which they are sold. (See articles 17 to 22, page 9.)

(c) On private mailing cards (post-cards) conforming to the requirements for such cards—2 cents each. (See articles 11 to 16, pages 9 and 9.)

(d) On "drop letters," 2 cents an ounce or fraction thereof when mailed at any post office for delivery within its postal district, including rural routes emanating from the office. This rate also applies to offices which have no free delivery service. There is no drop rate on mail other than letters. Letters of a person or concern of one city or place sent for mailing at a post office in another city or place for local delivery are not mailable at the drop rate but are subject to postage at 3 cents an ounce or fraction thereof. (Secs. 399 and 404, P. L. & R.)

(e) Mail carried by aeroplane shall be charged with postage at the rate of 16 cents for the first ounce or fraction thereof and 6 cents for each additional ounce or fraction thereof, of which 10 cents shall be for special delivery service. Such mail shall consist of matter of the first class, including sealed parcels not exceeding 30 inches in length and girth combined. The postage on aeroplane mail shall be fully prepaid with special aeroplane postage stamps or with ordinary postage stamps. When the latter are used the mail should be indorsed "By Aeroplane."

(f) Letters prepaid 2 cents received by a postmaster, under cover (through the mails), with postage prepaid on the bulk package at the letter rate, cannot be distributed for local delivery or transmission in the mails unless each letter is prepaid at the regular first-class rate.

(g) A letter which—after a proper effort has been made to deliver it—is returned to the sender, may not be remailed without a new prepayment of postage, and it should be enclosed in a new envelope to secure prompt transmission.

10. The limit of weight of first-class matter is the same as for fourth-class matter. See article 46, page 16. (Secs. 462 and 463, P. L. & R.)

POST CARDS (PRIVATE MAILING CARDS).

11. Transmissible, when and where.—Post cards manufactured by private persons, consisting of an unfolded piece of cardboard in quality and weight substantially like the Government postal card, not exceeding in size approximately 3 9/16 by 5 9/16 inches, nor less than approximately 2 3/4 by 4 inches, bearing either written or printed messages, are transmissible without cover in the domestic mails (including the possessions of the United States), and to Canada, Cuba, Mexico, Republic of Panama, and city of Shanghai (China), at the postage rate of 2 cents each, to be paid by stamps affixed. (Secs. 462 and 463, P. L. & R.) This rate applies to all cards within the sizes indicated whether or not they bear the words "Post Card" or "Private Mailing Card."

12. Advertisements and illustrations may appear on the back of the card and on the left half of the face. The right half of the face must be reserved for the address, postage stamps, post-mark, etc.

13. Non-conforming cards, rate.—Cards which do not conform to the foregoing conditions are chargeable with postage at the letter rate, if wholly or partly in writing, or at the third-class rate, if entirely in print. Cards exceeding the maximum size prescribed in article 11 which bear the words "Post Card" or "Private Mailing Card" are chargeable with the letter rate if wholly or partly in writing, or at the rate of 2 cents each if entirely in print.

14. Under cover, rate.—Cards mailed under cover of sealed envelopes (transparent or otherwise), are chargeable with postage at the first-class rate; if inclosed in unsealed envelopes, they are subject to postage at the first-class rate if wholly or partly in writing, or the third-class rate

If entirely in print—to be prepaid with stamps affixed to the envelope. Stamps affixed to matter inclosed in envelopes are not recognized in payment of postage thereon.

15. Double or folded post cards conforming in size, quality, etc., to the foregoing conditions are subject to 2 cents postage on each portion.

16. Folded advertising cards, and other matter entirely in print, arranged with a detachable part for use as a post card, are mailable as third-class matter.

POSTAL CARDS.

17. Postal cards are furnished at the postage value represented by the stamp impressed thereon; single postal cards for domestic and foreign correspondence at 2 cents each, and reply (double) postal cards at 4 cents each. Under the War Revenue Act all postal cards, whether they bear written messages or are entirely in print, must be prepaid 2 cents each and therefore the outstanding one-cent postal cards must have a one-cent postage stamp affixed to them in addition to the one-cent stamp impressed on such cards. (Sec. 401, P. L. & R.)

18. Additions.—Government postal cards may bear written, printed, or other additions as follows:

(a) Addresses on postal cards may be either written, printed, or affixed thereto.

(b) Advertisements, illustrations, or writing may appear on the back of the card and on the left third of the face.

(c) The face of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for the message, but the space to the right for the address only.

19. Unauthorized additions.—The addition to a postal card of matter other than as above authorized will subject it, when mailed, to postage at the letter rate, if wholly or partly in writing, or at the rate for the added matter, if it bears no writing. In such case the postage value of the stamp impressed on the card will not be impaired.

20. International postal cards.—The United States International 2-cent single and reply postal cards should be used for correspondence with foreign countries, except Canada, Cuba, Mexico, Republic of Panama, the Philippine Islands, and city of Shanghai (China), to which the domestic 2-cent single and reply cards are mailable; but when these international cards can not be obtained, it is allowable to use the United States domestic single and reply postal cards, but if the 1-cent cards are used a 1-cent United States adhesive postage stamp must be affixed thereto.

21. Remailing.—Used postal cards conforming to the conditions prescribed for post cards may be remailed upon prepayment of 2 cents postage with stamp affixed.

22. Reply or double postal cards.—Either half of a domestic reply postal card may be used separately. Such postal cards should be folded before mailing, and the initial half should be detached when the reply half is mailed for return. If the initial half of a double postal card be not detached when the reply half is mailed for return, the card is subject to postage according to the character of the message. The enclosure in a double postal card of unauthorized matter annuls its privileges as a postal card.

SECOND-CLASS MATTER.

23. Second-class matter includes newspapers and periodicals bearing notice of entry as second-class matter. No limit of weight is prescribed. (Secs. 411 to 446, P. L. & R.)

24. The rate of postage on newspapers and periodical publications of the second class, when sent unsealed by the public, that is, by others than the publisher or a news agent, is 1 cent for each 4 ounces or fraction thereof, on each separately addressed copy or package of unaddressed copies. To be entitled to this rate the copies must be complete. Incomplete copies are third-class matter. There is no such rate of postage as 4 cents a pound for second-class matter. (Sec. 425, P. L. & R.)

25. Additions to second-class matter.—(a) On the wrapper, or the matter itself, there may be written or printed: (1) the name and address of the sender, preceded by the word "from;" (2) the name and address of the person to whom sent; (3) the words "sample copy," or "marked copy," or both, as the case may be.

(b) On the matter itself the sender may place all that is permitted on the wrapper; correct typographical errors in the text; designate by marks, not by words, a word or passage in the text to which it is desired to call attention.

Other writing will subject the package to the first-class rate.

26. Application for entry of a publication as second-class matter or registry as a news agent should be made through the postmaster to the Third Assistant Postmaster General, Division of Classification.

27. Periodical publications not desired.—Publications which are not desired may be refused and not removed from the post office, or they may be returned to the postmaster indorsed "Refused." The Post Office Department does not determine questions regarding the liability of a subscriber for the subscription price of a publication.

A subscriber to a publication should promptly notify the publisher of any change in his address. (Secs. 640-642, P. L. & R.)

THIRD-CLASS MATTER.

28. Third-class matter embraces circulars, newspapers and periodicals not admitted to the second-class, nor embraced in the term "book," miscellaneous printed matter on paper not having the nature of an actual personal correspondence, proof-sheets, corrected proof-sheets, and manuscript copy accompanying the same, and matter in point print or raised characters used by the blind. (Secs. 447, 448, and 451, P. L. & R.) Books are included in fourth-class or parcel-post mail, as also is miscellaneous printed matter weighing *more than* four pounds. (Par. 5, sec. 456, and par. 7, sec. 463, P. L. & R.)

NOTE.—Matter printed on material other than paper is fourth-class.

29. Circulars.—A circular is a printed letter sent in identical terms to several persons. It may bear a written, typewritten or hand-stamped date, name and address of person addressed and of the sender, and corrections of mere typographical errors. When a name (except that of the addressee or sender), date (other than that of the circular), or anything else is handwritten or typewritten in the body of a circular for any other reason than to correct a genuine typographical error, the circular is subject to postage at the first-class (letter) rate, whether sealed or unsealed. (Sec. 449, P. L. & R.)

30. Reproductions or imitations of handwriting and typewriting obtained by means of the printing press, neostyle, multigraph, or similar mechanical process will be treated as third-class matter, provided they are mailed at the post office or other depository designated by the postmaster in a minimum number of 20 identical, unsealed copies. If mailed elsewhere or in less quantity, they will be subject to the first-class rate. (Par. 2, sec. 450, P. L. & R.)

31. Matter for the blind.—Letters and reading matter for the blind are transmissible in the mails under certain conditions at special rates, which may be ascertained from the postmaster. (Sec. 451, P. L. & R.)

32. The rate of postage on unsealed third-class matter is one cent for each 2 ounces or fraction thereof, on each individually addressed piece or package. There is no such rate of postage as 8 cents a pound on third-class matter. (Sec. 447, P. L. & R.)

33. The limit of weight of third-class matter is four pounds. Parcels of printed matter weighing more than four pounds which do not exceed the limit of weight and size for fourth-class matter come within that class and are mailable at the parcel-post rates. (Secs. 462 and 463, P. L. & R.)

34. List of articles included in third-class matter:

- (a) Address tags and labels mainly in print.

35. **Additions to third-class matter.**—(a) **On the wrapper, envelope, or the tag or label attached thereto, or upon the matter itself, in addition to the name and address of the addressee, there may be written or printed the name, occupation, and residence, or business address, of the sender, preceded by the word "from."** There may also be placed on the wrapper, envelope, tag, or label, either written or otherwise, the inscription "Do not open until Christmas," or words to that effect, and any printed matter mailable as third-class, but there must be left on the address side space sufficient for a legible address, postmark and the necessary postage stamps, and any words necessary for forwarding or return, etc. (Secs. 453 and 470, P. L. & R.)

The words "Please send out," or "Post up," or other similar directions or requests, not a part of the address, nor necessary to effect delivery, may not be placed upon the wrapper of third-class matter or upon the matter itself without subjecting it to postage at the letter rate.

(b) **On the matter itself the sender may place all that is permitted on the wrapper, and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors.** There may also be written or printed upon any photograph, or other matter of the third-class, a simple manuscript dedication or inscription not in the nature of personal correspondence. Such words as "Dear Sir," "My dear friend," "Yours truly," "Sincerely yours," "Merry Christmas," "Happy New Year," and "With best wishes," written upon third-class matter, are permissible inscriptions. A serial number written or impressed upon third-class matter does not affect its classification.

(c) **Written designation of contents, such as "printed matter," "photo," is permissible upon the wrapper of third-class matter.**

36. **Hand-stamped imprints on third-class matter will not affect its classification except when the added matter is in itself personal or converts the original matter into a personal communication; in the latter case, however, the mailing at one time at the post office window or other depository designated by the postmaster of not less than 20 identical, unsealed copies will be sufficient evidence of impersonal character to entitle such matter to the third-class rate.** (Sec. 453, P. L. & R.)

37. **Corrections in proof-sheets include the alteration of the text and insertion of new matter, as well as the correction of typographical and other errors; include also marginal instructions to the printer necessary to the correction of the matter or its proper appearance in print.** Part of an article may be entirely rewritten if that be necessary for correction. Corrections should be upon the margin of or attached to the proof-sheets. Manuscript of one article can not be inclosed with proof or corrected proof-sheets of another except at the first-class rate.

38. **Incidental use of third-class matter as receptacles for coin.**—The rate of postage on matter essentially third class (printed matter upon paper) is not affected by the fact that incidentally it contains a perforation which may be used for carrying coin.

39. **Permissible enclosures.**—There may be enclosed with third-class matter, without changing the classification thereof, a card bearing the written name and address of the sender; a single order form, mainly blank, or a single combination order-blank and coin-card with an envelope or post card for reply. See articles 54 and 55, pages 16 and 17, for conditions under which a communication may be attached to and mailed with third-class matter.

FOURTH-CLASS MATTER (DOMESTIC PARCEL POST).

40. **Fourth-class matter embraces that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than four pounds, and all other mailable matter not embraced in the first, second and third classes.** (Secs. 454, 456, 457 and paragraph 7, sec. 463, P. L. & R.)

41. **Extent and usefulness of parcel post.**—The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products. Low postage rates, based on the service rendered, are provided. The rates to nearby zones are particularly advantageous. NOTE.—The local rate applies to parcels mailed:

- (1) At any post office for local delivery at such office.
- (2) At any city letter-carrier office, or at any point within its delivery limits, for delivery by carriers from that office.
- (3) At any post office from which a rural route starts, for delivery on such route, or when mailed at any point on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

Zones and unit numbers.—For parcel post purposes the United States is divided into units of area 30 minutes square, which form the basis of 8 postal zones. The number of the unit in which each office is located (a branch office or station being in the same unit as the main office) is shown after the name of the office in the State list of this Guide, except those in Alaska, Canal Zone, Guam, Samoan Islands, and the United States Postal Agency, Shanghai, China, concerning which see paragraph (e) below. Additions and changes in unit numbers appear in the monthly supplements to the Postal Guide.

To ascertain in which zone a post office is located from the office of mailing, first obtain the unit number of the office of address from the Guide, then find the line containing this number in the zone key for the unit of the mailing office, and the figure in the column opposite will be the number of the zone. The Guide is applicable to all offices but a separate zone key is required for each unit. The zone keys, which make the use of parcel post maps unnecessary, are furnished to purchasers of the Postal Guide and, upon application, to the postal service.

(d) **Parcels subject to the pound rates, mailed for delivery within the first or second zone,** are, when the distance by the shortest regular mail route from the office of origin to the office of delivery is 300 miles or more, chargeable with postage at the rate of 6 cents for the first pound and 2 cents for each additional pound, a fraction of a pound being computed as a full pound. (Subparagraphs (b) and (c), par. 2, sec. 455, P. L. & R.)

(e) **Alaska, Hawaiian and Philippine Islands, etc.**—The eighth zone rate of 12 cents for each pound or fraction thereof on all parcels weighing more than 4 ounces (except books, seeds, cuttings, bulbs, roots, scions, and plants, weighing 8 ounces or less) applies (1) between the United States and the Hawaiian Islands; (2) between the United States and its postal agency at Shanghai, China; (3) between any two points in Alaska and between any point in Alaska and any other point in the United States; (4) between the United States and the Canal Zone; (5) between the United States and the Philippine Islands; (6) to, from, or between Guam, Tutuila, and Manua and other Islands of the Samoan group east of longitude 171° west of Greenwich, and the United States and its other possessions; (7) between the United States and its naval vessels stationed in foreign waters.

(f) **Canada, Cuba, Mexico, and Republic of Panama.**—The rate of 12 cents for each pound or fraction thereof also applies to fourth-class matter, including seeds, cuttings, bulbs, roots, scions, and plants (but excepting books and other printed matter on which the rate is 1 cent for each 2 ounces or fraction thereof in all cases), weighing more than 4 ounces and not exceeding 4 pounds 6 ounces, when mailed to Canada, Mexico, Cuba, and the Republic of Panama. (Parcels weighing up to 20 pounds may be sent to Mexico and the Republic of Panama as foreign parcel post mail under the parcel post conventions with these countries.)

(g) The rate of postage on gold coin, gold bullion and gold dust offered for mailing between any two points in Alaska, or between any point in Alaska and any point in the United States or its possessions, is two cents an ounce or fraction thereof, regardless of distance. Such gold coin, gold bullion, or gold dust must be inclosed in sealed packages not exceeding eleven pounds in weight and sent by registered mail.

44. The special delivery fee is 10 cents in addition to the regular postage.

45. A war-stamp tax of one cent for each postage charge of 25 cents or fractional part of 25 cents must be paid on packages of fourth-class or parcel-post matter on which the postage amounts to not less than 25 cents each. The tax is not applicable to parcels on which the postage amounts to less than 25 cents. On a parcel subject to 25 cents postage the tax is one cent; on parcels on which the postage amounts to from 26 to 50 cents the tax is two cents each, and so on. Such tax applies to parcels forwarded or returned on which the postage for forwarding or returning amounts to 25 cents or more. Parcels shall not be accepted for mailing unless both the required postage and tax are fully prepaid. Special internal revenue stamps shall be used to pay the tax; postage stamps are not valid for this purpose. (Paragraphs 7 and 8, section 456, P. L. & R.)

The internal revenue stamps affixed to parcels in payment of the tax must be canceled by the sender placing, or causing to be placed, thereon his written or stamped initials together with the date upon which the stamps are attached or used. In no case, however, should the sender cancel postage stamps affixed to parcels; such stamps must be canceled only by postal employees. When parcels are deposited by the sender without cancelling the internal revenue stamps, such stamps should be canceled by the postmaster in the same manner in which postage stamps are canceled. When, after a parcel is weighed and the amount of the postage is determined and paid, it is the practice of the postmaster to affix the postage stamps, in order to expedite the work, the same practice may be followed with respect to affixing the internal revenue stamps. In such case the internal revenue stamps should be canceled by the postmaster.

Internal revenue stamps for use in paying such tax are supplied to postmasters for sale to the public.

The war-stamp tax does not apply to parcels sent to (1) United States Expeditionary Forces abroad, (2) Porto Rico, (3) Philippine Islands, (4) Canal Zone, (5) Virgin Islands of the United States, (6) Guam, Tutuila and Manua and other islands of the Samoan group belonging to the United States, (7) United States Naval Vessels, (8) Parcels addressed to foreign countries, (9) Parcels sent by officers or employees of the United States, or of any State, Territory, or the District of Columbia or political subdivision thereof, in the discharge of governmental functions, provided they bear in the upper left corner of the address side of the wrapper or label the official designation or name, together with the address of the department, office or officer by whom sent, as evidence of their being transmitted in the discharge of the governmental functions of the United States, or of a State or political subdivision thereof, and consequently exempt from the war-stamp tax, and (10) parcels of merchandise mailed by the American Red Cross to be used exclusively in connection with war work for the benefit of the United States.

46. **The limit of weight of fourth-class matter** is 70 pounds for parcels mailed for delivery within the first, second and third zones, and 50 pounds for all other zones. (Secs. 454, 462, 463, 474, 475, and 479, P. L. & R.)

47. **Limit of size.**—Parcel post matter may not exceed 84 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measures 65 inches in length and girth combined. (Sec. 464, P. L. & R.)

48. **Name and address of sender.**—A parcel of fourth-class matter may not be accepted for mailing unless it bears the name and address of the sender, which should be preceded by the word "From." (Par. 4, sec. 470, P. L. & R.)

49. **Additions to fourth-class mail.**—There may be placed on fourth-class matter, or on the wrapper or cover, tag or label, any marks, numbers, names, or letters for purpose of description. There may be written on the blank leaves or cover of any book a simple manuscript dedication or inscription not in the nature of personal correspondence. Space sufficient for a legible address, postmark, the necessary postage stamps, and any words necessary for forwarding or return, must be left on the address side of parcels. Inscriptions, such as "Merry Christmas," "With best wishes," "Do not open until Christmas," or words to that effect, may be written on fourth-class mail, or on a card inclosed therewith. (Sec. 458, P. L. & R.)

50. **Public library books,** otherwise mailable as parcel post matter, may bear thereon or therein in writing or by means of hand-stamp, the shelf-number, date of donation or acquisition (or both), or any mark of designation which may be reasonably construed as an "inscription" within the meaning of the law (sec. 453, P. L. & R.) in the limited sense of a permanent library record, placed thereon by the librarian and in that connection only.

51. **Inclosures.**—There may be inclosed with fourth-class matter a written or printed invoice showing the name and address of the sender and of the addressee; the names and quantities of articles inclosed, together with inscriptions indicating "for purpose of description," the price, style, stock number, size, and quality of the articles; the order or file number, date of order, and date and manner of shipment; and the initials or name of the salesman, or of the person by whom the articles were packed or checked.

52. **Printed matter relating to an article of merchandise** which it accompanies is regarded as descriptive of the article within the meaning of section 458, P. L. & R., and is a permissible inclosure with such article when mailed as fourth-class matter.

53. **Packages weighing 4 pounds or less** containing matter of both the third and fourth classes are subject to postage at the third or fourth class rate, whichever is the higher. Parcels exceeding 4 pounds in weight containing miscellaneous printed matter and fourth-class matter are uniformly chargeable at the fourth-class rates. (Par. 6, sec. 458, P. L. & R.)

54. **Communications attached to parcels.**—When it is desired to send a communication with a parcel on which postage at the fourth-class rate has been fully prepaid, the communication may be placed in an envelope fully prepaid at the first-class rate and addressed to correspond with the address on the parcel and then be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel. The stamps to cover the postage on the parcel must be affixed to the wrapper of the parcel, and those to pay the postage on the communication must be affixed to the envelope of the communication. Parcels to which such communications are attached are treated as fourth-class matter. (Par. 5½, sec. 458, P. L. & R.) When attaching communications to parcels, the following instructions should be observed:

(a) Any strong envelope which can be securely attached to the outside of the parcel in such manner as will prevent its separation therefrom and not interfere with the address on the parcel may be used. A tag envelope fastened with strong twine will serve this purpose. The envelope should always be placed under the twine with which the parcel is tied in order to prevent its becoming torn from the parcel while in transit. The envelope must be addressed to correspond with the address on the parcel, so that in case of their becoming separated while in transit both may be delivered.

(b) Only one special-delivery fee is required on such parcels when sent as special-delivery matter. The stamps for the fee should be affixed to the parcels.

(c) The stamps affixed to the envelope are canceled in the same manner as the stamps

on the parcel are canceled. As the regulation provides that the parcel and communication attached thereto shall in all cases be treated as fourth-class mail, persons authorized to use pre-canceled stamps may affix such stamps to the envelope in prepayment of postage on the communication when such stamps are used on the parcel. The regulations applicable to postmarking first-class matter do not apply to communications attached to parcels of fourth-class matter under the provisions of paragraph 5½, section 458, P. L. & R.

55. **Letters attached to third-class mail.**—Communications in envelopes fully prepaid at the first-class rate may be attached to packages of third-class matter fully prepaid at the third-class rate, in the manner and under the conditions set forth in the preceding article. Packages of third-class matter to which such communications are attached shall, in all cases, be treated as third-class mail.

56. **Proprietary articles of merchandise,** such as harmless medicinal preparations, soaps, tobacco, food products, etc., put up in fixed quantities, in original sealed packages, by the manufacturer or dealer so as to allow examination of the packages in their simplest mercantile form and labeled in printing so as to show the nature of contents, quantity, and name of the manufacturer, or dealer, are mailable at the fourth-class rates of postage. If such sealed packages are inclosed in an outer wrapper, or container, such wrapper or container must not be sealed unless it is also labeled in printing in the manner indicated. (Par. 5, sec. 469, P. L. & R.)

57. **Meats and meat-food products.**—Before meat or meat-food products of cattle, sheep, swine, or goats may be accepted for mailing from one State or Territory to another State or Territory, the certificate of inspection or exemption required by section 477, Postal Laws and Regulations, must be filed with the postmaster. Such certificate must be prepared and furnished by the sender.

58. **Game.**—The dead bodies of any wild animals or birds, or parts thereof, including furs, skins, plumage, etc., lawfully killed and offered for shipment, may be accepted for mailing only when the parcels are plainly marked to show the actual nature of the contents and the name and address of the sender. The dead bodies, or parts thereof, of any wild animals or birds which have been killed or offered for shipment in violation of the laws of a State, Territory, or District, are unmailable, persons sending such articles and the addressees knowingly receiving them in violation of the law being liable to a fine of not more than \$200. (Sec. 477½, P. L. & R.)

59. **Furs shipped out of Alaska by mail.**—It will be the duty of each postmaster in Alaska, on and after October 1, 1917, to furnish report blanks to persons who present furs for mailing and to see that no furs are sent through his office to outside points until after the shipper has filled out the blank and signed the certificate as to the correctness of the report, and the postmaster has placed his signature under the words "Transmitted to the Commissioner of Fisheries, Washington, D. C." The postmaster will then dispatch the shipment of furs as addressed, without examining the contents for the purpose of verifying the shipper's report, and will mail the report under cover of an official penalty envelope addressed "Commissioner of Fisheries, Washington, D. C."

Postmasters should not permit their supplies of the report form to become exhausted, but in due time should make requisitions upon the Commissioner of Fisheries for specific quantities.

60. **Plants and plant products,** including all field-grown florists' stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits, and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots, may be admitted to the mails only when accompanied with a certificate from a State or Government Inspector to the effect that the nursery or premises from which such stock is shipped has been inspected within a year and found free from injurious insects, and the parcel containing such stock is plainly marked to show the nature of the contents and the name and address of the sender. (Sec. 478, P. L. & R.)

61. **Terminal inspection of plants and plant products** addressed to Arizona, California, Florida, Montana and Washington is required. See section 478¼, P. L. & R., and instructions in October and November, 1915, January, February and November, 1916, and April, 1918, supplements to Postal Guide. All parcels addressed to the States named must be plainly marked on the outside to show the exact nature of their contents.

62. **Place of mailing.**—Parcels of books, seeds, and plants, weighing more than 8 ounces, and parcels of other fourth-class matter weighing more than 4 ounces must be mailed at a post office, branch post office, named, numbered, or lettered station, or delivered to a rural or other carrier duly authorized to receive such matter. Smaller parcels may be deposited in letter or package boxes. (Par. 10, amended, sec. 536, P. L. & R.)

63. **Sender's receipt for ordinary parcel.**—When desired, a receipt is furnished the sender of an ordinary fourth-class parcel by the mailing office upon payment of one cent. This fee does not insure the parcel against loss, and no receipt is obtained from the addressee on delivery. If either of the latter facilities is desired, the insurance service should be patronized. (Sec. 458½, P. L. & R.)

64. **Sender of parcel to be asked if he desires it insured.**—Postmasters and postal employes, when rating domestic fourth-class parcels, shall in all cases inquire of the senders whether they desire such articles to be insured, except in those cases where the senders have previously stated that they do not desire such shipments to be sent as insured mail.

PROVISIONS APPLICABLE TO THE SEVERAL CLASSES OF MAIL MATTER.

65. **Directions for transmittal, etc.**—Directions for transmittal, delivery, forwarding, or return of mail matter are deemed part of address. (Sec. 470, P. L. & R.)

MAILINGS OF THIRD AND FOURTH-CLASS MATTER AND CERTAIN SECOND-CLASS MATTER WITHOUT STAMPS AFFIXED.

66. Upon application to the postmaster at the office of mailing, permits may, under the provisions of sec. 459, P. L. & R., be issued to persons or concerns for mailing quantities of not less than 300 identical pieces of third-class matter and second-class matter at the transient rate (see sec. 435, P. L. & R.) or the rates applicable to copies mailed for local delivery by letter carriers at city delivery offices (see pars. 7 & 8, sec. 433, P. L. and R.), and 250 identical pieces of matter of the fourth-class without stamps affixed, the postage thereon being paid in money, provided the mailings are presented in accordance with the conditions under which such mailings are accepted. The attention of patrons who frequently mail large quantities of matter of the classes named should be invited to the advantages of this method of prepaying postage. If the patrons do not desire to avail themselves of such privilege, the desirability of using precanceled stamps should be suggested. (See following article.)

PRECANCELED POSTAGE STAMPS.

67. Precanceled postage stamps may be used only by the persons or concerns who have been given a permit to use them. Such stamps are good for the payment of postage only on matter of the third and fourth classes and second-class matter mailed at the rates mentioned in the preceding article, presented at the office where precanceled. For information in regard to the obtaining of such permit and the conditions governing the use of precanceled postage stamps, address the Third Assistant Postmaster General, Division of Classification.

68. Method of Precanceling.—Upon receipt of authority from the Third Assistant Postmaster General for the use of precanceled postage stamps, the question of obtaining an allowance to cover the expense of having the precanceling done by a printing establishment with an electroplate furnished by the Department should be taken up with the First Assistant Postmaster General, Division of Post Office Service. An electroplate for use in precanceling stamps may be obtained by making requisition on the Fourth Assistant Postmaster General, Division of Equipment and Supplies. When the number of stamps to be precanceled is not sufficiently large to justify the expense connected with the use of an electroplate, the postmaster will be furnished a special handstamp for that purpose.

69. Misuse to be Reported.—Postmasters shall carefully observe the use of precanceled stamps and promptly report to the Third Assistant Postmaster General, Division of Classification, any irregularity in connection with the use of such stamps coming to their attention, whether occurring at their offices or elsewhere.

WEIGHING SECOND-CLASS MATTER IN SACKS.

70. Allowance for tare and weight of mail bags.—Postmasters handling second-class mail matter from publishers and news agents shall, in weighing such matter in bulk, in mail sacks, for the purpose of determining the amount of postage to be collected, deduct from the gross weight 3 pounds 4 ounces for the weight of each sack of the No. 1 size, 1 pound, 12 ounces for each sack of the No. 1-A size, 2 pounds 7 ounces for each sack of the No. 2 size, 1 pound 3 ounces for each sack of the No. 3 size, and 1 pound for each sack of the No. 4 size.

LIMIT OF WEIGHT IN MAILS.

71. For limit of weight of mail matter see secs. 454, 462, 463, 474, 475, 479 and 499, P. L. & R.

POSTAGE DUE.

72. Collection of postage due at office of address.—When a piece of mail reaches the office of address without postage having been fully prepaid, the required amount of postage due shall be collected of the addressee on delivery. Postmasters cannot lawfully accept postage stamps in payment of postage remaining due on mail matter. The amount due shall invariably be paid in cash. (Secs. 397, 405, 585 and 587 to 591, P. L. & R.)

NOTE.—Postmasters are specially instructed to exercise great care in rating due postage on all short-paid first-class matter mailed at their offices. A decided down weight is required to subject matter to an additional rate of postage.

73. Unpaid matter, the sender of which is unknown, deposited in a post office, addressed for local delivery, is subject when delivered to the addressee to due postage at the single rate. For treatment of such matter at letter-carrier post offices, see paragraph 7, section 545, P. L. & R.

74. Advertised letters—Postage due on.—The attention of postmasters is directed to section 630, P. L. & R., which requires that all letters and other matter published as undelivered shall be charged with one cent in addition to the regular postage, to be collected and accounted for as therein provided.

75. Facsimile copies of typewriting produced by a mechanical process such as the printing press, mimeograph, multigraph, etc., and matter bearing hand-stamped imprints, which reach the office of address with postage fully prepaid at the third-class rate—1 cent for each 2 ounces or fraction thereof—shall be assumed to have been included in a minimum number of twenty identical copies mailed under the provisions of paragraph 2, section 450, P. L. & R., and be delivered to the addressees without additional postage.

76. Refund of excess postage. (See sec. 461, P. L. and R.)

FREE MATTER.

77. For regulations relating to franked and official matter, including the use of penalty envelopes, see sections 490 to 501, inclusive, P. L. & R.

78. Places to which penalty and franked matter is transmissible.—Any article entitled to transmission free of postage in the domestic mails of the United States, either in a "penalty" envelope or under a duly authorized "frank," shall be entitled likewise to transmission in the mails free of postage between places in any possession of the United States, from one to another of such possessions, from the United States to such possessions, and from such possessions to the United States.

79. Copyright.—Matter for copyright deposited with a postmaster for transmission to the Register of Copyrights, Washington, D. C., will be accepted for mailing free of postage; and when requested a receipt therefor will be given on a form furnished by the sender. Such matter, however, may not be sent by registered mail without prepayment of the registry fee. (Sec. 505, P. L. & R.)

80. For other free matter, see paragraphs 3 and 4, amended section 406, and sections 502 to 506, P. L. & R.

81. Penalty envelopes must be used for official matter.—Postmasters are directed not to use postage stamps or stamped paper of any kind for their official correspondence. Letters upon the official business of the Post Office Department are entitled to pass through the mails free of charge in penalty envelopes, and if registration is required, they are entitled to be registered without cost to the postmaster. See sections 496 and 878, P. L. & R.

UNMAILABLE MATTER.

82. Definition.—Unmailable domestic matter—that is, matter which is not admissible to the United States mails for dispatch or delivery in the United States or in any of its possessions—includes:

83. Address defective.—All matter illegibly, incorrectly, or insufficiently addressed.

84. Postage not prepaid.—First-class matter not prepaid one full rate—3 cents—and all other matter not fully prepaid.

85. Overweight and oversize.—All matter exceeding the limit of weight or size prescribed by law.

86. Game killed or offered for mailing in violation of law.

87. Meat and meat-food products of cattle, sheep, swine, and goats, presented without the required certificate of inspection or exemption. See article 57, page 17.

88. Plants and plant products not accompanied with certificate of inspection. See article 60, page 17.

89. Poisons, liquors, live animals, fowls, etc.—All matter harmful in its nature, as poisons; explosive or inflammable articles; matches; live animals, fowls, insects and reptiles; guano or any article exhaling a bad odor; and vinous, spirituous or malt liquors. The postal laws provide a severe penalty for the mailing of poisons, explosives or inflammable articles, and intoxicating liquors. (See sec. 472, P. L. & R.)

90. Tinsel glass.—Post cards and postal cards, bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unmailable, except when inclosed in envelopes tightly sealed to prevent the escape of such particles, or when treated in such manner as will prevent the objectionable substance from being rubbed off.

91. Obscene and indecent.—All obscene, lewd, or lascivious matter, and every article or thing intended, designed, or adapted for any indecent or immoral purpose, or for the prevention of conception or procuring abortion, or matter of a character tending to incite arson, murder or assassination.

92. Dunning postal cards.—In view of complaints received by the Department respecting the use of postal cards importuning the payment of debts, the attention of all postmasters and others is called to the provisions of Sec. 481, P. L. & R., (Sec. 212, Criminal Code, March 4, 1909).

The Department has ruled that the clause of the above section prohibiting delineations, epithets, terms, or language * * * calculated by the terms, or manner or style of display and obviously intended to reflect injuriously upon the character or conduct of another, covers and makes unmailable cards by which it appears that the addressee is being dunned for an account that is past due. This does not include cards that bear respectful requests for the settlement of current accounts, or that give notice when an account, paper, assessment, taxes, gas bills, etc., will be due, and such cards are regarded as mailable. The provision of this section against matter of a "threatening character" is held by the Department to cover and make unmailable cards that threaten the bringing of suits or legal proceedings if debts, accounts, etc., are not paid. This does not include cards that bear notice of assessments of fraternal and other societies which contain a respectful reference to the rules of such order or society that failure to pay such assessment will cause the member to be suspended or that his certificate will become void, if the assessment referred to does not appear to be past due.

Postmasters are expected to exercise vigilance in the enforcement of this regulation. If there is doubt as to whether a card should be excluded it should be forwarded to the Solicitor for the Post Office Department for a decision. It should be carefully noted that this regulation has no reference to matter that is under cover.

93. **Objectionable post cards.**—Section 547 of the P. L. & R. provides that "All matter which is manifestly obscene, lewd or lascivious. * * * will, when deposited in a post office, be withdrawn from the mails and sent to the Dead Letter Office." Under this rule every post card bearing a picture or language that is obscene, indecent or improperly suggestive, scurrilous, defamatory, or threatening, etc., should be immediately withdrawn from the mails and forwarded without delay to the First Assistant Postmaster-General, Division of Dead Letters. If there is doubt as to whether a card is sufficiently objectionable to warrant its exclusion, it should be forwarded to the Solicitor for the Post Office Department for decision. Postmasters are directed to exercise all possible vigilance in the enforcement of this regulation. (See sec. 481, P. L. and R.)

94. **Liquor advertisements.**—Section 5 of the Act of Congress approved March 3, 1917, makes unmailable all matter containing advertisements of intoxicating liquors or solicitations of orders therefor when addressed to any place or point in any State or territory where it is unlawful either to advertise such liquors or to solicit orders therefor.

The act is construed by the Department to bar from the mails all matter of the character described when addressed to States or territories or parts thereof in which it is by State, territorial, or local law forbidden either to advertise such liquors or to solicit, personally or otherwise, orders therefor.

Bulletins are issued from time to time by the Postmaster General showing the territory affected by the Act.

95. **Lottery and fraud.**—All matter concerning any lottery, so-called gift concert, or other enterprise of chance, or concerning schemes devised for the purpose of obtaining money or property under false pretenses.

PREPARATION AND WRAPPING OF MAIL MATTER.

96. **For manner of preparing and wrapping mail matter** see sections 465–475, P. L. & R.

97. **Envelopes or wrappers** of weak or unsubstantial paper should not be used. Mail is handled often and subjected to pressure and friction in the mail bags, and frequently is delivered from moving trains; hence, if not inclosed in strong envelopes or wrappers it may be damaged. It is recommended that stamped envelopes, on sale at all post offices, be used when practicable.

98. **Examination.**—Second, third and fourth-class matter must be so wrapped or enveloped that the contents may be examined easily by postal officials. When not so wrapped, or when bearing or containing writing not authorized by law, the matter will be treated as of the first class.

99. **Nailed boxes.**—Parcel post mail may be inclosed in boxes to which the lids are nailed or screwed, provided the lids can be readily removed with a chisel or screw-driver for examination of contents.

100. **Wrapping.**—All matter should be securely wrapped so as to bear transmission without breaking, or injuring mail bags, their contents, or the persons handling them. Many articles are damaged in the mails for the reason that they are not properly wrapped to withstand the necessary handling.

Parcels improperly or insufficiently wrapped will not be accepted for transmission in the mails.

Umbrellas, canes, golf sticks, and similar articles must be reinforced by strips of wood or otherwise sufficiently wrapped to withstand handling and transportation.

Hats must be packed in strong boxes; if in ordinary pasteboard hat boxes, they must be properly crated.

Cut flowers, candles, etc., should be inclosed in strong and suitable boxes.

Stove castings and pieces of machinery should be protected with excelsior or similar material and wrapped in cloth or strong paper or be properly boxed or crated.

Mailable hides and pelts must be thoroughly wrapped to prevent the escape of grease.

101. **Harmful articles** not absolutely excluded from the mails, but which, from their form or nature, might, unless properly secured, destroy, deface, or otherwise damage the contents of the mail bag, or harm the person of anyone engaged in the postal service, may be transmitted in the mails only when packed in accordance with the postal regulations.

Sharp-pointed or sharp-edged instruments or tools must have their points and edges protected so that they can not cut through their covering, and be thoroughly wrapped.

Powders and all pulverized dry substances must be so wrapped that none of the contents of the package will sift out.

Pastes, salves, etc., not easily liquefiable must be inclosed in water-tight containers and placed in strong boxes and securely wrapped.

102. **Liquids.**—Admissible liquids and oils in packages not exceeding the limit of weight of fourth-class matter shall be accepted for mailing when intended for delivery at the office of mailing or on a rural route starting therefrom when inclosed in securely closed containers, provided it is not necessary to transport them over steam or electric railways.

Admissible liquids and oils, pastes, salves or other articles easily liquefiable shall be accepted for mailing, regardless of distance, when they conform to the following conditions:

(a) When in strong glass bottles holding 4 ounces or less, the total quantity sent in one parcel shall not exceed 24 ounces, liquid measure. Each bottle shall be wrapped in paper or other absorbent substance and then all placed in a box made of cardboard or other suitable material and packed in a container made of double-faced corrugated pasteboard of good quality. The corners of the container must fit tightly and be reinforced with tape so as to prevent the escape

of any liquid if the contents should be broken, and the whole parcel shall be securely wrapped with strong paper and tied with twine. Single bottles of liquid holding 4 ounces or less may also be packed as prescribed in the following paragraphs (b) and (c):

(b) When in glass bottles holding more than 4 and not more than 16 ounces, the bottle must be very strong and must be inclosed in a block or tube of metal, wood, or papier-mache or similar material; and there must be provided between the bottle and the block or tube a cushion of cotton, felt, or other absorbent. The block or tube, if of wood or papier-mache, must be at least one-eighth of an inch thick for bottles holding 8 ounces or less, and at least three-sixteenths of an inch thick for bottles holding more than 8 ounces. The block or tube must be rendered water-tight by an application on the inside of paraffin or other suitable substance and must be closed by a screw-top cover with sufficient screw threads to require at least one and one-half complete turns before it will come off. The cover must be provided with a washer, so that no liquid could escape if the bottle should be broken. Such bottles may also be packed in strong and tight receptacles of wood, metal or waterproof corrugated pasteboard if surrounded with bran, sawdust or other absorbent material in sufficient quantity to absorb all the liquid if the bottle should be broken.

(c) Malleable liquids, in quantities of more than 16 ounces, when in securely sealed glass bottles, shall be accepted for mailing when packed in strong boxes and surrounded with sawdust or other suitable substance to protect the contents from breakage. All such packages to be marked "Fragile—This Side Up," or with similar inscription, and to be transported outside of mail bags.

(d) Liquid in securely closed metal containers may be mailed when suitably boxed or crated; but, when in extra strong metal containers, such as heavy milk cans, the boxes or crating may be omitted.

(e) All packages containing liquid must be marked "Fragile."

103. **Fragile articles.**—Articles easily broken must be very securely wrapped for safe transmission, and marked "FRAGILE." Among such articles are: Amber, cakes, cameras, candies, candlesticks, chalk, china, cigars, clocks, combs, crockery, delicate mechanisms, dolls, drawings, fans, flowers, fountain pens, glass, hats, instruments of precision, jewelry and jewel cases, maps, millinery, musical instruments, paintings, photographs and sensitive paper and films, pipes, plaster-of-paris articles, plumes, pottery, porcelain, phonographs and phonograph records, test tubes, thermos bottles and other temperature-conserving vessels; toys of a fragile nature, typewriters, watches, wax articles, etc.

Glass, crockery, fragile toys, and other fragile articles must be so packed as to prevent the escape of particles or pieces from the packages if broken in transit.

Cigars should be packed in a manner to prevent damage by shock or jar.

Maps, drawings, paintings, etc., must be suitably protected with stout material to prevent damage. When not flat, they should be rolled around a stout stick and carefully wrapped or inclosed in a strong pasteboard tube.

All such articles must be marked "FRAGILE."

Eggs shall be accepted for mailing when packed in crates, boxes, baskets or other suitable containers, so constructed as properly to protect the contents. Such packages to be transported outside of mail bags. All parcels containing eggs shall be plainly marked "EGGS." When necessary, they should be marked "THIS SIDE UP."

Eggs for hatching shall be accepted for mailing, when each egg is wrapped separately and surrounded with excelsior, wood-wool, or other suitable material and packed in a basket, preferably with a handle, or other suitable container, lined with paper, fiber-board or corrugated pasteboard, in such a way that nothing can escape from the package. Such parcels shall be labeled "Eggs for Hatching," "Keep from Heat and Cold," "Please Handle with Care," or other suitable words, and shall be handled outside of mail sacks.

104. **Perishable articles.**—Parcels containing perishable articles shall be marked "Perishable." Articles likely to spoil within the time reasonably required for transportation and delivery shall not be accepted for mailing.

Butter, lard and perishable articles, such as fish, fresh meats, dressed fowls, vegetables, fruits, berries and articles of a similar nature, which decay quickly, shall be accepted for mailing to any office which in the ordinary course of mail they can reach without spoiling, when inclosed in crates, boxes, baskets or other suitable containers, so constructed as properly to protect the contents and prevent the escape of anything therefrom. If necessary for safe shipment, such parcels shall be transported outside of mail bags. Berries, fruits and vegetables shall not be accepted for mailing unless they are in good dry shipping condition.

105. **Parcel post mail—care in handling.**—Although cautionary notices and instructions concerning the care and handling of parcel post packages have been issued from time to time, many patrons of the postal service still complain that parcels are being received in bad condition, and investigations show that in some instances the parcels were not properly packed and in others that the trouble was due to careless and rough handling of the mails. Postmasters, clerks, carriers, railway postal clerks, and all employees of the service are hereby warned that they will be held to strict account for damage to the mails for which they are responsible.

Clerks assigned to duty at the windows should be required to familiarize themselves with amended sections 474 and 475 of the Postal Laws and Regulations, providing for the proper packing of mail matter, and instructed to accept for mailing only such parcels as are prepared in conformity with this section.

Bulky packages which can be transported in mail bags must be hand-packed.

Packages which can not be safely handled in bags must be handled outside.

Heavy packages, such as castings, pieces of machinery, etc., must not be placed in bags with other mail matter which they are likely to damage on account of their weight.

Fragile parcels must be kept separate, so far as practicable, from other mail, and bags containing fragile parcels must have "Fragile" tags attached to them.

Articles of a perishable nature must not be accepted unless they are in such condition at the time of mailing as to reasonably assure their arrival at destination, and delivery in good order; this is obligatory in order to protect other mail matter and save loss to the owner.

Parcel post packages liable to damage must not be thrown from moving trains, and must not be sent by postmasters to trains which do not stop at their stations.

All parcels must be promptly handled and dispatched, and special care must be used to prevent delay to perishable articles.

Parcel post mail must not be thrown from cars, wagons, or trucks, but must be lifted therefrom, and it must be lifted into cars and wagons.

Parcel post mail must not be thrown down chutes, embankments, etc., but must be carried on trucks or otherwise from place to place. It must be piled in cars and wagons with care and so that fragile parcels will not be underneath other mail and must not be sat or stood upon.

Officers and employees are expected to pay particular attention to the way mail is handled and promptly report violations of these instructions. Employees under the jurisdiction of the postmaster who fail to use due care in the handling of parcel post mail should be disciplined by him and his action made known to the other employees through an official bulletin notice. Mail messengers and contractors and their employees, including employees of railroad companies, must handle mail with proper care. Dereliction on the part of an employee not under the direct supervision of the postmaster should be reported to the proper bureau of the Department.

WINDOW ENVELOPES.

106. "Window" envelopes, to be mailable, must be so prepared that the "window" or transparent panel in the front through which the address on the inclosure is disclosed, shall be parallel with the length of the envelope and shall be as transparent as possible. The "window" shall not occupy any space within $1\frac{3}{8}$ inches from the top nor within $\frac{3}{8}$ of an inch from the bottom or ends of the envelope. Such envelopes shall bear the card of the sender, that is, the name and address of the sender, which shall be placed in the upper left corner of the address side. No printing around the "window" is permissible, nor on any part of the envelope where it will interfere with a distinct postmark, rating indorsements, forwarding address, etc. The stationery used in "window" envelopes, or at least the portion upon which the exposed address appears, must be white, or, if colored, of a very light tint or shade. The use of dark-colored stationery in "window" envelopes is not permissible. Nothing but the name and address of the addressee should appear on that part of the inclosure visible through the "window." The address should be written clearly and boldly, preferably in typewriting, with ink of a dense black or other strongly contrasting color. Changes in address must not be made on the "window" but on the opaque portion of the envelope. "Window" envelopes not conforming to the foregoing are unmailable.

ADDRESSING MAIL MATTER.

107. Exercise care.—Because of carelessness in addressing and preparing matter for mailing, or failure of sender to place his name and address on it, millions of letters and other pieces of mail which can not be delivered or returned to the sender, are each year sent to the Division of Dead Letters or a branch thereof. This seriously impairs the efficiency of the postal service and causes much additional expense. The practice of some business concerns of omitting street numbers, etc., from their stationery and advertisements results in increasing the volume of insufficiently addressed mail. The Department urgently requests the public to exercise the greatest possible care to see that mail is sufficiently and correctly addressed, in order to secure its prompt and certain delivery, thereby relieving the postal service of much unnecessary expense and increasing its efficiency.

108. Write plainly the name of the person addressed, street and number, or number of rural route, post office and State in full. When the name of the State is abbreviated, frequently Va. and Pa., Md. and Ind., Colo. and Cal., Miss. and Minn., and others are confused and mail missent, as post offices of the same name are located in several different States.

109. Do not abbreviate or use lead pencil.

110. The words "general delivery" should not be used as a part of the address when delivery by city or rural carrier is desired, but only in cases when it is known or believed that the addressee calls at the general delivery for his mail.

111. The word "personal" does not affect the delivery of mail and should be placed only on mail intended for the personal attention of the addressee.

112. Directions for transmittal, delivery, forwarding or return of mail are deemed part of address.

113. "In care of ———"—Mail addressed to one person in care of another will be delivered to the first of the two persons named who may call for it, or to the address of the person in whose care it is directed, in the absence of other instructions.

114. Fictitious addresses.—Ordinary mail addressed to fictitious names of persons or firms, or to no particular person, will not be delivered unless directed to be delivered at a designated

place, as a post office box, street and number, or in the care of a person or firm receiving mail at the post office of address.

115. Postage stamps should be securely affixed to the upper right corner of the address side, care being taken that one does not overlap another.

116. Space must be left on the address side of all mail sufficient for a legible address and for all directions permissible thereon, for postage stamps, postmarking, rating, and any words necessary for forwarding or return. Not less than 3½ inches of clear space should be left for such purposes at the right end of the address side of all envelopes, folders, or wrappers of mail matter.

117. Avoid delay by depositing mail as soon as it is ready, thus insuring prompt dispatch. Much mail is deposited just at the close of the business day, and frequently such congestion follows that all of it can not be distributed in time to be given the first dispatch.

RETURN CARDS.

118. The sender's name and address must be placed on all fourth-class or parcel post mail, on all "window" envelopes, and on all registered mail and should be placed on all other mail, in the upper left corner of the envelope or wrapper. This will secure the return of first class mail when undelivered, and of mail of other classes under certain conditions. (See Undeliverable Matter.)

119. Time specified.—A return request should not specify a number of days fewer than three nor more than thirty. If the sender does not specify the number of days within which such mail shall be delivered, then it will be returned as follows: (a) After five days, if intended for delivery by village or rural carriers; (b) after ten days, if addressed "transient" or "general delivery" to a city; (c) after fifteen days, if addressed to an office not having city carrier service and not intended for delivery by rural carrier; and (d) at once under conditions described in paragraph 5, of section 632, P. L. & R., as amended March 13 1918.

120. A definite return address is required. The mere request to "return to office of mailing" as indicated by the postmark is not sufficient.

121. Hotel envelopes.—If the sender of a letter mailed in the envelope of a hotel desires to have the letter returned if not delivered, he should add to the hotel card a request to that effect, as unclaimed letters bearing the card of a hotel, club, school, college, or other public institution, which has evidently been printed upon the envelopes to serve as an advertisement, will not be returned unless the sender so requests.

DELIVERY OF MAIL.

122. Secs. 600-620, P. L. & R., contain the general rules governing the delivery of mail.

123. **Methods.**—Four methods are used for the delivery of mail: (1) The general delivery; (2) Through post office boxes; (3) By carriers in cities where delivery service is in operation, (4) By village rural and star route carriers. If patrons so direct, all mail intended for them, however addressed, will be delivered in one of these ways, but if such directions are not given, mail will be delivered as addressed.

124. **General delivery.**—The general delivery of post offices having carrier-delivery service is intended for the use of only those patrons who are not permanently located or who can not, for good and sufficient reasons, receive mail by carrier or through a post office box. The general delivery should not be used where it is possible to receive mail otherwise. Persons intending to remain for thirty days or more in a city having carrier service should file their names and street address at the post office so that their mail may be delivered by carrier. Persons applying for mail at the general delivery window, if unknown, may be required to prove their identity, and residents of cities having carrier service who call at the general delivery may be required to furnish a statement as to name and address and reason for calling at the post office for mail instead of receiving it by carrier.

125. **Post office boxes** are provided for the convenience of the public in the delivery of mail. Box rents must be paid quarterly in advance. The use of a box is restricted to one individual, family, firm, or corporation. The renter of a box may have delivered through it mail for his family, guests, transient boarders, employees who are members of his household, and, for a period not to exceed thirty days, mail of a person addressed in his care. A box rented by a firm may be used for the delivery of its mail, and by the consent of each member of the firm, the individual mail of each, of his household, and of the firm's office employees. A box rented by a corporation, association, or society may be used for the delivery of mail addressed to it and its officials. Boxes rented by schools, colleges, or public institutions, if consistent with the rules and usage thereof, may be used for the delivery of mail addressed to officers, students, employees and inmates.

CITY DELIVERY SERVICE.

126. Section 606, Postal Laws and Regulations, which governs the delivery of mail at city delivery offices is amplified by the instructions below.

127. **Heavy or bulky packages** of mail of any class shall be delivered as addressed, except that second-class mail shall not be delivered to street addresses whenever the quantity for any patron, regardless of the number of packages or parcels, exceeds the weight or size limit prescribed for parcel post mail. No distinction is to be made in the matter of delivery between the different classes of mail except as noted herein.

128. **Parcel post mail** for patrons who receive mail through the general delivery or rented boxes may be delivered by carrier upon request.

129. **Carriers' mail called for at post office.**—Postmasters are not required to withdraw mail in the course of delivery by carrier in order to deliver it to callers. (Mail is considered to be in course of delivery as soon as it has been distributed to the carriers.)

130. **Above second floor.**—Carriers shall not be required to deliver mail above the second floor of office buildings not equipped with elevators, nor to the different rooms or suites on any floor in apartment houses, whether or not they are equipped with elevators.

131. **City delivery limits may not be extended** by postmasters without specific authority from the Department. (See sec. 607, Postal Laws and Regulations.) Such authority will be given only when the territory to which it is proposed to extend service is provided with good continuous sidewalks, crosswalks, street lights and street signs, and when the houses are numbered and provided with mail receptacles or slots in the doors for the receipt of mail. Service will not be extended to any block in which less than 50 per cent of the building lots are improved and houses occupied. When two or more building lots constitute the grounds of one residence the plot may be regarded as improved.

132. **When recommending the extension of service** the postmaster must certify that each of the foregoing requirements is met, and must show clearly the relation of the extension to the territory already being served, the number of deliveries to be made daily, the distance the carrier will travel and the time required to serve the new territory, and whether additional cost to the Department is involved.

RURAL DELIVERY SERVICE.

133. **Mail is delivered by rural and star route carriers** to persons (except those residing within city-delivery limits) who properly place mail boxes on the lines of travel of such routes. Mail boxes on rural and star routes must conform to the prescribed specifications and be approved by the Post Office Department. Mail will be delivered only to the boxes of persons to whom it is addressed or the boxes of persons duly authorized to receive it. Rural carriers may deliver mail to patrons whom they meet on the route, provided their identity is known and such delivery does not unduly delay the carriers.

134. **Mail addressed to box and route number may be delivered.**—Mail other than registered, insured and C. O. D. mail, for delivery by rural carriers which is addressed merely to the box and route number may be delivered to the owner of the box as long as no improper or unlawful business is conducted in this manner.

135. **Holidays to be observed by rural carriers.**—Service is not required on rural routes on New Year's Day, Washington's Birthday, Memorial or Decoration Day (May 30), Fourth of July, Labor Day (the first Monday in September), or on such day as the President may set apart as Thanksgiving Day.

136. **When holiday falls on Sunday.**—When a holiday on which service is not required falls on Sunday, the following Monday is observed. Rural carriers are not permitted to substitute any other day therefor.

137. **Standard designs of mail boxes for rural and star routes.**—Consult the local postmaster.

SPECIAL DELIVERY SERVICE.

138. **Sections 845 to 874, Postal Laws and Regulations,** govern special-delivery mail.

139. **Special delivery service** is the prompt delivery of mail by messenger during prescribed hours to persons who reside within the carrier limits of city delivery offices, to patrons of rural service who reside more than one mile from post offices but within one-half mile of rural routes, and to residents within one mile of any non-city-delivery post office.

140. **How obtained.**—This service is obtained by placing on any letter or article of mail a special delivery stamp or ten cents worth of ordinary stamps in addition to the lawful postage. When ordinary stamps are used the words "Special Delivery" must be placed on the envelope or wrapper, directly below but never on the stamps; otherwise the letter or article will not be accorded special delivery service.

141. **Hours of delivery.**—From 7 a. m. to 11 p. m. at city delivery offices, and from 7 a. m. to 7 p. m. at all other offices, or until after the arrival of the last mail, provided that be not later than 9 p. m. Special delivery matter will be delivered at post offices of the first and second classes on Sunday, and at other offices if open on Sunday. Special delivery will be made at all offices on holidays.

142. **One delivery only attempted.**—When special delivery mail can not be delivered for the reason that no one is present to receive it or for other cause, notice is left at the place of address and the mail returned to the post office, and it is thereafter treated in all respects as ordinary mail.

143. **Forwarding.**—Special delivery mail may be forwarded under the same rules as ordinary mail, and is then entitled to special delivery service unless an attempt was made to effect delivery at the office of original address.

144. **Does not insure unusual safety.**—When it is desired to send money or other valuables by special delivery the matter should also be registered or insured. A special delivery stamp does not insure unusual safety or a personal delivery to the party addressed.

VILLAGE DELIVERY SERVICE.

See pages 65 and 66.

MISCELLANEOUS RULES OF DELIVERY.

145. **Pension checks.**—Letters bearing a printed endorsement referring to the Act of August 17, 1912, must not be delivered to any one in case the addressee has died or has re-enlisted, is under guardianship or is away permanently from the delivery of the post office addressed, or, if a widow, has remarried. Such letters must not be forwarded to another post office under any circumstances nor be placed in lock or call boxes or delivered by city or rural carriers into receptacles on their routes. (See section 608, P. L. & R., as amended Dec. 16, 1915.)

146. **Prisoner's mail.**—A letter addressed to a person imprisoned to await trial, upon indictment, or pending indictment, should be delivered in accordance with the order of the person addressed. In the absence of an order, the mail may be delivered to the sheriff or officer having charge of the prisoner.

147. **Husband or wife.**—Neither husband nor wife can control the delivery of mail addressed to the other, against the wishes of the one to whom it is addressed. In the absence of instructions to the contrary, the wife's letters will be delivered with the husband's mail unless they be known to live separately.

148. **Minors.**—The delivery of mail addressed to a minor is subject to the orders of the parent or guardian upon whom the minor is dependent. (See section 609, P. L. & R.)

149. **Persons of the same name.**—Where two or more persons of the same name receive mail at the same post office, they should adopt, where practicable, some form of address or other means by which their mail may be distinguished.

150. **Officials.**—Mail addressed to a public official, or to an officer of a corporation, by his title, will be delivered to the person actually holding the office designated in the address, the assumption being that the mail is intended for the officer as such.

151. **Advertised mail.**—The addressee of an advertised letter or other piece of mail is required to identify it and pay a fee of one cent before receiving it. (See article 74, page 18, regarding postage due.)

152. **Wrong delivery.**—A person receiving mail not intended for him should return it promptly to the post office for proper disposition. If such mail has been opened by mistake it should be endorsed, "Opened by mistake," with the signature of the person receiving it.

153. **Delivery to sender.**—When the sender of a letter desires to recall it, his application must be submitted to the postmaster at the office of mailing.

FORWARDING OF MAIL.

154. **Orders for.**—A person desiring to have his mail forwarded should file with the postmaster at the office of address a request signed in writing, giving his present address, the full address to which mail is to be forwarded, and specific information as to the time during which the order is to be observed. An unlimited order affecting general delivery mail at a city-carrier post office expires at the end of 30 days unless renewed. If a person who has filed such an order at a post office returns to the delivery of that office before the expiration of the time indicated in his forwarding order he should immediately have the order canceled.

155. **For regulations governing forwarding of mail, including matter forwardable without additional postage charge,** see section 595, P. L. & R., and article 34, page 96 of this Guide.

156. **Forwarding matter with postage due stamps affixed.**—For information relative to forwarding matter to which postage due stamps have been affixed, see section 599, P. L. & R.

157. **What mail may be forwarded after delivery.**—Upon being properly readdressed and deposited in the post office originally addressed, or a street letter box of such office, mail (except pension checks) may be forwarded after delivery. This applies to mail erroneously delivered or addressed; to mail addressed in care of another; and to mail opened inadvertently upon misdelivery, in which case it should be indorsed "Opened by mistake" and signed by the person who opened it.

158. **First class.**—Only first-class mail can be forwarded from one post office to another without a new prepayment of postage. This includes letters and other first-class matter prepaid one full rate (3 cents), postal cards, post cards (private mailing cards), and official matter.

159. **Drop letters.**—*Prepaid 2 cents* may be forwarded on payment of 1 cent additional postage. (See sec. 404, P. L. & R., for exception to requirement of prepayment of additional postage.)

160. **Other classes.**—A new prepayment of postage on mail of the second, third and fourth classes must be made by the addressee or someone for him, every time it is forwarded, as follows: (a) second-class matter, 1 cent for each four ounces or fraction thereof; (b) third-class matter, 1 cent for each two ounces or fraction thereof; (c) fourth-class or parcel post matter, at the rate applicable between the forwarding office and the one to which the mail is forwarded.

161. **Exceptions.**—A change of street number to secure delivery at the office of address is not a "forwarding" and does not subject the mail to additional postage.

Patrons of any office, who, on account of a change in the postal service, receive their mail from another post office, may have mail matter of all classes transmitted to that office without additional charge for postage, provided they first file with the postmaster at the former office a request to have their mail so sent. This is not to be construed as "forwarding" within the meaning of the law.

Mail matter of all classes addressed to persons in the service of the United States (civil, military, or naval) whose change of address is caused by official orders will be transmitted until it reaches the addressee without a new prepayment of postage.

162. **Hotels, clubs, etc.**—Managers of hotels and officers of clubs, boards of trade, and exchanges, should not hold unclaimed mail addressed to their care longer than ten days, except at the request of the person addressed, and should redirect it for forwarding if the present address is known; otherwise, such mail should be returned to the post office.

163. **Unnecessary inscriptions not permitted.**—Inscriptions not necessary to proper forwarding subject the matter to new prepayment of postage.

164. **Notice of postage for forwarding mail of the second, third or fourth class will be sent to a person who has filed a forwarding order.** After such notification the mail may be delivered to the addressee at the office from which the notice was sent, without payment of the forwarding postage, provided he shall first revoke the forwarding order, thus obviating the necessity of sending notices that are inoperative; or if he does not revoke his forwarding order, the matter may be delivered to him on payment of one cent for each notice sent him.

UNDELIVERABLE MATTER — RETURN OF, ETC.

165. **First class.**—Letters and other mail of the first class prepaid one full rate (3 cents); official matter and reply (double) postal cards, and single postal and post cards deposited for local delivery, when undeliverable, will be returned to the sender without additional postage, provided such mail bears the name and address of the sender. Single postal cards and post cards not deposited for local delivery will not be returned to the sender.

166. **Letters bearing return cards.**—Letters in the general-delivery boxes must be looked over frequently in order that the return requests thereon may be complied with. Return requests upon letters properly placed in rented boxes need not be observed. (See section 632, P. L. & R., as amended February 28, 1916.)

167. **Retention in post office at addressee's request.**—Letters bearing return cards can not be held at the addressee's request, at the office of address, beyond the time indicated in the return card, unless properly delivered to a post-office box.

168. **Second class matter mailed by publishers.**—For instructions as to treatment of undeliverable copies of second-class matter mailed by publishers, see sections 640, 641, 642 and 590, P. L. & R., and the following additional instructions in articles 169 to 177, inclusive.

169. **The notice to the publisher on Form 3578 should show plainly and legibly:**

a. The name of post office and State, and postmark of the office sending the notice showing date on which sent.

b. Name and address of subscriber as it appears on undeliverable copy. If a subscription or "key" number is given, it should also be shown on Form 3578. This information is highly important to the publisher.

c. Reason why copy is undeliverable. In case of a change of address, local or otherwise, the new address should be given, when known.

d. The full and correct name of the publication and place where published.

170. The retained copy of Form 3578 should be filed with care among the records of the post office that it may be available for future reference.

171. Notices to be inclosed in penalty envelopes, when.—When sending at one time ten or more notices on Form 3578, regarding undeliverable copies of the same publication, the notices shall be inclosed in a penalty envelope addressed to the publisher in order to save time and labor in handling such notices while in transit and at the office of delivery. The notices so sent shall be completely filled in and postmarked with the date of dispatch the same as if they were sent in the mails openly.

172. What undeliverable copies are to be returned.—ONLY SUCH UNDELIVERABLE COPIES OF SECOND-CLASS PUBLICATIONS ARE TO BE RETURNED AS ARE RECEIVED AFTER FIVE WEEKS FROM THE DATE OF NOTICE TO THE PUBLISHER ON FORM 3578. HOWEVER, IF TWO ISSUES OF THE PUBLICATION HAVE NOT BEEN PUBLISHED DURING THE FIVE WEEKS FOLLOWING THE SENDING OF THE NOTICE, ONLY SUCH COPIES AS ARE RECEIVED AFTER TWO ISSUES SHALL HAVE BEEN PUBLISHED ARE TO BE RETURNED UNDER LABEL FORM 3579.

173. Disposition of copies received during period of five weeks after notice.—Copies received during the five weeks, or before two issues shall have been published following the sending of the notice, must not be returned to the publisher, but should be disposed of in accordance with the provisions of section 642, P. L. & R.

174. Disposition in case of change in local address.—In case of a change of *local* address, the copies received during the period prescribed must be delivered to the subscriber at his new address, if known. Copies received after the expiration of such period should be returned to the publisher.

175. Return label must not be placed over address or other inscriptions.—When pasting or affixing label Form 3579 to an undeliverable copy of a publication or to the wrapper thereof, care should be taken that the name and address of the subscriber, as well as the subscription or "key" number, are not covered or obscured by the label. Light lines only should be drawn through the original address.

176. Label Form 3579 must show **PLAINLY** the correct name and address of the publication, the amount of postage due on the copy *at the third-class rate*, the postmark of the office from which returned, *and in addition the date when the notice on Form 3578 was sent to the publisher*. No space is provided for the latter information on the present Form 3579, and postmasters will, therefore, insert such information in the best manner possible until new forms containing this provision are furnished.

177. When undeliverable copies may be sent to branch office.—When the wrapper of a publication bears a request that notice concerning undeliverable copies be sent to a branch office of the publisher instead of to the post office where the publication is entered as second-class matter, such request should be complied with, and any undeliverable copies of the publication properly returnable under the law should likewise be sent to the branch office designated on the wrapper. However, postmasters must not comply with written or other requests from publishers or their agents to send the notice to a branch office, if the wrappers of the publications do not bear such request, but they should send the notices to the post office where the publication is admitted as second-class mail matter. In all cases the undeliverable copies must be sent to the same place to which the notices were sent.

178. Third and fourth-class matter, and second-class matter mailed by the public.—For general regulations governing return or other disposition of undeliverable matter of the third and fourth classes, and second-class matter mailed by the public, see Section 637, P. L. & R. The required postage for the return of such matter must be prepaid by stamps affixed to each separately-addressed piece. The matter may not be returned in bulk. (See paragraph 4, section 637, P. L. & R.)

When matter of other than the first class which is of obvious value, or bears a pledge to furnish return postage, can not be delivered, the postmaster will notify the sender of that fact; and such matter will be returned to the sender only upon new prepayment of postage. After notification of non-delivery such matter will be held not longer than two weeks, unless the office of mailing be so remote from the office of address that a response could not be received from the sender within that time.

179. Habitual failure to redeem pledge.—Whenever the senders of undeliverable mail matter of the third and fourth classes which in itself is not of obvious value but bears the senders' pledge to furnish return postage, habitually fail to redeem it by providing postage for forwarding or returning after having been sent official card notice in accordance with the Regulations, postmasters should inform them that thereafter no notice of postage required on undelivered matter will be sent. Postmasters should keep a record of the mailing of postage notices in order fully to sustain such action.

180. Mail without value.—The senders of ordinary third-class matter that is obviously without value and does not bear the senders' pledge to furnish return postage should not be notified of the non-delivery of such matter.

181. Matter bearing precanceled stamps.—When mail of the transient second class, or of the third or fourth class, bearing precanceled postage stamps, is returned under the provisions of Section 637, P. L. & R., or remailed, postmasters shall thoroughly deface such stamps with the canceling stamps of their respective offices, at the time of canceling those affixed to the matter in payment of the postage for its return or remailing. When such matter reaches the office of original mailing for return to the sender, the postmaster at such office shall, if the precanceled stamps have not been defaced by the postmaster at the returning office, deface such stamps with the canceling stamp of his office before delivering the matter to the sender.

182. Original address not to be defaced on returned matter.—When returning to the sender undeliverable matter, the original address thereon should not be defaced or obscured in such manner as to make it impossible for the sender to read the address and correct his mailing list. Light lines only should be drawn through the original address.

POSTAGE STAMPS, POSTAL CARDS, STAMPED ENVELOPES, NEWSPAPER WRAPPERS, INTERNATIONAL REPLY COUPONS.

POSTAGE STAMPS.

1. Adhesive postage stamps are issued by the Department in the following denominations: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 20, 24, 30 and 50-cent; \$1, \$2 and \$5; special-delivery stamps, 10c; stamp books, containing 24 1c, 96 1c, 12 2c, 24 2c, 48 2c, 12 3c or 24 each 1c and 2c stamps. These booklets are interleaved with paraffin paper to protect the stamps, and are sold at an advance of 1c each over the value of the stamps. The 1, 2, 3, 4 and 5-cent stamps are also supplied in coils of 500 or 1,000, with a coiling charge of 3c and 6c respectively above the value of the stamps.

2. Unperforated postage stamps.—The Department is prepared to issue 1-cent, 2-cent and 3-cent postage stamps without the usual perforations, when desired in that form for sale to the public for use in automatic stamp-affixing or stamp-vending machines. (Sec. 120, P. L. & R.) The unperforated stamps are in sheets of 400 each. To secure them, requisition should be drawn on Form 3201, with the word "Unperforated" plainly written on the face of the blank. Unperforated stamps may be sold to the public in any quantity not less than a sheet of 400; but postmasters will not be supplied with such stamps to be sold for use on mailings to be dispatched from other than their own post offices. See sec. 332, P. L. & R. Postmasters will notify purchasers that the unperforated stamps should be cut apart accurately. See paragraph 3, sec. 537, P. L. & R.

3. Stamps in coils.—The Department issues postage stamps in coils of 500 and of 1,000. (Sec. 120, P. L. & R.) The stamps are coiled on paper cores $\frac{1}{2}$ inch in diameter. To secure stamps in this form central-accounting and direct-accounting postmasters will draw requisition on Form 3201, and give the following information on the blank:

a. Whether the stamps are desired in coils of 500 or 1,000 stamps each.

b. Whether the strips should be arranged with the stamps endwise or sidewise.

52. Coiled stamps available.—The following denominations of stamps are available in coils: One-cent, 2-cent and 3-cent, coiled endwise or sidewise.

Four-cent and 5-cent, coiled sidewise only.

4. Invalid stamps; perforating of stamps for identification.—For regulations governing invalid stamps, the perforating of postage stamps for identification, etc., see section 537, P. L. & R.

5. Use of ordinary and parcel-post stamps.—Ordinary postage stamps, including commemorative issues, shall be valid for postage and for insurance and collect-on-delivery fees on fourth-class mail, and distinctive parcel-post stamps shall be valid for all purposes for which ordinary stamps are valid. The regular issue of due stamps and distinctive parcel-post due stamps shall be valid for the collection of unpaid and short-paid postage on all classes of mail.

6. Discontinuance of parcel-post stamps.—The issuance of parcel-post stamps and parcel-post due stamps to postmasters shall be discontinued after the stocks now on hand in the Bureau of Engraving and Printing are exhausted, and no additional supply of these stamps shall be printed.

7. Parcel-post due stamps must not be sold.—It has come to the notice of the Department that parcel-post due stamps have been sold at certain post offices to stamp dealers and collectors or their agents. The sale of due stamps by the postal service is prohibited by law (See Sec. 121, P. L. & R.), and postmasters and their subordinates will govern themselves accordingly.

8. Discontinuance of Panama-Pacific stamps.—The Department's supply of Panama-Pacific commemorative postage stamps is exhausted. The stamps of this series already issued will continue to be valid for postage, and postmasters having them on hand will work them out of stock by selling them to patrons who do not prefer the ordinary issue.

9. Ten-cent registry and twenty-five-cent stamps discontinued.—Many postmasters continue to draw requisition for 10-cent registry stamps and 25-cent postage stamps. Both of these denominations have been discontinued and requisitions cannot be filled. Ordinary stamps to the amount of ten cents should be used for payment of registry fee. The 13-cent denomination is especially adapted to payment of registry fee and a single rate of letter postage.

10. Stamps not kept in postoffice stock.—Postage stamps, postal cards and stamped envelopes of varieties for which there is comparatively little public demand are not ordinarily kept on sale in post-offices, but postmasters will always, upon request, provide themselves with listed varieties

not usually carried in stock. Such requests should be made in time to enable postmasters to obtain the stamps upon requisition. See section 69, page 38.

11. **Redemption of postage stamps, stamped envelopes and postal cards.**—Adhesive postage stamps held by the public are not redeemed nor exchanged unless an error has been made in the denomination, in which case application for exchange should be made at the postoffice within two business days by the original purchaser. Stamped envelopes spoiled in addressing are redeemable at postage value if presented at the postoffice in a substantially whole condition, and unutilized postal cards are redeemable at 75 per cent of face value; provided, that stamped envelopes or postal cards bearing printed addresses are redeemable from original purchasers only. When redemption is desired of specially large quantities of stamped envelopes or postal cards, postmasters are required to submit the application to the Post Office Department for special ruling. Redemptions are made in postage stamps, stamped envelopes or postal cards, as preferred by the owner, but not in cash.

12. **Good for postage.**—All postage stamps, stamped envelopes and postal cards issued by the United States since 1860 are good for postage in the United States, Guam, Hawaii, Porto Rico, Tutuila, and the Virgin Islands of the United States, but not in the Canal Zone or the Philippine Islands, except that embossed stamped envelopes, single domestic postal cards, and the reply half of double domestic postal cards of the United States, are valid for postage in the Philippine Islands when addressed to the United States. Postage stamps of the Canal Zone or Philippine Islands are not good for postage in the United States, except that embossed stamped envelopes, single postal cards and the reply half of double postal cards of the Philippine Islands, are valid for postage in the United States when addressed to the Philippine Islands.

13. **Not good for postage.**—Postage-due and special-delivery stamps, mutilated or defaced stamps, internal revenue, war-savings and thrift stamps, and stamps cut from embossed stamped envelopes, newspaper wrappers, or postal cards, are not good for postage.

14. **Remittances.**—Postage stamps should not be used in making remittances. Ample registry and money-order facilities are provided for the safe transmission of money by mail.

15. **Currency.**—Postmasters are not required to accept in payment for postage stamps, etc., any currency which is so mutilated as to be uncurrent or as to render its genuineness doubtful; nor are they required to receive more than 25 cents in copper or nickel coins in any one payment. Postmasters are expected to make change whenever possible, but are not permitted to give credit for postage.

16. **Unlawful disposition of stamps and other stamped paper and the penalties imposed for such acts.** See sections 332 and 334, P. L. & R.

POSTAL CARDS.

17. The following varieties of postal cards are issued: No. 5 1c domestic single, 3 by 5 inches; No. 8 1c domestic single, 3¼ by 5½ inches; No. 6 1c domestic reply, 3¼ by 5½ inches (each half); No. 7 2c foreign single, 3¼ by 5½ inches; No. 9 2c domestic single, 3¼ by 5½ inches; "F" 2c foreign reply, 3¼ by 5½ inches (each half). A 1c adhesive stamp must be affixed to the 1c cards by the user to make them available for postage under the new rate of 2c for postal cards.

18. **Sheets of postal cards.**—When so desired for printing purposes, postal cards are furnished in sheets as follows:

* DESIGNATION.	Cards per sheet.	Width of sheet.	Length of sheet.	Packed in cases of
		Cards.	Cards.	
No. 5 1 cent single.....	18	2	9	4,500
No. 6 1 cent double.....	24	4	6	6,000
No. 8 1 cent single.....	48	4	12	12,000
No. 9 2 cent single.....	48	4	12	12,000

19. **Cutting of sheet cards.**—To be valid for postage, the sheet cards should be cut to regulation size stated in paragraph 2.

STAMPED ENVELOPES AND NEWSPAPER WRAPPERS.

20. **Price list.**—A copy of the current price schedule of stamped envelopes and newspaper wrappers must be kept posted conspicuously in the post office where the public can read it. If the postmaster has none, application should be made to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, for copies of the latest schedule (form 3200), which appears on pages 32 to 35 of this Guide.

21. **Sizes most used.**—Nos. 5, 8 and 13 envelopes are the sizes in most common use. No. 5 3-cent first quality should be secured if only a single variety is kept for sale in post office stock.

22. **Colors.**—Nos. 1, 10 and 11 are furnished in first-quality white only; all other first-quality envelopes are white or amber. No. 6 second-quality is supplied only in white paper; all other second-

quality envelopes are buff or blue. Unless otherwise requested by postmasters, their requisitions for first quality are filled with white envelopes, and requisitions for second quality envelopes (except No. 6 white) are filled half with blue and half with buff.

23. **Ungummed envelopes.**—Nos. 6, 8 and 13 1-cent envelopes are issued with ungummed flaps for mailing of third-class matter.

24. **Care in drawing requisitions.**—Care should be taken not to draw requisition for envelopes of an unsalable size, quality, or denomination. The postmaster will be held responsible for errors of this kind, and credit at postage value only will be allowed by the Department in redemption.

PRINTED ("SPECIAL-REQUEST") STAMPED ENVELOPES.

25. When so ordered in lots of 500 or a multiple of 500 of a single size, quality and denomination, the Department prints the purchaser's return-card on stamped envelopes. The return-card consists of a request to return after a given number of days, the name of the purchaser, and his street number, post office box, or other local address; post office, county and State. The Department is prohibited by law from printing advertisements on stamped envelopes. The printing of return-cards is done on special orders which should be placed at the purchaser's post office. Two kinds of type are used—a large type for short names and a condensed type for long names. The style of return-card is as follows:

For envelopes intended to
inclose letters.
After 5 days, return to
JOHN DOE,
1234 5th St.,
NEW YORK, N. Y.

For envelopes intended to inclose
third-class mail.
Postage for return will be sent
on notice after 5 days to
RICHARD ROE,
678 9th Av.,
CHICAGO, ILL.

26. **Value of return-cards.**—The use of return-card stamped envelopes is of much mutual advantage to the public and to the postal service, insuring the return of undeliverable letters to the sender.

27. **Local addresses to be included in return-cards.**—The delivery and redelivery of letters is frequently delayed and often made impossible by the omission of an important part of the address on return-card, such as the street number, room number in an office building, or location at street intersections. The great increase of indefinite addressing has become a source of serious embarrassment to the postal service and affects the efficiency of service to the public adversely. To facilitate prompt return of undeliverable letters to senders, and as an example to the public with reference to the use of definite locations in return-cards and original addresses, paragraph 2, Section 340, Postal Laws and Regulations, is construed to require the name of street and number to be included in return-cards printed by the Department for post offices having city-delivery service; or in lieu thereof, the name of a building and room number therein if the building is sufficiently well known to be listed in the city directory; or the names of intersecting streets with the exact location (for example, "Northwest corner First and A streets," "Southwest corner Second and B streets," etc.); or a post office box number.

28. **Exceptions.**—The definite local address will be omitted only for reasons which shall be satisfactory to the Department and which must be stated by the postmaster in a letter securely pinned to his requisition. Contrary to this ruling some postmasters are sending requisitions to the Department without a definite local address in the purchaser's return-card and giving as their reason the prominence of the purchaser. No exception is made in favor of prominent purchasers; the only exception is in the case of purchasers having no street address or post-office box number. The Department depends upon and expects the cooperation of postmasters in applying this ruling. It was issued primarily to promote the efficiency of the postal service, a matter of great importance, particularly to business men. When this view of the matter is brought to their notice, it is not doubted that purchasers of special-request stamped envelopes will concur in the ruling.

OFFICE REQUEST STAMPED ENVELOPES.

29. **Stamped envelopes, blank return-card.**—Stamped envelopes with blank return-cards, known as "office-request" envelopes, are kept on sale in post offices. The return-card includes blank lines on which the user's name and local address or post office box may be written with pen, and names of post office and State, for example:

After.....days, return to
.....
.....
AARON, GA.

For rural delivery patrons:
After.....days, return to
.....
R. R. No. 1,
AARON, GA.

30. **Advantages.**—The use of "office-request" stamped envelopes by patrons of the postal service should be encouraged by postmasters. The presence of the blank return-card is of much mutual benefit to the public and the postal service; when purchasers of these envelopes complete

the card by writing their names and local addresses on the blank lines, it insures prompt return of undelivered letters to the senders, lessens the work of the Division of Dead Letters, and tends to encourage the use of return-cards on other mail.

31. **Stamped envelopes, unprinted.**—Stamped envelopes without individual or blank return-cards are kept on sale for purchasers who prefer to print their own return-cards in special styles.

32. **Newspaper wrappers.**—Stamped newspaper wrappers are furnished in 1c denomination, size $5\frac{1}{2}$ by $10\frac{1}{2}$ inches, and 2c, size 8 by 12 inches.

33. **Price lists** of printed and unprinted stamped envelopes and of newspaper wrappers are published on pages 32 to 35 of this Guide. The prices include delivery at the purchaser's post office.

HIGH-BACK STAMPED ENVELOPES.

34. **Advantages.**—Postmasters are directed to invite the attention of patrons to the "High-Back" stamped envelopes now issued by the Department in the more popular sizes, Nos. 5, 8 and 13. They contain more paper than the low-back envelopes, are cut higher in the back, are better suited to bulky inclosures, and many users prefer them as having a better appearance.

35. **To be brought to notice of purchasers.**—To encourage the use of these envelopes, when a purchaser of special-request envelopes places an order, the postmaster or clerk who receives it should ask, "Do you want high-back envelopes?" and their advantages should be explained as stated in Sec. 34. Prices are published on pages 33 and 35.

WINDOW STAMPED ENVELOPES.

36. **Advantages.**—These envelopes are of decided advantage to business houses, because they are ready for use without either stamping or addressing, and thus constitute an important labor-saving device. Letters are made ready for mailing earlier. Errors of misdirection are minimized. Prices, including printed return-card and delivery at purchaser's post office, are printed on page 33. The rules in section 106, page 22, will govern their use.

37. **Size and position of window.**—The "windows" are $4\frac{15}{16}$ inches long and $1\frac{3}{16}$ inches high. In the No. 5 envelopes the "window" is located about $\frac{5}{8}$ inch from the left edge and $\frac{7}{16}$ inch from the bottom. In the No. 8 the "window" is about $\frac{13}{16}$ inch from the left edge and $\frac{1}{2}$ inch from the bottom. This information is given so that inquirers may determine whether the addresses on their inclosures will fit the "window."

38. **Not furnished plain.**—Window stamped envelopes are furnished only with printed return-cards, and not plain.

EXTRA QUALITY STAMPED ENVELOPES.

39. **Superiority.**—Extra-quality envelopes are made from a superior grade of paper suited to fine letter paper. The sizes are Nos. 5, 8, 10, 11 and 13.

None of them is furnished with printed return-cards of purchasers, the prices here listed for these varieties applying only to "office-request" envelopes.

INTERNATIONAL REPLY COUPONS.

40. International reply-coupons, of the denomination of 8 cents each, are issued for the purpose of sending to correspondents abroad. 41. How used.—In sending reply-coupons to correspondents in foreign countries, they should be informed that the reply-coupon is not itself good for postage, but must be exchanged at the foreign postoffice for a postage stamp to be used in prepaying postage on the reply.

42. Value.—International reply-coupons issued by certain countries bear the printed denomination "30 cts." This means 30 centimes French, and not 30 cents American. Postmasters must be careful not to redeem such reply-coupons at more than 5 cents each, the rate fixed by Section 345, Postal Laws and Regulations.

STATUTES AND REGULATIONS.

43. Information and instructions concerning postage stamp supplies, their issuance, custody, sale and use, will be found in sections 13, 47, 69, 72, 73, 119 to 132, 150-152, 270, 272, 273, 331 to 346, 361, 364, 391, 400, 401, 459, 463, 501, 530, 537-539, 552, 576, 587, 590, 591, 634, 637, 650, 782, 784, 785, 813, 819, 854, 912, 949-951, 1277, 1278, 1317, 1607, 1615, 1683, 1684, P. L. & R. The following instructions are supplementary:

REQUISITIONS FOR STAMPED PAPER.

44. Requisition blanks.—Postage stamps and other stamped paper must be secured by central-accounting and direct-accounting postmasters from the Third Assistant Postmaster-General, Division of Stamps, by requisition on the following blank forms:

For ordinary and special delivery stamps, books of stamps, postage due stamps, postal cards, unprinted stamped envelopes and newspaper wrappers, postal saving cards and stamps, and international reply coupons, war savings, thrift, and internal-revenue stamps, No. 3201.

For special-request and office-request stamped envelopes, No. 3202.

45. District postmasters will obtain special-request and office-request stamped envelopes by requisition through their central-accounting postmasters on Form 3202-d; and all other stamp stock by requisition on Form 3338.

46. Requisitions must not be delayed.—Many postmasters neglect to draw requisition for postage stamps and other stamped paper until their stock is nearly exhausted. Paragraph 2, Section 334, P. L. & R., requires requisitions to be drawn well in advance of the postmaster's needs; and sufficient time should also be allowed to return the requisition for any necessary correction, or for correspondence concerning it.

47. **Frequent requisitions to be avoided.**—Frequent requisitions (except for special-request envelopes) must be avoided. Postmasters at central-accounting and direct-accounting offices must carefully estimate their probable needs, and draw requisition for three to twelve months' supply of stamps, stamp books, cards, envelopes, etc., at the same time, *but not exceeding the amount that can be given adequate protection.* See sections 361 and 364, Postal Laws and Regulations, as to care of stock. Large requisitions greatly facilitate and simplify the Department's work, and minimize accounting in post offices. See paragraphs 60, 64, 65 and 69, page 38.

48. **Amount of requisitions.**—On account of the growing frequency of burglaries, postmasters are directed to draw requisition, about one month in advance of their needs, for not exceeding three months' supply of postage stamps at a time *if they cannot protect a larger quantity.*

49. **Protection of stamps.**—If, however, the post office is in a Government building, or has a burglar-proof safe (see Sec. 54), or if the surplus stamps above the amount required for one week's average sales can be stored for safekeeping in the vault of a local bank or other place more secure than the post office, in compliance with Sections 361 and 364, P. L. & R., or if the night police protection is ample, requisitions should be drawn for three to twelve months' supply, as fewer requisitions greatly lessen the work of issuing and accounting for postage stamps, and large stocks enable postmasters to provide better and more prompt service to the public. See Secs. 53 to 56.

50. **Indorsement as to protection.**—To indicate that special provision is made to safeguard the property of the Government, in accordance with Sections 361 and 364, P. L. & R., postmasters shall indorse the face of all requisitions, "These stamps can be protected." Postmasters who occupy Government buildings shall indorse their requisitions "Federal building."

51. **If stamps cannot be protected.**—If the surplus stamps cannot be given reasonable protection, requisitions should be indorsed "See letter," and a letter briefly explaining the conditions should be mailed to the Third Assistant Postmaster General, Division of Stamps.

52. **Failure to indorse requisitions as to protection.**—Failure to comply with paragraphs 50 and 51 of the foregoing instructions makes it necessary to return requisitions to postmasters, delaying the issuance of stamped paper and placing extra work upon the Department. Postmasters are urged to acquaint themselves with these instructions and to be guided by them.

53. **Removal to more secure place than post office.**—If the post office is not sufficiently safe, the funds and money-order blanks, as well as the postage and war-savings stamps, should be removed to a more secure place, in accordance with Sections 361 and 364, P. L. & R. *Immediate* action cannot be too strongly urged, because post offices in different parts of the country are being attacked by burglars *every night.* Postmasters are held personally responsible for the loss of Government stamps and funds which have not been given the best available protection.

54. **Post office safes.**—Ordinary iron safes with combination locks are not burglar-proof; they are easily opened with explosives. Post office safes should therefore not be relied upon for protection unless rated by the manufacturer as burglar-proof.

55. Postal cards and stamped envelopes need not be removed to a more secure place than the post office, as they are rarely taken by burglars because of their weight and bulk.

56. **Care of stamp books in post offices.**—In adjusting claims of postmasters for credit on account of loss of stamp books resulting from burglary, fire, or other unavoidable casualty, it is sometimes found that stamp books are kept with the postmaster's stock of stamped envelopes and postal cards in unlocked closets or on shelves without special protection. Stamp books should not be stored unprotected with stamped envelopes and postal cards, but should be given the same special protection required by Section 361, P. L. & R., to be given adhesive stamps in sheet form.

57. **A complete list of stock on hand** should be reported in the proper columns of requisition form 3201, and last quarter's total sales should be reported in the space above postmaster's signature.

58. The Department, with a limited clerical force, fills an average of more than 3,000 requisitions daily. It is desired to impress upon postmasters that careful compliance with the published instructions in preparing their requisitions helps the Department to act upon them promptly and intelligently. The co-operation of postmasters in this respect is earnestly solicited. Postmasters whose requisitions are prepared by their assistants or other employees should require them to familiarize themselves with these rules.

QUANTITIES OF STAMPED PAPER SUPPLIED.

59. Stamped paper is issued by the Department to postmasters in the following minimum quantities or multiples thereof:

Ordinary stamps, 1,000 of either 1, 2, or 3-cent; 100 of 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 20, 24, or 30-cent; 10 of 50-cent, \$1, \$2 or \$5.

Special-delivery stamps, 10.

Stamp books, 10 of a single denomination and size. See paragraph 65.

Due stamps, 100 of either 1, 2, 3, or 5-cent; 50 of 10-cent; 10 of either 30 or 50-cent.

Postal cards, 500 of either No. 5, No. 8 or No. 9 domestic single; 250 of No. 6 domestic reply; 100 of either No. 7 foreign single or of "F" foreign reply.

Ordinary stamped envelopes or newspaper wrappers, 250 of a single size, quality and denomination.

Special-request or office-request stamped envelopes, 500 of a single size, quality, denomination and return-card.

Postal saving stamps and cards, 100.

60. **Stock packing of adhesive stamps.**—Requisition should be drawn for stock packages containing 10,000, 50,000 or 200,000 stamps of each denomination, or for multiples of these quantities, provided the stamps will be needed within a reasonable time; that is, 10,000 2-cent rather than 7,000, 50,000 rather than 40,000, 200,000 rather than 150,000. Special delivery stamps are put up in packages of 5,000, 25,000, and 100,000. For convenience in handling, postage stamps are put up in sealed packages of 10,000, with the margins of the sheets stitched together. The issuing of stamps in this form is of advantage to postmasters as well as to the Department. Postmasters whose sales amount within twelve months to 10,000 or more stamps of any denomination should make requisition for stock packages of 10,000 or multiples of 10,000, provided they can be protected. See paragraphs 47 to 58, page 37.

61. **Stock packing of postal cards.**—The cut postal cards are issued as follows: Nos. 5, 8 and 9 in packages of 500, 1,000, 2,000, 5,000, or multiples of 5,000; the No. 6 in packages of 250, 500, 2,000, 5,000, or multiples of 5,000; No. 7 and "F" cards in packages of 100, 250, 500, 1,000, 2,000, 5,000, or multiples of 5,000. See par. 64. The No. 8 1c and No. 9 2c postal cards are banded in fifties; all other cards are banded in twenty-fives.

62. **Requisitions for sheet postal cards.**—To secure postal cards in sheet form, par. 18, page 29, the word "Sheets" should be plainly written on the requisition blank (Form 3201) opposite the item.

63. **Cutting of sheet cards.**—To be valid for postage, sheet cards must be cut to regulation size given in par. 17, page 29.

64. **Stock packing of cards, envelopes and wrappers.**—To facilitate the issuing of postal cards, stamped envelopes and newspaper wrappers, postmasters should so far as possible draw requisitions for stock cases of 2,000, 5,000 or 10,000. That is, 2,000 rather than 1,500; 5,000 rather than 3,000; 10,000 rather than 7,000, etc. In these quantities the cards and envelopes are put up in wooden cases or fiber containers which withstand shipment better than paper-wrapped packages.

65. **Stock packing of stamp books.**—Stamp books are issued to postmasters in stock packages containing 10, 60, 180, 540, or 2160 books.

TIME REQUIRED FOR FILLING REQUISITIONS.

66. The time usually required for shipment of stamps, stamp books and international reply coupons after the postmaster's requisition is received at the Department, is four business days; for postal cards or plain stamped envelopes, three to seven days; for special-request and office-request envelopes, eight days. By adding the length of time required for requisitions to reach the Department and for delivery from the respective distributing agencies, the postmaster can determine about the date shipments should reach him. During the first month of the quarter, however, requisitions cannot always be filled quite so promptly. See paragraphs 2 and 3, sec. 334, P. L. & R.

67. **When requisitions are not filled.**—If stamped paper is not received in due course, a copy of the requisition, bearing at the top the word "Duplicate" and the date of the original requisition, should be sent to the Third Assistant Postmaster-General.

68. **When invoice or stamped paper not received.**—The Third Assistant Postmaster-General should be notified of the registry number of a shipment of stamped paper received without invoice. If the invoice is received, and not the supplies, the date of invoice should be given. Shipments are sometimes divided and forwarded in separate mails from the distributing agencies. Postmasters should wait a reasonable time before reporting non-receipt of stock invoiced them.

69. **Special requisitions.**—Requests for expediting requisitions for stamp stock have become so numerous as to be a burden to the Department because of the extra work involved. Requisitions are filled promptly, and paragraph 2, section 334, P. L. & R., requires requisitions to be drawn well in advance so that stock will not become exhausted, and for a sufficient quantity to avoid frequent requisitions. See also secs. 46 and 47, page 36 of this Guide. Telegraphic requisitions, and requests for expediting of such common varieties as 1c and 3c stamps, 2c postal cards, or No. 5 3c plain or "office-request" stamped envelopes, are especially objectionable, as postmasters can foresee their needs of the common varieties. It is also objectionable for a postmaster to ask that a requisition be made special which is defective in failing to comply with sections 44, 46, 47, 50 to 52, 57, 58, 60, 64 and 65, pages 36-38. When application is received from the public for immediate delivery of stamped paper in quantities which a postmaster is unable to supply, he may purchase temporary supplies from neighboring post offices (paragraph 7, section 334, P. L. & R.), but this method must not be made a practice (Sec. 335, P. L. & R.). Postmasters who sell stamp stock to other postmasters under this authorization must report the sales to the First Assistant Postmaster-General, Division of *Postoffice Service*, under the provisions of sec. 270, P. L. & R. Postmasters should, however, request that requisitions be expedited, and telegraph the Third

Assistant Postmaster-General if necessary, when stamps or other stamp supplies are needed to meet an unexpected demand which could not with reasonable foresight be provided for without expediting. The reason for asking that shipments be expedited must always be explained by the postmaster. The Department desires to give good service and provide every reasonable facility to the public for the purchase of stamps and other stamped paper, and to that end postmasters are expected to carry ample stocks and to draw special requisitions upon the Department when the circumstances clearly justify it (see secs. 10, 46 and 47, pages 28, 36 and 37).

70. Care in handling shipments of postage stamps.—Post office and railway mail clerks are cautioned to exercise care in handling registered packages and boxes of postage stamps, postal cards and stamped envelopes which pass through their hands in transit to postmasters from the Department and the several distributing sub-agencies. So far as possible the Department is using fiber shipping boxes for postal cards and stamped envelopes. This is in the interest of postal employees, as the fiber boxes are of lighter weight than wooden cases and eliminate the danger of injury from splinters, binding wire and nails which exists when wooden cases are used. All employees should handle these shipments with sufficient care to avoid damage. See sections 900, 901 and 1646 (paragraph 4), P. L. & R.

71. Postmasters to sell old stock of stamped paper.—In withdrawing postage stamps, postal cards, stamped envelopes and newspaper wrappers from stock for sale to the public, postmasters should select the oldest on hand provided they are in perfect condition. This will lessen the chances for stock to become shopworn and damaged, and tend to keep it fresh. Damaged or soiled stamps or other stamped paper should never be offered for sale.

REDEMPTION OF POSTAL CARDS.

72. Regulation and rates.—Postal cards will be redeemed under the provisions of section 344, P. L. & R., at the rates shown in the schedule printed below:

DIRECTIONS FOR RETURNING STAMPED PAPER FOR CREDIT.

73. Unsalable and undamaged stamped paper.—Unsalable and undamaged postage stamps, stamp books, stamped envelopes, postal cards and newspaper wrappers must NOT be returned without first obtaining permission.

74. Preparation of redemption shipments.—Stamped envelopes, stamp books, postal cards, and other stamped paper, returned to the Department, must be securely wrapped and sealed, showing plainly name of office and State, and sent by registered mail, or by freight when so authorized, addressed to the Third Assistant Postmaster-General (Division of Stamps) and when practicable should be forwarded in a single package. The postmark of the forwarding office should be legibly stamped on the package. Each shipment must be accompanied with a letter containing a statement showing the number of pieces of each denomination and the value of the stock sent, with the reason for its return. The postmaster must also certify in his letter that none of the postage

stamps have been redeemed from the public, and that all envelopes and postal cards bearing printed return cards or addresses have been redeemed from original purchasers. (Secs. 344 and 346, P. L. and R.) Redeemable stamp stock held by district postmasters shall be sent to their central-accounting postmaster, with a requisition for new stock desired in exchange. The stock returned must be counted, prepared for shipment and dispatched in the presence of a disinterested witness.

75. List.—The following is the form of letter to accompany stamped paper sent the Department for redemption:

JOHN DOE, Postmaster.

76. Postmark and signature.—The postmark should be plainly stamped at the head of the letter, and the postmaster's name and title must be signed to it legibly.

77. Packages.—Each kind and denomination of stamped paper, except adhesive stamps, must be separated into packages of 25, 50 or 100, and the stamps impressed thereon arranged to uniformly cover one another. Postage stamps of different denominations must not be mixed.

78. Full sheets.—Postmasters should not tear stamps apart, but should, so far as practicable, forward them to the Department in full sheets.

79. Mutilated stamps.—More than one-half a stamp must be returned or no credit will be allowed therefor.

80. Treatment of stuck stamps.—Stamps that are stuck together should be separated by soaking in hot water.

81. Treatment of separated stamps.—When stamps are in less than full sheets they should be pasted carefully on sheets of paper, 100 stamps to a sheet, in ten regularly arranged rows of ten stamps each. Any stamps over the full sheets of 100 should be pasted on a separate sheet of paper in regularly arranged rows of ten stamps each. More than one denomination should not be pasted on a sheet.

82. Time of shipment.—Shipments should not be made to the Department oftener than once a quarter, and should be made at least thirty days prior to the end of the quarter, so that the credit may be included in the same quarter. Large shipments should be made in cases or boxes, but not in mail pouches or sacks. Those received too late will be credited in the next quarter.

83. Credits.—Postmasters will not take credit for redeemed, damaged, or spoiled stock returned to the Department until authorized to do so. Authorizations of credit will be forwarded to postmasters as soon as practicable after the receipt of the shipments.

84. To replace redeemed stamped paper.—Stamped paper will not be sent in exchange for that which is returned. Requisition must be made on the proper form for stock desired to replace that sent to the Department for credit.

WAR SAVINGS AND THRIFT STAMPS.

85. General instructions.—Postmasters at all money-order offices are required to keep on hand for sale to the public United States War Savings Certificate Stamps of the maturity value of \$5

and United States Government Thrift Stamps of the value of 25c. Regulations governing the sale, accounting for, registration, and repayment of these stamps were issued November 13, 1917, as an amendment to the Postal Laws and Regulations by the addition of section 341½. These regulations with detailed instructions for the several branches of the postal service concerned were published in Form 3343, which was supplied to the postmasters at all money-order offices. A compilation of the law, regulations, instructions, and important rulings was issued January 18, 1918, as Form 3348. Regulations of the Treasury Department "further defining rights of holders of United States War-savings Certificates" with instructions of the Post Office Department to postmasters and postal employees, were published March 7, 1918, in Form 3349. The following paragraphs outline the requirements and contain additional rulings and instructions, most of which have appeared from time to time in the Postal Bulletin and monthly Postal Guide.

86. **Duty to sell the stamps.**—Employees of the Post Office Department and the postal service are charged by law with the duty of selling War-savings and Thrift Stamps. The Postmaster-General has urged postmasters to take active personal charge of the war-savings work at their respective offices and to endeavor to stimulate the interest of all employees for an energetic, systematic, continuous campaign. Employees are expected to co-operate fully and work in harmony with State and local committees or other representatives of the National War Savings Committee.

87. **"Blue post cards."**—"Blue post cards" used by the War-savings committees in soliciting orders, addressed "The local postmaster" and requiring no postage, should be preserved by postmasters after the orders are filled, and turned over from time to time as requested to the local War-savings committee. They should not be delivered to the purchasers with the stamps.

88. **"Red post cards."**—"Red post cards" used by boy scouts in soliciting orders for War-savings Stamps, similar to the blue cards, should be mailed by postmasters weekly, after the orders are filled, to the office of the Boy Scouts of America, 200 5th Ave., New York, N. Y. They should not be delivered to the purchasers with the stamps.

89. **Statistical reports of sales.**—The National War-savings Committee has requested that postmasters render to the State Director or County Chairman, as the case may be, a report of the weekly sales of War-savings Stamps. Penalty cards for this purpose will be furnished by the Treasury Department and postmasters are instructed to comply with this request.

90. **Reports of small sales at district offices.**—Central-accounting postmasters will report to the Third Assistant Postmaster-General, Division of Stamps, the district money-order post offices reporting no War-savings sales at the close of each month, and also those where the sales are so small as to indicate that the campaign has not been pressed with sufficient vigor.

91. **War-savings Stamps and Certificates.**—The price of War-savings Stamps in January, 1918, was \$4.12 and it increases one cent each month thereafter. Except when sold to agents for resale, war-savings stamps should be affixed at the time of purchase to a war-savings certificate and the name and address of the owner should be entered in the space provided on the back of the certificate. The signature of the owner should not be placed on a certificate until it is presented for payment. The Department does not encourage the writing of the names of owners across the face of War-savings Stamps, as it takes up space necessary for entries required on registration. Such writing, however, does not invalidate the stamps nor prevent registration.

92. **Limitation of holdings.**—The law provides that the amount of war-savings certificates sold to any one person at any one time shall not exceed \$100, and it shall not be lawful for any one person at any one time to hold war-savings certificates to an aggregate amount exceeding \$1,000 (maturity value). The law does not fix any interval that must elapse between one \$100 sale and the next. Postmasters are authorized to sell for cash to any person or corporation any amount of war-savings stamps to be used as gifts, provided certificate blanks giving names of intended donees are filed with the postmaster at the time of the purchase, no donee to receive more than \$100 worth at one time or \$1,000 (maturity value) in all. Postmasters will supply such purchasers certificate blanks on request.

93. **Who may purchase.**—War-savings Certificates may be issued to any individual, or to two persons in the alternative (for example, "John Jones or Mary Jones"); in the name of an association, society, lodge, firm, corporation, etc.; or in the name of an infant by a parent, guardian, or other person. The limitation of \$1,000 (maturity value) applies to all such holdings. A person may not have an interest in more than \$1,000 worth of war-savings stamps, either individually or in the alternative, but members of a partnership may hold stamps up to \$1,000 without regard to holdings of the firm as such.

94. **Sales agents.**—Authorized agents for the sale of war-savings and thrift stamps (outside of the postal service) are appointed by the Secretary of the Treasury. Applications for such designation should bear the indorsement of a money-order postmaster or of a corporation, bank or trust company. All incorporated banks and trust companies of the country have been appointed agents of the first class. Postmasters are authorized to sell to agents of the first class war-savings stamps in any amount desired not in excess of \$1,000 (maturity value), on cash payment. Postmasters may sell thrift stamps in any desired quantity to such agents.

95. **Sales stations.**—The Treasury Department regulations provide that any person, firm or corporation, whether or not an authorized agent, may establish a sales station to resell war-savings stamps, and postmasters are authorized to furnish war-savings stamps to the establisher of such a

sales station in any amounts not in excess of \$100 (maturity value) at any one time, provided the amount held is not in excess of \$1,000 (maturity value). Postmasters may furnish blank war-savings certificates and thrift cards in proper quantity to agents and sales stations.

REGISTRATION OF WAR-SAVINGS STAMPS.

96. **What offices may register.**— War-saving certificates may be registered at any post office of the presidential grade, at any fourth-class office which is a central-accounting office, and at fourth-class district money-order offices specially authorized for that purpose. Postmasters desiring to obtain such authority should apply to the Third Assistant Postmaster General.

97. **Application for registration.**— An applicant for registration should fill out and sign a card, Form W. S. 110, for each certificate to be registered. The Postmaster will number each card consecutively, write or stamp the number of his post office and the registration number in the space provided on the back of the certificate and across the face of each stamp affixed thereto, and enter the date of registration and his initials in each numbered space on the back of the card, Form W. S. 110, corresponding to the numbered spaces on the certificate to which the registered stamps are affixed. When an additional stamp is affixed to a registered certificate the certificate may be presented for further registration, which the postmaster will effect by noting the date and his initials in the proper space on the back of the card, Form W. S. 110, already on file, and entering the post office and registration numbers on the additional stamps. If additional stamps affixed to a registered certificate are registered it must be done at the same post office where the certificate was first registered, but any owner of two or more certificates may have them registered at different offices. The registration card must be filled out by the applicant himself except in case of a child who cannot write, when the name shall be signed by a parent or guardian or by the person with whom the child resides; for example, "Mary Smith, by John Smith, her father." When an applicant cannot appear in person the registration card may be sent to him for completion and signature and returned with the certificate for registration.

98. **File of registration cards.**— The cards, Form W. S. 110, are the only record of registration and postmasters should therefore use the utmost care to comply with all the requirements and to preserve the cards carefully in the permanent files of the post office.

99. **No transfer of registration cards.**— Registration cards, Form W. S. 110, cannot be transferred from one post office to another. The Postal Laws and Regulations provide that registered war-savings certificates are payable only at the office of registration.

PAYMENT OF CERTIFICATES.

100. **When unregistered.**— A war-savings certificate if not registered is payable at any money-order postoffice. Payment should be made only to the owner whose name appears on the certificate, but the Department assumes no responsibility for the correct payment of an unregistered certificate.

101. **When registered.**— A registered war-savings certificate is payable only at the post office where registered and to the person in whose name it is registered, whose identity shall be established by means of the information recorded on the registration card, Form W. S. 110.

102. **Ten days' notice.**— The ten days' notice required by the regulations should be addressed to the postmaster at the office where payment will be made, and payment should not be made until the ten days' period has elapsed.

103. **Payment to representative.**— Provision is made for payment to a duly authorized representative of an owner of a war-savings certificate who is unable to appear in person.

104. **Registration cards for paid War-savings Certificates.**— Postmasters should write or stamp the word "Paid" with the date across the face of the registration card, Form W. S. 110, immediately on redeeming any registered war-savings certificate. The initials of the postmaster or clerk making payment should be added. The cards bearing this notation should be removed and placed in a file separate from the cards representing unpaid certificates.

105. **Funds used for payment.**— War-savings Certificates are paid with surplus postal funds and remitted to the central-accounting postmaster or State depository postmaster, as the case may be, in lieu of a like amount of cash. If such funds are not available, an interim receipt shall be given to the owner and the certificate sent to the postmaster to whom postal funds are remitted, who will return cash or a bank draft therefor.

106. **Redemption of Thrift Stamps.**— Thrift stamps shall not be cashed, but when 16 thrift stamps are affixed to a Thrift Card they may be accepted as a payment of \$4, with the difference in cash, for a War-savings Stamp.

107. **Loss of War-savings and Thrift Stamps.**— In case of loss or destruction of a registered war-savings certificate the owner may apply on Form 3353 for reissue or repayment. The postmaster will forward the application with the registered card to the Third Assistant Postmaster General, Division of Stamps. No reimbursement is made in case of the loss or destruction of unregistered war-savings stamps or of thrift stamps.

ACCOUNTING FOR STAMPS AND WAR SAVING FUNDS.

108. **Obtaining supplies.**— War-savings and Thrift Stamps are furnished to accounting postmasters on requisition addressed to the Third Assistant Postmaster General, Division of Stamps. Central-accounting postmasters furnish stamps to district offices on fixed credit. War-savings and Thrift Stamps are invoiced and accounted for by quantity, not by value, owing to the changing price of war-saving stamps.

109. **Remittances and requisitions of district postmasters.**—A district postmaster should remit the proceeds of the sale of war-savings and thrift stamps to his central-accounting postmaster promptly at the close of each month or whenever during the month they amount to \$25. Each such remittance should be accompanied with a requisition showing the number of war-savings stamps and thrift stamps which the central-accounting postmaster should furnish to restore the fixed credit. If new supplies are not needed the district postmaster should so state. A district postmaster's remittance should cover the value of the war-savings stamps at the price for the month in which they were sold, plus the value of thrift stamps sold. If a remittance is not made promptly at the close of the month, however, and is not received by the central-accounting postmaster until after his own report for the month has been forwarded to the department, the central-accounting postmaster shall require the district postmaster to increase the remittance to cover the new price of war-savings stamps. The remittance accompanied by requisition is the only report of war-savings sales which district postmasters are required to make to the central-accounting office, and no report form is necessary. Central-accounting postmasters have authority to increase the fixed credits of district postmasters who need larger stocks.

110. **Reports and remittances of central-accounting postmasters.**—Central-accounting postmasters should report to the Department on Form 3344 not later than the 10th of the month for the preceding month. If any remittances covering sales in the preceding month are received from district postmasters after that date, though forwarded promptly, the central-accounting postmaster will render a supplemental report and send it, plainly marked "Supplemental," with a statement of the facts, to the Department with his next monthly report. War-savings funds are remitted by accounting postmasters to their designated State depository for postal funds promptly at the close of each month, or whenever during the month they amount to \$100.

111. **Remittance of redeemed Thrift Stamps.**—Both district and accounting postmasters remit Thrift Stamps exchanged for War-Savings Stamps in lieu of a like amount of War-Savings cash.

112. **Supplies other than stamps.**—Postmasters should obtain Thrift Cards, blank War-Savings Certificates, envelopes and registration cards by requisition on the Fourth Assistant Postmaster General, Division of Equipment and Supplies. District postmasters may obtain such forms in emergencies from their central-accounting postmaster, and accounting postmasters may obtain them in emergencies from the nearest office in the list given in Forms 3343 and 3348.

113. **Protection of stamps.**—The instructions for the protection of stamped paper against loss by burglary, published in Secs. 47 to 54, page 37, this Guide, should be applied by postmasters to War-Savings and Thrift Stamps.

ADHESIVE WAR-TAX REVENUE STAMPS.

114. **Postmasters to sell war-tax stamps.**—The act of Congress of October 3, 1917, to provide revenue to defray war expenses, requires that adhesive war-tax stamps shall be kept on sale by postmasters. These stamps are not good for postage, but are to be used solely to pay the war-revenue taxes upon parcel-post packages on which the postage is 25 cents or more, and upon promissory notes, conveyances, and other business and legal documents as set forth in the law. Regulations governing war-tax stamps were issued as an amendment to the Postal Laws and Regulations November 17, 1917, by the addition of section 132½. These regulations, with detailed instructions, were published in Form 3341.

115. **Requisitions.**—To obtain war-tax stamps, accounting postmasters shall draw requisition upon the Third Assistant Postmaster General, Division of Stamps, on Form 3201, altering the blank appropriately with pen.

116. **Purchase.**—If new supplies of war-tax stamps are needed before delivery can be made from the department in Washington, accounting postmasters may purchase them from other postmasters under the provisions of paragraphs 6 and 7, section 334, Postal Laws and Regulations.

117. **Record.**—Accounting postmasters shall record the war-tax stamps received, sold, and on hand in the official Postmaster's Postal Account and Record Book. For this purpose the department provides an insert blank (Form No. 3342) which postmasters shall paste in the record book at the statement of postage stamps, etc., received and sold for the corresponding month. This insert provides spaces also for recording war-savings certificate stamps and thrift stamps.

118. **Issues to district postmasters.**—A statement of war-tax stamps issued to each district postmaster on fixed credit shall be prepared by the central-accounting postmaster in duplicate on Form 3338, suitably altered with pen, and shall be sent with the shipment. This statement shall show the number of each denomination of war-tax stamps supplied and the total value. One of the statements shall be retained by the district postmaster as an invoice. The other shall be signed by him and returned promptly to the central-accounting postmaster as a receipt.

119. **Fixed credits.**—Fixed credits may be increased by central-accounting postmasters when in their judgment a district postmaster needs a larger stock to supply the public demand. Fixed credits may also be reduced when stocks are excessive, but no fixed credit shall be less than \$1. See paragraph 120 of these instructions as to the method of increasing and reducing fixed credits. When a fixed credit is closed or changed, the receipt of the district postmaster shall be returned to him.

120. **Records of fixed credits.**—Central-accounting postmasters shall prepare, as an office record, a numbered list of names of their district post offices on looseleaf ledger Form 3339. They shall head both money columns "War tax stamps," with ink, and shall debit district postmasters with the

value of war-tax stamps supplied on fixed credit. These entries shall be totaled. When a fixed credit is closed, central-accounting postmasters shall enter a corresponding credit to the district postmaster. When a fixed credit is increased or reduced, the account shall first be closed by means of a credit equal to the debit entry representing the fixed credit; the total of the credit entries shall be deducted from the total debits, and a new account shall be opened at the foot of the list.

121. **Requisitions by district postmasters.**—To obtain new supplies of war-tax stamps, district postmasters shall send to their central-accounting postmaster a requisition on Form 3338, suitably altered with pen, and shall remit the cash proceeds of previous sales. If a new supply is not needed when a remittance is made, the district postmaster may request the central-accounting postmaster to give credit for the remittance without furnishing stamps.

122. **Registered mail.**—All shipments of war-tax stamps and remittances of cash shall be made by official registered mail.

123. **Certificates of deposit.**—The certificate of deposit given by designated depository postmasters to accounting postmasters shall be issued in triplicate. The original and the duplicate copy shall be sent to the accounting postmaster, the duplicate to be retained by the accounting postmaster and the original to be sent to the Third Assistant Postmaster General with his monthly account. The triplicate copy shall be retained by the depository postmaster as an office record.

124. **Denominations.**—War-tax stamps are issued in the following denominations: 1, 2, 3, 4, 5, 8, 10, 25, 40, 50, 80 cents; 1, 2, 3, 5, 10, 30, 60, 100, 500, 1,000 dollars. Postmasters will provide themselves by means of timely requisition with any of these stamps needed to supply the public demand. Postmasters at county seats will need 50-cent stamps, and in some cases higher denominations, for taxes on deeds.

125. **Monthly reports.**—Accounting postmasters shall submit monthly reports on Form 3343 to the Third Assistant Postmaster General, Division of Stamps, of their sales of war-tax stamps. The reports of central-accounting postmasters shall include sales to district post offices as well as to their own patrons.

126. **Documentary taxes.**—War-tax stamps are required by law to be used for stamp taxes as follows:

Bonds of indebtedness: Bonds, debentures, or certificates of indebtedness, each \$100 or fraction thereof	\$0.05

POSTAL FUNDS.

CARE OF PUBLIC FUNDS AND PROPERTY.

1. **Must not loan or improperly deposit.**—Postmasters shall keep safely, without loaning, using, depositing in an unauthorized bank or exchanging for other funds, all the public money collected by them, or which may come into their possession, until it is ordered by the Postmaster-General to be transferred or paid out. The regulations relative to the care of public funds apply to money order and key deposit funds as well as postal funds.

2. **Funds and stamps to be kept in secure place.**—If the post office is not such a reasonably safe place as to warrant the postmaster in leaving his own funds in it at night, or if the building is unoccupied, all moneys and postage stamps should be removed to a place of greater security. During business hours money and postage stamps should be kept in places inaccessible to the public and concealed from view. When funds or postage stamps are left at night in offices unprovided with iron safes, they must be kept in strong drawers or other fixed receptacles which must be securely fastened with good locks. The doors and windows of the office should be made as secure as possible. See sections 360 and 361, P. L. & R.

3. **Cash funds kept separate.**—Postmasters must keep their various cash funds entirely separate from each other. See section 1228, P. L. & R.

4. **Cashing Government paper.**—Postmasters may cash with postal funds, Government paper of any kind (disbursing officers' checks, which includes disbursing postmasters' checks in payment for rural delivery service, pension checks, Post Office Department warrants, Postal Savings System checks and drafts, etc.), provided they are received from responsible persons whose endorsement thereon the postmaster is willing to guarantee and provided such paper will be accepted at par by the depository to which the postmaster must remit it as surplus postal funds. See section 372, P. L. & R.

5. **Coupons of Liberty Loan Bonds.**—Under the regulations referred to in paragraph 4, postmaster should use *postal* funds to cash coupons of the Liberty Loan Bonds of the United States upon presentation at their offices when such coupons fall due. Postmasters may deposit such coupons in bank to their official credit or may include them in their regular remittances to accounting offices or depositories in settlement of *postal* balances due. When included in such remittances they should be forwarded by registered mail. It is not contemplated, however, that postmasters shall take over accumulations of such coupons from banks and other corporations or firms having ample facilities for their collection. Care also must be exercised to avoid the cashing of coupons that are not due.

6. **Foreign or mutilated coin.**—Postmasters should not accept foreign gold or silver coins as they are not legal tender in the United States; or perforated, mutilated or abraded coins; or mutilated paper currency; except fractional silver coins, worn by abrasion, which must be received so long as the superscription thereon can be distinguished.

7. **Legal tender of small coins.**—Minor coins, five and one cent pieces, are legal tender to the amount of twenty-five cents and fractional silver up to ten dollars.

8. **Making change.**—Postmasters should provide themselves with a sufficient amount of minor coins and bills of small denomination to enable them to make change for purchases of stamped paper. When a postmaster is unable to make change the purchaser must tender the exact amount of the purchase. See section 333, P. L. & R.

9. **Key deposit funds.**—For information concerning the key deposit fund see sections 357, 358, 359, and 366, P. L. & R.

10. **Call and lock boxes.**—For information concerning call and lock boxes see sections 348 to 356 inclusive, P. L. & R.

CANCELLATION OF STAMPS IN RELATION TO THE COMPENSATION OF FOURTH-CLASS POSTMASTERS.

11. **Penalty clause.**—Commissions must not be claimed by postmasters for the cancellation of the penalty clause on official envelopes.

12. **Special delivery stamps.**—Credit will not be allowed for the cancellation of special delivery stamps, nor for the cancellation of ordinary stamps when affixed to mail matter for the purpose of effecting special delivery. See section 273, P. L. & R.

13. **Third-class mailings.**—For instruction in regard to claiming credit for the cancellation of stamps on deposits made to cover the mailing of third-class matter see section 422, P. L. & R.

14. **Boxes at railway stations.**—Postmasters may for the convenience of the public erect boxes at railway stations for the reception of mail matter and cancel the stamps on said matter at the stations either personally or by sworn employee. See section 530, P. L. & R.

15. **Late mailings.**—When any mail matter is received too late to be put in the lock pouch, the postmaster or sworn assistant or clerk may, after postmarking and canceling the same, deliver it in person to the railway postal clerk. See section 568, P. L. & R.

16. **Diversions of mail.**—Postmasters must not solicit the mailing of matter at their offices by persons living or doing business within the delivery of another post office. All postmasters at post offices of the fourth class are hereby instructed not to claim credit for the cancellation of postage stamps on matter diverted from other post offices to their post offices for mailing, and they will report to the Department (Office of the Third Assistant Postmaster-General) all such cases coming to their knowledge. The report should show the amount of postage stamps canceled on such diverted matter and the names and addresses of the senders thereof. Violation of this regulation will be regarded as cause for removal. See section 531, P. L. & R.

17. **Solicitation.**—The penalty for soliciting the diversion of mail matter from an office where it should properly be dispatched to another, for the purpose of increasing the emoluments of the latter office, is a fine of not more than \$500 or imprisonment for not more than two years or both. See section 1681, P. L. & R.

18. **False returns.**—In any case where the Postmaster-General shall be satisfied that a postmaster has made a false return of business it shall be within his discretion to withhold commissions on such returns and to allow any compensation that under the circumstances he may deem reasonable. See section 145, P. L. & R.

19. **Readjustment of account.**—Whenever an account has been closed it will be reopened by the Auditor and the balance due the Government after making the charges provided in the Postmaster-General's order will be collected in the usual manner. See section 145, P. L. & R.

20. **Penalty for making false returns.**—The penalty for making false returns of business by a postmaster or any other person employed in the postal service for the purpose of fraudulently increasing his compensation is a fine of not more than \$500 or imprisonment not more than two years or both. See section 1681, P. L. & R.

FAILURE TO CANCEL POSTAGE STAMPS.

21. **Faulty cancellation.**—Postage stamps affixed to all mail matter or the stamped envelopes in which mail is inclosed must be canceled by the postmaster at the mailing office with black cancelling ink in such way that defacement of the stamps is thorough and complete, so as to prevent the cleaning and reuse of the canceled stamps. The postmaster at the office of delivery should be careful to cancel with the postmarking stamp of his office all stamps which have escaped cancellation at the office of mailing. He should obtain from the addressees when possible the envelopes bearing such stamps together with the names of the offices of dispatch and transmit them to the Third Assistant Postmaster-General, Division of Finance, with his report. See sections 538 and 539, P. L. & R.

22. **Only canceling ink furnished by the Department to be used.**—The failure to cancel postage stamps properly, whether due to carelessness on the part of a postmaster, or to the use of inferior canceling ink, results in serious losses to the Government. The revenues of the postal service must be protected by the proper cancellation of stamps with canceling ink furnished by the Department. No other ink for that purpose must be used. See sections 70, 539 and 542, P. L. & R.

DISBURSEMENT OF POSTAL FUNDS.

23. **Expenditures by postmaster.**—The salary of a postmaster, and such other expenses of the postal service authorized by law as may be incurred by him and for which appropriations have been made, may be deducted from the receipts of his office, under the direction of the Postmaster-General.

24. **Salary payments and transfer of funds.**—Postmasters must be prepared to pay salaries semi-monthly within three days (including Sundays and holidays) after the expiration of the fifteenth and last days of the month, except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. Whenever the postal funds at an accounting office are not sufficient to make such payments transfers should be made from the money order to the postal account. If the available postal and money order funds combined are insufficient for this purpose, application for funds should be made on Form 3011 to the Third Assistant Postmaster-General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 is furnished to disbursing postmasters only, and may be obtained upon requisition to the Third Assistant Postmaster-General. See sections 384 and 1232, P. L. & R.

25. **Money order credit.**—Postmasters should not provide for deficiencies in postal receipts by negotiating drafts on their present money order credit with the postmaster at New York and transferring the proceeds to postal account. See section 1232, P. L. & R.

26. **Deceased employees.**—For instructions relative to making payments to representatives of deceased employees, in settlement of balances due as salary or otherwise, see section 389, P. L. & R.

27. **Payments during quarter.**—All authorized payments of whatever kind should be made in the quarter in which the expense occurs and the vouchers for such expenditures forwarded to the Auditor with the postal accounts for that quarter. See section 390, P. L. & R.

28. **Warrant payments.**—All payments for carrying the mails on star, steamboat, railroad, electric car, pneumatic tube, and special office routes, and for any temporary service that may be employed in connection with said routes, are made by warrants drawn on the United States Treasury. Postmasters should not pay for such service, and must not expect the Department to refund any money they may have erroneously paid for the carriage of the mails. The Department cannot pay postmasters for carrying the mails, neither can it allow postmasters credit in their quarterly accounts for money paid by them for such service. Payments will be made by warrant on the Treasury direct from the Department after the expiration of each month and as soon as accounts can be settled, if required evidence of service has been received. See section 1440, P. L. & R.

RULE FOR COMPUTING SALARIES OF EMPLOYEES IN THE POSTAL SERVICE.

29. **How calculated, salary tables.**—Section 4 of the Act of Congress, approved March 4, 1911, provides as follows:

"That after June thirtieth, nineteen hundred and eleven, where the salary or compensation of any employee in the postal service is at an annual or monthly rate, the following rules shall be followed in computing the amount due: An annual salary or compensation shall be divided into twelve equal installments, one of which shall be the pay for each calendar month; and in making payment for a fractional part of any calendar month there shall be paid such proportion of one of such installments, or of the amount of the monthly salary or compensation, as the number of days in the fractional part of that month bears to the actual number of days in that month." See section 202, P. L. & R.

In computing salaries based on annual rates of pay the following method will be observed:
To obtain the monthly rate of pay, divide the annual rate by twelve. If the monthly rate con-

tains a fraction of one-third of a cent, it will be reckoned as a cent in paying salaries for the months of March, June, September and December, and disregarded for all other months. If the monthly rate contains a fraction of two-thirds of a cent, it will be reckoned as a cent in paying salaries for the months of February, March, May, June, August, September, November and December, and disregarded for all other months.

To obtain the daily rate of pay, first divide the annual rate by twelve. Then divide the resulting sum, including the fraction of the cent when it appears in the quotient, by the number of days in the month for which the salary is being paid. If the fraction in the last resulting sum amounts to a half-cent, or less, it will be disregarded. If the fraction is more than a half-cent, it will be reckoned as a cent.

In order to facilitate the work incident to payment of salaries of employees in the postal service, salary tables have been prepared and may be obtained from the Third Assistant Postmaster-General (Division of Finance) on request.

32. **Drafts permitted.**—Postmasters are permitted to remit their surplus postal funds by means of bank drafts, provided they can make satisfactory arrangements with their depositories to accept them and that it be done at the risk and expense of remitting postmasters. See section 372, P. L. & R. Drafts should not be sent by registered mail.

33. **Private checks not accepted.**—The use of checks and the drafts of private banks, postage stamps, foreign coins or notes and mutilated coins for remitting postal funds is not permitted. See section 372, P. L. & R.

34. **Quarterly postal accounts.**—Accounting postmasters should take credit in their quarterly accounts for postal deposits. Postal accounts must be rendered to the Auditor for the Post Office Department promptly at the close of each quarter. Certificates of deposit must be examined on receipt, and if any error is found therein, immediate notice should be sent to the depository postmasters in order that the necessary correction may be made. See section 373, P. L. & R.

35. **Temporary deposits in banks.**—Any postmaster having public money belonging to the Government, at an office within a city or town where there is no Treasurer or Assistant Treasurer of the United States, or designated depository, may deposit the same temporarily, at his own risk and in his official capacity, in any national or State bank in the State in which the said postmaster resides, or in which his office is located, or within a reasonable radius of his post office in an adjacent State, but no authority or permission is or shall be given for the payment to or receipt by a postmaster or any other person, of interest, directly or indirectly, on any deposit made as herein described. See section 363, P. L. & R.

36. **Deposits for safekeeping only.**—Any postmaster may, at his own risk and expense, place any public funds and property in his custody in any bank located in the town, city or county in

which the postmaster resides, for safe-keeping; that is to say, such funds and property may be kept in a receptacle under the depositing postmaster's exclusive control, and the receptacle placed in a safe deposit vault of such bank, or otherwise entrusted to it for safe-keeping, at the risk and expense of the depositing postmaster. Under no circumstances may such funds or property specially deposited in any bank for safe-keeping be used by the bank or become a part of its assets, or be mingled with its regular deposits. Nothing in this section shall be so construed as to affect the claim of any postmaster to credit or reimbursement on account of loss resulting from burglary, fire or other unavoidable casualty. See section 364, P. L. & R.

37. **Deposits not to be sent to Department or to Auditor.**—Postal funds must not be sent to the Department nor to the Auditor. Neither the Post Office Department nor the Auditor for the Post Office Department is a depository for postal funds, and remittances so sent may be returned at the depositing postmaster's risk of loss. See section 369, P. L. & R.

38. **War-Savings Stamps — War-Revenue (Internal Revenue) Stamps.**—In making remittances of funds derived from the sale of War Savings and Thrift Stamps, and War Revenue Stamps, care must be taken to designate properly the class of remittance, so that the depository postmaster may give the proper receipt.

39. **Currency and coin.**—Remittances of surplus postal funds when in the form of currency or coin, should be sent by registered mail, addressed to the postmaster at the post office designated as the depository. See section 371, P. L. & R.

40. **Preparation of remittances.**—For instruction concerning the preparation, witnessing, description and registration of remittances, see sections 371 and 915, P. L. & R.

41. **Designation on envelope.**—When remitting postal funds to their depositaries postmasters are directed to mark on the envelope inclosing the same "Postal Funds" in order to distinguish them from all other funds, and to facilitate the handling of such remittances at the depository offices.

42. **Counterfeit money.**—When any notes or coin included in a remittance are returned by the depository, branded or marked as counterfeit, the postmaster will take credit for only the amount named in the certificate of deposit and immediately make an additional remittance to cover the amount due. No reimbursement will be made to postmasters for losses occasioned by the acceptance of counterfeit money. See section 117, P. L. & R.

BOX RENTS AND KEY DEPOSITS.

43. **Schedule.**—To provide a definite and uniform rule for the collection of box rents the following schedule, based upon the kind and capacity of boxes and the gross receipts at post offices, has been adopted by the Department in the establishment and maintenance of box rent rates. Postmasters must not increase rates until authorized to do so by the Third Assistant Postmaster-General. See section 352, P. L. & R.

ACCOUNT OF RECEIPTS FROM BOX RENTS.

44. **Must account to Auditor.**—Postmasters at all offices, even where the box equipment is furnished by them, must account to the Auditor for the Post Office Department at the end of each quarter for the box rents collected for boxes assigned for that quarter, as part of the receipts of the office, and in case of retirement from office during a quarter, the exact amount of box rents collected only will be reported. Where different postmasters serve in the same quarter, the division between them of the box rents, which are a part of the compensation of the office, will be adjusted by the Auditor, and proper credits authorized. (See sec. 354, P. L. & R.)

FORFEITED KEY DEPOSITS.

45. **Use of key fund.**—Postmasters are instructed to replace, by expenditure from forfeiture funds, such a number of the keys found to be lost or withheld from delivery boxes, at a cost not to exceed 20 cents a key, as may be needed to keep the equipment serviceable and to furnish box renters with the number of keys for which they may apply, not to exceed three keys a box, and to record such expenditures promptly in the Box and Key Register (Form 1091½). The key redemption funds must not be used in replacing missing keys nor must any keys be replaced from forfeiture funds unless they are represented by forfeited key deposits in the custody of the postmaster. See section 358, P. L. & R.

46. **Expenditures.**—No postmaster will be permitted to expend from key funds any amount in payment of bills demanded for keys unless an itemized statement is presented with each bill, showing the number and kind of keys for which payment is demanded. See section 359, P. L. & R.

QUARTERLY NEWSPAPER AND PERIODICAL REPORTS.

47. **Statements to be sent to Third Assistant, Division of Classification.**—Postmasters should not send to the Auditor for the Post Office Department, with their quarterly postal accounts, the statement of postage at the pound rates collected in money on second-class matter mailed by publishers and new agents (Form 3551, Presidential, and Form 3551-a, fourth-class). These statements, together with the manifold copies of receipts given to publishers and news agents, should be forwarded promptly at the close of the quarter direct to the Third Assistant Postmaster-General, Division of Classification, in accordance with the provisions of section 392, P. The amount thus remitted shall be entered on the account of the preceding day as funds in transit, indicating the date on which the funds were actually forwarded, as "July 1," "Aug. 1," "Sept. 1," etc. It is imperative that money order accounts be rendered immediately after the close of each month and all surplus funds deposited as indicated above. Postmasters having funds in transit at the close of a quarter shall hold their last money order account until the certificates of deposit are received in order that credit may be claimed in the same quarter in which the certificates are issued and dated. An account shall not be held for that purpose for more than three days, and under no circumstances shall credit be taken in an account for a certificate issued in a subsequent quarter. Accounts shall not be held where it is manifest that the certificates to be issued will bear dates of a subsequent quarter. In such instances the amounts of the remittances shall be noted as funds in transit and included in the balance due the United States as cash on hand. In claiming credit for a money order remittance the date to be entered in the cash book shall be that on which the certificate is received except at the close of the quarter, when credit shall be claimed under date of the certificate itself. THE NEW ACCOUNTING SYSTEM.

CENTRAL ACCOUNTING OFFICES.

Detailed instructions to central accounting postmasters are printed on the quarterly postal account blank, Form 1545b.

DISTRICT OFFICES.

1. A quarterly postal account, Form 1545a, third class, or Form 1558, fourth class, shall be prepared and forwarded to the central accounting office with all supporting vouchers immediately after the close of the quarters ending Mar. 31st, June 30th, Sept. 30th, and Dec. 31st.

2. **Change of postmasters at district offices.**—The outgoing postmaster shall deliver all postal cash and postage stamp stock to his successor and forward a final postal account to the central accounting office to and including the day on which he surrenders the office. Four receipts shall be taken, one to be retained by the outgoing postmaster and the others to be forwarded (1) to the First Assistant Postmaster General; (2) to the Auditor for the Post Office Department; and (3) to the central accounting postmaster. The outgoing postmaster is required to account for the amount of his fixed credit as follows:

(1) Postal cash delivered to his successor.....	\$.....
(2) Postage stamp stock delivered to his successor.....	\$.....
(3) Net credit as shown by item 19 of his final postal account forwarded to the central accounting postmaster	\$.....
(4) Total (equaling fixed credit).....	\$.....

The new postmaster shall render an account from the next day after taking possession of the office to the close of the quarter.

Under no circumstances can an account be accepted from an incoming postmaster prior to the date of his commission.

3. **Discontinued offices.**—When a district post office is discontinued the outgoing postmaster shall forward all postage stamp stock and postal cash, with his final postal account to the central accounting postmaster. He is required to account for the amount of his fixed credit as follows:

(1) Postal cash forwarded to central accounting office.....	\$.....
(2) Postage stamp stock forwarded to central accounting office.....	\$.....
(3) Net credit as shown by item 19 of his final postal account forwarded to central accounting office	\$.....
(4) Total (equaling fixed credit).....	\$.....

4. **Fixed credit.**—Central accounting postmasters are authorized to adjust the fixed credits of their district offices in amounts suitable to the needs of the respective offices in multiples of \$50.00. If the amount of the fixed credit is reduced, the district postmaster shall send postal cash or postage stamp stock to the central accounting office in settlement of the difference, and if increased, additional postage stamp stock shall be furnished by the central-accounting office.

5. **Emergency credits.**—When all or any part of the postage stamp stock at a district post office is lost by fire, burglary, flood, or other unavoidable casualty, an emergency stock sufficient to cover the loss shall be secured at once from the central accounting postmaster, who will correspondingly increase the fixed credit of the office. When the district postmaster's claim for loss is adjusted by the Solicitor for the Post Office Department credit for the amount allowed shall be taken on the blank line between items 8 and 9 of his next postal account. The central accounting postmaster shall be notified promptly of the allowance of the claim when the fixed credit will be reduced to the amount originally allowed.

6. **Fixed credit at summer resort offices.**—When there is a wide fluctuation in the volume of business the district postmaster shall request the central accounting postmaster to increase or diminish his fixed credit from time to time, as the needs of the office require.

7. **Net credit, item 19, district office account.**—The "net credit" is the exact difference between the total of the credit items and the total of the debit items on the district postmaster's quarterly account. It represents the cash taken from the sale of postage stamp stock to pay the authorized expenses of the office and is the amount for which requisition may be drawn upon the central accounting postmaster without remitting cash.

8. **Cash advances by central accounting postmasters.**—Whenever the available postal cash is insufficient to meet the authorized expenses of a district office the district postmaster shall apply to his central accounting postmaster for sufficient cash to meet the deficit. All cash received from the central accounting postmaster shall be debited in item 16 of the district office postal account.

9. **Money order transfers.**—District postmasters shall not transfer funds from the money order account to the postal account. If the available postal funds are insufficient to meet the authorized expenses, apply to the central accounting postmaster for an advance. Postal funds shall not be transferred to the money order account except when money orders are presented for payment in excess of available money order funds.

10. **Requisites for postage stamp supplies.**—District postmasters shall obtain postage stamp supplies in two ways:

(1) By requisition upon the central accounting postmaster on Form 3338 at the close of the quarter or at any time during the quarter with remittance of surplus postal cash to the amount of the requisition. The district postmaster shall remit to the central accounting postmaster for special request envelopes promptly on receipt of the envelopes.

(2) By requisition upon the central accounting postmaster on Form 3338 at the close of the quarter to the amount of the net credit as shown by item 19 of the quarterly postal account without remittance of cash. Make but one requisition at the close of the quarter for the amount of the net credit plus the surplus postal cash remitted.

11. **Quarterly inventory.**—The district postmaster shall make an accurate count by kinds and denominations of all postage stamp stock on hand at the close of business on the last day of each quarter, and enter the total in article C of his quarterly report of stamp transactions, Form 1545, third class, or Form 1558½, fourth class. Quarterly inventories shall be carefully preserved for examination by post office inspectors or other agents of the Department.

12. **Surplus postal funds.**—District postmasters shall send all postal funds on hand at the close of each quarter to the central accounting postmaster, to be exchanged for stamps. The amount of surplus postal cash to be remitted is determined by deducting the amount of postage stamp stock on hand at the close of the quarter, plus the net credits as shown by item 19 of the postal account, from the fixed credit. For example:

(1) Fixed credit allowed by the central accounting postmaster.....	\$300.00
(2) Net credit, as shown by item 19 of quarterly postal account ...	\$145.00
(3) Postage stamp stock on hand at close of quarter, as shown by actual count	80.00
<hr/>	
(4) Total to be deducted from fixed credit.....	225.00
<hr/>	
(5) Balance due United States at close of quarter, to be sent to central accounting office in cash or by check.....	\$75.00

The amount of surplus cash to be remitted should equal the difference between the reported sales and net credits, less the total amount of remittances made during the quarter, if any. If the amount of item 4, "Total to be deducted from fixed credit," is in excess of item 1, "Fixed credit," the difference is the amount which should be advanced by the central accounting postmaster to the district postmaster to adjust the account.

13. **War tax revenue.**—The War Revenue Act increasing postal rates provides that the salaries of postmasters at fourth-class offices shall continue to be computed on the basis of the rates of postage in force before the passage of the act, therefore the deduction on account of "war tax" revenue in the quarterly account of a fourth class district postmaster is simply to reduce the total cancellations at the present rates of postage to what they would be at the old rates, on which his compensation is computed. The postmaster should record the total face value of the stamps canceled each day, and in the column to the right the amount of the increase.

POST OFFICE EMPLOYEES.

1. **Civil service examination; preparation of applicants.**—Under Executive Order dated October 13, 1905, no Government employee shall be concerned in any manner in the instruction of applicants for examinations before the Civil Service Commission, under penalty of dismissal from the service.

2. **Probationary appointments of post office employees.**—The civil service act provides that there shall be a period of probation before any absolute appointment, and civil service Rule VII fixes the probationary period at six months.

3. **Probationary period begins.**—The six months' probationary period for every person appointed in the post office service shall begin on the date of appointment as a regular employee and not on the date of appointment as substitute.

BONDS OF ASSISTANT POSTMASTERS, EMPLOYEES AND CITY LETTER CARRIERS.

4. **Use of proper form.**—Form 1117 should be substituted for bonds of assistant postmasters, city letter carriers, and other employees in post offices as soon as the present supply of Forms 1536, 1537, 1652, 1654 and 1906 has been exhausted.

5. In the original bond furnished the effective date and roster title inserted must in every instance agree with the date and title previously reported to the Department.

The Department is now compelled to perform a large amount of clerical work which would be unnecessary if assistant postmasters and other postal employees were more careful in executing their bonds. In order to reduce this work to the minimum postmasters are instructed to carefully examine bonds of their employees to see that they are executed in accordance with the instructions printed on the bonds and in the Postal Guide. Compliance with instructions will make it unnecessary to return bonds to principals for correction.

Blanks for executing bonds of assistant postmasters, employees and carriers should not be supplied to surety companies or their representatives, and when such bonds are to be executed the necessary blank will be furnished the principal by the postmaster, who should obtain the necessary supply from the Fourth Assistant (Division of Equipment and Supplies).

6. In force until renewed.—Bonds executed on the forms above mentioned, when accepted by the Department, will, unless the employee is transferred to another branch of the service, remain in force until another bond is furnished by direction of the Department or at the request of the clerk or carrier concerned or of the surety.

7. Amount of bond.—The bonds of assistant postmasters and cashiers may be fixed in any sum from \$1,000 to 25 per cent of the bond of the postmaster, but in no case will a bond for a sum less than \$1,000 be accepted. Carriers' and substitute carriers' bonds must be executed in the sum of \$1,000. The amount of bond of other employees in first and second class offices may be fixed by the postmaster in accordance with the financial responsibility of the employee, but in no case will a bond for less than \$1,000 be accepted. In fixing the amount of the bonds of other employees, postmasters will be guided by the following schedule:

Assistant cashler	\$1,000 to \$20,000	Finance clerk	\$2,000 to \$20,000

8. Official designations.—It should be noted that the designations above mentioned include all that are now used for employees at first and second-class post offices other than carriers, the titles "stamper," "distributor," etc., having been abolished.

9. Rural service.—For bonds of rural carriers and substitute rural carriers see section 723, Postal Laws and Regulations.

AUTHORITY FOR EXPENDITURES FOR CLERICAL AND CARRIER SERVICE.

11. Authorized expenditures.—Postmasters may not expend money for clerk or carrier hire without obtaining in advance specific authority from the Department, except—

(a) For substitutes for clerks and carriers absent without pay. (See page 57 hereof.)

(b) For substitutes for clerks and carriers absent on civil service duty or in attendance as witnesses for the Government before a United States Court, for which purposes expenditures may be made at the rate of 40 cents an hour to the extent absolutely necessary, the amounts being reported by letter to the First Assistant Postmaster General, Division of Post Office Service, promptly at the end of each quarter so that allowances to cover the expenditures may be certified to the Auditor. On the vouchers sent to the Auditor credit for payments should be claimed on line 1 reading "Auxiliary and Temporary," Form 1622-a being used for clerks and Form 1662-a for carriers.

(c) For overtime of regular employees. (See page 56 hereof.)

12. **Unauthorized expenditures.**—Great care should be exercised to make no expenditure without authority, as credit for unauthorized expenditures will not be allowed by the Auditor. In cases of emergency, allowances may be requested by telegraph.

13. **Vouchers.**—Care should also be used to take receipts on the proper voucher and to enter the expenditures in the proper place thereon. Every allowance letter will contain explicit instructions for claiming credit, which should be exactly followed.

14. **Quarterly report of expenditures.**—On July 1, October 1, January 1, and April 1, of each year, postmasters should forward to the Division of Post Office Service, a report on Form 1525 of expenditures during the preceding three months for clerical service, and on Form 1809, a similar report for carrier service. These reports should always include the business of the entire quarter, even though a change of postmasters occurred during that period.

PAYMENT OF SALARIES.

15. **Salary receipts.**—Receipts for payments of salary to post office employees must not be taken before the payments are actually made. The pay-rolls or other receipt forms must be fully made out in ink before they are signed, and the exact amount paid to each employee must be entered thereon. This applies to semi-monthly rolls as well as to quarterly vouchers submitted to the Auditor.

16. **Semi-monthly payments.**—Paragraph 8 of section 384, Postal Laws and Regulations, reads as follows: "8. Postmasters shall be prepared to pay salaries semi-monthly within three days (including Sundays and holidays) after the expiration of the fifteenth and last days of the month, except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. When the postal funds of the office are not sufficient to make such payments transfers should be made from the money-order to the postal account. If the available postal and money-order funds combined are insufficient for this purpose, application should be made on Form 3011 to the Third Assistant Postmaster-General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 may be obtained upon requisition to the Third Assistant Postmaster-General." (See sec. 382, P. L. and R.—Note.)

COMPENSATION OF REGULAR CLERKS AND CITY CARRIERS.

17. **Salary tables.**—All payments of salaries to regular clerks, city carriers and other postal employees receiving salary or compensation at an annual or monthly rate shall be computed in accordance with the rule stated in paragraph 31 on page 89. Salary Tables prepared in accordance with this rule may be secured in pamphlet form upon application to the Third Assistant Postmaster-General (Division of Finance).

18. **Full service.**—For each full calendar month's service a clerk or carrier is entitled to one-twelfth of his annual salary. For absence without pay during any full calendar month he loses one-twelfth of his annual salary. When a clerk or carrier is absent during an entire month that fact should be stated in the quarterly voucher.

19. **Part service.**—A clerk or a carrier appointed to or separated from the service during a month is entitled for each day's service to one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first of the monthly compensation according to the number of days in the month in which the work is performed.

20. **Deductions for absence.**—For each day's absence without pay on the part of a regular clerk or carrier a deduction of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first should be made from the monthly compensation according to the number of days in the month in which the absence occurred. (See par. 53.)

21. **Absent part of a day.**—Absence without pay of regular clerks and carriers for part of a day should be recorded in hours and fractions thereof, an hour being equivalent to one-eighth of a day. At the end of the pay period the recorded absences should be added and deduction made for the nearest whole number of hours, thirty minutes or more being regarded as one hour and less than thirty minutes being ignored. Clerks should not be excused for fractions of an hour unless absolutely necessary.

22. **8-in-10 hour law; overtime; compensatory time.**—Sections 311 and 700, Postal Laws and Regulations, embody the law limiting the hours of service of city letter carriers, clerks and special clerks at first and second class post offices; payment for overtime service of city letter carriers and clerks and special clerks at first and second class post offices; and compensatory time for service rendered on Sundays and holidays by city letter carriers, clerks, special clerks, foremen and laborers at first and second class post offices.

(a) City letter carriers, clerks and special clerks are not entitled to pay for overtime unless they perform service in excess of eight hours a day, regardless of the period in which the service is performed. For example, a clerk who works eight hours or less on any day is not entitled to additional pay even though a part of such service is performed after the ten-hour limit has expired. However, postmasters are enjoined to observe the law strictly and to arrange schedules requiring eight hours daily service within ten consecutive hours. Whenever, for any reason, it is necessary to have a clerk, special clerk or carrier report for a tour of duty at a later hour than that fixed by his schedule, he may be given a "swing" provided his eight hours of daily service shall still be within a ten-hour period.

(b) If a city letter carrier, clerk or special clerk covers his regular tour of duty and performs the service required of him, he is entitled to a full day's pay even though he may have been engaged less than eight hours on his work, and for overtime he is entitled to pay in proportion to his salary. However, the Department requires that overtime shall be diligently avoided and permitted only in cases of emergency when it is impossible to secure substitutes to perform the necessary extra service.

(c) Overtime must be reported at the end of each quarter on Form 1809 for carriers and Form 1525 for clerks and special clerks and payments should be entered in the space marked "Overtime" of Form 1501-b for carriers and Form 1500-b for clerks and special clerks. The number of days and eighths of days made during each month of the quarter must be noted as indicated on the voucher. Payments may be made without securing a specific allowance from the Department to cover the expenditure.

(d) Regular carriers and clerks and special clerks must not be employed overtime in place of regular employees absent without pay or on leave of absence with pay; substitutes should be employed for such work if available. When there are no substitutes available and no eligibles on the register who will accept appointment for the service required, postmasters are authorized to nominate any suitable persons between the ages of eighteen and forty-five for appointment as temporary substitute carriers or temporary substitute clerks, such nominations to be made on Form 1943 or 1531 and forwarded in the usual manner to the District Civil Service Secretary for indorsement and transmission to the Department.

(e) Compensatory time must be granted to city letter carriers, clerks, special clerks, foremen and laborers at first and second class post offices, for all service performed by them on Sundays and the holidays enumerated in Sections 311 and 700, Postal Laws and Regulations. Compensatory time for Sunday service must be given on *one* of the six following days and compensatory time for holiday service must be given on *one* of the thirty following days. Compensatory time must not be distributed over two or more days.

(f) The restrictions in the law above referred to do not apply to substitutes as they are paid by the hour for the time actually employed. When substitute clerks are not available substitute carriers may perform any kind of substitute clerk service and similarly substitute clerks may perform any kind of substitute carrier service, but care must be used to see that payment is made from the proper allowance.

(g) Carriers must not be required to perform any clerical duty (see Sec. 701, P. L. & R.) nor are clerks permitted to perform carrier service, as each kind of service is paid for out of a separate appropriation.

COMPENSATION FOR AUXILIARY AND SUBSTITUTE SERVICE.

23. All service performed by substitute clerks and carriers for auxiliary purposes, in place of carriers, assistant postmasters, supervisory officials, special clerks, regular clerks and laborers, shall be paid for at the rate of 40 cents an hour. A substitute serving for a clerk or carrier injured while in the performance of duty shall be paid at the rate of 40 cents an hour for actual service performed during the first three days of the injured employee's absence, the payment to be charged to the lapsed salary of the injured employee; thereafter, during the period of injury, the substitute shall be paid at the rate of 40 cents an hour and payment charged to an allowance for auxiliary service which will be granted upon receipt of request from the postmaster. In making payments observe carefully the following instructions:

24. **Computing time.**—Enter in each substitute's service record (Form 1592 or 1593) the exact length of time, in hours and minutes, during which he actually serves every day, whether Sunday, holiday, or working day. At the end of each half month find, by adding such entries, his total time of service during that period, and pay him for the nearest whole number of hours, counting a fraction of an hour amounting to 30 minutes or more as one hour and ignoring a fraction amounting to less than 30 minutes. Thus, for 29 hours and 30 minutes pay for 30 hours; for 29 hours and 29 minutes pay for 29 hours. Substitute clerks should not be employed for fractions of hours unless absolutely necessary. A specific allowance to cover such service must be secured in advance.

SUBSTITUTES FOR ASSISTANT POSTMASTERS.

25. **Lapsed salary not available.**—A substitute for an assistant postmaster cannot be paid from his lapsed salary, but when absolutely necessary the Department will authorize the employment of a substitute clerk at the rate of 35 cents an hour during the absence of an assistant postmaster in

excess of the fifteen days with pay allowed by law. Payments for such service must be entered in the space provided for auxiliary clerk hire of Form 1622-a, and a specific allowance must be secured in advance.

SUBSTITUTES FOR EMPLOYEES ABSENT WITHOUT PAY.

26. **Use of lapsed salaries.**—Without specific authority from the Department postmasters may utilize the amounts deducted during each quarter from the salaries of regular clerks absent without pay for the employment of substitutes for such clerks at the rate of 40 cents an hour. The same procedure is authorized in the case of city letter carriers. If the amount of the deductions is not sufficient to cover the cost of employment of substitutes at 40 cents an hour during any quarter, the postmaster may utilize any unexpended balance in the lapsed salary fund that may have accrued during previous quarters of the same fiscal year. However, this course is permissible only for the purpose of employing substitutes for employees absent without pay and is authorized to provide for a contingency in which the lapsed salary of the absent employee is not sufficient to cover the cost of employing a substitute in his place. Lapsed salaries of regular clerks and carriers must not be used in payment for auxiliary or temporary service unless such service is due to the absence of regular employees, or used for the employment of substitutes for clerks or carriers on leave with pay. The Auditor will allow credit each quarter for the actual expenditures only. When an interval occurs between the separation of a clerk or carrier and the appointment of a successor the salary for the position reverts to the Department and cannot be used for substitute service. When an employee is granted indefinite leave of absence without pay on account of military service the salary for the position reverts to the Department until the employee returns to duty and can not be used to employ a substitute pending the appointment of an additional clerk in his place. A specific allowance must be secured for auxiliary service at 40 cents an hour to cover such service.

27. **Supplemental allowances.**—If the reports required by paragraph 14 show that the amount deducted in any quarter from the salaries of regular clerks or carriers plus any unexpended balance brought forward from the preceding quarters of the same fiscal year prove insufficient to pay for necessary substitute service at the rate of 40 cents an hour, the difference will be authorized so that the Auditor may pass the accounts. It is not necessary to ask by letter for such allowances but the reports on Form 1525 (formerly C-225) and Form 1809 (formerly D-9) must be made as required by instructions in paragraph 14.

28. **Charge expenditure to proper allowance.**—It should be borne in mind that allowances for clerical service and allowances for carrier service are granted out of separate appropriations. Care should be exercised to use each allowance for the object for which it was granted, and on the vouchers sent to the Auditor, to enter the amount expended on the proper line, number 1 for auxiliary service, 2 for vacation service, or 3 for service vice regular employees absent without pay.

SUBSTITUTES FOR LABORERS ABSENT WITHOUT PAY.

29. **Not allowed.**—If a regular laborer is absent without pay and it is necessary to fill the vacancy, the postmaster is authorized to select any one eligible for appointment to serve at the same salary as the regular laborer during such laborer's absence. The name of the substitute, the number of days he served, and the name and salary of the employee for whom he served should be reported at the end of the quarter to the First Assistant Postmaster-General, Division of Post Office Service. The Auditor will be authorized to allow credit for his salary as a regular employee for the time during which he served. He should sign the regular voucher (Form 1623-a.)

PROMOTIONS, REDUCTIONS, AND TRANSFERS.

30. **Recommendations.**—Thirty days before the end of each quarter recommendations should be submitted either for or against the promotion of every clerk or carrier who at the end of the quarter will have completed a year's service in any of the grades from \$800 to \$1,000, inclusive, at a first class office, or from \$800 to \$900, inclusive, at a second class office. Recommendations for the promotion of clerks should be submitted on new Form 1530 (taking the place of Form 1534, formerly C-204) in triplicate, and of carriers on new Form 1530 (taking the place of Form 1939, formerly D-104) in triplicate. Recommendations that promotion be withheld from clerks should be submitted on new Form 1534 (taking the place of Form 1535, formerly C-205) in duplicate, and recommendations that promotion be withheld from carriers on new Form 1534 (taking the place of Form 1938, formerly D-105) in duplicate.

31. **To highest grade.**—Promotions to the 1200-dollar grade at first-class offices and to the 1100-dollar grade at second-class offices are granted as a reward for especially meritorious service when additional positions in those grades are authorized by Congress. Recommendations should be submitted on Form 1530 in triplicate for clerks and carriers.

32. **When absent without pay.**—If a clerk or carrier has been absent without pay for any cause for ninety days or more during the year following his appointment or his last promotion, he should not be recommended for further promotion until the completion of another quarter's service; if he has been absent one hundred and eighty days or more, he should not be recommended for promotion until the completion of two more quarters' service; if two hundred and seventy days or more, not until the completion of three more quarters' service.

33. **When reduced or promotion is withheld.**—A clerk or carrier falling of promotion must remain in the same grade for two quarters (six months) longer before becoming eligible for pro-

motion. A clerk or carrier who is reduced to a lower grade may be restored to his former salary (or partially restored if he has been reduced more than one grade) at the beginning of the next quarter or of any quarter thereafter. One year after being restored to his former salary, he will be eligible for further promotion, provided his record in the meantime has been satisfactory. Thus, if a clerk or carrier fails of promotion on October 1, 1917, he will not be again eligible until April 1, 1918. If a clerk or carrier is reduced on October 15, 1917, he may be restored to his former salary on January 1, 1918, and will be eligible for further promotion on January 1, 1919.

34. **Seeking outside influence is forbidden.**—No recommendation for the promotion of any employee in the classified service shall be considered, except it be made by the officer or officers under whose supervision or control such employee is serving; and such recommendation by any other person with the knowledge and consent of the employee shall be sufficient cause for debarring him from the promotion proposed, and a repetition of the offense shall be sufficient cause for removing him from the service.

35. **Transfers between clerical and carrier force.**—Transfers from the clerical to the carrier force and the reverse, and from one office to another, are made only on the recommendation of the postmasters affected. All questions of transfer should therefore be taken up directly with such postmasters.

36. **Time credits on transfers.**—An employee transferred from clerk to carrier or vice versa, or from one office to another should receive full credit for his service before the transfer.

37. **Mutual exchange.**—In effecting a mutual exchange between a clerk and a city letter carrier the carrier should not be transferred to a higher grade than that of the clerk. A carrier must pass a case examination to be eligible for transfer to clerk. Recommendations for the transfer of a clerk to the carrier force and the reverse, should include a statement as to whether each applicant is physically able and otherwise qualified to perform the duties of the position to which he is to be assigned and whether the carrier has passed a creditable case examination on general scheme within the year next preceding the date of application for transfer, giving the date on which the examination was taken and the rating attained. Recommendations for transfers and mutual exchanges should be submitted to the First Assistant Postmaster-General on the proper form in quadruplicate, accompanied by the written application of each employee affected. For mutual exchanges use new Form 1533 in quadruplicate; for transfer from the clerical to the carrier force, and for transfer from the carrier to the clerical force use new Form 1532 (in quadruplicate).

38. **Transfer of regular to substitute.**—The ruling of the Civil Service Commission regarding transfers between the substitute clerk and the substitute carrier force is as follows:

"Transfers [of regular employees] to the substitute force of a post office . . . may be made to any position on the substitute list. A substitute transferred from one post office to another shall go to the foot of the substitute list.

39. **Transfer of substitutes.**—"The transfer of a substitute within a post office from the clerk to the carrier substitute force, or vice versa, may not be made except to the foot of the substitute roll: Provided, That a mutual exchange of positions between a substitute clerk and a substitute carrier may be made, but not to any higher position on the substitute roll than that to which each would have been entitled if his original appointment had been to the roll to which transferred: And provided further, That when a substitute is transferred from the clerk to the carrier roll, or vice versa, and afterwards retransferred to the roll upon which his name originally appeared, then his name shall be entered upon such roll in the order of his original appointment."

40. **Substitute appointed regular.**—A substitute clerk can not be appointed directly to the position of regular carrier nor a substitute carrier directly to the position of regular clerk.

41. **Transfers of substitutes—Forms to use.**—Transfers from the substitute clerk to the substitute carrier roll should be reported to the First Assistant Postmaster-General on new Form 1533 (in place of Form 1943, formerly D-101) in quadruplicate; transfers from the substitute carrier to the substitute clerk roll and mutual transfers between substitute clerks and substitute carriers should be reported on Form 1533 (formerly C-203) in quadruplicate.

42. **Unlawful to give consideration for an exchange of position.**—Clerks, letter carriers and employees of post offices are warned that it is unlawful to give or receive payment, directly or indirectly, to effect an exchange of positions in the same or different post offices, or any place in the public service, the offense being punishable by fine and imprisonment in accordance with the provisions of section 112 of the Penal Code, which reads:

"Whoever, being elected or appointed a Member of or Delegate to Congress, or a Resident Commissioner, shall, after his election or appointment and either before or after he has qualified, and during his continuance in office, or being an officer or agent of the United States, shall directly or indirectly take, receive, or agree to receive, from any person, any money, property, or other valuable consideration whatever, for procuring, or aiding to procure, any contract, appointive office, or place, from the United States or from any officer or department thereof, for any person whatever, or for giving any such contract, appointive office, or place to any person whomsoever; or whoever, directly or indirectly, shall offer, or agree to give, or shall give, or bestow, any money, property, or other valuable consideration whatever, for the procuring, or aiding to procure, any such contract, appointive office, or place, shall be fined not more than ten thousand dollars and imprisoned not more than two years; and shall, moreover, be disqualified from holding any office of honor, profit, or trust under the Government of the United States. Any such contract or agreement may, at the option of the President, be declared void."

FILLING OF VACANCIES IN CLERICAL AND CITY CARRIER FORCES.

43. Changes may be recommended.—When a vacancy occurs in the post office force, whether caused by an employee's separation from the service, promotion, or reduction, changes may be recommended as follows:

44. Vacancies in positions above the highest grade of clerks.—When a vacancy occurs in a position above the highest grade of clerks (that is, a position paying more than \$1,200 a year), the postmaster may recommend the promotion to such position of an employee occupying any other position above the highest grade of clerks (that is, the \$1,200 grade), or the promotion of a clerk of the highest grade in the office concerned, provided that such clerk has served satisfactorily during the preceding year. Such changes may take effect on any day following the date on which the vacancy occurs, and should be submitted on Form 1532 (in triplicate).

45. Vacancies in clerk and carrier grades.—A vacancy in the clerical or carrier grades (that is \$800 to \$1,200) may be filled by the appointment of a clerk or carrier at \$800, except when the Department authorizes the postmaster to fill it by reinstatement or transfer. Appointments may take effect on the day following the date on which the vacancy occurs, and should be reported on Form 1532 (in triplicate). When vacancies occur in the non-automatic grades (\$1,200 grade in first class offices and \$1,100 grade in second class offices) postmasters are also authorized to recommend the promotion of a clerk or carrier of the next lower grade who has performed a year's satisfactory service in that grade and whose efficiency rating is not less than ninety, such promotion to be effective from the beginning of the quarter following the date on which the vacancy occurs.

46. Vacancies in mechanical and subclerical positions.—A vacancy in a mechanical or subclerical position (carpenter, janitor, laborer, etc.) may be filled, as heretofore, by promotion or by appointment, the changes to take effect on any day following the date on which the vacancy occurs, and reported on Form 1532 (in triplicate).

47. Forms to be used.—In reporting the choice of substitute clerks and substitute carriers from the Civil Service register use Form 1531 (formerly C-201). In recommending the promotion of employees in the higher positions (above \$1,200), the appointment of regular clerks at \$800, transfers to the clerical force, and joint transfers between clerks and carriers, use Form 1533 (formerly C-203), in triplicate. In recommending the appointment of regular carriers at \$800 and transfers to the carrier force use new Form 1533 (in place of Form 1944, formerly D-102). All recommendations should be submitted in triplicate except recommendations for transfers between the clerical and carrier forces, which should be in quadruplicate. Do not use the forms above mentioned in recommending the promotion of clerks or carriers in the grades from \$800 to \$1,200. (See paragraphs 30 and 31.)

REINSTATEMENTS.

48. Form of recommendation.—Recommendations for reinstatement must be made in triplicate on Form 1532 and should be accompanied by a statement showing that the person whose reinstatement is sought has not two or more members of his family already in the competitive classified service, the reasons for resigning from the service, and whether he intends to remain in the service if reinstated.

LEAVE OF ABSENCE FOR CLERKS AND CITY CARRIERS IN FIRST AND SECOND CLASS OFFICES.

49. Clerks—With pay.—Leave of absence with pay cannot be granted to officers and employees, except letter carriers, in first and second-class post offices until they have been regularly employed in such offices for one year. After an employee has completed a year's service he should receive leave of absence with pay for fifteen days, exclusive of Sundays and holidays, during the remainder of the fiscal year ending June 30. During the following fiscal year beginning July 1, and each succeeding fiscal year, he should be granted fifteen days, exclusive of Sundays and holidays, at such time as he can be most conveniently spared.

50. Carriers—With pay.—City carriers in the service on the 1st day of July should be granted leave of absence with pay for fifteen days, exclusive of Sundays and holidays, at such time before the following June 30 as they can be best spared from their duties. Carriers entering the service after the 1st day of July should be granted, before the following June 30, one and a quarter days' leave of absence for each month elapsing between their appointment and that date.

51. Sundays and holidays occurring during vacation.—Postmasters are not authorized to require clerks and carriers to return to work on Sundays and holidays during their vacations and should not endeavor to assign vacations so as to exclude Sundays and holidays, but should give as many of their employees as possible the full benefit of the Act of Congress providing that Sundays and holidays shall not be included in leave of absence with pay. The privilege of taking vacations that include holidays should be given to different employees in rotation so as to avoid any complaint of injustice. No additional expense should be incurred by reason of the absence of employees on vacation on Sundays and holidays, the employees remaining on duty being required to work additional time if necessary.

52. Sundays or holidays at beginning or end of period of leave without pay.—Clerks and carriers will be paid for Sundays or holidays occurring at the beginning or end of a period of

absence without pay unless scheduled to work on such days; but not for Sundays and holidays occurring within the period of absence, whether scheduled to work on such days or not.

53. **Leave without pay.**—Postmasters may, in addition to the leave of absence with pay provided by law, grant leave of absence without pay to clerks and carriers in case of illness, disability received in the service, or other urgent necessity, such leave not to exceed thirty days in any one fiscal year. An application for leave of absence to cover a longer period in cases of illness must be submitted by the postmaster to the First Assistant Postmaster General with a full statement of the facts; but leave for more than one year will not be granted in any such case. Clerks and carriers who desire to be absent for longer periods will be dropped from the rolls without prejudice. Unnecessary absence without pay will adversely affect the employee's efficiency records. See Postmaster-General's Order No. 210, dated April 6, 1917.

54. **Service in National Guard.**—In order to correct a misconception that seems to exist as to the attitude of the Department in regard to enlistment and service in the national guard by employees of the postal service, the following order has been issued:

"ORDERED, That leaves of absence without pay, in addition to the leave of absence with pay authorized by law, will be granted to postal employees who are members of the national guard when called upon to perform military duty by competent authority."

The Department believes that the national guard should be encouraged in every way and that it is feasible for postmasters to arrange the duties of employees so that leaves of absence to perform military duty may be granted without detriment to the service. In cases of emergency, where the entire guard is called out and to grant leaves of absence to all of the employees of the post office who are members of the national guard would seriously embarrass the postal service, it is believed that, upon proper representations by the postmasters, commanding officers will relieve from duty those employees whose services are imperatively needed in post office work.

EFFICIENCY AND DISCIPLINE OF CLERKS AND CITY CARRIERS IN FIRST AND SECOND CLASS OFFICES.

55. **Record of efficiency.**—Postmasters at first and second-class offices are required to keep a record of the efficiency of their clerks and carriers in accordance with the instructions issued by the Department under date of September 25, 1914, copies of which can be obtained from the Fourth Assistant Postmaster-General (Division of Equipment and Supplies). Failure to keep this record will be noted as an irregularity against the record of the postmaster.

56. **Case examinations.**—Clerks in first class post offices who at any time are required to make up mail for dispatch, as well as clerks whose time is principally devoted to such work, shall pass a case examination on general scheme at least once each year, attaining a rating of not less than ninety-five per cent and throwing correctly not less than sixteen cards per minute. All clerks in second class offices (including the assistant postmaster at offices other than those designated as central-accounting offices) shall pass a case examination on general scheme at least once each year, attaining a rating of not less than ninety-five per cent and throwing correctly not less than sixteen cards per minute. In offices having a superintendent of mails, the examination will be given by that officer; at other offices the postmaster should arrange for these examinations with the Superintendent, Railway Mail Service, of the division in which the post office is located.

(a) Clerks whose duties require them to distribute incoming mail shall take examinations on schemes of local distribution, prepared under the direction of the postmaster. A sample of such a scheme may be secured by postmasters upon application to the First Assistant Postmaster General, Division of Post Office Service.

(b) Clerks handling mail will not be promoted unless they have successfully passed the required examination. They should also be frequently questioned concerning the proper route on which mails are dispatched from their office and the orders given for making up mail.

57. **Removals and reductions.**—The practice of fining or temporarily suspending clerks and letter carriers without pay for purposes of discipline has been discontinued. However, if an employee should be guilty of an offense so flagrant as in the postmaster's judgment to render desirable his immediate removal from the service, he may be suspended from duty pending final action in the case. Authority for such suspension must be requested by telegram, to be followed promptly by a letter stating the facts in detail.

(a) When a clerk or carrier is guilty of serious misconduct or his low efficiency rating requires it, he may be reduced in salary one or more grades.

(b) Reductions or removals may be made only after written charges have been preferred in accordance with the requirements of section 6 of the Act approved August 24, 1912, which reads:

"SEC. 6. That no person in the classified civil service of the United States shall be removed therefrom except for such cause as will promote the efficiency of said service and for reasons given in writing, and the person whose removal is sought shall have notice of the same and of any charges preferred against him, and be furnished with a copy thereof, and also be allowed a reasonable time for personally answering the same in writing; and affidavits in support thereof; but no examination of witnesses nor any trial or hearing shall be required except in the discretion of the officer making the removal; and copies of charges, notice of hearing, answer, reasons for removal, and of the order of removal shall be made a part of the records of the proper department or office, as shall also the reasons for reduction in rank or compensation; and copies of the same shall be furnished to the person affected upon request, and the Civil Service Commission also shall, upon request, be furnished copies of the same: *Provided, however,* That membership in any society, association, club, or other form of organization of postal employees not affiliated with any outside organization imposing an obligation or duty upon them to engage in any strike, or proposing to assist them in

any strike, against the United States, having for its objects, among other things, improvements in the condition of labor of its members, including hours of labor and compensation therefor and leave of absence, by any person or groups of persons in said postal service, or the presenting by any such person or groups of persons of any grievance or grievances to the Congress or any Member thereof shall not constitute or be cause for reduction in rank or compensation or removal of such person or groups of persons from said service. The right of persons employed in the civil service of the United States, either individually or collectively, to petition Congress, or any Member thereof, or to furnish information to either House of Congress, or to any committee or member thereof, shall not be denied or interfered with." (See section 29, P. L. & R.)

INJURED EMPLOYEES.

58. Injured employees.—The United States Employees' Compensation Commission, which administers the Act of September 7, 1916, providing compensation for all civil employees of the United States suffering injuries while in the performance of their duties, has, up to this time, had printed and delivered three forms to be used in the administration of that Act. These are the Notice of Injury, the Report of Injury, and the Claim for Compensation on Account of Injury.

The Notice of Injury, in accordance with Section 15 of the Act, is to be filled out by every employee injured in the performance of his duties, or by some one on his behalf, and within forty-eight hours after the injury furnished to his immediate superior. This may be done by delivering it personally, or by depositing it, properly addressed, in the mail.

The Report of Injury is to be made by the injured employee's official superior and forwarded to the United States Employees' Compensation Commission, Washington, D. C., immediately after the injury or the notification thereof.

The Claim for Compensation on Account of Injury is to be submitted by an injured employee in accordance with the instructions contained thereon.

A supply of the blank forms above enumerated has been sent to the depository post office in each State and to the various division headquarters of the Railway Mail Service and Post Office Inspectors. When any civil employee of this Department is injured while in the performance of his duties, the postmaster of the office where the injured employee is located may secure from the depository office of his State the necessary blank forms above mentioned.

Railway mail clerks and post office inspectors injured while in the performance of their duties may secure these blank forms from their respective headquarters.

GOVERNMENT EMPLOYEES GUILTY OF EXTORTION.

59. Punishment for.—" * * * Every officer, clerk, agent, or employee of the United States, and every person representing himself to be or assuming to act as such officer, clerk, agent, or employee, who is guilty of extortion under color of his office, clerkship, agency, or employment, and every person who shall attempt any act which if performed would make him guilty of such extortion, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or by both such fine and imprisonment, except those officers or agents of the United States otherwise differently and specially provided for in the subsequent sections of this chapter." (Act of Congress approved June 28, 1906.)

COMPENSATION OF NOTARIES PUBLIC WHO ARE GOVERNMENT EMPLOYEES.

60. Notarial service during office hours.—No officer, clerk, or employee in the Executive service of the Government (except postmasters at offices of the fourth class and rural carriers), who is also a notary public, shall charge or receive any compensation whatever for performing any notarial act for an officer, clerk, or employee of the Government in his official capacity, or for any person when, in the case of such person, the act is performed during the hours of such notary's service to the Government. Disobedience of this order shall be ground for immediate dismissal from the service. The order does not apply to oaths of disinterestedness or other oaths required to be made by law, provided that the work in connection therewith is not performed during office hours. (See sec. 156, P. L. & R.)

RURAL CARRIERS.

ANNUAL LEAVE AND COMPUTATION OF PAY.

1. Leave with pay.—Rural letter carriers, after twelve months' continuous service as regular carriers, are allowed annual leave, with pay, not to exceed fifteen days, exclusive of Sundays and holidays, which must be taken within the fiscal year (July 1 to June 30). Any unused portion of such leave can not be allowed during a subsequent fiscal year, but after a rural letter carrier has completed a year's service he should receive leave of absence with pay for fifteen days, exclusive of Sundays and holidays, during the remainder of the fiscal year ending June 30. During the following fiscal year beginning July 1, and each succeeding fiscal year, he should be granted fifteen days' leave of absence with pay, exclusive of Sundays and holidays, at such time as he can be most conveniently spared.

2. Leave with pay on tri-weekly routes.—Carriers on one tri-weekly route will be charged in multiples of two days for each service day they are absent from duty. Example: If absent Monday, Wednesday and Friday, the days on which route is to be served, a total of six days will be charged against carrier and substitute paid accordingly.

If a carrier on one tri-weekly route takes his full quota of fifteen days' leave all at one period, then he will be charged with fifteen days, and substitute paid accordingly.

NOTE.—In cases like the above, the fifteen days are not to be construed as consisting only of service days, but both service days and intervening days, exclusive of Sundays and holidays.

3. Services required on Christmas.—Rural carriers shall not be granted annual leave of absence on December 25th, Christmas Day. (See section 735, P. L. & R.)

If on account of sickness, or other valid reason, a carrier is unable to serve his route on Christmas Day, or the day observed as Christmas, he must employ a substitute at his own expense to serve the route.

4. Sunday service not required of substitutes.—Substitute carriers serving for rural carriers who are on annual leave with pay will not be required to report at offices on Sundays and holidays and will not be paid for such days; but if it is essential during such annual leave period that any service be performed on Sundays and those holidays on which service is suspended, then it must be done by a regular carrier.

5. When carrier may serve as substitute.—A rural carrier absent without pay can serve as substitute for another carrier absent without pay in an emergency. A rural carrier on leave of absence with pay shall not be employed as substitute for another rural carrier on leave of absence with pay.

6. Substitute may serve on any route.—Where there are two or more rural routes from the same office, any properly bonded substitute may serve during the carrier's absence; that is, the substitute for carrier on route No. 1 may serve during the absence of carriers on routes Nos. 2 and 3, if the latter have no substitute available.

7. Substitute vouchers to be certified promptly.—Postmasters should prepare promptly the vouchers (form 4253) covering annual leave service, giving the precise dates on which leave is taken, and which detail must agree as to the total number of days stated in the vouchers, which are to be sent at once to the paying postmasters. (See section 732, P. L. & R.)

8. Names of regular and substitute to be entered in substitute vouchers.—In the preparation of voucher for the payment of substitute rural carriers, the names of both the regular and substitute carriers must be written in the voucher. In the absence of the postmaster, the assistant postmaster may certify to regular, temporary or substitute rural carrier's vouchers, giving names and titles. Example:

"John W. Smith, Postmaster,
"By William L. Jones, Ass't Postmaster."

9. Monthly pay.—A regular or temporary carrier serving the whole of any calendar month is entitled to one-twelfth of the annual salary.

10. Basis of pay for part of a month.—On and after July 1, 1911, regular or temporary carriers appointed to or separated from the service during a month will be paid for each day's service, including intervening Sundays and holidays, performed by them on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation, according to the number of days in the particular month in which service is rendered. Use column in salary tables headed by number of day in month in which the service was performed.

DEDUCTIONS FROM REGULAR OR TEMPORARY CARRIERS' PAY.

11. Suspension from duty.—When a carrier is suspended from duty without pay and a temporary carrier is appointed in his stead, the deduction from the salary of the regular carrier and payment to the temporary carrier should be made on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation for each day's absence or service, including intervening Sundays and holidays, according to the number of days in the particular month in which the suspension occurs. Use column in salary tables headed by number of days in month in which the suspension occurred. If the carrier is absent a full calendar month, then he loses one-twelfth of his annual rate of pay.

12. Total failure of service.—Whenever total failure of service occurs on a rural route on a day other than Sunday or one of the authorized holidays indicated in Section 735, P. L. & R., a deduction of one day's pay must be made from the salary of the carrier for each day on which no service was performed on the route. The fact that the carrier reported at the post office does not entitle him to pay, if he fails to serve the route. (See section 758, P. L. & R. and section 727 as amended November 25, 1916.) A deduction of one day's pay must also be made from the salary of a rural carrier for each Sunday and legal holiday on which he fails to report at the post office for one hour when directed by the postmaster to do so in accordance with the provisions of section 774, P. L. & R.

13. Partial failure of service.—When only partial service is rendered the postmaster will review carefully the statement made by each carrier who has failed to serve his entire route, and when it is ascertained that the carrier made every endeavor to render complete service deduction shall not be made from the carrier's salary, but the circumstances should be fully explained in the monthly report.

Whenever the route is only partly served and the partial failure may be attributed to the condition of the carrier's stock or equipment, or is due to his failure, whether in stormy weather or in time of high water or bad roads, to use every endeavor to serve his entire route by travelling every

road available; whenever the partial failure is due to lack of interest in the service or misconduct on the part of the carrier, sickness or any reason of a personal nature to the carrier, a deduction shall be made from his salary as directed in the "Rule for Deductions" on the inside of the front cover to the "Rural Delivery Salary Tables."

Upon reaching an obstructed point, a stream which is unfordable or a bridge which can not be crossed, the carrier should make such deviation from the official line of travel as to avoid the obstruction. If this is not possible he must return immediately to the post office and start out on the return portion of the route. Whenever, after leaving the post office, the carrier finds that he can not reach his route, he must travel some other roads, although they may be covered by another carrier, and make every endeavor to serve the patrons. The excuse that the roads are slippery or only difficult to travel, will not be considered, as each carrier must be equipped to perform complete and uninterrupted service under adverse weather or road conditions.

14. Trip reports of rural carrier.—Correct entries must be made each day on forms 4240 and 4241 by all rural carriers in the service. At the end of the month the postmaster should satisfy himself that all blanks are filled out and entries properly made, and irregularities noted in column for "Remarks" with reasons for failures, and promptly forward report on form 4241 to the Fourth Assistant Postmaster General, Division of Rural Mails, Washington, D. C.

False entries on a trip report will be considered sufficient cause for removal of the carrier.

A carrier who has handled five thousand pieces of mail each month for three consecutive months is authorized to discontinue further counting except for the first month in each quarter. All other data must be supplied on the report for the second and third months of each quarter.

Postmasters will be given special instruction to weigh all mails handled on rural routes from their offices during one month of each year (such months to be specifically designated by the Department) and to submit a detailed report on form No. 4241, showing by classes and totals the number of pieces, weight of and postage on all mail delivered and collected by each carrier.

PAY OF SUBSTITUTE AND TEMPORARY SUBSTITUTE CARRIERS.

15. When regular or temporary carriers are on leave without pay.—Whenever, during the absence of a regular or temporary carrier (except when absent on annual leave with pay) a substitute is employed, such substitute shall be paid by such regular or temporary carrier for each day's service on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation allowed the regular or temporary carrier, according to the number of days in the particular month in which the absence occurs. If, during the rural carrier's absence without pay, it is necessary for the substitute to report at the office on Sundays or holidays, in accordance with the provisions of Section 774 of the P. L. & R., the substitute shall be paid for these days. Use column in salary tables headed by number of days in month in which service was performed. If the substitute serves the whole of any calendar month, he is entitled to and shall be paid by the carrier one-twelfth of the annual salary paid the carrier.

16. When carriers are on annual leave.—A substitute carrier serving a route vice the regular carrier on annual leave with pay is entitled to one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation for each day's actual service performed, according to the number of days in the particular month in which the service is rendered. In these cases substitutes shall not be employed on and will not be paid for Sundays and holidays. Use column in salary tables headed by number of days in month in which service was performed.

TRI-WEEKLY SERVICE.

17. Suspension of service on tri-weekly routes.—The preceding instructions apply equally to a carrier on one tri-weekly route except that for each and every service day he does not serve his route, whether on account of leave of absence with pay, leave of absence without pay or suspension from duty, he will be charged two days, and the substitute or temporary carrier paid, or deductions made, accordingly. (See par. 5.)

VOUCHERS.

18. Vouchers to be prepared and mailed promptly.—On completion of service by carriers on the last day of each month, or earlier in the month in case of discontinuance of carrier, the postmaster will see that a correct voucher is prepared in favor of each regular or temporary carrier; that it is properly signed by the carrier and postmaster, and that it is mailed to the disbursing postmaster on the same day.

19. Use of monthly and quarterly vouchers.—In all regular cases form 4251 is to be used for each of the first two months of a quarter and form 4252 for the last month of the quarter. If a carrier is separated from the service during a quarter his last voucher must be on form 4252, even if it be for but part of a month. Similarly, if a regular or temporary carrier performs service during only a portion of a quarter, his last voucher must be on form 4252. Form 4252 is in duplicate and always must include all payments previously made to the same carrier during the same quarter.

For example: If a carrier serves at \$396 per annum during the whole months of July, August and September, form 4252 should be used for payment of the September salary (\$33) and should receipt in the aggregate for \$99 for the "period from July 1st to September 30th."

If a carrier at the same salary serves during July and a portion of August and resigns on August 20th, the voucher should be for \$54.29 and the receipt should be for the "period from July 1st to August 20th." The successor to this latter carrier, if he serves during the remainder of the quarter, should receipt on form 4251 for his salary during the remainder of August (\$11.71) and then receipt at end of September on form 4252 in the aggregate for \$44.71 to cover the salary for September (\$33) and the amount received for August (\$11.71); such receipt should read for the "period from August 21st to September 30th."

Future requisitions on the Division of Supplies for Rural Delivery Letter Carriers' vouchers should be made for a sufficient number of form 4251 for use during eight months of the year and enough of form 4252 for four months.

20. Amounts in vouchers to be according to salary tables.—Postmasters, before filling in salary vouchers and pay rolls, must compute the amount due in accordance with the instructions herein contained and the official salary tables.

SALARY TABLES.

21. Basis of computation.—The official salary tables for payment of rural carriers are computed in accordance with the provisions of Section 4 of the Act of Congress approved March 4, 1911, making appropriations for the service of the Post Office Department, for the fiscal year ended June 30, 1912, and may be obtained from the Fourth Assistant Postmaster-General, Division of Rural Mails.

CASHING OF RURAL CARRIERS' CHECKS.

22. Use of disbursing checks.—Disbursing postmaster's checks drawn in payment of rural letter carrier's salaries, may be cashed from Government funds as follows:

From postal funds; when they are received from responsible persons and the postmaster is willing to guarantee the indorsements thereon, and provided such checks will be received at par by the depository to which the postmaster must remit them as postal funds. (Section 372, P. L. & R.)

From money order funds; when they are received from responsible persons whose indorsement thereon the postmaster is willing to guarantee and provided such checks will be received at par by the depository to which the postmaster remits surplus money order funds. (Section 1124, P. L. & R.)

SCHEDULE OF RURAL CARRIERS' ANNUAL SALARIES.

23. For serving a route:		14 miles and less than 16 miles.....	\$720
4 miles and less than 6 miles.....	\$480	16 miles and less than 18 miles.....	840
6 miles and less than 8 miles.....	528	18 miles and less than 20 miles.....	960
8 miles and less than 10 miles.....	576	20 miles and less than 22 miles.....	1080
10 miles and less than 12 miles.....	624	22 miles and less than 24 miles.....	1152
12 miles and less than 14 miles.....	672	24 miles and over.....	1200

24. A carrier serving one tri-weekly route shall be paid on the basis for a route one-half the length of the route served by him, and a carrier serving two tri-weekly routes shall be paid on the basis for a route one-half the combined length of the two routes.

PUBLIC ROADS AND POSTAL SERVICE THEREON.

25. In cases where local authorities discontinue or permit the fencing up of a road in use as a post route so as to prevent performance of postal service, the discontinuance of such service is the Department's only alternative, and for any increase of distance or additional expense caused by the action of the local authorities in discontinuing or changing a road in use as a post route no additional pay can be allowed the contractor or sub-contractor for service on the route. Mail carriers have no authority to trespass upon private property, and the postal laws give them no special rights or privileges as to the use of public roads. The law prohibits any wilful interference with the performance of postal service, but such prohibition does not authorize mail carriers to disregard State law or municipal ordinances in relation to the use of public roads, nor authorize them wilfully to interfere with the rightful use of public roads by other parties. There is no provision of law exempting mail carriers from the payment of toll or ferriage, and toll-gate keepers and ferrymen can rightfully refuse passage or ferriage to a mail carrier who refuses to pay the legal rate of toll or ferriage, but upon the tender of the lawful fee therefor a mail carrier must be promptly granted passage or ferriage, and a refusal thereof, in order to enforce payment of an indebtedness previously incurred, or for any other reason (except it be that ferriage be impossible or dangerous to life), would constitute a wilful obstruction of the mail, as prohibited by law.

STAR ROUTE SERVICE.

26. Schedules.—Service on star routes must be performed on all schedule days regardless of holidays, except that where a star route is dependent upon a rural route for its mail supply, service need not be performed on holidays when the rural carrier is not required to perform service. Deduction is made from the pay of star route contractors for all service not performed as required by contract.

Contractors and carriers on star routes are not prohibited from transporting, outside of the mail, packages of merchandise, etc., even though such packages may be mailable, but if such packages are presented as mail with stamps affixed, they must then be transported as mail matter, and the contractor or carrier cannot make any charge therefor.

Postmasters should advise the Department whenever a change of schedule becomes necessary on a star route by reason of a change of the running time of trains on any railroad with which such star route connects, in order that proper action may be taken to have mails received and dispatched in such manner as will render the most expeditious service to the persons dependent upon the route for their mail supply; but changes of schedule entirely in the interests of the contractor or carrier should not be recommended.

27. Report cases where mail boxes on star routes are injured or destroyed maliciously.—Postmasters are expected to promptly report to the Fourth Assistant Postmaster General, Division of Rural Mails, every instance coming to their notice in which boxes erected for the reception of mail, along roads traveled by star-route carriers, are maliciously pulled down or injured.

COLLECTION AND DELIVERY OF MAIL ON STAR ROUTES.

28. On star routes where box delivery is required, such service may be had from the post office on either or on both sides of a box, but postmasters must not send mail matter for box delivery by carriers upon a verbal request; a written request for such delivery must be filed in the post office and mail must not be given a carrier under any circumstances, for delivery outside of the regular lock pouch, before it has reached the post office to which it is addressed. Effective July 1, 1917, any person desiring to avail himself of the box delivery and collection service on a star route must provide an approved box, as a box of any other type, or sack, may not be placed in use after that date. This, however, does not apply to boxes or sacks in use prior to July 1, 1917.

29. Persons residing on roads traveled by both star route and rural carriers may receive an additional and supplemental box delivery by star carriers.

VILLAGE DELIVERY SERVICE.

1. **Supervision of carriers.**—Village carriers are under the control of the postmaster and must obey his orders based upon the Postal Laws and Regulations, in all matters relating to the discharge of their duties. Postmasters will supervise their work carefully and see that they render satisfactory service and cover their routes in an expeditious manner. If a carrier should give any cause for complaint it will be the duty of the postmaster to submit a full and specific report of the facts to the Fourth Assistant.

2. **Auxiliary expenditure.**—A postmaster is without authority to make an expenditure in connection with village delivery unless specifically sanctioned by the Department. Should the necessity arise for an auxiliary allowance the matter should be promptly taken up with the Fourth Assistant.

3. **Delivery limits.**—The limits of village delivery, and the number of daily deliveries and collection trips to be made are fixed by the Department and must not be changed except by authority of the Fourth Assistant. Within the delivery limits a postmaster may have additional patrons served, whenever a suitable mail receptacle is provided.

4. **Extensions and changes.**—Postmasters must give close supervision to the operation of village delivery. At any time when the delivery limits can appropriately be extended to accommodate additional patrons, or when any other change can be made to advantage, the matter should be taken up with the Fourth Assistant, with an appropriate recommendation in the premises.

5. **Delivery of mail.**—Village carriers must deliver all mail addressed to patrons if practicable. Patrons should be notified to call at the post office for packages too large to be handled by the carriers.

6. **Receptacles.**—Patrons of the service must provide private mail receptacles, and postmasters must not commence the delivery of mail to any residence where this requirement has not been complied with. Business houses will not be required to provide receptacles if they are open and some one is at hand authorized to receive mail when the carrier calls.

7. **Overtime.**—There is no provision for payment for overtime on the part of village carriers, should it be necessary for them on occasions to work longer than provided for in the schedule, nor can they be allowed compensatory time. If it should be found to be impossible for a carrier to complete his work within eight hours, on an average, the Postmaster should submit a report to the Fourth Assistant, and the matter will be given proper attention.

8. **Change of carriers.**—At third class offices, where appointment of carriers is not made in accordance with civil service regulations, postmasters must immediately report when a change in carriers occurs, advising as to the name and date of last service of the retiring carrier, and the name and date of first service of the new carrier. At second class offices, which are classified, the postmaster must submit on Form 4037 the nomination of new carriers, and forward the forms to the secretary of the civil service district in which his office is located, for approval and transmission to the Department. Vouchers must be made out, and credit claimed on the quarterly statement to the Auditor for the Post Office Department only in accordance with appointments made by the Department.

9. **Hours of service.**—The hours of service of village carriers are not regulated by law, and they are employed in connection with the delivery and collection of mail until their duties for the day

are completed. It is not contemplated that carriers shall work appreciably in excess of eight hours a day, but they are not limited to that length of time if it should require over eight hours on occasions to finish their duties for the day. At offices where two village carriers are employed they should be on duty approximately the same length of time each day, and should accomplish approximately the same amount of work. Postmasters are authorized to make necessary changes in the carriers' routes within the established limits so as to equalize the carriers' work and to improve the service.

10. **Leave of absence.**—There is no provision for leave with pay for village carriers. When a carrier is absent from duty for any cause payment must be made at a proportionate rate to the substitute who serves in his place from the allowance provided for the salary of the regular carrier. Postmasters may, in cases of illness, grant village carriers leave without pay, not to exceed thirty days in any one fiscal year. If it is necessary for a carrier to be absent in excess of thirty days because of sickness a full and specific report of the facts should be submitted to the Fourth Assistant. Leave of absence will be granted carriers who may be called upon to perform military duty, by competent authority.

11. **Uniform.**—Village carriers are not required to dress in uniform while on duty. The matter is optional, and if a uniform is used it should be similar to that worn by city carriers.

12. **Sunday and holiday service.**—On holidays, one complete delivery and collection of mail must be made by village carriers. No delivery or collection shall be made on Sundays. At third-class offices, when opened to the public on Sundays, village carriers may be required, if conditions justify, to report at the post office for one hour in order to assist in the delivery of mail to village delivery patrons who call for it.

13. **Work of carriers.**—The work of village carriers shall be restricted to the collection and delivery of mail, and duties incident thereto in the post office. They must not be required or permitted to do any general utility work of a clerical nature in the post office, that is, work not directly connected with their duties as carriers.

14. **Utilization of services of rural carriers.**—Postmasters should submit a full and specific report to the Department in any instance where the services of a rural carrier can be utilized in transporting parcel-post mail for patrons of village delivery, or in making delivery to residents within the corporate limits of the town, attention being called to Section 717, Postal Laws and Regulations, as amended.

15. **Conduct of carriers.**—In the performance of their duties carriers must be civil, prompt and obliging. They must attend quietly and diligently to their duties, must not loiter or stop to converse on their routes, and must refrain from loud talking, profane language, and smoking in the office and on their routes. They must not borrow money or contract debts which they have no reasonable prospect of being able to pay, and are expected to settle their just debts. They must not enter any house while on their trips, except in the discharge of their official duties, and must not deviate from their respective routes. Carriers must refrain from improper conduct of any character under penalty of appropriate punishment, or, in repeated instances, of separation from the service.

16. **Care in handling mail.**—Mail matter intrusted to carriers must not be exhibited to persons other than those addressed, except on the order of the postmaster or some one authorized to act for him. Letters collected, or letters for delivery must not be carried by carriers in their pockets. Carriers must not throw away or improperly dispose of mail matter, however trifling or unimportant it may appear to them.

17. **Time cards.**—The time of reporting, leaving, returning, and ending for each trip must be recorded by the carriers on their time cards; the entries on these cards must be made at the beginning and end of each trip, and not be deferred until the close of the day.

18. **Route book.**—Every village carrier must keep a route book, which should be a complete directory of the persons served by him, and all changes of address should be posted daily.

19. **Loitering in post office.**—Carriers must not report prior to schedule time for the first trip of the day, and must not remain at their desks nor in the working room of the office when not on duty; neither shall they remain in the post office after completing the last trip of the day.

20. **Salary.**—The entrance salary of village carriers during the fiscal year beginning July 1, 1918, is at the rate of \$720 per annum, which includes the increase of twenty per cent provided for certain employees in the postal appropriation act for the current fiscal year.

2. Record to be kept.—Postmasters at first and second class offices must keep complete record of all supplies furnished by Division of Equipment and Supplies; set aside suitable place for keeping the stock, and assign an employee to be charged with custody thereof and maintenance of prescribed record.

3. Complete requisitions before submitting to Department.—It is important that each requisition be properly filled in to include particulars and information called for on requisition form, and that postmarking stamp be clearly impressed in space provided. Postmasters must not, when submitting requisitions on regular forms, supplement them with letters requesting supplies which should have been included in the requisition proper.

OFFICIAL AND REGISTRY ENVELOPES.

4. Time for submitting requisitions.—Postmasters at first, second, third and fourth class offices and Post Office Inspectors should order official and registry envelopes on Form 1579 and the Divisions of Railway Mail Service on Form 5205 (at least three months in advance of their actual need) from the Fourth Assistant Postmaster General. First class offices, Inspectors and Railway Mail Service should order stock for *six months* and second, third and fourth class offices for *one year*. The return card will not be printed on orders for less than 10,000 of any stock form. SPECIAL PRINTS will be allowed only where the service uses them in large quantities.

CHANGES IN SUPPLYING OFFICIAL AND REGISTRY ENVELOPES FOR THE POSTAL SERVICE HAVE BEEN MADE AS FOLLOWS:

Envelopes No. 12, used exclusively by the Railway Mail Service; Nos. 20, 57, 58, 79, 101, and registry jacket No. 91, have been discontinued.

Nos. 13 or 54 should be used in lieu of Nos. 20 and 58.

Nos. 5, 40 and 65 will be furnished only to offices of the first and second classes.

REPAIRS TO OFFICE APPLIANCES.

5. Allowances to be based on competitive bids.—Requests for allowances for the repair of time recorders, typewriters, adding machines, scales, trucks, baskets, etc., should be accompanied with competitive proposals from not less than three separate individuals or firms doing repair work. When typewriters and adding machines are to be repaired their serial number must be given. The cost for new ribbons should not be included in any case.

Emergency repairs may be made without such estimates being submitted, in the case of typewriters in a sum not to exceed \$1.50, and in the case of adding machines in a sum not to exceed \$10. Exchanging of platens or cylinders will not be considered "emergency repairs." Postal employees operating adding machines and typewriters should familiarize themselves with the

mechanism in order that cleaning, oiling and the placing of new ribbons may be done without calling upon representatives of the manufacturers.

6. **Disposition of worn or damaged parts removed from government-owned canceling machines.**—All worn or damaged parts removed from Government-owned canceling machines must be returned to the Fourth Assistant Postmaster General, Washington, D. C.

7. **Repairs to electric motors.**—Postmasters are instructed to have no extensive repairs made to electric motors operating canceling machines or other mechanical equipment without the authority of the Department. In cases of extreme emergency telegraph for authorization to Fourth Assistant, Division of Equipment and Supplies, stating probable cost of repairs.

8. **Defects in waste paper baling machines.**—Postmasters are instructed to notify the Fourth Assistant Postmaster General, Division of Equipment and Supplies, in all cases where breakages occur or weak parts develop in the waste-paper baling machines installed in their offices, in order that the matter may be taken up with the contractor. No repairs should be undertaken by postmasters without instructions from this office.

The rubber stamps in use at other fourth class offices and at numbered stations of the large offices should be used to cancel postage on parcel-post packages.

Numbered stations are supplied with a uniform rubber dating stamp which may be used for all purposes including money order, registry and parcel post business.

11. **Fragile tags.**—Red tags bearing the word "FRAGILE," for use on parcel post mail matter of a fragile nature, must be procured from the superintendent, Railway Mail Service, of the division in which the office is located.

FACING SLIPS.

12. **Manner of ordering printed slips.**—The Division of Equipment and Supplies will honor requisitions for printed facing slips when made for sufficient quantities and titles to last SIX MONTHS, by first and second class offices on Form 1581, and by railway postal clerks (through their chief clerks or division superintendents) on Form 5364. Requests should be made for not less than 500 slips of any one title, and when more than 500 are desired order in multiples of 1,000. Shipments will be made direct from the plant of the contractor. Please note that on a basis of six months 500 slips permit of use of average of 2 slips per day; 1,000 slips permit of use of average of 5 slips per day; 2,000 of 11 per day; 3,000 of 16 per day; 4,000 of 22 per day; 5,000 of 28 per day, etc. Requisitions should be submitted 60 days in advance of time supply on hand will become exhausted. Slips for use at third and fourth class offices and for railway postal clerks may be obtained, at the expense of the purchaser, from Amsterdam Printing Co., Amsterdam, N. Y. Slips put in "runs" may be similarly purchased from the National Facing Slip Company, Indianapolis, Ind.

13. **Plain slips.**—Plain facing slips are furnished to all post offices, as well as division superintendents of the Railway Mail Service on requisition therefor.

14. **Slips for publishers.**—Where separations of mail matter are made by publishers at their offices, postmasters should furnish to such publishers, without expense, the necessary printed facing slips. These slips should be ordered, by the postmaster, on requisition Form 1581.

REQUISITIONS FOR MONEY ORDER FORMS.

15. **Time to submit requisitions for money order forms.**—Requisitions for blank money order forms should be submitted on Form 6053C to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, sixty days in advance of the time the supply on hand will become exhausted. *This is important.*

But, regardless of any contracts or arrangements between manufacturers and agents, patrons may purchase boxes direct from manufacturers at authorized prices (above named), patrons paying cost of transportation.

19. **Inspection of boxes.**—Each box produced by the authorized manufacturers will be inspected, before shipment, by the postmaster at the place of manufacture, and no box may be erected unless it bears the approval of such postmaster stamped on the inside of the box.

1. How many desks are on hand not in use.
2. The number of pigeon holes in each desk.
3. Whether the desks are in suitable condition for transfer for use elsewhere.

MISCELLANEOUS.

1. **Mails arriving after business hours.**—Postmasters are not required by the regulations to open, assort and deliver on the same evening mail that arrives after 9 P. M.; but there is nothing to prohibit their doing so.

2. **Employees' hours of service.**—The hours during which clerks in post offices are required to be on duty are regulated by the postmasters in whose offices they are employed; but the hours of service of employees in offices of the first and second classes are subject to approval by the Department. (See sections 282-284 and 311, P. L. & R., as to post office hours, and 529 as to dispatching of mails.)

3. **Night service.**—Postmasters will not be permitted to place in operation "night service" at post offices or stations where such service will involve any additional expense for clerk hire, or for fuel or light, without first submitting the matter for consideration by the First Assistant Postmaster-General, Division of Post Office Service.

4. **Furnishing information.**—Section 356 and paragraph 1 of section 523, P. L. & R. are not intended to prevent the furnishing of information for official use by representatives of other Executive Departments and postmasters may, when it is practicable, furnish addresses or information concerning ordinary mail matter upon the official request of such a representative provided the labor involved is not such as to interfere unduly with postal business. In any instance where a postmaster is in doubt as to the expediency of complying with such a request he should write to the First Assistant for instructions, and in all cases involving registered or insured mail, to the Third Assistant, Division of Registered Mails. When a postmaster receives a request or inquiry from a foreign country's representative in the United States for information which under the provisions of sections 356 and 523, P. L. & R., can not be furnished, he should acknowledge its receipt and state that the postal regulations prohibit his furnishing the information and suggest that the request be submitted through the Department of State.

5. **Lists of names or other information.**—Postmasters and all others in the postal service are forbidden to furnish lists of names of persons receiving mail at their offices or to give information as to the post office addresses of former patrons. It is not the practice of the Department to furnish such information. Form 08 may be used in acknowledging such inquiries from the general public.

6. **Official endorsements or testimonials.**—No postmaster or other postal officer or employee in his official capacity is permitted, without special authority from the Postmaster General, to give any endorsement to a private enterprise or business institution, and no postmaster is permitted to give official endorsements of patrons of his office, or testimonials, or guarantees as to their honesty, reliability, etc.

7. **Telephoned inquiries.**—In answering telephoned inquiries concerning mail matter postmasters should be careful not to give information to any person whose voice is not recognized as that of some one authorized to receive such information.

8. **Recruits for Army, Navy and Marine Corps.**—Postmasters are directed to aid recruiting officers of the United States Army and Navy so far as possible by displaying recruiting posters in conspicuous places in the post office lobbies and by distributing to young men who may be interested in the subject any printed matter relative to enlistment in the Army, Navy or Marine Corps that is sent to them for that purpose from the War and Navy Departments. (See Sec. 161, as amended April 9, and June 13, 1917, and Sec. 281, P. L. & R.)

9. **Agents for publications.**—Postmasters of all classes and employees at post offices of the third and fourth classes who accept subscriptions for newspapers and periodicals during their hours of service to the Government, must not permit this business to interfere with the proper performance of their official duties, and must not retain commissions thereon unless they have agreements to that effect with the publishers. No postmaster or employee may undertake or agree to act as agent for one publication to the exclusion of others.

10. **Sale of postmarking supplies.**—Postmasters are directed to forward to the Fourth Assist-

ant Postmaster-General, Division of Equipment and Supplies, all circulars and communications received by them from firms or corporations advertising the sale of postmarking supplies.

11. **Advertising on postmarking stamps forbidden.**—Postmarking dies shall not be used for advertising purposes, except by special permission from the Department and permission will not be granted for such advertising of expositions, fairs or celebrations unless they are of such national interest as to have been recognized or appropriated for by Congress. (See Sec. 538, P. L. & R.)

12. **Dispatch of fictitiously addressed mail.**—Although fictitiously addressed matter is undeliverable under section 594, P. L. & R., such matter should not be withheld from dispatch if otherwise mailable and properly prepaid.

13. **Mutilations of mail by canceling machines.**—Postmasters should issue necessary instructions to their employees enjoining care in postmarking mail by canceling machines. Letters containing bulky enclosures should not be run through the canceling machine, but, instead, should be hand-stamped.

14. **Changes in names or boundaries of counties.**—When a post office is changed from one county to another by reason of change of county boundaries or the creation of new county, the postmaster should promptly notify the Fourth Assistant, Topography Branch, Division of Equipment and Supplies.

15. **Alaska.**—All mails for Alaska are dispatched from Seattle, Washington. During the season of navigation all classes of mail are dispatched. During the winter season (from about October 1 to June 1), on account of the difficulty of transportation, the dispatch of mail for Alaska, except for offices on the southern coast, is limited, preference being given first, to letters in their usual and ordinary form and postal cards; second, to single newspapers and magazines addressed to public libraries, newspaper publishers and to individuals. Books, catalogs, newspapers and periodicals sent to dealers for purpose of trade or otherwise, and merchandise (parcel post matter), can not be forwarded to interior offices during the winter season. But, as an exception to the foregoing, when the weight limit of mail for dispatch will permit, packages of seeds, not exceeding one pound per package, and articles of merchandise, not exceeding a few ounces each, as the proper officers of the service have reason to believe contain articles of urgent necessity, such as eyeglasses, medicines, etc., for individual use, but not intended primarily for trade, may be inclosed in the mails for dispatch. Offices in Alaska to which only a limited amount of mail may be sent in winter are designated "R" in the State list of post offices.

16. **United States possessions, dispatch of mails for.**—Mails for the Philippine Islands, Hawaii, Samoa and Guam are dispatched from Pacific Coast ports at the first available opportunity to secure the earliest arrival at destination. Mails for Porto Rico and the Virgin Islands of the United States are dispatched by steamers from New York, N. Y. Mails for the Canal Zone are dispatched principally from New York, N. Y.; and, when the mails can be advanced, by steamers from New Orleans, La., and San Francisco, Cal.

17. **Posting letters at railway post offices.**—The privilege of posting letters in mail cars and in letter-boxes at railroad stations collected from by railway postal clerks is intended only as an accommodation to travelers and to permit the mailing of a few late letters which cannot be deposited in post offices in time for their intended dispatch. Fourth-class matter and matter to be registered, is not mailable at mail cars.

18. **Penalty for illegal transportation of mail.**—Whoever, being concerned in carrying the mail, shall collect, receive or carry any letter or packet, or cause or procure the same to be done, contrary to law shall be fined not more than \$50.00 or imprisoned not more than 30 days, or both. See section 1295, P. L. & R.

19. **Pensioners' oaths.**—Fourth-class postmasters and rural carriers are required to administer oaths to pensioners and witnesses in the execution of pension vouchers, and have authority to receive from the pensioners for each voucher a sum not exceeding 25 cents. Rural carriers are not required to deviate from their routes to execute vouchers.

20. **Enemy-owned property.**—The attention of postmasters and employees is directed to the following letter from the Alien Property Custodian, Washington, D. C.:

"By virtue of the Trading-with-the-Enemy Act enemy-owned property found within the territory of the United States is sequestered and administered by the Alien Property Custodian and where possible converted into Liberty Bonds. In this way the enemy's dollars and his property are made to work in defense of our country instead of against it. Property aggregating in value many millions of dollars has been reported and taken over, but it is confidently believed that at least as much more is still unreported. The duty of locating and reporting such property has been placed upon the individual citizen.

"The great need of this office is information as to enemy-owned property and securing the filing of proper and adequate reports of the same. Your Department can render invaluable aid by directing the various postmasters throughout the country to report immediately any information which they may obtain in this respect. The postmaster comes in contact with every phase of the business and financial activity of his community. He is thus in a position to obtain information which will be exceedingly helpful. If any news, even unverified rumor, reaches him as to any case where it is supposed that enemy money or property exists he can make a note of it and bring the matter to the attention of this office. We will check it up and if unreported adopt suitable measures to procure reports. The postmaster can also talk about the Act to his friends and the patrons of his office and thus help to bring home to them the importance of reporting and sending us information as to the existence of enemy money or property. By doing this he will be performing a patriotic service; he will be helping his country win the war.

"Postmasters have unusual and unlimited opportunities for ferreting out enemy money and property. The nature of their work is such that with comparatively little effort they can locate it. I will appreciate it exceedingly if you will direct the postmasters of the country to report immediately

the locations of enemy money or property, or any information that may come into their possession that will be helpful in unearthing it"

Postmasters are directed to comply with the request of the Alien Property Custodian so far as it may be practicable to do so without interference with the discharge of their postal duties. Any reports rendered under these instructions should be submitted to the First Assistant by whom they will be referred to the Alien Property Custodian.

21. Explosives regulation.—The Bureau of Mines (Department of the Interior) has sent to all postmasters at post offices of the first, second and third classes a pamphlet copy of "General Information and Rulings for the Enforcement of the Law Regulating the Manufacture, Distribution, Storage, Use or Possession of Explosives and Their Ingredients" (Public No. 68, 65th Congress; H. R. 2932), accompanied with a copy of the President's Proclamation of October 26, 1917. Postmasters receiving the pamphlet of Rules and Regulations will see that the same is carefully preserved and filed in the post office where it will be accessible and can be consulted by persons interested therein. A copy of the President's Proclamation should be posted in a conspicuous place in the lobby and bear a notation indicating where the Rules and Regulations may be consulted. So far as it may be practicable to do so without interfering with the Postal Service, it is desired to cooperate with the Bureau of Mines in the enforcement of the law regarding explosives, and to this end postmasters and such employees at first, second and third class post offices as the postmasters may designate are directed to familiarize themselves with the Rules and Regulations on explosives so that they may be in a position to render effective and intelligent cooperation by furnishing promptly correct information in response to inquiries on the subject.

Any reports or information relating to explosives which postmasters have reason to believe would be of assistance to the Bureau of Mines in administering this law should be submitted to the First Assistant, who will make prompt reference of the same to the Assistant to the Director in Charge of Explosives, Bureau of Mines.

DUTIES OF POSTMASTERS AS TO REPORTING ARRIVALS AND DEPARTURES OF MAIL, ETC.

22. Use correct route numbers and terminal.—All communications to the Department relative to mail routes should embrace the correct number and terminal points of such routes.

23. Postmasters at terminal offices and at other intermediate schedule points are directed to exercise especial care in making out monthly reports of performance of service or registers of arrivals and departures of mails at their respective offices, to avoid the use of the route number given in the general advertisements, usually issued in September of one year for service from July 1 of the next year, when referring to service contracted for under a previous advertisement.

24. Follow requirements in reporting arrivals and departures of mails.—Postmasters whose duty it is to report arrivals and departures of the mails are particularly cautioned to observe the following requirements of the Department:

(a) To keep a record on blank Form 4155 of all irregularities in the performance of star service, noting in the proper space the dates on which failures occur, the distance traveled on such dates on the outward trip and on the return trip, the point reached by the carrier on the outward trip and the point reached on the return trip, and the reason, in detail, for such failures.

Postmasters, who are required to weigh and submit reports as to the weight of fourth class mail where contractors on star routes are entitled to pay on the weight basis, must submit such a report on Form 4156, in addition to the Report on Form 4155, and must exercise extreme care to see that the mails are properly weighed, and reports submitted correctly. Postmasters at reporting offices will be careful to give all the information called for on the various forms used.

These records must be ready at all times for the inspection of postal officials and forwarded to the Department promptly on the first day after the close of each month. These reports are the evidence upon which contractors are paid for the performance of the service, and they should receive their pay promptly; otherwise the efficiency of the service may be seriously affected.

(b) To keep on file in their respective offices duplicates of all reports sent to the Department. It not infrequently happens that, because the original is lost in transit, or for some other reason, the Department desires a duplicate.

(c) To refuse to deliver the mail to the carrier in advance of the schedule hour for his departure. The carrier is subject to a fine for departing in advance of, as well as arriving after, the schedule time. Much complaint is made by patrons who have gone to a post office a few minutes before the schedule time for closing the mails and have found that the same had already been dispatched.

(d) To report promptly:

Whenever any postmaster, assistant postmaster, or clerk employed in any post office, or any member of the immediate family of a postmaster or assistant postmaster, becomes a contractor, subcontractor, or carrier, or concerned in any contract for carrying the mail;

Whenever a carrier, without authority from the Department, changes from one road to another in performing the service, except where the regular road becomes impassable;

Any instance in which one carrier performs, on a single trip, service due on two or more routes.

25. A failure to observe strictly the above requirements will be regarded as sufficient ground for a recommendation for removal of a postmaster from office for neglect of duty.

26. Blank Form 4155 (Monthly Report of the Performance of Star Route Service) should never be used for reporting service to post offices not regularly established on a mail route and known as "Special Offices."

27. In forwarding monthly reports, or registers of arrivals and departures of mails, or complaints on rural, or star routes (except those in Alaska), postmasters should be careful to address the Fourth Assistant Postmaster-General, Division of Rural Mails. For steam and electric railroad routes, address Second Assistant Postmaster-General, Division of Railway Adjustments. For steamboat and Alaska star routes, address Second Assistant Postmaster-General. For mail messenger and screen wagon routes, address First Assistant Postmaster-General, Division of Post Office Service.

EMPLOYMENT OF TEMPORARY MAIL CARRIERS.

28. Postmasters should not employ any person to act in place of the regular mail carrier without first receiving authority from the Department to employ such temporary carrier, unless such employment is clearly justified by that section of the Postal Laws and Regulations which relates to temporary service under the class of service which it is proposed to replace. (Railroad Service, sec. 1356; Mail Messenger Service, sec. 1385; Star and Steamboat Service, sec. 1451.)

LOSS, DAMAGE, OR DELAY.

29. Loss, damage or delay of mail matter.—Postmasters and other postal officers must report, in the manner outlined in section 487 of the P. L. & R., every complaint made to them or which comes to their knowledge of the loss, rifling, damage, delay, wrong delivery or other improper treatment by postal employees of mail matter. For losses by burglary, fire, etc., see section 150, P. L. & R. For instructions regarding lost warrants or drafts see section 147, P. L. & R.

30. Loss of or damage to ordinary mail.—There is no provision for the payment of indemnity for the loss of or damage to mail not insured or registered.

31. Rewards.—Rewards will be paid for the detection, arrest and conviction of post office burglars, robbers, and highway mail robbers. Applications for rewards and inquiries relating to them should be addressed to the Chief Inspector, Post Office Department.

32. Letter boxes.—The wilful injury or destruction of any letter box or other receptacle authorized by the Postmaster General for the receipt or delivery of mail matter, or the wilful theft, destruction, or defacement of any matter contained in such box or receptacle, is a penal offence, for which the offender is liable to a fine of not more than \$1,000, or imprisonment for not more than three years.

USE OF MAILS FOR FRAUDULENT PURPOSES, AND THE TRANSMISSION OF OBSCENE MATTERS.

33. Fraudulent schemes and obscene matters.—Complaints relative to the alleged use of the mails for fraudulent purposes, and the mailing of obscene matters, should be addressed to the Chief Inspector, Post Office Department, Washington, D. C.

When the attention of a postmaster is called to a complaint concerning a scheme to defraud, the complainant should be requested to submit a detailed statement of the facts, and all correspondence, advertising literature, etc., which he possesses, accompanied with the envelopes in which such evidence was transmitted through the mails, properly marked for identification. The Department cannot undertake investigations for the purpose of securing the return of money remitted. Complaints due to misunderstandings arising in the ordinary course of business, when no violation of law is involved, are not proper subjects for investigation by the Post Office Department.

LOTTERY SCHEMES; ENDLESS CHAIN ENTERPRISES, ETC.

34. The attention of postmasters and railway postal clerks is directed to section 482 of the Postal Laws and Regulations, by the provisions of which newspapers or other publications of any kind, circulars and pamphlets, containing advertisements of lotteries, gift enterprises or similar schemes offering prizes dependent in whole or in part upon lot or chance, or lists of the prizes awarded in pursuance of such schemes, and all other matter relating to them, are declared to be unmailable. The terms "lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance," as used in that section, include "guessing" or "estimating" contests for prizes, as well as drawings and raffles of every kind, whether general or local, whether for private gain or in aid of charitable, educational or religious objects, and whether the consideration for chances be money or other thing of value. Enterprises in which prizes are distributed among purchasers of merchandise in stated amounts, or among subscribers for publications, or for shares of corporate stock, through the medium of drawings or guessing contests, are lotteries within the meaning of that section. Publications, circulars, cards or pamphlets containing advertisements of such enterprises, or notices or other information of any kind relating to them, should be withdrawn from the mails and treated in accordance with sections 547, 574 and 593 of the P. L. & R.

"Endless chain" enterprises designed for the sale or disposition of merchandise or other things of value through the circulation or distribution of "coupons," "tickets," "certificates," "introductions," and the like, are held to embrace the elements of a lottery, and also to be fraudulent. Matter of every kind relating to such enterprises should be excluded or withdrawn from the mails, and treated in accordance with sections 547, 574 and 593 of the P. L. & R.

Where there is doubt whether the scheme advertised or referred to is a lottery, or similar enterprise, as defined by section 482, the matter in question should be submitted to the Solicitor for the Post Office Department for advice as to its admissibility. Communications to postmasters from the Solicitor, embracing opinions or rulings in respect of matter so submitted, are to be regarded as records of the post office and retained among its official files for purposes of reference. The substance only of such communications should be conveyed to interested persons, and in no case should exact copies be supplied to them; the ruling or opinion being intended for the guidance of the postmaster, and not for the use of those interested in the enterprise passed upon.

The Post Office Department is endeavoring to enforce the anti-lottery statutes strictly and with thoroughness. Postmasters, railway postal clerks, and all other officers and employees charged with the handling of mail matter are therefore expected to examine such matter, especially publications, with the greatest care consistent with prompt transmission and delivery, and to withdraw or exclude all such as is ascertained to relate to lotteries or like enterprises. Many postmasters have been found negligent in this regard.

PROCURING COPIES OF DEPARTMENT FILES.

35. Copies of papers in the files of the Department, or records in post offices, or copies thereof will not be furnished on the application of individuals, except in cases where a suit has been commenced and is pending involving the substance of the paper, document or record itself, and then only upon the proper subpoena duces tecum issued by a court of record. But in no case shall copies be furnished of the official bonds of officers connected with the service, except under suits relating to said bonds or the execution thereof, or criminal prosecutions thereunder.

POSTAL SAVINGS SYSTEM.

1. **Purpose.**—The Postal Savings System was established by authority of the Act of Congress approved June 25, 1910, for the purpose of providing facilities for depositing savings at interest, with the security of the United States Government for repayment.

2. **Who may open accounts.**—An account may be opened and deposits made by any person of the age of 10 years or over, in his or her own name, and by a married woman in her own name and free from any control or interference by her husband.

3. **Individuals only.**—Deposits will be accepted only from individuals. No account will be opened in the name of any corporation, association, society, firm, or partnership, in the name of any person as an officer of a corporation, association, or society, in the name of any person as a member of a firm or partnership, or in the name of two or more persons jointly. No account will be opened in the name of one person in trust for or on behalf of another person or persons.

4. **One person, one account.**—A person may open a postal savings account at any depository post office, but no person may at the same time have more than one postal savings account either at the same office or at different offices.

5. **How deposits may be made.**—Accounts are required to be opened by the intending depositor in person or through an authorized representative, but a person residing in a community served by a post office which has not been designated as a postal savings depository may apply to open an account at a depository office by mail, through the postmaster of the nondepository office. After an account is opened deposits may be made by the depositor in person, through a representative, by money order made payable to the depository postmaster, or by registered mail. Remittances must not be made by ordinary mail.

6. **Postal savings certificates.**—Deposits are evidenced by postal savings certificates issued in fixed denominations of \$1, \$2, \$5, \$10, \$20, \$50, \$100, \$200, and \$500, each bearing the name of the depositor, the number of his account, the date of issue, the name of the depository office, and the date on which interest begins. Postal savings certificates are not transferable or negotiable.

7. **Minimum deposit.**—No account will be opened for less than \$1, nor will fractions of a dollar be accepted for deposit. (See paragraph 11 relative to postal savings cards and stamps.)

8. **Maximum balance.**—No person is permitted to have a balance to his credit of more than \$2,500, exclusive of accumulated interest.

9. **Loss of certificates.**—If a postal savings certificate is lost or destroyed the depositor may obtain a duplicate through the depository postmaster by complying with necessary requirements.

10. **Postmasters not to hold certificates for depositors.**—Postmasters are not permitted to receive issued postal savings certificates for safe-keeping.

11. **Postal savings cards and stamps.**—Amounts less than \$1 may be saved by purchasing 10-cent postal savings cards and 10-cent postal savings stamps. A postal savings card with nine postal savings stamps affixed will be accepted as a deposit of \$1 either in opening an account or in adding to an existing account, or it may be redeemed in cash.

12. **Not equivalent to postage stamps.**—Postal savings cards and stamps are not valid for postage, and postmasters will not give them in exchange for postage stamps, nor give postage stamps in exchange for postal savings cards and stamps.

13. **Interest on deposits.**—Interest at the rate of 2 per cent per annum will be allowed on the amount represented by each postal savings certificate for each full year that the certificate remains unpaid, beginning with the first day of the month next following the day on which the deposit is made. Interest will not be allowed for any fraction of a year.

14. **No time limit on annual interest.**—Interest will continue to accrue annually on a postal savings certificate so long as it remains outstanding, certificates being valid until paid without limitation as to time.

15. **Interest not compounded.**—Compound interest is not allowed on an outstanding certificate, but a depositor may withdraw interest accrued and make a new deposit.

16. **Withdrawals paid on demand.**—A depositor may at any time withdraw the whole or any part of the deposits to his credit, with any interest payable thereon, by surrendering postal savings certificates, properly indorsed, for the amount to be withdrawn.

17. **How to withdraw deposits.**—A depositor may at any time withdraw all or any part of his deposits, upon demand, from the post office where the deposits were made. Withdrawals may be made in person, through a representative, or by mail through any other depository post office.

18. **Part payment of a certificate.**—When a depositor desires to withdraw only a part of the amount represented by any certificate, the depository postmaster will cancel the certificate, after paying any interest that may be due thereon, and issue a new certificate or certificates covering the amount remaining on deposit, which will have the current date and bear interest from the first day of the following month.

19. **Withdrawal of interest.**—When a depositor desires to withdraw the interest payable on any certificate, without surrendering it, he will be required to give his receipt for the amount of the interest paid. The postmaster will enter on the back of the certificate the date of the interest payment.

20. **Death of a depositor.**—In case of the death of a depositor the Third Assistant Postmaster General will authorize the payment of the amount standing to his credit to the executor or administrator of his estate upon compliance with certain requirements. In case of the death of a depositor intestate, and the amount on deposit is small (\$250 or less, except where the laws of the domicile of the decedent provide otherwise), the Third Assistant Postmaster General may authorize the payment of the amount on deposit to the persons entitled to receive it under the laws of the State in which the depositor was domiciled at the time of his death.

21. **Postal savings bonds.**—A depositor may exchange the whole or any part of his deposits for registered or coupon United States postal savings bonds, issued in denominations of \$20, \$100, and \$500, bearing interest at the rate of $2\frac{1}{2}$ per cent per annum, payable semiannually, redeemable at the pleasure of the United States after one year from date of issue, and payable 20 years from such date. Both principal and interest is payable in United States gold coin. The exchange may be made as of January 1 and July 1 of each year.

22. **How to apply for bonds.**—A depositor desiring to convert his postal savings deposits into bonds on January 1 and July 1 of any year should make application to the depository postmaster at least one month previously on a form which will be supplied for the purpose. At the time of making application the depositor shall indorse and surrender postal savings certificates covering the amount of the bonds desired and the postmaster will give him a receipt for the certificates. The bonds will be issued by the Secretary of the Treasury who will forward them direct to the depositor. The exchange is considered as taking effect on the date when the bonds begin to bear interest (January 1 or July 1), and any interest due on this date on the certificates surrendered will be paid by the depository postmaster.

23. **A person may hold any amount of bonds.**—Postal savings deposits which have been exchanged for bonds are not counted as a part of the maximum balance of \$2,500 allowed one depositor, and there is no limitation upon the amount of postal savings bonds which ultimately may be acquired by a depositor.

24. **Bonds exempt from taxes.**—Postal savings bonds are exempt from all taxes or duties of the United States as well as from taxation in any form by or under State, municipal, or local authority.

25. **Bonds are transferable.**—Postal savings bonds can be procured only by the surrender of postal savings deposits and will not be issued to persons who are not depositors, but whether in registered or coupon form they may, after receipt by the depositor, be sold or transferred at any time. A leaflet containing additional information concerning postal savings bonds may be obtained from any depository postmaster.

26. **How to address communications.**—All communications to the Department in regard to postal savings business should be addressed to the Third Assistant Postmaster General, Division of Postal Savings, Washington, D. C.

THE POSTAL MONEY ORDER SYSTEM.

1. **Establishment of money order service.**—In 1864 the need for some safe method by which small sums of money could be sent by mail became so pressing that Congress passed the act authorizing a Postal Money Order System. The postal money order service thus established was the pioneer in the money order field, in the United States. The fact that absolute safety is thereby assured at a nominal cost accounts for the remarkable growth and popularity of this postal facility.

2. **Advantages.**—The practice of forwarding currency in ordinary mail is an incitement to theft. In case of train wreck also, or of other casualty incident to transportation, money may be destroyed or otherwise lost. But a money order, though lost, may be duplicated from the

record of its issue. The public therefore is urged to use the postal money order system, which offers a safe, cheap and convenient method of making remittances to all parts of the United States and its possessions, and to foreign countries as well. Postal money orders, in short, should be used whenever available instead of cash for remittances by mail; and when such orders cannot be obtained the letter containing the money should always be registered.

3. Use of money orders in C. O. D. parcel post service.—Postal money orders are the only means by which sums collected on packages sent by C. O. D. parcel post are remitted to the sender of the parcels.

"SPECIAL" MONEY ORDER APPLICATIONS BEARING PRINTED NAMES AND ADDRESSES OF PAYEES.

4. Application forms may be furnished business houses for transmission to their customers.—Several years ago the Department discontinued the practice of gratuitously supplying patrons of the money order system with special "application" forms (G001) overprinted with their names and addresses. It has been decided, however, that postmasters will be permitted to furnish, from their own supplies, free of charge, quantities of the regular form to business men who may desire to have them overprinted at their own expense, or send them unchanged, with advertising matter, to their customers. If they are to be overprinted, the postmaster may obtain a supply of such forms loose, i. e., not put up in pads, by making special requisition on the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, and stating the purpose for which they are desired.

MONEY ORDER POST OFFICES.

5. Register and list of money order offices.—A separate Register of Money Order Post Offices is published annually. All such offices, including branch offices and stations authorized to transact money order business, are embraced in the "State List, Post Offices, Branch Post Offices and Stations," in this edition of the United States Official Postal Guide, and are indicated by distinctive signs or symbols (* or †) as explained at the head of such list, which will be subject to amendment announced from time to time in monthly supplements.

6. Discontinued offices.—In the list of "Post Offices Discontinued," herein is given, moreover, in conjunction with the name of each discontinued money order office, the name of the post office at which outstanding orders drawn thereon may be cashed.

7. Important notice—Name and No. of post office.—The postmaster receiving this copy of the Guide, if his office is a money order office, will be careful to observe whether the name of the office as printed herein is precisely in accordance with the spelling of the name on money order forms supplied for issue thereat, and on the M. O. B. stamp furnished for his use; also whether the office number as printed herein is the same as the office number printed on the money order forms. In case the slightest discrepancy in this respect is noted, the postmaster, in order that proper steps may be taken by the Department to minimize the consequences of the error, must promptly report the fact to the Third Assistant Postmaster-General (Division of Money Orders) by letter, to which he should affix an imprint of the M. O. B. stamp.

8. Lists to be consulted.—Postmasters not in possession of a copy of the Register of Money Order Post Offices in operation July 1, 1918, will consult the above mentioned lists in the transaction of money order business.

9. Navy money order offices.—Money order offices established on vessels of the Navy are listed as branches of the post office at New York, N. Y.; and postmasters should address to the postmaster at New York all inquiries they may have to make regarding money orders issued by or drawn on these naval offices.

10. Foreign offices, lists of.—Lists of post offices in the several foreign countries with which the United States transacts money order business on the domestic basis (see Tables No. 1 and No. 4 on pages 80 and 84 of this Guide) and on which money orders may be drawn on the domestic form by any United States money order post office will appear in the Register of Money Order Post Offices. Pending receipt of a copy of the register for July, 1918, the 1917 edition may be consulted in drawing orders on those countries.

11. Classification of money order offices.—Money order offices are of two kinds, "Domestic" and "International."

12. Domestic offices.—Domestic offices are authorized to issue money orders payable only in the United States or its possessions, or at the United States Postal Agency at Shanghai (China) or in certain foreign countries with which the United States transacts money order business on the domestic basis and which are hereinafter enumerated in Table No. 1, page 80, and to pay only orders drawn by postmasters at offices located in the United States or its possessions, or the United States Postal Agent at Shanghai, or by postmasters in the foreign countries thus enumerated.

13. International offices.—International offices not only issue and pay such money orders as do Domestic offices, but in addition thereto issue orders on, and pay orders drawn by, certain foreign countries, between which and the United States conventions for direct exchange of money orders are in operation; and also issue and pay money orders which are sent to or received from various other parts of the world through the intermediary agency of the postal administration of one or another of those countries.

UNITED STATES ARMY POSTAL SERVICE — REMITTANCES BY DOMESTIC MONEY ORDERS.

14. An order may be issued at any money order office in the United States on the domestic form, and at the domestic rate of fees (as shown in Table No. 1, at page 80 of this edition of the Guide) for payment at any branch post office or station established by this Department for the benefit and convenience of our expeditionary forces.

The coupon of a money order intended for any one connected with our military activities should bear the designation of the division, regiment, company or organization in the branch of the service to which the addressee or payee belongs. Money orders should be drawn on the "U. S. Army Postal Service" without attempting to designate the particular station or locality where payment is to be made.

Manifestly this arrangement is not intended to apply to persons connected with the military service of countries associated with the United States in the present conflict, or to civilians residing therein. If the applicant for a money order designates as the place of payment an office established under the jurisdiction of a foreign government, the order must be drawn on the regular international form, at the international rate of fees shown by Table No. 2, and must be treated in all other respects as an international order. Advices of international orders should be sent to the Exchange Office at New York for certification. The order, if payable in France or Great Britain, should be delivered to the remitter for transmission to the payee. Postmasters should forward all mail matter addressed "American Expeditionary Forces" to New York.

In like manner money orders on the domestic form payable at any money order office in the United States, including Hawaii, Porto Rico, and Virgin Islands, U. S. (late Danish West Indies) or in its possessions, embracing the Canal Zone, Guam, the Philippine Islands, and Tutuila (Samoa) or at the United States Postal Agency at Shanghai (China), or in any other country named in Table No. 1, referred to herein, may be issued by the U. S. Army Postal Stations in France or England.

15. **Cashing of orders drawn on the U. S. Army postal service by postmasters in the United States.**—Money orders drawn on the U. S. Army Postal Service, whether issued at that office or its branches, or an office in the United States may be cashed by postmasters in the United States at any time within the period of validity.

To secure reimbursement for the amount advanced on such orders, an impression of the M. O. B. stamp should be made on the back of the order listed on Form 6588 and the order, list and coupon forwarded to the Postal Agent, U. S. Army Postal Service, American Expeditionary Forces. Record of the transaction on Form 6513 should be retained on file pending the receipt of the amount advanced on the order—particular care being taken to retain a copy of Form 6588.

Postmasters cashing orders drawn on the U. S. Army Postal Service should immediately report the particulars of such orders to this office with reference to this notice in order that record may be made to prevent the issue of a duplicate.

16. **Inquiries regarding payment, or correction of errors.**—Requests for separate advices of money orders issued at U. S. Army Postal Service Stations, or inquiries relative to payment of orders drawn thereon, should be addressed to Postal Agent, U. S. Army Postal Service, American Expeditionary Forces.

COUNTRIES HAVING DIRECT EXCHANGE OF MONEY ORDERS WITH THE UNITED STATES.

17. **International orders.**—There are now in operation conventions for the exchange of money orders between the United States and fifty-three countries named below:

Cape Colony, Natal (with Zululand), Orange River Colony and The Transvaal have been consolidated into the South African Union, and all money-orders for payment in those countries are now certified by the Exchange office at New York to the Exchange office at Capetown. Money orders to and from Natal and Zululand formerly were reissued at London. Payment may now be made on the original orders, provided the corresponding advices have been duly certified.

MONEY ORDERS.

18. **Maximum amount.**—The maximum amount for which a single money order may be issued is, by law, one hundred dollars; but there is no restriction as to the number of domestic money orders which may be issued in one day to the same remitter.

19. **Application for money order.**—A money order will be issued upon the filing of an application therefor on Form 6001 or 6701 as prescribed in the Postal Laws and Regulations. Before proceeding to issue the order the postmaster will make such examination of the application as may be requisite to ascertain whether all the necessary particulars appear therein. He should see that the name of the payee is legibly written; and that his address is given in full (showing street and number), if practicable, when the order is payable in a city.

20. **Payment.**—A money order will be paid to the person named therein, or his indorsee, or his agent or attorney upon his written order, on due presentation thereof at any time within one year from the last day of the month of its issue. A money order drawn in favor of a person residing on a rural route may be paid through the carrier if entrusted to him for collection, with a written request addressed to the postmaster that payment be so made.

21. **Repayment.**—A domestic order may be repaid at the office of issue within one year from the last day of the month of its issue. Repayment of the amount of an international order, however, may not be effected until after the consent of the country on which it was drawn shall have been obtained, and should never be made on the mere presentation of the original order at the issuing office.

22. **Indorsements.**—More than one indorsement on a money order is prohibited by law; but there is no objection to signatures affixed thereto by other parties in token of identification or in guarantying signature of payee or indorsee; and postmasters are encouraged to secure written guarantees of this kind when in doubt as to the identity of the applicant for payment. Even if an order bears two or more indorsements it may yet be paid to the first indorsee on due presentation thereof properly receipted by him, provided it is regular in all other respects. The indorsements inconsistent with such payment may thereupon be stricken out.

23. **Identification.**—The person who presents an order for payment must be identified if unknown to the postmaster. The postmaster who pays a money order upon indorsement to an unknown or irresponsible person without knowing that the signature to the indorsement is the genuine signature of the payee, or without obtaining the signature thereto of some reliable person expressly guarantying the indorsement, does so at his own risk.

24. **Bank stamps.**—The stamp impressions which banks ordinarily place upon orders left with or sent to them for collection are not regarded as indorsements transferring ownership of the orders, or within the meaning of the statute which forbids more than one indorsement.

25. **Payments to banks.**—When an order purporting to have been receipted by the payee, or indorsee, is deposited in a bank for collection, the postmaster at the office drawn upon may effect payment to the bank, provided there be a guarantee on the part of the bank that the latter will refund the amount if it afterward appear that the depositor was not the owner of the order. An order thus paid should bear upon its back the impression of the stamp of the bank. The person receiving payment in the bank's behalf on an order thus receipted, the signature of the payee or indorsee being left undisturbed, may be required to write his name upon the back of the order or coupon.

26. **Lost orders.**—When a domestic money order has been lost, the owner may, by making application through the postmaster at any money order office, within one year from the last day of the month of its issue, obtain a duplicate in its stead payable within that period.

27. **Invalid orders.**—A domestic order which has not been paid within one year from the last day of the month of its issue is invalid, but the owner may secure payment of the amount by making application to the Post Office Department through the postmaster at any money order office. By similar procedure in the case of a money order which has been more than once indorsed the second or any subsequent indorsee may obtain payment. The postmaster will furnish the form for the application—Form 6002, or 6003a, as the case may be.

28. **Orders payable at any money order office, when.**—Original domestic money orders issued in continental United States exclusive of Alaska, are payable on proper presentation at any money order post office in continental United States, exclusive of Alaska, *within thirty days from date of issue*, after which time they may be paid only at office therein designated.

29. **Exceptions.**—Domestic money orders issued in Alaska, Guam, Hawaii, Porto Rico, Tutuila (Samoa), or the Virgin Islands of the United States, (late Danish West Indies), at the United States Postal Agency at Shanghai, China, or the United States Army Postal Service may be treated as paid only at the office drawn upon, or repaid at the office of issue. Although drawn on the domestic form, postal money orders issued in the United States for payment in the Canal Zone or Philippine Islands, or for payment in any of the foreign countries with which business is transacted on the domestic basis, may not be paid or repaid at any office in the United States other than that of issue. Nor may orders issued in the Canal Zone or Philippine Islands, or in any foreign country, be paid at any office in the United States other than the one therein designated, except under special authorization from the Department. A money order bearing marks of alteration of date, name or amount should not be paid at any office other than the one drawn upon, or the office of issue. A duplicate money order may be paid only at the office on which the original was drawn or at the office at which the original was issued.

Carefully follow instructions printed on Stub as to manner of detaching order from stub at time of issue.

CAUTION -- Orders issued for payment in any foreign country named in Table No. 2, page 80, must be drawn on the INTERNATIONAL Money Order form and not on a form of this kind.

FEES FOR MONEY ORDERS.

TABLE NO. 1.

31. Fees charged for money orders issued on domestic form.—Payable in the United States, including Hawaii, Porto Rico, and Virgin Islands, U. S., (late Danish West Indies), or in its possessions, embracing the Canal Zone, Guam, the Philippine Islands, and Tutuila (Samoa), or at the United States Postal Agency at Shanghai (China); also for orders payable in Bermuda, British Guiana, British Honduras, Canada, Cuba, and Newfoundland, and in the following islands in the West Indies: Antigua, Bahamas, Barbados, Dominica, Grenada, Jamaica, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent, Trinidad and Tobago, and Virgin Islands (British).

For orders from \$20.01 to \$30.00.....	12 cents.	For orders from \$75.01 to \$100.00.....	30 cents.

32. Caution.—Postmasters at domestic money-order offices must bear in mind that they are not authorized to issue money orders for payment in any foreign country other than those enumerated in the above Table No. 1. When an intending remitter applies at a domestic office for a money order payable in any other foreign country the postmaster should direct him to the nearest international money-order office. Particular care should be taken not to draw orders upon places on the Isthmus of Panama outside the Canal Zone; but orders on domestic form for persons residing at Colon, Republic of Panama, may be drawn on Cristobal, Canal Zone, which adjoins Colon; while orders on like form for residents of the city of Panama, Republic of Panama, may be drawn on adjoining town of Ancon, Canal Zone.

TABLE NO. 2.

33. Fees charged for money orders issued on international form.—By the Postmaster-General's Order No. 8142, of June 13, 1914, the fees for all money orders issued on international forms, and payable in countries with which business is conducted through Exchange Offices, were fixed as follows, and are now to be exacted for issue of orders payable in Bolivia, Cape Colony, Chili, Costa Rica, Denmark, France, Great Britain and Ireland, Honduras, Hongkong, Italy, Japan, Luxemburg, Mexico, Natal and Zululand, Netherlands, New South Wales, New Zealand, Norway, Orange River Colony, Peru, Queensland, Russia, Salvador, South Australia, Sweden, Switzerland, Tasmania, the Transvaal, Uruguay, Victoria and Western Australia:

NOTE.—The foregoing schedule takes the place of the two separate schedules printed at page 566, Postal Laws and Regulations, as Table No. 2 and Table No. 3.

34. Tables of fees subject to change.—The foregoing tables, with whatever notices affecting the same may be given in the Monthly Supplements, should be kept in sight and referred to, in order to ascertain the correct fee to be charged for the issue of a money order. The tables of fees printed on the back of the applications for international money orders (Form No. 6701) are often misleading, because of changes made since some of such forms now in the hands of postmasters were printed. It is impracticable to issue a new edition and restock 10,000 post offices whenever a change of that kind is made, but due notice of any such change is always given in the Official Postal Guide.

RATES OF CONVERSION.

35. Into foreign money.—Following are rates for conversion into foreign money of amounts of international money orders issued in the United States:

- One pound sterling (£) equals \$4.87.
- One French, Swiss or Belgian franc, or one Italian lira equals (about) 19 4/10 cents. (\$1.= Frs. 5.15.)
- One Danish, Norwegian or Swedish crown equals 26 9/10 cents.
- One florin (Netherlands) equals 40½ cents.
- One Russian rouble equals 51.46 cents (\$1=1 rouble 94.33 copecks).
- The Cuban unit of value, the peso, equals the United States dollar, and, like it, contains 100 centavos or cents.

INDIRECT EXCHANGE OF MONEY ORDERS WITH FOREIGN COUNTRIES.

33. Indirect exchange, how effected.—In addition to the countries with which the United States maintains a direct exchange of money orders there are, as indicated in paragraph 13, a number of places and countries with which an "indirect" exchange is carried on, through the intermediary agency of a foreign Post Office Department. For instance, Hongkong, China, is a British Colony, and there are British Postal Agencies at the Chinese "Treaty Ports" of Amoy, Canton, Chefoo, etc., on which orders may be drawn "through" Hongkong.

37. **Indirect orders, how treated.**—“Indirect Orders” are drawn on the country which is named as the agent, and are treated in every respect as if payable in that country. Such orders and their advices are not headed “China,” or “India,” or “Korea,” but the nationality is designated according to the country through whose agency payment is to be effected—“France,” “Great Britain,” “Hongkong,” or “Japan,” as the case may be.

38. **List of countries and localities reached by indirect exchange.**—Names of countries and localities to which remittances may in normal times be made by “Indirect Exchange” are given in a separate volume entitled “International List” which is supplied to postmasters at all International money order offices.

INTERRUPTION OF BUSINESS WITH FOREIGN COUNTRIES.

39. **Suspension of exchange with certain countries.**—The state of war now existing between the United States and the German Empire, Austria and Hungary and in a great part of Europe and other lands, involving the movement of armies, and monopolization by the state of the avenues and means of transportation, seriously interferes with the usual methods of communication even where friendly relations with the United States are maintained. Exchange of money orders with Germany, Austria and Hungary is altogether barred, and with the following named countries it has been suspended temporarily, to-wit, with—

Belgium, Egypt, Greece, Liberia and Portugal.

40. **Business accepted subject to war risks.**—Until the restoration of peace and normal conditions, persons who apply at post offices for International money orders payable in any of the foreign countries at war, or even in neutral countries, should be informed that this Department can not insure the speedy payment thereof, but where suspension of exchange of orders has not been announced accepts such business subject to the delays and risks incident to the state of war.

41. **Warning—money order business with Mexico resumed on international basis.**

THE FOLLOWING INSTRUCTIONS APPLY ONLY TO INTERNATIONAL MONEY ORDER OFFICES.

Postmasters authorized to transact *DOMESTIC MONEY ORDER BUSINESS ONLY* must *NOT* draw orders on MEXICO, but must direct intending remitters to the nearest *INTERNATIONAL* money order office.

The attention of postmasters at *international* money order offices is directed to the fact that beginning May 1, 1918, the exchange of *international* money orders was resumed between the United States and Mexico, *as conducted prior to October, 1909.*

ISSUE—On and after May 1, therefore, postmasters will accept the applications of intending remitters for money orders drawn on Mexico and will issue such orders in accordance with the “MODEL OF INTERNATIONAL MONEY ORDER DRAWN FOR PAYMENT IN COSTA RICA,” given on page 22 of the “INTERNATIONAL LIST.” They will not designate the place of payment but be careful to obtain on remitter’s application the full address of the payee, including the name of the “STATE” in which the payee’s residence is located, and transcribe every detail thereof in the advice. The fees for orders on Mexico will be the same as those for the countries named in Table No. 2.

The receipt form will be handed to the remitter, the order will be marked “Canceled” and sent with the advice and coupon to the exchange office at Laredo, Texas. Payment will be made on an order of different form issued at the exchange office in Mexico.

PAYMENT—Payment of orders purchased in Mexico will be made in this country *on orders reissued at Laredo, Texas*, from descriptive advice lists received there from the Mexican exchange office. The orders will be mailed from Laredo, Texas, to the payees, the advices to the paying offices.

Should the original orders purchased in Mexico be presented at a post office in the United States for payment, the postmaster will explain to the payees that these documents are of value only as receipts, and that payment must be deferred pending the arrival of the reissued orders and advices. If, however, the reissued advice is not received within the following three days the postmaster will promptly make application therefor to the exchange office at Laredo, Texas, using for the purpose Form 6752.

AMENDED REGULATIONS—MONEY ORDERS PAYABLE AT ANY MONEY ORDER OFFICE.

42. **Amended money order regulations.**—In furtherance of the provisions of an Act of Congress, approved February 6, 1914, entitled “An Act to regulate the payment of money orders,” the Postmaster-General, on May 5, 1914, issued Order No. 8014 (to take effect on and after July 1, 1914), amending sections 1132, 1148, 1169 and 1174 of the P. L. & R. as follows:

The first paragraph of section 1132 is modified to read:

Sec. 1132. Money orders shall be drawn from the information contained in the remitters’ applications upon a designated money order office. They shall not be drawn upon an office which is not a money order office.

The first paragraph of section 1148 is rescinded and the following substituted therefor:

Sec. 1148. Original domestic money orders issued at any money order office in the continental United States, excepting Alaska, may be paid at any money order office in the continental United

States, excepting Alaska, if presented for payment on or before the expiration of the thirtieth day following the date of issue. After that lapse of time within the period of their validity, which is one year from the last day of the month of issue, they shall be paid only at the office therein designated as the paying office, or repaid at the office of issue.

When in accordance with the foregoing provisions of this section a money order is paid at an office other than the one therein designated as the paying office, the postmaster making the payment shall immediately send to the postmaster at the issuing office a notice thereof (Form 6128), which shall describe the money order by its serial number, the amount, and the dates of issue and payment. Upon receipt of such notice the postmaster at the issuing office shall file it with the application for the money order, and send at once to the postmaster paying the order an acknowledgment of receipt of the notice, which acknowledgment shall include a statement to the effect that an application for a duplicate of the order has not been and will not be certified. Until such acknowledgment is received credit shall not be taken for payment of the order, but it shall be considered as part of the cash on hand.

Section 1169 is amended by addition of a paragraph as follows:

2. To guard against the possibility of paying a money order more than once, the postmaster at the office of issue shall not certify or forward an application for a duplicate order prior to the expiration of the thirty-sixth day following the date on which the original was issued, provided, however, that an application may be accepted, certified and forwarded at once if the applicant or the party in whose favor the application is made shall execute a good and sufficient bond of indemnity (Form 6116) in a penal sum not less than twice the amount of the order, conditioned for the refund of the amount paid on the duplicate in the event that after payment thereof any other person shall establish a valid claim to the original order, or in case it shall appear that the original has been paid to the rightful owner at another office.

Section 1174 is modified to read:

Sec. 1174. Duplicate money orders shall be issued only by the Department. Postmasters shall not issue them under any circumstances. Payment or repayment shall be made thereon only at the offices on which the originals were drawn, or at the offices at which the originals were issued. (See Sections 1167 and 1175.)

MISCELLANEOUS.

43. Erasures and alterations in money orders.—Any erasure, alteration, or change whatever of the particulars written in a money order is forbidden. See sections 1135 and 1144 of the Postal Laws and Regulations.

44. Identity, and right, of claimant.—Before paying a money order drawn upon an office other than his own the postmaster must be satisfied that the claimant is the person he represents himself to be and the rightful owner of the order. (See paragraphs 3 and 5, Section 1149, P. L. & R.)

45. Procedure after payment of order drawn on another office.—Immediately after paying within thirty days from date of issue a money order drawn upon an office other than his own, the postmaster, as provided in the amended Section 1148, will send to the issuing post office a notice thereof on Form 6126 which shall describe the order by its serial number, the amount and the dates of issue and payment. On the back of the order or its coupon he will stamp the date on which it was cashed, and make note of the dispatch of Form 6126 to the issuing postmaster; and pending receipt of response to such notice will carry the order as cash on hand. Appended to the Form 6126 there is a detachable printed coupon for use by the issuing postmaster in making acknowledgment of receipt of notice given on that form.

46. Action required of issuing postmaster.—The issuing postmaster upon receipt of notice on Form 6126 will immediately examine his records for the purpose of ascertaining whether or not an application for a duplicate of the order has been certified. If no such application has been received, he will at once fill out, sign, detach, and mail to the office at which the order has been paid the required acknowledgment of receipt of notice of the payment. He will at the same time make a note in his register of orders issued, giving the name of the office at which the order has been paid and the date of its payment, and will then file the notice with the application on which the order was issued.

47. Order stamped and credit taken.—Upon receipt of such acknowledgment with statement to the effect that no application for a duplicate of the order has been received, the postmaster who cashed the order will stamp it as paid, take credit in cash book for payment thereof, and make note of the same in his register of orders paid, treating the order in all respects as a voucher pertaining to the money order account next to be rendered by him to the Auditor. The acknowledgment is to be attached to and filed with the coupon of the order.

48. Failure to respond to notice given as to cashing of money order.—If after lapse of time sufficient for exchange of correspondence between them the postmaster sending notice on Form 6126 shall not have received an acknowledgment of receipt thereof he will mail to the issuing postmaster another such notice, marking the same "Second notice"; and if after lapse of another such period no response thereto shall have been received he will make report of the fact to the Third Assistant Postmaster-General (Division of Money Orders), giving on a copy of the same form a description of the order, with date of payment, and the dates on which the notices were sent.

49. Prevention of double payment.—If upon receipt of notice on Form 6126 of payment of a money order the issuing postmaster finds that he has already certified an application for a duplicate of the order, he will promptly forward such notice to the Third Assistant Postmaster-General (Division of Money Orders) with a statement of the date on which such application was certified

and forwarded. In such case, also, if the duplicate was to be drawn upon the office on which the original was drawn, the issuing postmaster will promptly notify the postmaster at that office for the purpose of preventing payment of the duplicate if issued.

50. Treatment of application for duplicate when original has been cashed.—In the event that after receipt of notice that the original has been paid elsewhere an application for a duplicate order is received by the issuing postmaster from the office on which the original was drawn he will return the application to the postmaster drawn upon with a statement of the fact of payment, naming place and date thereof. The latter then, if the circumstances call for investigation, may refer the matter to the Third Assistant Postmaster-General (Division of Money Orders).

51. Accounting for amount of cashed order before taking credit.—In the money order accounts to be rendered to the Auditor the amount of any money orders which are being carried as cash pending acknowledgment of receipt of notice sent on Form 6126 to the issuing postmaster must be accounted for on the lower margin of the summary in this wise: "Paid orders drawn on other offices and carried here as cash, \$..... ." A similar entry should be made in the money order cash book.

MODIFIED INSTRUCTIONS REGARDING MONEY ORDERS CASHED AFTER 30 DAYS AT OFFICE OTHER THAN THAT ON WHICH DRAWN.

52. United States domestic money orders not presented until after 30 days from date of issue, whether issued in the continental United States or elsewhere, may be treated as paid only at the office on which drawn, or as repaid at the office of issue. On due presentation thereof at any time within one year from the last day of the month of their issue such orders may be paid or repaid, if application for duplicate has not been certified and forwarded.

As formerly under Section 1148, however, when a mistake has evidently been made by the issuing official in naming the place of payment such orders may be cashed, at any time within the period of their validity, at offices other than those therein designated, care being taken in the first place to obtain guaranty or assurance as provided in Section 1148 originally. Whether issued in continental United States or in Guam, Hawaii, Porto Rico, Tutuila (Samoa), or the Virgin Islands, U. S. (late Danish West Indies), or at the United States Postal Agency at Shanghai (China), they should, when so cashed, be sent to the office of issue or to the office therein named as the one drawn on per Form 6588, bearing request for reimbursement. This method may be followed in the case of any valid domestic order drawn upon a money order office located in Alaska, Hawaii, Porto Rico or Virgin Islands, U. S., but cashed under this rule at another money order office in the same territory either before or after expiration of 30 days from date of issue,—the order in such case may be sent, per Form 6588, to the office drawn on, to be there treated as paid.

53. Order to be stamped and notice sent office drawn on.—In each case where an order has been cashed at an office other than one therein designated but may not be treated as paid at the cashing office under the amended Section 1148, an impression of the dated M. O. B. stamp of the cashing office should be placed on the back of the coupon; record of the transaction, on Form 6513, should be there filed, and notice thereof on Form 6542 should be at once mailed to the office drawn on, if it be a money order office,—otherwise to the office of issue.

DUPLICATE MONEY ORDERS.

54. Duplicate money orders—Bonds of indemnity.—In view of the provisions of amended Section 1148 it is to be expected that in cases more or less numerous application will be made for the issue of duplicate money orders when the originals have been paid within thirty days from date thereof at offices other than those therein designated. Section 1169 has therefore been amended so as to forbid certification of an application by the issuing postmaster prior to expiration of the thirty-sixth day following the date on which the original was issued, unless the applicant or the party in whose favor the application is made give bond of indemnity (on Form 6116) conditioned for refund of the amount paid on the duplicate in the event that after payment thereof any other person shall establish a valid claim to the original order or in case it shall appear that the original has been paid to the rightful owner at another office. If the application is made at the office drawn upon, the bond may be given there by the applicant (payee, indorsee, or remitter) and forwarded thence with the application to the issuing post office. Otherwise, it may be given at the issuing office by the remitter, payee, or indorsee. In either case it should be forwarded to the Department with the application and on the application should be noted the fact that it is thus forwarded.

55. Application for duplicate may be received though not forwarded within 36 days unless bond be given.—Where bond of indemnity will not be given, an application for a duplicate of an order alleged to be lost or destroyed may be received from remitter, payee, or indorsee, but it shall not be certified or forwarded by the issuing postmaster within thirty-six days from date of issue of the original order, the period within which he would in all probability receive notice given under amended Section 1148 of payment of the original if made at an office other than the one drawn upon.

56. Department will decide as to exaction of bond after 36 days.—If application for a duplicate of an order alleged to be lost or destroyed is not certified and forwarded until after the lapse of thirty-six days from date of issue of the original it shall, as heretofore, be left for determination by the Department, after receipt of the application thereat, whether or not a bond of indemnity shall be exacted.

57. Limitation as to time, not applicable to offices outside continental U. S. or in Alaska.— The limitation as to time within which an application for a duplicate order may not be certified and forwarded by the issuing postmaster without bond is to be considered as applicable only in the case of money orders issued in the continental United States exclusive of Alaska.

The Commonwealth of Australia embraces the separate states enumerated in the table (No. 5). Under an agreement which went into effect July 1, 1913, Western Australia was admitted to a direct exchange of money orders. The accounts of the Commonwealth are kept by the head office at Melbourne, Victoria, but for convenience each state retains its own exchange office, as follows:

- For New South Wales..... Sydney.
- Queensland..... Brisbane.
- South Australia..... Adelaide.

NOTE.—To ascertain correct equivalent in foreign money of sums received from remitters, consult the separate "Conversion Table." (See "Rates of Conversion," page 80 herein.)

* Honolulu is the Exchange Office for Hawaii, and Pago Pago for Tutulla (Samoa). Seattle is Exchange Office for orders on Japan, issued in Alaska, Idaho, Minnesota, Montana, North Dakota, Oregon and Washington. Honolulu is the Exchange Office for Hawaii for certification of orders on or from Japan or the States comprising the Commonwealth of Australia, or the British Colony of Hongkong, China.

†Amount also expressed in figures in currencies of both countries.

61. **Exchange offices.**—Where dissimilarity of language and monetary systems, or of organization and methods necessitates that course, money orders are exchanged with countries abroad through the intervention of Exchange Offices, one, as a rule, acting for each country. To these offices all advices of issued orders are first sent for verification, and for correction of errors. The particulars of the advices are then entered on descriptive lists in duplicate,—one for each country,—which form the basis of accounts. The lists are numbered consecutively, and each entry therein is preceded by two numbers, the serial number of the issuing office, and that of the exchange office, the latter being technically known as the international number. That expedient facilitates definite identification of any particular remittance referred to in subsequent correspondence or in corrections affecting the accounts.

62. **International exchanges conducted on the domestic basis.**—In 1901 a new system of exchange was inaugurated with Canada by which money orders and advices are transmitted directly to their destination without the intervention of exchange offices. This plan has since been extended to twenty-one other countries. Among that group may be found the Isthmian Canal Zone and the Philippine Islands; although these are United States possessions, they enjoy quasi-independent governments with entirely separate postal organizations.

63. **Countries on which domestic orders may be drawn.**—In this latter system, which is in operation at every money order office, remittances are made by means of domestic money orders, the amounts of which are expressed in United States money. The countries on which domestic money orders may thus be drawn are listed in Table No. 1 on page 80, and in Table No. 4 on page 84. It will be observed that nearly all are English-speaking countries, exceptions being Cuba and Martinique.

64. **Consult tables before issuing orders.**—Numerous errors are made in drawing Domestic Money Orders on foreign countries which refuse to accept them, and the mistakes sometimes cause serious inconvenience to remitters and payees. When a patron applies for a money order payable abroad, the postmaster should first consult the Tables on pages 80, 84 and 85 to ascertain to which of the three groups the country named belongs. If it be found in Table No. 4, the order should be issued on the domestic form, and delivered to the applicant with instructions to mail it to the intended payee. In every such case, a separate advice on Form No. 6006 must be forwarded immediately to the postmaster at the office drawn upon. In the case of Newfoundland, however, all advices are sent to the office at Sydney, Nova Scotia, and not to St. John's, Newfoundland.

65. **Order on international form delivered to applicant, when.**—When the paying country is found in Table No. 5, the order should be issued on the international form and handed to the applicant for transmission to the payee with instructions to present it for payment at the office drawn upon. At the same time the advice and coupon, carefully filled out but not separated, should be dispatched to the proper exchange office. With the exception of France and her colonies, Algeria and Tunis, all the countries in this group are English-speaking.

66. **Order sent with advice and coupon to exchange office.**—When the paying country is listed in Table No. 6, the international form should be used, but the order should be marked "Canceled"

and sent with the advice and coupon to the exchange office. Payment is made on a new order issued by the exchange office of the paying country.

67. **Importance of correct addresses.**—The applicant for an international order should be asked to furnish a full and accurate address of the payee, and great care should be used in copying it in the advice. The omission of something seemingly unimportant may result in loss to the issuing postmaster, if it cause a wrong payment. The simplest and safest rule for the postmaster's guidance is, that the payee's address in the application and advice should be exactly the same as that on the letter conveying the order or notice of its issue to the payee. Remitters should be required to furnish the street address of payees residing in cities. A list of large cities will be found in the "International List."

68. **Supplemental advice.**—If the address furnished by the applicant is not intelligible to the issuing postmaster the remitter's statement should be obtained in writing on Form 6083 and attached to the Advice. Form 6083 should *invariably be used with the Advices of Orders payable in Japan*, or at Japanese Post Offices in China or Korea, whenever the remitter and payee are Japanese, Chinese or Korean. (Section 1195, P. L. & R.) This form, especially if there be attached to it the payee's address written by himself, may also be used to advantage in the case of international orders drawn in favor of soldiers of belligerent countries who are in the field.

69. **Hongkong, China, a British Colony.**—Many errors result from the failure of postmasters to understand that Hongkong, China, is a British Colony and that there are British Postal Agencies at the Chinese "Treaty Ports" of Amoy, Canton, Chefoo, etc., on which orders may be drawn "through" Hongkong. (See "International List.") Payment is made at all of these offices on the original order issued in the United States, which must, therefore, be delivered to the remitter for transmission to the payee.

70. **Orders payable in Australia or New Zealand.**—Orders certified by the San Francisco Exchange Office or Honolulu Exchange Office for payment in the states composing the Australian Commonwealth (New South Wales, Queensland, Victoria, South Australia, Tasmania, Western Australia), or in New Zealand, must also be delivered to the remitter for transmission to the payee. This last statement is made to remove the doubts which some postmasters entertain regarding the correct procedure.

71. **Transposed advices.**—The transposition of advices is a frequent cause of complaint. Errors of that kind, which cause serious losses to the issuing officials, will be avoided if the "application" is numbered *before the order is issued, and if before being dispatched to the exchange office, the advice and coupon are compared with the "application."*

72. **Precautions to be observed in issuing international money orders.**—Postmasters at all international money order offices are notified that each application for a money order to be issued on the international form must be accompanied by a statement in the following form signed by the applicant for the money order:

"This transaction is made under representation by the undersigned that there is not involved in connection therewith any trading, directly or indirectly, with, to, from, for, or on account, behalf, or benefit of any enemy or ally of enemy of the United States, or any transaction violative of the Trading-with-the-Enemy Act of the United States."

This statement is to be attached to and filed with the application for the money order. Slips for this purpose are distributed to postmasters by the Fourth Assistant Postmaster-General, (Division of Equipment and Supplies). This notice becomes effective at each post office immediately upon its receipt.

73. **Care necessary to prevent double payments.**—In no case should an international order be treated as "Not issued" after either the order, advice or receipt has passed beyond the control of the issuing postmaster. Great care is necessary to prevent double payments. (See Section 1201, P. L. and R.)

74. **Invalid advices.**—"Invalid advices" of orders issued in countries with which the United States transacts money order business by use of domestic forms, as well as advices of invalid international orders, should be forwarded to the Third Assistant Postmaster-General (Division of Money Orders) conformably to (Section 1219 of the P. L. & R.).

75. **Duplicates of lost or invalid orders.**—Postmasters may receive, on Form 6002, and transmit directly to the Department applications for duplicates of lost or invalid orders issued or payable in the foreign countries named in Tables No. 1 and No. 4 with which money order business is conducted on the domestic basis. In the case of an order which has become invalid by reason of age, the order (and the advice also if it is in the postmaster's possession) should be attached to the application and mailed to the Third Assistant Postmaster-General (Division of Money Orders).

76. **Canadian postal notes.**—Canadian postal notes not more than one year old, which bear no evidence of alteration, may be paid at money order offices and credit therefor claimed in the accounts with which they are sent to the Auditor as vouchers. The printed sum named in the note only should be paid, any postage stamps affixed thereto being disregarded. No advices are required for payment.

77. **British postal orders.**—British "Postal Orders," printed in fixed denominations, and corresponding to what are usually termed "Postal Notes," should not be paid, and the person presenting one should be advised to return it to the sender.

INDIRECT EXCHANGE — DISPOSITION MADE OF ORDERS, ADVICES AND COUPONS.

78. **Indirect exchange list.**—The Indirect Exchange List as in effect before the outbreak of the European War appears in the separate volume entitled "International List," pp. 6-12. Owing to the war, however, there is at this time no provision for dispatching money orders to several of the countries there listed, as for instance, The Argentine Republic, Bulgaria, The Congo Free State, The German Protectorates in Africa, Servia, Turkey, etc.

79. **Delivery of order when France is intermediary.**—In all cases where France acts as intermediary for the United States in forwarding a remittance to a third country, payment is made upon the original order, which should, therefore, be carefully made out and delivered to the remitter for transmission to the payee.

80. **When Hongkong is intermediary.**—At all of the places named on page 143 of the International List, edition of 1914, for which Hongkong is the intermediary, payment is made on the original order, the advice and coupon of which should be transmitted to the Exchange Office at San Francisco for certification,—or to the Exchange Office at Honolulu, or the Exchange Office at Pago Pago, as the case may be, if the order is of Hawaiian or Samoan origin.

81. **Order canceled when sent to exchange offices.**—With the exceptions noted in above paragraphs 79 and 80, money orders drawn in favor of residents of countries or places named in the "Indirect Exchange List" published on pages 6 to 12 of the "International List" should be "Canceled" and sent with the advices and coupons to the Exchange office.

MONEY ORDER ACCOUNTS.

82. **How rendered.**—By Section 204 of the Postal Laws and Regulations as amended July 16, 1915, and August 3, 1915, postmasters are required to render money order accounts periodically to the Auditor for the Post Office Department. For detailed instructions see pages 50-51 of this Guide.

MONEY ORDERS FOR PRISONERS OF WAR EXEMPT FROM FEES.

83. **Order issued without fee under Hague Convention.**—With the view of ameliorating the condition of prisoners of war, the Hague Convention, which was subscribed to by the United States and by all of the European nations now engaged in hostilities, contained a provision that money orders drawn in favor of or remitted by prisoners of war shall be exempted from any charge for fee or commission.

84. **Interned soldiers and sailors.**—It is held that such exemption applies also to the case of soldiers and sailors of belligerent countries interned in neutral countries with which the United States exchanges money orders. The rule does not, however, apply to domestic money orders issued and payable at post offices in the United States, but is applicable only to remittances made through usual international channels to neutral countries.

85. If a postmaster in the United States accepts an application with money for the issue of a money order payable to a prisoner of war in any country associated with the United States in the present conflict against Germany and her allies, the applicant will be entitled to an order for the full amount deposited by him at the post office without the customary deduction for fee.

86. **Payee designated as prisoner of war.**—Every money order (as well as advice and coupon) issued without charge for fee, in favor of a prisoner of war, should bear written in red ink across its face the words, "Payee a Prisoner of War," and the advice should contain the fullest address obtainable. A foreign Postal Administration has made special request that the advice of every order drawn in favor of a prisoner of war be accompanied, if possible, by the payee's address written by himself.

87. **Supplemental advice.**—If the payee's written statement can not be obtained the remitter may be asked to fill out a supplemental advice on Form No. 6083.

88. **Accounting for non-collection of fee.**—The postmaster must charge himself with the full amount deposited by the remitter, and after entering the number and amount of the order in his account, add a note for the Auditor's information, to the effect that the order was exempt from charge for fee under the Hague Convention of July, 1899.

89. **Precautions prescribed must be observed.**—Observance of these precautions is necessary to insure correct payment, as well as for the guidance of the exchange and accounting offices of countries concerned.

MONEY ORDERS FOR WAR PRISONERS HELD BY THE CENTRAL POWERS.

90. Postmasters are instructed to inform patrons desiring to send money to prisoners of war in Germany, Austria, Hungary, Bulgaria, or Turkey, or in territory occupied by the said Central Powers, that the only method of sending such remittances is through the Bureau of Prisoner Relief of the American Red Cross, Washington, D. C., which has been granted a license for such business by the War Trade Board.

Postmasters will accept applications on which the regular domestic fee must be paid, for domestic money orders payable to the "American Red Cross" at Washington, D. C., which in turn will endeavor to forward the money to prisoners without additional cost. Patrons should be requested to give the full and exact name of the payee and the location of the prison when known.

FUNDS FURNISHED POSTMASTERS FOR PAYMENT OF MONEY ORDERS.

91. **How to apply for draft.**—Postmasters are required to use every effort to effect prompt payment of money orders; and when the available funds in the possession of a postmaster are not sufficient for the purpose he should make application on Form 6033 to the Third Assistant Postmaster-General, Division of Money Orders, for a special draft on the postmaster at New York, N. Y., for the additional amount needed. In making such application the postmaster should be careful to state whether or not he will be able to negotiate the draft in his vicinity without cost to the Department. (See Sec. 1234, P. L. & R.)

92. **Credit at New York, and drafts against same.**—When at any office the payments of orders constantly exceed the receipts the Third Assistant Postmaster-General will grant the postmaster thereat a credit, on money order account, for a specific amount, with the postmaster at New York, and furnish him with a book of blank drafts for use in drawing against such credit. (See Secs. 1235 and 1236, P. L. & R.) But postmasters are not to make up for deficiencies in postal receipts by drawing drafts against a credit of this kind and transferring the proceeds to the postal account.

SURPLUS MONEY ORDER FUNDS AND RESERVES.

93. **Failure to remit or account properly for surplus funds.**—In many instances postmasters do not remit surplus money order funds as instructed in sections 1240 to 1245 inclusive of the P. L. & R., while others fail to report on lower left-hand corner of the account summaries, under the heading "Memorandum of Remittances," the dates and amounts of remittances in transit for which no certificates of deposit have been received, or the dates and amounts of remittances that will be made of funds already on hand. Some postmasters at offices where money order reserves have been granted fail to enter the amount thereof in the space provided on the lower right-hand corner of money order account summaries, while others claim reserves when none have been authorized by the Department. Such carelessness or willful omission of entries materially affects the efficiency rating of postmasters. Printed instructions on money order account blanks are for the guidance of postmasters, and should be observed in rendering semi-monthly or monthly accounts of money order business.

94. **Reserves to be retained only as needed.**—Some postmasters retain the entire money-order reserve when but a portion is needed to insure the prompt payment of orders. The necessity for remitting all funds not required in the actual transaction of money-order business is readily apparent, and postmasters should retain on hand only such part of the reserve as is necessary to meet actual conditions at their offices and to insure the immediate payment of money orders. (See Sec. 1245, P. L. & R.)

USE OF MONEY ORDER, REGISTRY, INSURANCE AND C. O. D. SERVICES TO BE ENCOURAGED.

95. **Encourage use of money order, registry, insurance and C. O. D. service.**—It is enjoined upon postmasters and post office employees to encourage the use of the money order, registry, insurance and C. O. D. services. They should recommend to the public that postal money orders be used, whenever available, instead of cash, for remittances by mail; or, when postal money orders are not available, that money be sent by registered mail; also that all valuable mail matter other than that of the fourth-class be registered, and that valuable fourth-class (domestic parcel post) mail be insured to obtain the indemnity afforded against loss in the mails.

96. **Penalty incurred by disparagement of service.**—Disregard of these instructions, or any disparagement of the registry, money order, insurance or C. O. D. services, whether by making unfavorable comparison with other means of transportation or otherwise, will interfere with the policy of the Department and be deemed sufficient ground for the removal of the offender.

IDENTIFICATION OF PAYEE OF MONEY ORDER BY SIGNATURE.

97. **Specimen signature sent by issuing to paying postmaster.**—By the Postmaster General's Order No. 9414 of January 28, 1916, Section 1127 of the Postal Laws and Regulations has been modified to read as follows:

When a money order is drawn payable to the remitter, the issuing postmaster shall question the applicant and if he is not sure that he can prove his identity at the paying office the issuing postmaster shall procure and transmit to the paying postmaster a specimen of his signature on Form 6339 attached to a statement of particulars of the order on a separate advice (Form 6006) as an aid to identification. Across the back of the coupon

In such case the issuing postmaster shall write or stamp the words "Specimen signature of payee sent per Form 6006." When a postmaster has no Form 6339, a slip of paper bearing the specimen signature and a statement from the issuing postmaster that it is the signature of the payee may be substituted.

2. When the remitter and payee are different persons, the issuing postmaster upon request shall attach a specimen of the payee's signature to a statement of particulars of the order on Form 6006 and mail the same to the paying postmaster in a sealed penalty envelope. It should be accompanied by a note (on Form 6339 or slip) from the issuing postmaster to the effect that it is the signature of the payee.

3. Nothing in this section shall be understood as relieving a postmaster from exercising every precaution to avoid wrong payment of a money order. (See paragraphs 3 and 5 of Section 1149.)

ACCEPTANCE OF CHECKS IN PAYMENT OF CHARGES ON C. O. D. PARCELS, OR FOR MONEY ORDERS PURCHASED THROUGH RURAL CARRIER.

98. Acceptance of private check for issue of money order not authorized by Department.—Section 1124 of the Postal Laws and Regulations defining funds receivable in payment for the issue of money orders does not authorize acceptance by a postmaster of any checks or drafts other than such as are issued by disbursing officers of the Government in their official capacity and can readily be disposed of at par by the depository to which the postmaster remits surplus money-order funds. Manifestly the Department could not well authorize the issue of money orders in exchange for personal or private checks except at the risk of the issuing postmaster, whose judgment as to the quality or worth of the checks might be at fault.

99. Check can be accepted only at risk of postmaster.—Acceptance by a postmaster of any personal or private check, whether certified or uncertified, for an amount to be forwarded by money order to the sender of a C. O. D. parcel would, therefore, be at his own risk. He is not required to accept in settlement with addressees of C. O. D. parcels any funds not within the definition of funds receivable under Section 1124 for the issue of money orders. No objection would be raised, however, to acceptance by a postmaster, in good faith, as a matter of accommodation, *at his own risk*, after due inquiry as to the responsibility of the drawer, of a personal or private check in payment of the charges on a C. O. D. parcel, or in payment for a money order to be issued on an application made through a rural carrier, provided such check were promptly replaced with funds available for the payment of money orders or for remittance to depository. For any loss resulting to the Government from acceptance by him of such a check in C. O. D. or money-order transactions the postmaster would be liable on his official bond.

100. Carrier's acceptance of check subject to approval by postmaster.—If in lieu of money a check were accepted by a rural carrier conditionally, that is, subject to approval by the postmaster, as it might be, for the purchase of a money order, that fact should be noted on the receipt given by the carrier on Form 6387 to the applicant.

"C. O. D." MONEY ORDERS NOT TO BE DELIVERED TO ADDRESSEES OF PARCELS.

101. Orders purchased through rural carrier.—By the Postmaster General's Order No. 10116 of November 21, 1916, published on page 31 of the December supplement to the Postal Guide, paragraph 3 of Section 1264, Postal Laws and Regulations, is amended so as to provide, in the case of money orders issued on applications presented through rural carriers, that the receipt form for the remitter shall be detached from the coupon of the money order and mailed to him separately in a sealed penalty envelope by the postmaster if the order is to be mailed to the payee by the carrier, and that when the money order is not to be mailed by the carrier, or taken out by the carrier for personal delivery, it, with the receipt form, undetached, shall likewise be sent in a sealed penalty envelope by the postmaster to the remitter.

102. Orders for sums collected by carriers on C. O. D. parcels.—Postmasters will bear in mind that this section (1264) of the Postal Laws and Regulations is *not applicable to money orders representing collections made by rural carriers on C. O. D. parcels*. In the coupon of a money order issued for the purpose of forwarding the amount due the sender of a C. O. D. parcel the name of the addressee of the parcel is given as that of remitter simply in order that the sender of the parcel may know whom to credit with the amount of the remittance. Although he is named as remitter, the money order issued for such purpose is not to be delivered to the addressee of the parcel, but is to be mailed by the issuing official in a penalty envelope bearing the name and address of the payee (sender of the parcel) as given on the tag. The receipt form in such a case is to be detached from the coupon of the order at the issuing post office and there filed in the manner prescribed in articles numbered 51 and 52 on page 100 of this Guide.

DESTRUCTION OF MONEY ORDER RECORDS.

103. In case of the destruction of his money order records by fire, burglary, or otherwise, a postmaster should ascertain as soon as possible whether any orders were issued but not dispatched

and presumably were destroyed. The complete particulars of any such orders should be determined, if necessary the remitters being consulted, and applications for duplicates submitted promptly at the expiration of 36 days from date of issue.

Likewise if C. O. D. parcels have been delivered and the funds and tags destroyed before the issue of the money orders therefor, the postmaster should ascertain the particulars thereof, issue the orders, advancing the amounts and fees from his personal funds, and submit to the Solicitor for the Post Office Department a claim for reimbursement.

REGISTERED MAIL.

1. **The Registry System** provides special safeguards for the transmission of money and other valuable mail to any post office in the world, furnishes receipts to the mailer (also from the addressee when requested); and provides for limited indemnity in case of loss. The per cent of loss of registered matter is very small.

Where a number of registered articles are delivered to the same addressee at one time, or three or more articles are presented together for registration by the same sender, manifold records are provided upon request, without charge, which facilitate handling and provide a convenient record for the sender or the addressee.

2. **Articles admissible.**—Any mailable article, except unsealed fourth class matter (parcel post) for domestic destinations, may be registered upon application therefor at a post office or station, to a rural carrier, or to a city carrier in residential districts if the article is not too cumbersome. Domestic parcels containing fourth class matter may also be registered if sealed and the usual fee and postage at the first-class rate are paid. Mailable articles addressed to foreign countries may be registered in the same way as domestic matter. International parcel post articles for certain countries cannot be registered (see table on page 146). Parcels for foreign countries to which domestic rates apply, as Canada, Cuba, Mexico and the Republic of Panama, may be registered, but not insured. See article 2, page 116. See article 43, 3(g), page 15, as to the rate of postage on gold coin, gold bullion and gold dust mailed between any two points in Alaska, or between any point in Alaska and any point in the United States or its possessions.

3. Mail which should be registered:

(a) Money. See articles 95 and 96, page 88. However, money should be sent by postal money orders when they are available.

(b) Valuable papers, such as deeds, specifications, etc.

(c) Goods of unusual value, because of the additional protection secured, should be registered and sent as sealed first-class matter.

(d) Letters for which the sender wishes a return receipt showing delivery — such letters should be plainly indorsed "Receipt Desired" on the address side.

(e) Letters which sender desires delivered to addressee in person — these should be plainly indorsed "Deliver to Addressee Only" on the address-side.

(f) Any articles for which the sender desires indemnity in case of loss.

4. **Aeroplane registry service.**—Sealed first-class mail, including sealed parcels not exceeding 30 inches in length and girth combined, for dispatch by aeroplane service, will be accepted for registration upon the prepayment, by postage stamps affixed, of a registry fee of 10 cents in addition to the aeroplane postage. (See sections 399½ and 877, P. L. & R.)

5. **Registry service for American Expeditionary Forces.**—Postmasters should refuse to accept for registration any parcels addressed to members of the American Expeditionary Forces; nor should they accept letters which contain money or other valuables. Important papers which can be duplicated may be accepted for registration, but patrons should be informed that indemnity will not be paid for the loss of such registered mail. The public should be warned that it is not safe to inclose currency in letters for the Expeditionary Forces under any circumstances, and that money orders should be used for transmitting money to members of the Expeditionary Forces.

6. Postal employees not familiar with the registered mail service should read the following Sections of the Regulations to get in brief a general understanding of treatment of such mail under normal conditions:

(a) *Acceptance and Dispatch.* Secs. 879, 881, 882, 886, 890, 891, 896 and 903.

Registrations by rural carrier. Secs. 1070 to 1076.

Foreign. Secs. 1039, 1043 amended and 893.

In registering mail for a foreign destination, postmasters should, unless thoroughly informed on the subject, consult the instructions relative to Postal Union and ordinary International parcel post mail published on pages 116 to 156 of this Guide, as well as information published from time to time by the Second Assistant Postmaster General (Division of Foreign Mails); as ordinarily these instructions also apply to registered matter.

(b) *Handling in Transit.* Secs. 916, 917, 921 and 986 amended.

(c) *At Offices of Delivery.* Secs. 927, 931, 933 and 935 (pars. 1 to 3).

Delivery by carriers. Secs. 1082, 1093 and 1094.

Foreign. Secs. 1046, 1047 amended, 1048 and 1050.

(d) *Forwarding and Return of Undeliverable.* Secs. 942 to 944, 956.

Foreign. Secs. 1047 amended, 1048, 1052 and 1055.

(e) *Indemnity for Loss.* Secs. 971 to 974.

8. *Indemnity.*— Indemnity will be paid the sender for the loss, rifling or damage of domestic registered mail: (a) For value of first-class mail, up to \$50; (b) For value of third-class mail, up to \$25. Payment will be made on account of the loss of international (foreign) registered mail, except matter sent at International Parcel Post rates, in any amount claimed not in excess of 50 francs (approximately \$9.65), provided the loss is not due to "force majeure" (circumstances beyond control, such as acts of war, earthquakes and tempest). However, a mutual arrangement between this country and Canada calls for payment of indemnity for losses of registered mail exchanged between the two countries even when due to "force majeure." The United States will also pay the limited indemnity for value of such foreign registered mail as originates in this country and is lost or rifled before it leaves the country, irrespective of the cause of loss. Indemnity for actual value up to 50 francs is also paid on account of the loss, theft or damage of parcel-post matter exchanged between the United States and Mexico and the United States and Salvador.

9. *Indemnity application and payments.*— Reports of losses and application for indemnity should be made to the postmaster at the office of mailing, or of address, with particulars of registration and a description of the contents of the article, and in cases of partial loss or rifling with the envelope or wrapper. The reports are investigated by post office inspectors as promptly as possible, and claims are acted upon as soon as the investigations develop an actual loss in the postal service. In case of domestic mail this requires from one to several months according to varying circumstances in each instance. More time is usually required in international cases because of necessity of awaiting the result of investigations by the foreign countries involved. The limited indemnity in case of domestic registered mail is paid for the market value of merchandise lost, and the actual, usual, direct and essential expenses incurred in the duplication of valuable papers, or the original cost of such papers when they are not or can not be duplicated.

10. *Recovery of lost articles.*— Offices of mailing and of address shall keep a record of each registered article reported lost and if it is afterwards found must immediately notify the Chief Inspector.

ACCEPTANCE, DISPATCH AND TRANSIT HANDLING.

11. Preparation for mailing:

Mail for registration must

(a) Have name and address of sender, and be legibly addressed. Mail intended for members of military organizations should show the official designation of the unit and organization to which the addressee belongs.

(b) Have postage and fee fully prepaid at time of registration. (See Secs. 406, 496 and 878, P. L. & R.)

(c) Be securely sealed if sent as first-class matter.

(d) Be inclosed in envelopes or wrappers of sufficient strength to withstand customary treatment in transmission. Postmasters must decline to accept articles for registration when inclosed in flimsy envelopes or not wrapped so that they will carry safely with ordinary handling. They will bring to the attention of banks and financial institutions at their offices the necessity of adequately and effectively preparing and wrapping money packages, suggesting that it would be advisable to inclose paper money in canvas sacks closed with lead seals or tied and placed within an outer

wrapper, strong enough to protect the inclosure and to withstand handling itself, or that it be inclosed in cloth or linen-lined envelopes. Sheets of currency should be made into a compact package. The contents of a package must not be so bulky or ill-fitting that the outer cover will be broken through or cracked by protruding corners or edges. Letters or parcels not prepared in this way must have a piece of cardboard or the like placed on top and underneath of each package of money before being placed in the outside cover; these packages must be wrapped at least three times with a heavy grade of paper, and securely sealed with mucilage or glue in addition to wax which, if used, is frequently knocked off or broken in handling.

(e) Be addressed with ink if for foreign countries. The address on matter for Mexico must include the Mexican State or Territory, and that for Canada the Province, County or District of the office of address.

12. Free registration of official mail:

(a) Aside from mail on official business of the Post Office Department, and the few other exceptions mentioned in Section 878, P. L. and R., no mail of any Executive Department or branch of the Federal Government outside of Washington, D. C., is entitled to free registration, irrespective of whether it is entitled to free postage. Free registration is not accorded the legislative or judicial departments nor to any State or other government or any of its branches. In case of doubt a postmaster should require payment of the fee and report the matter to the Third Assistant Postmaster General, Division of Registered Mails, for decision.

(b) Postal employes must be careful not to register unnecessarily post office official matter. Apart from registrations required by the Regulations (see especially Sections 346, 371, 646, 664 and 1241) or by specific instructions official matter should not be registered unless (1) proof of delivery is essential, (2) it contains inclosures of intrinsic value, such as money and stamped paper, (3) the inclosure is of such importance that its duplication in case of loss would be necessary and entail material expense. No indemnity is provided for loss of official free registered mail, and free registration is an expense to the service which should be minimized as much as possible.

13. **Registration after close of registry window.**—Signs displayed at post offices to indicate that the registry window closes at a certain time should also set forth that mail for registration may be presented thereafter at the stamp window, if such is the case. See Section 282, P. L. & R.

14. **Rates of postage to be designated in records.**—The class of each domestic or foreign article accepted for registration shall be noted on the registration receipt and on the mailing-office record. The following abbreviations are used in recording mail accepted for registration addressed to foreign countries:

Classification.	Abbreviation.	Classification.	Abbreviation.
Letters	L.	Printed Matter	Pts.
Postal Cards	P. C.	Samples of Mdse.....	Smple.
Commercial Papers	Com. P.	Parcel-Post	P. P.

Registration records must distinguish especially international "parcel-post" registered mail from the other classes addressed to foreign countries.

15. **Numbering of registered mail at large offices.**—Each office should have its various registration series so assigned that the place of mailing (main office, station, carrier or firm) can be promptly ascertained if the registration number and approximate date of registration are known. Section 977, P. L. & R., provides the series for numbered stations. Named and lettered stations should be given series in a similar manner from a block of numbers which will not conflict with the numbered station series. Keep the various series within numbers of as few figures as possible. Series in six figures should not be used when they can be kept in five figures. This saves the writing of many figures during transit handling. Named stations and branches which dispatch registered mail under their own names as offices of origin can each use numbers commencing with 1 as if they were separate post offices.

16. **Firm mailing records.**—Manifold firm mailing records in loose leaves or in books are supplied patrons who frequently or at intervals present an average of three or more articles for registration. Postmasters must suggest the use of these records. Their use renders it unnecessary to re-enter registered letters and parcels in the window registration record, as one copy of the firm bill is left as a record at the post office with the registered matter, the duplicate being retained by the sender.

17. **Schemes for the dispatch of registered mail.**—Superintendents of the Railway Mail Service furnish schemes for the dispatch of registered mail whenever needed and revise and correct existing schemes to secure the most expeditious dispatch consistent with security. These schemes should be carefully examined and the attention of the Superintendent of the division in which the post office is located brought to all questions thereon or possible improvements in dispatch.

18. **Iron-lock pouch dispatches.**—Division Superintendents of the Railway Mail Service will make certain preliminary installations of exceptional dispatches of registered mail in iron-lock pouches, their action in each case to be reported to the Third Assistant Postmaster-General, Division of Registered Mails, for approval, disapproval or modification, such installation to remain in force unless formal notice of its modification or revocation is received. Postmasters may continue to communicate direct to the Third Assistant Postmaster-General their opinions with reference to exceptional dispatches in which their offices are concerned, and are expected to do this when they consider that a dispatch frequently containing valuable mail is unsafe.

10. Rotary-lock dispatches.—All postmasters and employees of the Railway Mail Service in possession of ordinary rotary-lock keys are authorized to make and receive dispatches of registered mail in pouches or sacks closed with rotary-locks whenever the quantity or bulk of registered mail involved justifies and when at least one handling in transit of the mail inclosed is saved thereby. Five or more pieces of ordinary size or two bulky pieces which will well fill a pouch or sack will justify the use of a sack or pouch closed with a rotary-lock. Unless a postal employee making up a rotary-lock pouch has knowledge that hand-to-hand delivery of the pouch can be made over the entire route, the pouch as made up should not be so large that it cannot be inclosed within a large size outer ordinary mail pouch should occasion require. All post offices of the first and second classes, terminal railway post offices, railway post offices in full postal cars, railway post offices in the more important apartment car lines, and certain transfer clerks designated in the schedules of the Railway Mail Service and the following named post-offices of the third and fourth classes and branch post offices and named stations are in possession of rotary-lock keys and therefore authorized to make and receive dispatches of registered mail in pouches and sacks closed with rotary-locks. In case of doubt whether any railway post office train is supplied with a rotary-lock key, obtain the necessary information from the local Superintendent or Chief Clerk of the Railway Mail Service. See Secs. 983 to 1014, P. L. & R. Any postmaster or employee of the Railway Mail Service who believes that he should be furnished with a rotary-lock key, should make application therefor, stating facts and reasons.

20. Reuse of penalty envelopes for pouch-bill coupons.—Postmasters and others who dispatch registered mail under coupon bills will save, and reuse, until they become unserviceable, the return addressed penalty envelopes in which coupon receipts are returned to them.

To permit this economy the envelopes should not be sealed or postmarked by the returning employees or others.

21. Post offices having separate stations for handling transit registered matter.—Council Bluffs, Iowa; Omaha, Nebr.; Philadelphia, Pa.; Saint Louis, Mo.; Seattle, Wash.; Washington, D. C., and Los Angeles, Cal. (the latter from December 13th to 31st, inclusive, each year). See Sec. 995, P. L. & R.

22. Independent branch post offices and stations.—Independent branch post offices and independent stations indicated in the alphabetical list of post offices receive and dispatch registered mail direct, and registered jackets, sacks and pouches containing mail for delivery therefrom must be addressed thereto. The name of the post office to which such branch or station is attached need not appear, except in cases where an independent station is designated by a letter only, when postmasters will add the name of the post office to which the lettered station is attached. If such matter addressed to any independent branch or station is received at the main office or at any other branch office or station, it will be treated as transit matter.

23. Improper treatment of registered mail as ordinary mail.—In opening and working mixed mails, postal employees must check and receipt for the registered mail inclosed therein before making disposition of the ordinary mail. Ordinary mail should also be carefully scrutinized to ascertain whether any registered mail has inadvertently been placed therein and not recorded in dispatch. See Secs. 884, 895, and 927, P. L. & R.

24. Carriers' registry delivery books.—Postmasters should require carriers who still use books, Form 1560, in entering registered articles for delivery, to list *only the number* of each article unless there should be two or more having the same number on the same day in which case the office of origin should also be given. The delivery records of the post-office or station give the other essential particulars. The description by number will be sufficient to fulfill the requirements of Section 1082, P. L. & R.

25. Delivery of registered mail.—Registered mail, the delivery of which has not been restricted by the sender or the addressee, may be delivered to any responsible person to whom the addressee's mail is customarily delivered.

26. Delivery restricted by sender.—The sender may restrict by indorsing the address side "Deliver to Addressee Only," or, after mailing and before delivery has been effected, by a written order sent through the mailing postmaster.

27. Delivery restricted by addressee.—The addressee may restrict delivery by giving the postmaster at the delivery office a specific, or standing, written order stating to whom delivery shall be made.

28. **Delivery by carrier.**— City and rural letter carriers deliver registered mail. If the residence or place of business of the addressee is more than one-half mile from a rural route the carrier is not required to make delivery thereat but will leave a notice in the rural mail box so that the addressee can be at the box the next trip, or call for the mail at the post office.

29. **Observance of restrictive indorsements.**— Before delivery registered mail must be examined carefully for restrictive indorsement and the requirements of Section 935, P. L. & R., observed in delivering. The delivery records of the post office, and the senders' return receipt when required for registered mail delivered to other than the addressee should show both the name of the addressee and that of the person receipting for the article. Proper receipts must be taken in every instance and the senders' return receipts dated and post-marked to show the actual dates of delivery. See Sec. 931 of the P. L. & R. Matter which cannot be delivered as restricted must be returned to the sender indorsed "Cannot deliver as restricted." Unknown signatures on written orders for the delivery of registered mail must be verified.

30. **Identification.**— Persons applying or inquiring for registered mail, as senders or addressees, or their authorized representatives, will if unknown be required to establish their identity satisfactorily before registered mail or information concerning it is given them.

31. **Undeliverable.**— Undelivered registered mail of the first class and Postal Union mail is returned to sender without additional charge at the expiration of the proper period. Additional postage, but not fee, is required for the return of registered second and third class matter.

32. **Recall before delivery.**— When the sender of registered mail desires to reclaim or recall it at any time before delivery, application for this purpose must be made to the mailing postmaster.

33. **Delivery in foreign countries.**— Delivery of registered mail addressed to foreign countries is made according to rules of the country which makes delivery.

FORWARDING, AND RETURN TO SENDER.

34. **Forwarding.**— Registered mail may be forwarded before it has been once properly delivered without additional charge for registry fee upon the written request of the addressee, of the sender through the mailing postmaster, or of any person to whom the addressee's mail is deliverable—first-class matter without extra charge; other matter, upon prepayment of postage chargeable by law for forwarding. See Art. 30, page 121, as to forwarding of mail of foreign origin.

35. **Method of dispatch.**— In forwarding or returning registered mail which can not be delivered, all postmasters, including those at offices using inward numbers, shall dispatch the mail under the original registration number and the office of origin. See Sec. 943, P. L. & R. Such mail must not be re-registered in the window registration book, but the required notation should be made on the delivery or transit record and each article recorded and dispatched as other outgoing or transit registered mail. At offices using inward numbers the original number may if necessary, be noted either on the final delivery record or on such other record as may be most advantageous to facilitate connection between original and inward number in case of inquiry.

RETURN RECEIPTS.

36. **When furnished.**— Return receipt cards for registered articles that bear the indorsement "Receipt desired" or words of similar import shall be prepared at mailing offices. When an article bearing such indorsement is received for registration, the registration record shall be similarly indorsed. The card receipts must be securely fastened at the mailing office to the pieces to which they relate. If no return receipt card is received with a domestic registered letter or parcel bearing the proper indorsement the delivering office shall supply one.

INTERNATIONAL REGISTERED MAIL, ALSO FOR ALASKA AND ISLAND POSSESSIONS OF THE U. S.

38. (a) **Make-up and dispatch.**—Registered mail for foreign countries should be dispatched as directed by secs. 1043, 1047 amended and 1017, P. L. & R. See also the "General Foreign Separating Scheme," pages 137 to 139.

(b) **Trans-Atlantic, Canal Zone, Porto Rico, West Indian destinations (except Cuba), Central and South America.**—As a rule (see exceptions mentioned below) registered mail for these destinations should be transmitted toward New York, N. Y., as the exchange office. However, see note on page 139, concerning dispatches for West Coast of Central and South America. Registered matter for Costa Rica, Guatemala, British Honduras, Republic of Honduras, Nicaragua and Salvador, should be dispatched to New Orleans, La., unless it is known that a quicker dispatch will be made by sending to New York or San Francisco. Registered mail for the Canal Zone may be sent to the postmaster at New Orleans, La., for dispatch via steamers sailing from New Orleans, when it is known that expedition will be gained thereby; otherwise the matter should be sent to New York, N. Y., as indicated above.

Italy.—See instructions published by the Second Assistant concerning temporary suspension of mail service to certain portions of Italy and to suspension of the registration of parcel post mail for Italy.

(c) **Mesopotamia and Palestine.**—At present no provision exists for the registration of mail addressed to places in Palestine, Mesopotamia and Turkey, occupied by British forces.

(d) **The Netherlands East Indies.**—Mail for The Netherlands East Indies (the islands of Java, Sumatra, Celebes, etc.) shall be sent via the Pacific, except such articles as are specially marked for dispatch via Europe.

International parcel-post packages for The Netherlands (Dutch) East Indies shall at all times be sent via the Pacific.

(e) **Roumania, Persia and Russia, except Finland.**—Mail service via Europe for Roumania and Russia, except Finland, is no longer possible.

When mail is received for Roumania and Russia, except Finland, specially marked by the senders for dispatch via the Pacific, such mail may be dispatched via the Pacific Coast exchange post offices for transmission by the Pacific route. Mail for Persia, other than articles specially addressed to go otherwise, shall be sent to New York for dispatch therefrom.

Russia.—See instructions published by the Second Assistant concerning suspension of mail service to certain governments and divisions of Russia.

(f) **Siam and Cochin China.**—Mail for Siam and Cochin China shall be dispatched by the Trans-Pacific route, except those articles which are specially marked by the senders for dispatch via another route.

(g) **The Straits Settlements.**—Until further notice, articles addressed for delivery in the Straits Settlements will be included in mails made up at San Francisco and Seattle for dispatch via Hongkong or by means of steamers sailing direct from those ports for the Straits Settlements.

(h) **Spain and Portugal.**—Postmasters and other postal officials concerned are hereby directed to forward via New York all letters or other articles addressed for delivery in Spain and Portugal, whether or not such mail matter is specially addressed via Mexico, Cuba, or some other route.

(i) **Republic of Honduras.**—Registered mail for Celba, Republic of Honduras, should be dispatched exclusively via the New Orleans, La., exchange post office. Registered prints and parcel post originating in the 8th and 13th Divisions, Railway Mail Service, for Amapala, Choluteca, Nacome and Tegucigalpa, should be dispatched via San Francisco, unless specially addressed otherwise.

(j) **Uruguay.**—The regulations in virtue of which articles containing dutiable objects are confiscated in Uruguay are applicable only to registered articles in the form of a letter, and not to parcel-post packages unsealed. These latter may contain jewels, etc., which will be delivered to addressees upon payment of the customs charges levied on them.

(k) **Newfoundland.**—Registered matter, except parcel-post pieces, from Alaska and the States of Idaho, Minnesota, Montana, Northern Peninsula of Michigan, North Dakota, Oregon, South Dakota, Washington, and Wisconsin, for delivery in Newfoundland, should be sent toward Sault Ste. Marie, Mich. Registered matter, except parcel-post pieces, from all other States or possessions for delivery in Newfoundland should be sent toward Boston, Mass., as the exchange office. Registered parcel-post matter from any State or possession for delivery in Newfoundland should be sent toward either New York, N. Y., or Philadelphia, Pa., as the exchange office.

(l) **St. Pierre-Miquelon.**—Registered matter from Alaska and the States of Idaho, Minnesota, Montana, Northern Peninsula of Michigan, North Dakota, Oregon, South Dakota, Washington and Wisconsin, for delivery in the French Colony of St. Pierre-Miquelon should be sent toward Sault Ste. Marie, Mich. Registered matter from all other States or possessions for delivery in the French Colony of St. Pierre-Miquelon should be sent toward Boston, Mass., as the exchange office.

(m) **Trans-Pacific, Australia, New Zealand and Samoa.**—Articles must not be accepted for delivery in Santa Cruz Islands, Australia. Registered articles *other than parcel post*, for the State of West Australia, should be sent toward San Francisco, Cal., or Seattle, Wash., as the proper exchange office, unless they are specially addressed to be dispatched by some other route. Registered *parcel-post* packages for New Zealand should be sent toward San Francisco as the exchange office; and all registered mail for Samoa should be sent toward San Francisco, Cal., as the exchange office. As San Francisco, Cal., is the only post office authorized to exchange *parcel-post* mail with offices in New Zealand, postal employees, in dispatching *parcel-post* registered mail addressed for delivery in that country, will be careful not to include it in jackets, pouches or sacks containing other than *parcel-post* matter and addressed simply to the foreign country of destination of their contents, as such jackets, sacks or pouches are liable to be diverted in transit to some exchange office other than San Francisco, if it is found that a quicker dispatch can thereby be obtained. When there is sufficient *parcel-post* registered matter for New Zealand to warrant the make-up of a registered package jacket, inner-registered sack or through registered pouch, such sack, jacket or pouch should be labeled to indicate that it contains only *parcel-post* registered mail for that country. See Sec. 1044, P. L. & R.

(n) **Hawaii.**—Honolulu is the exchange office for all registered matter mailed in Hawaii, addressed to foreign countries.

(o) **Northern Manchuria.**—Registered articles for delivery at the following places in Northern Manchuria should be sent to New York, N. Y., as the exchange office, unless specially addressed to be forwarded otherwise: Achikhe (Ajcho), Anda (Anta), Boukhedou (Puhato), Ekho (Eho), Jaomyne (Jaomen), Imlanpo (Imlenpo), Khailar (Hailar), Khailine (Hailin), Khandoekhetsy, Kharbine (Harbin), Kouantchentsi, Mandehouria, Miandoukhe (Mientuho), Mouline (Mulin), Outsimi (Wuchim), Pogranitchnala, Taolaitchjouu (Taolaichao), Tehjalaenor (Dalainer), Tchalanou (Chalantun), Tsitsikar.

(p) **China, Japan, Hong Kong and Philippine Islands.**—Registered matter addressed for delivery in these countries will be sent toward San Francisco, Cal., or Seattle, Wash., according to which of these offices will afford it the earliest dispatch to destination.

(q) **Parcel-post registered mail.**—Postal employees will avoid dispatching *parcel-post* registered mail to any United States exchange office which is not authorized to exchange *parcel-post* matter with the country of destination. See list of *parcel-post* exchange offices, page 146.

(r) **Specially addressed.**—Directions given by the sender in the address of registered matter, as to the route by which it shall be sent, must be complied with whenever practicable, but should not be followed in cases of specially addressed mail for the Philippine Islands unless postage on such matter has been paid at the Postal Union rate. See Secs. 653, par. 15, 1043, 1044 and 1045, P. L. & R. Registered mail for Trans-Pacific destinations which the sender has specially addressed "via Vancouver, B. C." or "via Victoria, B. C." will be sent to Seattle, Wash., as the United States exchange office.

(s) **Haiti, window envelopes.**—The postal service of Haiti does not admit registered articles under transparent covers.

(t) **Registry return receipts.**—Whenever the sender requests a return receipt for a registered article addressed to a foreign destination, Form 3870 shall be supplied at all first and second class offices, but in case of other offices it will be supplied at the United States Exchange Office of dispatch, unless the mailing office has been specially authorized otherwise. These receipts must be legibly postmarked and have the correct registration number and the other particulars required entered thereon.

(u) **Registry return receipts for mail addressed to Canada.**—When a return receipt is requested for a registered article addressed for delivery in Canada, the mailing postmaster will prepare and send the domestic form of return receipt (Form 3811) with the article unless he has Form 3870. See article 43, page 100 of this Guide relative to "Registered Jacket Envelopes for and from Canada."

(v) **Special instructions.**—These general instructions may be modified by special instructions published from time to time by the Department. See "General Foreign Separating Scheme" on pages 137 to 139 and "International Parcel Post," page 146 of this Guide.

39. **Preparation for dispatch to the New York, N. Y., exchange office.**—To permit expeditious handling, registered mail proper for dispatch to foreign countries via New York (except Canada, Cuba, or Mexico), and the Canal Zone, should when the quantity warrants be dispatched in a single inclosure (a registered jacket, sack, or pouch), addressed or labeled to the "Foreign Branch, New York, N. Y." Such single inclosures should then be dispatched with other registered mail for New York, in registered pouches or sacks labeled to New York, N. Y., when possible.

40. (a) **Alaska, Yukon, and Atlin territories.**—*Restrictions.* From June 1, of each year, until the closing of the open (summer) season first, second and third class matter may be registered, and fourth class (parcel post) matter insured or sent C. O. D. to any part of Alaska. During the winter months (from about October 1st to June 1st) the articles transmissible in mails for offices designated "R" under "Alaska" in the State list of post offices are restricted to:

(b) Letters (in their usual and ordinary form); post-cards; singly-wrapped newspapers and periodicals from office of publication, addressed to public libraries, to newspaper publishers and to individual subscribers; transient newspapers and third-class matter of all kinds, except books, trade catalogues, circulars, patterns and samples of merchandise.

(c) The articles excluded are newspapers and periodicals sent to dealers for purposes of trade (in bulk or otherwise); sample copies of newspapers and periodicals; books; trade catalogues; circulars, patterns, samples of merchandise, and fourth-class matter (merchandise).

(d) *Exceptions.*—In making up the mail for dispatch on any trip preference will be given to letters in their usual and ordinary form. Of the available excess between the weight of the letters and the maximum weight allowed by the contract, not exceeding 10 per cent. may be devoted to carrying (1st) packages of seeds, not exceeding one pound per package, and (2d) such small packages of merchandise, not exceeding a few ounces each, as the proper officers of the service have reason to believe contain articles of urgent necessity, such as eyeglasses, medicines, etc., for individual use, but not intended primarily for trade. No such limited dispatch of mail shall include more than one package of seeds or merchandise to any one individual, firm or corporation. The remainder of the available weight will be devoted to carrying separately wrapped and addressed copies of newspapers and magazines, not including newsdealers' packages.

(e) Steamer carrying mails for Nome, Alaska, and the post offices in the Seward Peninsula, Alaska, served through the Nome office, usually leaves Seattle, Wash., about May 10th; therefore all classes of mailable matter for those destinations may be accepted on and after May 1st.

(f) *Delays.*—The senders of registered matter for Alaska, other than letters in their usual and ordinary form, should be informed that such matter is liable to be delayed in transit if the letter mail available for dispatch entirely exhausts the limit of weight of matter which the contractor is required to transport on each trip.

(g) *Yukon district of Canada.*—All classes of mail matter are accepted for transmission to the Yukon District as freely in winter as in summer. The weight of mails carried to and from Dawson by the Eagle-Dawson route during the winter season is limited, and consequently it is necessary to continue the restrictions on mail matter for transmission by that route during the winter season.

41. *Customs duties.*—Sealed packages from foreign countries indorsed "Supposed Liable to Customs Duty," must be opened by the addressee in the presence of the postmaster. If they contain only written communications, money, or genuine postage stamps (not prohibited facsimiles) they will be delivered at once; otherwise the package and entire contents must be submitted to a customs officer for assessment of any duty found to be chargeable before final delivery to the addressee. Postmasters should read and comply strictly with Sec. 664, P. L. & R. All foreign mail shall be carefully examined to ascertain whether it is marked "Supposed liable to customs duties," or with words of similar import. Whenever the failure of any postmaster to treat dutiable matter properly results in the loss of customs revenue, he will be held liable under his official bond for the loss. See Sec. 1050, P. L. & R. Dutiable mail for appraisal is to be addressed to *postmasters* at places where customs officials are located (see following list) and not direct to the customs officials. Read paragraph 12, Section 664, and indicate on the label the name of the post office to which such mail has been sent for submission by the postmaster to customs officials, promptly transmitting the coupon to the Auditor for the Treasury Department, Washington, D. C.

MAIL FOR CANADA, CUBA AND MEXICO.

42. **Use of bills and coupons in dispatches to and from Canada.**—Postal employees authorized to make dispatches of registered mail direct to Canadian post offices and railway post offices should use the manifold dispatch bill, Form 3852-3-4, when the use of that form is more economical than that of Form 3834, postal union registry bill. Unless specially instructed to the contrary the coupons of bills received in registered pouches, sacks or jacket envelopes from Canada need not be returned unless there is a discrepancy in contents. The Canadian postal service will follow the same arrangement in case of registered mail for Canada. If there is a discrepancy, notation should be made on the coupon which must be sent to the office of dispatch.

43. **Registered jacket envelopes for and from Canada.**—Registered jacket envelopes should be used in dispatching registered mail to post offices or railway post offices in Canada under the provisions of sections 1015 to 1023, inclusive, P. L. & R., a bill describing contents being inclosed in each jacket (Sec. 1058). Where the sender requests a return receipt for registered mail dispatched in jacket envelopes, the mailing office will prepare and attach to the article the international receipt (Form 3870) if available, otherwise the domestic receipt. Postmasters and railway mail employees of the Canadian postal service will make up registered jackets only for post offices where United States customs' officers are located and for United States railway post offices. Railway postal clerks receiving from Canada registered jackets addressed to them, will treat the contents which are liable or supposed liable to customs duty in the manner required by section 664, P. L. & R. If a registered article is received from Canada without a receipt form, but indorsed to indicate that the sender desires a return receipt, the post office making delivery shall supply Form 3870 if available, otherwise the domestic form. Form 3870 after being signed, dated and postmarked, must be inclosed in a penalty envelope directed to the postmaster at the office of address of the sender. Offices where customs officers are not located receiving registered jacket envelopes from Canada addressed thereto will observe the requirements of section 664, pars. 12, 14 and 24, P. L. & R., and also report to the Third Assistant Postmaster-General, Division of Registered Mails.

44. **Scheme for dispatch of registered mail to Canada, Mexico and Cuba.**—Postal employees handling registered matter addressed for delivery in Canada or Mexico will ascertain, by comparison of the addresses with the following list, the name of the exchange office to which, or in the direction of which, the matter should be sent, and dispatch it toward the office which will give it the greatest expedition. Directions given in the address on registered matter as to the route by which it shall be sent must be complied with whenever practicable. United States postmasters at border registry exchange offices will make up local registered mails so as to give the quickest authorized dispatch from the standpoint of their offices.

Indefinitely addressed ordinary and registered mail to, and from, Mexico.—Postal employees who receive, for dispatch to Mexico ordinary or registered mail bearing the name of some station, camp, ranch, or locality where no post office is known to exist but which may possibly be delivered to the addressee through a nearby post office will dispatch such mail to the Mexican service for determination as to whether delivery of the matter can be effected. Similar procedure will be observed by postal employees of the Mexican service in connection with indefinitely addressed articles for the United States. When such articles are received, the United States postal employees will if possible transmit them to post offices from which delivery can be effected; otherwise the articles will be appropriately indorsed and returned to Mexico.

For the present the only registered matter for points in Mexico which should be dispatched through El Paso, Texas, exchange office is that addressed for delivery in the state of Chihuahua.

Mall for Cuba and Mexico, originating in New York, New Jersey, Pennsylvania and the New England States will be forwarded to the Pennsylvania Terminal R. P. O., New York City, and consideration will then be given to the advisability of dispatching the same from New York City by sea when such dispatches appear to be advantageous.

INSURED AND C. O. D. MAIL.

1. **Insurance fees, conditions, and indemnity.**—Fourth-class or domestic parcel post mail (see articles 40 to 64, pages 11 to 17 of this Guide) except honey bees and live "day-old" chicks, may be insured against loss, rifling or damage in an amount equivalent to its actual value up to \$5 for a fee of three cents; \$25 for five cents; \$50 for ten cents, or \$100 for twenty-five cents, in addition to the postage. Both postage and fee must be paid by postage stamps affixed to the parcel. Such mail may be insured at any post office or station thereof, or by rural carriers, but must not be deposited in street mail boxes or in mail drops at post offices. The amount of the insurance fee shall be stated on the receipt given the sender and on the record retained at the mailing office. (See amended Section 488, P. L. & R., for regulations governing this service.)

2. **C. O. D. fees, conditions, and indemnity.**—Fourth-class or domestic parcel post mail except honey bees and live "day-old" chicks may be sent C. O. D.; that is, the price of the article and the charges thereon (including, if desired, the postage and fee prepaid) will be collected from the addressee on payment of a fee of 10 cents in stamps affixed to the parcel in addition to postage, provided the amount to be remitted does not exceed \$50, and for a fee of 25 cents in stamps provided the amount to be remitted does not exceed \$100. Such a parcel becomes automatically insured up to \$50 and \$100, respectively, according to whether a 10 or 25 cent fee was paid, without additional charge, against the non-receipt of returns therefor if delivered and collection effected; and against loss, rifling or damage in an amount equivalent to the actual value of its contents. The Department will not assume responsibility for errors made by senders in stating the collection charges, or for any misunderstanding between senders and addressees regarding the price, character or contents of parcels. The sender of a C. O. D. parcel will not be permitted to pay a fee of only 10 cents thereon when the amount to be remitted is greater than \$50, even though he should be willing to accept indemnity only for \$50 in case of loss; but when the value of the contents of a parcel exceeds \$50 and the remittance to be made to the sender is \$50 or less, the parcel may, if the sender so desires, have a 25-cent fee paid thereon, entitling him to indemnity for any loss or damage sustained, not in excess of \$100. A parcel on which the remittance is \$50, but on which, because of the money-order fee, the collection from the addressee will be in excess of that amount, will require only a 10-cent fee. (See amended Section 489, P. L. & R.)

3. **Island possessions and territories of the United States.**—In addition to domestic destinations, parcels may be insured (or sent C. O. D. when mailed at and addressed to money-order offices) when they are addressed to Alaska; Canal Zone; Guam; Hawaii; Porto Rico; Pago Pago, Samoa; the United States Postal Agency at Shanghai, China; United States Naval Vessels, and the Virgin Islands of the United States. Parcels may be insured but not sent C. O. D. to the Philippine Islands or to the United States Naval Hospital at Yokohama, Japan. In case of the loss of insured mail addressed to the Philippine Islands, indemnity is payable only when the loss (or damage) occurred in the postal service of the United States, and not of the Philippine Administration.

4. **American Expeditionary Forces.**—Parcels cannot be insured or sent C. O. D. to members of the American Expeditionary Forces abroad.

5. **Parcels addressed to soldiers in U. S.**—Postmasters must refuse to insure or send C. O. D. parcels addressed to members of military units stationed in the United States unless such parcels are clearly and definitely addressed, showing the rank of the addressee, his company and regiment (or other complete military designation), the camp, cantonment, etc., at which the addressee is stationed, and the State in which it is located.

6. **Return to senders of improperly accepted parcels.**—Insured or C. O. D. parcels addressed to foreign countries or to the American Expeditionary Forces abroad, received in transit, must be conspicuously indorsed "Returned, Insured contrary to instructions," or "Returned, sent C. O. D. contrary to instructions," as may be proper, and returned to the mailing office. Report these irregularities to the Third Assistant Postmaster-General, Division of Registered Mails.

7. **Correspondence to furnish certain information.**—In all correspondence with the Department and with other post offices concerning insured and C. O. D. parcels, and in all inquiries, tracers and notices sent out by postmasters relative thereto, the number; date of mailing; names and addresses of the sender and addressee of the parcel; the shipper's file or invoice number, if any, appearing upon the wrapper, or as much of this information as is practicable, together with a statement or notation showing whether the article in question was insured or sent C. O. D., must be given. When using forms where no provision is made for these particulars they should be written on the margin.

AT POST OFFICES OF MAILING.

8. **Presentation for mailing.**—Postal employees, before accepting parcels for insurance or transmission C. O. D., shall require them to be legibly and correctly addressed, to bear the name and address of the sender, the necessary stamps to pay postage and fee, and, if a return receipt is requested, the words "Receipt desired." Matter indefinitely addressed or addressed to fictitious names, to initials, or to box numbers simply, shall not be accepted. This applies to the names and addresses of senders as well as addressees.

9. **Fragile articles.**—All articles easily breakable must be marked "Fragile." See article 103, page 21. When fragile matter is not marked "Fragile", because of failure to acquaint postal employees with the contents of parcels, the persons handling it thus failing to give the special treatment required by articles of that character, resulting in damage thereto, no indemnity will be

paid. Senders of all insured and C. O. D. parcels must state what articles are contained therein. See that the special indorsements "Fragile," "Perishable," or "Eggs," required to be placed on certain parcels appear thereon, and on the sender's receipt and the stub retained by the mailing office. All matter of perishable nature must be marked "Perishable." Parcels containing eggs must be indorsed as required by paragraphs 3 and 4 of amended section 475, P. L. & R.

10. Packing and wrapping.—All parcels must be securely packed and wrapped to withstand transmission without breaking or injuring mail bags, their contents, or the persons handling them. Parcels known to be improperly or insufficiently packed or wrapped must not be accepted. See articles 96 to 105, pages 20 to 22. Indemnity for damage to an insured or C. O. D. parcel will not be paid where faulty packing or wrapping is the cause of the damage. When inquiry is made of senders as to the articles contained in parcels presented for insurance or collection-on-delivery, they should be asked to describe in detail the packing thereof, and any parcel which is not packed in accordance with the P. L. & R., or instructions emanating from the Department, or which is not sufficiently prepared to withstand reasonable handling in transit, must be refused.

11. Indorsement and packing separate and distinct items.—It is not sufficient merely to inquire whether a parcel contains fragile or perishable matter, to accept the statement of the sender that it contains "merchandise"; nor to accept general statements that the packing is proper or secure. Ascertain in each instance what articles the parcel contains, and have the packing described in detail. Unless there is doubt, however, as to the adequacy of the packing, or as to the actual inclosures, parcels need not be opened and examined. The question of whether the parcel, if accepted, shall be indorsed, is to be determined by the postal employee to whom it is presented, and not left to the discretion of the sender. "Fragile" or "Perishable" parcels must be appropriately indorsed even though they may be packed most securely. Specific instructions covering the packing and indorsement of various articles are to be found in Circular III of the Third Assistant Postmaster-General, copies of which have been sent to all post offices. Postal employees will be held personally responsible for damage resulting from their failure to observe the foregoing instructions.

12. Patrons to be informed regarding packing and indorsements.—Firms and other patrons customarily shipping insured and C. O. D. parcels in quantity must be thoroughly instructed regarding the proper packing and indorsement of all articles mailed by them. A list should be kept of the firms and patrons so instructed and the dates on which such instructions were given and, if firm mailing books are used, they must be instructed to place such indorsements on both the original and duplicate bills of the firm mailing book.

13. Acceptance for insurance.—When a parcel is accepted for insurance a coupon receipt shall be issued to the sender showing the number of the parcel, the amount of fee paid, and any special indorsements such as "Fragile", "Perishable", etc., appearing on the wrapper, and any restrictions in delivery which may be imposed by the sender. This receipt shall be postmarked with the name of the mailing post office and date of acceptance, and shall be signed with the initials of the employee accepting the article. The stub of the receipt, to be retained at the mailing office, shall be filled out by the accepting employee and shall show the number of the parcel, date of mailing, insurance fee paid, the name and address of the addressee, and any indorsements or restriction in delivery which may appear upon the face of the parcel. Particular attention is invited to the necessity of care in stamping the parcel "Insured" and in the preparation of the stubs which constitute the mailing office records, as, should these be incompletely or incorrectly filled out, the Department would be without record of a parcel in the event of an alleged loss. Postmasters will see that these records are at all times properly prepared. Laxity in the keeping thereof will not be tolerated. Postmasters having contract stations must see that the regulations governing the acceptance of parcels for insurance are thoroughly understood and carefully observed thereat.

14. Return receipts.—Parcels accepted for insurance for which return receipts are desired, should have the words "Receipt desired" *conspicuously* and *legibly* stamped or written directly above the name of the addressee. Firms should be requested to keep careful record of the return of such receipts to avoid subsequent unnecessary inquiries and complaints.

15. Suit cases and hand-bags.—Suit cases and hand-bags accepted for insurance must not be locked or otherwise fastened against inspection. They must be well protected by suitable covering or packing, otherwise liability is not assumed for their abrasion, scarring or scraping. Patrons presenting such articles for insurance or transmission C. O. D. should be so informed.

16. Parcels to remain in custody of postal service.—Insured or C. O. D. parcels must be held until dispatched, and not handed back to the sender to be placed in the ordinary mail drop or delivered by him to another window.

17. Wrappers of parcels to show full information.—Insured and C. O. D. parcels should be carefully examined before dispatch to make sure that the name and address of the sender is plainly indicated on the wrapper; that the wrapper of the parcel bears the "Insured" or "C. O. D." stamp as may be proper and the correct parcel number; and in case of C. O. D. parcels, that the items on the tag correspond with those on the parcel.

18. Firm mailing books.—The attention of patrons of the insurance and C. O. D. services who customarily dispatch an average of three or more parcels at one mailing should be called to the firm mailing book. Entries are made therein in duplicate, a complete descriptive record is provided for the senders of such articles, and the filling out of mailing office records and sender's receipts for insured and C. O. D. mail is unnecessary. Loose leaves, containing the same matter as the books, are also provided. Special authorization is not necessary to use these books. Postmasters who

have patrons desiring them should make requisition therefor upon the Fourth Assistant Postmaster-General, Division of Equipment and Supplies. Further information will be furnished by the Third Assistant Postmaster-General, Division of Registered Mails.

19. **Acceptance of insured and C. O. D. parcels by rural carriers.**—Postmasters at all rural delivery offices shall see that rural carriers are equipped with parcel post scales, maps and guides, are furnished with a supply of insurance receipts and C. O. D. tags and instructed to accept from the patrons on rural routes parcels for insurance or collection-on-delivery.

(a) Each carrier shall be assigned a series of numbers as provided by Sec. 1072, P. L. and R., for registered mail. When a patron desires to insure a parcel, the carrier shall issue a receipt therefor, making appropriate record on the stub. If the sender wishes to send it C. O. D., the carrier shall provide a tag and require the sender to fill it out in ink or with indelible pencil. The carrier shall assign a number to the parcel, indorsing the wrapper and, in the case of C. O. D. matter, the tag therewith. The receipt for insured mail, and the sender's receipt on the tag if C. O. D., shall be dated, signed with the carrier's initials and route number, notation made thereon of any special indorsement appearing on the parcel, detached, and delivered to the patron. Carriers must keep a memorandum of the last number used, so that every number in each series may be accounted for. The stubs and mailing office coupons, respectively, for all insured and C. O. D. parcels accepted on rural routes at any office must be kept in a numerical file at the post office. Separate series must be used for insured and C. O. D. parcels.

(b) When desired by the patrons, parcels will be insured by carriers and receipts left therefor, if they are marked "Insured," apparently properly packed, and bear a sufficient amount in postage stamps to pay postage and fee. In such cases a note should be left for the carrier stating the contents of the parcel and what portion of the stamps affixed represents insurance fee. Blank C. O. D. tags may be left in the mail box by the carrier to be filled out and attached to parcels for collection on succeeding trips, if sufficient postage and fee are left in the box and parcels appear to be packed and indorsed in accordance with the Regulations. Parcels left in boxes may be accepted at the sender's risk of damage, if they are not prepared as required. However, inquiry as to the manner of packing, and the articles inclosed, should be made when parcels are accepted direct from patrons; and parcels must not be accepted unless they are properly packed and indorsed. See amended Secs. 474 and 475, P. L. & R., and Articles 96 to 105, pages 20 to 22, of this Guide.

(c) Whenever a carrier collects a parcel at a box to be sent insured or C. O. D., he must note the fact on the stub of the insurance coupon or the mailing office portion of the C. O. D. tag and enter the amount of money found with the parcel to cover postage and insurance or C. O. D. fee. This does not apply where the carrier issues an official receipt direct to the sender.

(d) The required amount of postage and fee shall be affixed in stamps to the parcel, and it shall be delivered at the office with the tag filled out and attached when the parcel is C. O. D. If perishable or fragile articles are inclosed, a notation should be made by the carrier so that the parcel may be properly indorsed at the office, and the tag coupons, if C. O. D.

(e) Insured and C. O. D. parcels accepted by rural carriers must be carefully examined at the post office before dispatch to assure that appropriate indorsements are made thereon, the required postage and fee are fully prepaid, and the articles are packed in accordance with the P. L. and R.; and to make sure that the tags of C. O. D. parcels are uniformly and correctly filled out.

AT POST OFFICES OF ADDRESS.

20. **Incoming mail to be examined.**—All parcels received for delivery must be carefully scrutinized to see if insured, and all insured parcels examined to see if they bear any restrictions in delivery or requests for return receipts by the senders, and such receipts must be furnished in every case where desired.

21. **Collection of deficiencies.**—The collection of deficiencies in postage on insured and C. O. D. parcels shall be made in accordance with the instructions applicable to shortpaid ordinary parcels of the fourth-class.

22. **Delivery.**—Insured and C. O. D. mail shall be promptly delivered under the rules and regulations governing the delivery of registered mail (see Secs. 933 to 939, inc., P. L. & R.), except that no receipt shall be taken from the person to whom delivery of insured mail is made to serve as a record for the office of address. At post-offices not having carrier delivery, addressees must be advised that insured or C. O. D. parcels are on hand by delivery notices (Form 3849) being placed in the general delivery for them, or in their boxes, if they are box-renters. If addressees refuse damaged parcels, it should be made clear to them that acceptance of the parcel will not impair any claim for indemnity that might otherwise be payable, but that on the other hand refusal of the article will necessitate the payment by the senders of the same amount of postage required for its original transmission, in order that the parcel may be returned to them to determine the extent of damage and to file the claim; and that the acceptance of parcels makes possible the earlier filing, and hence the earlier adjustment, of claims. For delivery of C. O. D. mail, see article 42, page 108, of this Guide.

23. **Firms to keep record of insured parcels delivered.**—Postmasters will take up with firms and other patrons receiving large quantities of insured parcels, the matter of installing a system of checking the receipt of such parcels, so as to make sure that their answers as to whether a particular parcel was received, are correct. The necessity for extreme accuracy in such cases should be impressed upon them.

24. **Postmaster not to act as agent of sender.**—Postmasters frequently receive communications asking them virtually to act as agents of the senders of insured and C. O. D. parcels in dispatching them to new addressees, and in attempting to coerce the addressees to accept delivery or to effect a sale of the contents of the parcels to other persons. Postmasters are not expected nor permitted to act in this manner, in their official capacity, otherwise than is required and allowed by the P. L. and R., and instructions emanating from the Department.

25. **Return to postal service after delivery.**—Postmasters at offices of address, after effecting delivery of insured and C. O. D. parcels, must not permit them to be returned to the post office by the addressee on account of alleged damage, unless authorized to do so by the Department. After delivery has been effected, insured or C. O. D. parcels may not be returned to senders or remailed to new addressees except under new numbers, or by ordinary mail. In such cases postage, and, if insured or C. O. D., a new fee, must be prepaid.

26. **Delivery on rural routes.**—When insured and C. O. D. parcels are received for delivery to patrons of rural routes, they must be assigned to the rural carriers and delivery effected in accordance with the regulations governing the delivery of registered mail insofar as they are applicable. The carriers will return any receipts requested, the charges collected on C. O. D. parcels, and receipted tags for C. O. D. parcels to the post office for appropriate disposition. Such parcels must not be placed in rural mail-boxes. If the residence is more than one-half mile from a rural route, the carrier is not required or expected to make delivery thereat. In the latter case, the carrier should leave a notice in the rural mail box so that the addressee can be at the box on the next trip, or call for the mail at the post-office.

27. **Damaged parcels addressed to soldiers.**—Postmasters who receive damaged insured and C. O. D. parcels for delivery to addressees connected with military organizations will obtain the parcels from the addressees, and hold them until adjustments are effected, as soon as it is learned that indemnity claims are to be filed. It should be explained to the addressee in each instance that the action is taken in order to expedite settlement of the claim, as delay might otherwise be occasioned should the addressee be subsequently transferred.

28. **Incompletely addressed parcels for soldiers.**—Insured or C. O. D. parcels addressed to soldiers at offices where camps or cantonments are located, which are received for delivery without being specifically addressed to company and regiment, must not be delivered to mail orderlies, but a notice (Form 3849) will be given to the orderly which may be taken to a central point where the address will be supplied by the military authorities.

29. **Forwarding or return to sender.**—Insured or C. O. D. mail may be forwarded or returned to the sender upon payment of the necessary postage (see Sec. 595, P. L. & R.) without the payment of an additional insurance or C. O. D. fee. Insured or C. O. D. parcels must not be forwarded to foreign countries even though the domestic rates of postage apply. If desired that an insured parcel be forwarded to Canada, Cuba or Mexico, the parcel may be sent as an international registered piece, if admissible to the international mails, upon the sender or addressee furnishing the registry fee and postage, or, when otherwise admissible, may be sent as ordinary international parcel post mail upon payment of postage, and the written authorization of the sender, cancelling the insurance. C. O. D. parcels must not be so forwarded except upon authority from the sender and the cancellation of all charges thereon. Insured mail may be forwarded to the Philippine Islands but C. O. D. matter must not. In forwarding or returning a C. O. D. parcel, the original tag must be left attached, the parcel and tag appropriately marked to show that it is returned to sender or forwarded, and a duplicate tag describing the parcel under the original number made out, indorsed to show disposition made of the parcel, and filed alphabetically by the name of the addressee. When an insured parcel is forwarded to the addressee or returned to the sender a record shall be made to show the number of the parcel, the name of the mailing office and date of mailing, the name of the addressee and the office to which the parcel is to be forwarded or returned, together with the date of such action. No special form will be provided for this purpose, and any blanks or forms available may be utilized for such record. A method which might be followed to advantage would be to make a notation on Form 3548 when sent to the addressee, showing that it represents an insured parcel, and indicating the number thereof. When the card is returned by the addressee, the date on which the parcel is returned could be stamped on the face thereof, and the card filed alphabetically. This procedure is applicable in cases where parcels are treated in accordance with the request of the sender, except that Form 3540 should of course be used. These records are to be kept for one year from the date of forwarding or return, after which they may be destroyed in the manner contemplated by Section 362 of the Postal Laws and Regulations.

30. **When to be returned to senders.**—Postmasters must effect the most expeditious delivery possible of insured and C. O. D. parcels. When such parcels are refused, the sender should be immediately notified to furnish return postage, or to direct disposition of the article, as provided by Sec. 637, par. 1, P. L. & R. When parcels containing perishable matter are undeliverable for any reason, and there is sufficient time to communicate with the sender and receive instructions from him to return the parcel or make other disposition thereof, and when such instructions, if received, could be complied with without danger of the contents of the parcel so deteriorating as to become offensive and injurious to health, immediate notification should be transmitted to the sender. When parcels are undeliverable for any other reason, the sender should be notified at the expiration of the period, not in excess of 60 days, named on the return request, or, if no period is stated, not later than 30 days. C. O. D. parcels may be held upon request of the addressee, who

may not be in a position to accept delivery when first presented, for a period not in excess of that stated in the sender's return request, when that is not over 60 days, or, when no period is stated therein, for 30 days. They may be held 60 days at the request of the sender. *Particular attention must be given to the return requests of senders appearing on C. O. D. parcels. If parcels are not accepted in the time stated therein, senders should be immediately notified, regardless of the wishes of the addressees. Requests of senders that C. O. D. parcels be held in excess of 60 days should be disregarded.* When C. O. D. parcels are forwarded or returned, the original tag must be left attached. A duplicate tag, describing the parcel, must be made out under the original number and filed. (See Sec. 489, par. 10, P. L. & R.) Insured parcels may be held for 60 days by direction of either the sender or addressee. After senders are notified to furnish return postage or to direct disposition of parcels, the parcels should be held as provided in Sec. 637, par. 8, P. L. & R.

31. **Undelivered parcels returned from military camps, etc.**—Postmasters at mailing offices will not collect return postage on insured and C. O. D. parcels addressed to members of military units at camps, cantonments, etc., which are returned from the office of address with the following indorsement thereon:

*“Returned to writer
at request of War Department.
Addressee left this point
before receipt.”*

32. **Record to be kept of requests for postage.**—A record must be kept by postmasters in their offices of those parcels for which postage for forwarding or return is requested by them, which record shall show the office of mailing and the number of the parcel, the date of each request for postage, and the amount requested; and to whom this request was sent. This record must not be indorsed on the face of the parcel; but should be available for reference any time within one year from the date of the entries.

33. **Return receipts for insured mail.**—All insured parcels shall be carefully examined, as soon as received for delivery, to see whether they bear a request for a sender's return receipt. Such receipts (Form 3811) for insured fourth-class mail must be made out at the office of address before delivery. Special care must be taken to see that the number borne by the insured parcel is placed upon the receipt. Laxity or carelessness on the part of postal employees, resulting in failure to furnish return receipts when requested, will not be tolerated. Postmasters are enjoined to make such arrangements as will insure the obtaining of return receipts, when requested, for all insured mail that is received for delivery at their offices. All instances of failure to receive a number of return receipts from any particular office indicate that such office is not giving proper attention to this matter, and must be reported to the Third Assistant Postmaster-General, Division of Registered Mails.

C. O. D. MAIL.

AT POST OFFICES OF MAILING.

34. **Mailable to money order offices only.**—Parcels must not be accepted for collection-on-delivery unless addressed to post offices *which transact money order business*. Firms and other individuals patronizing the C. O. D. service should be advised accordingly.

Postal employees accepting C. O. D. parcels addressed to non-money order post offices will be required to pay the necessary postage for the return of such parcels. See Section 489, paragraphs 3 and 4 of the P. L. & R.

35. **Acceptance.**—Postal employees at mailing offices shall review and, if necessary, correct the amount stated by the sender to cover the money order fee and any other amount affected thereby. Postal employees accepting C. O. D. parcels shall compare the names and addresses of the sender and addressee as shown on the coupons of the tag, with the parcel, and see that all particulars, including the amount to be collected, the fee, and the amount to be remitted, wherever they appear, are uniform and correct. The number of the parcel, the amount to be remitted to sender, the money order fee, and the total amount to be collected, must be placed on the parcel, within the impression of the C. O. D. stamp, which must be on the *face* of the parcel, in the spaces provided therefor. It is particularly important that these parcels be indorsed conspicuously with the regulation C. O. D. stamp to prevent delivery as ordinary mail in the event that the C. O. D. tags become detached in transit; and employees who accept C. O. D. parcels for mailing and fail to see that this indorsement is affixed will be held personally responsible if improper delivery results because of their negligence. Postal employees should refuse to accept shipments for dispatch collect-on-delivery if they are indorsed in such manner that the addressees may receive the impression that the contents may be examined before acceptance.

36. **Return requests.**—Senders of C. O. D. parcels should be instructed to place return requests on all C. O. D. parcels mailed by them, specifying the maximum time they desire the articles to be held at the office of address. However, if desired, senders may request that C. O. D. parcels be held not to exceed 60 days. Such patrons should be informed that under no circumstances may C. O. D. parcels be held in excess of 60 days and that requests for longer periods will be absolutely disregarded, and if return postage has not been received, the parcels disposed of as undeliverable matter.

37. **Contract stations.**—In a very large number of cases it has been noted that failure to observe the instructions contained in the preceding articles is chargeable to clerks at contract stations. Postmasters are therefore enjoined to see that proper supervision is given the acceptance of C. O. D. parcels at such stations in order that the clerks thereat may become thoroughly familiar with the instructions.

38. **Remittance to other than mailing office.**—When it is desired to have a money order in payment of charges on a parcel, made payable to the sender at a money order office other than that where the parcel is mailed, the C. O. D. tag must be indorsed on the back "Order to be drawn on _____" (filled out by the name of office), and the parcel must be similarly indorsed. When the sender named on the parcel and tag is known by the postmaster at the office of mailing to be other than the person or firm actually sending the article, the name of the latter must be placed on the mailing office coupon of the tag, in addition to the other data thereon. This instruction applies particularly where companies or firms desire to make shipments in the names of their branches or customers, to whom the C. O. D. charges are to be remitted.

39. **Charges altered.**—If the sender directs, the amount originally stated as due him on delivery of a C. O. D. parcel may be increased (not to exceed \$100), decreased, or canceled. Such directions should be filed with the postmaster at the office of mailing who will connect the letter of authorization with the coupon covering the parcel on file in his office, and then notify the postmaster at office of address.

40. **Tags printed by senders.**—Senders may, after obtaining the approval of the Third Assistant Postmaster-General, Division of Registered Mails, of a proof submitted for that purpose, print their own C. O. D. tags, provided they are in all respects substantially like those furnished by the Department. These tags may have an extra coupon placed next to the delivery-office portion, on which the senders may indorse their own file or account numbers. The postmaster who makes delivery of the C. O. D. parcel will return such extra coupon with the money order.

AT POST OFFICES OF ADDRESS.

41. **Incoming mail to be examined.**—All parcels received for delivery must be examined to see if any C. O. D. packages from which tags have been detached are among the other mail matter. Tags must be filled out and marked "Duplicate" for all parcels from which they become detached. The fact that tags become detached in transit does not excuse postmasters from permitting addressees to receive C. O. D. mail without receipting for it and paying the C. O. D. charges. Postal employees will be held personally responsible when loss is sustained because of their failure to observe this instruction.

42. **Delivery.**—C. O. D. mail shall be delivered under the rules and regulations governing the delivery of registered mail. (See Secs. 933 to 939, P. L. & R.) The employee making the delivery of C. O. D. matter must place his name or initials, and if a carrier, his cap or route number, on the receipted tag, which must be postmarked to show the date of delivery. When delivered by carrier, the coupon of the tag attached to the parcel is to be returned to the post office when signed by the addressee or agent, for postmark and filing. The postmark shall be affixed at the time the tag is surrendered by the carrier.

43. **Erroneous money order fee.**—The postmaster at the office of address, in case the money order fee is incorrectly stated, shall collect the proper fee, make correction on the tag, and report the error to the Third Assistant Postmaster-General, Division of Registered Mails.

44. **Issuance of money orders.**—Money orders must be issued on the same day that C. O. D. parcels are delivered, if possible. If not, they should be issued without fail on the business day following. Delay in the issuance of money orders after C. O. D. parcels have been delivered will not be tolerated. The name of the sender of a C. O. D. parcel must appear as the payee on money orders issued for C. O. D. parcels, and the name of the addressee (not the name of the postmaster nor the name of the person accepting delivery for addressee) as the remitter of the money order; and such money orders must in each case be mailed in a penalty envelope addressed to the person named as the sender of the parcel, the payee of the order. See Sec. 489, par. 8, P. L. and R., as to method of remittance. The letters "C. O. D." must be stamped on the coupon portion of the money order. When the sender of a C. O. D. parcel indorses the back of the C. O. D. tag "Insert number of the parcel on money order," the postmaster shall also place the number of the parcel on the coupon portion of the money order. If an extra coupon is attached to the C. O. D. tag to be returned to the sender with the money order, it must be inclosed with the remittance. *A separate money order must be issued for the charges on each C. O. D. parcel, regardless of the amount involved.*

45. **Delivery withheld at request of addressee.**—When a parcel is held at a post office by request of the addressee after an attempt to deliver it to him, he should be informed that delivery must be accepted at the earliest practicable date and that the parcel will not be again taken out by carrier (at offices where there are carriers) until notice is given that the parcel can be delivered on a certain trip.

46. **Examination of contents prohibited.**—Exceptions must not be made to the requirement of Sec. 489, par. 9, P. L. and R., prohibiting examination of C. O. D. parcels before delivery because of request or representations of senders or addressees. Any postmaster permitting such examination will be held personally responsible in case of financial loss to senders.

47. **Alteration of charges.**—When a request for change or cancellation of charges is received by a postmaster at office of address direct from the sender, the postmaster may, if satisfied of its authenticity, comply with such request, and duly notify the postmaster at the mailing office. Delivering postmasters will be held responsible for the genuineness of such requests, and in case of doubt must submit them for verification to the postmasters at mailing offices.

48. **Treatment at a non-money order office.**—If a C. O. D. parcel is received at a non-money order office, it should be treated as provided in Sec. 489, par. 4, P. L. and R. When delivered without collection of the charges by authority of the sender through the postmaster at office of mailing, the postmaster at office of address shall attach the notice from the postmaster at office of mailing, authorizing such delivery without collection, to the receipted tag. When a C. O. D. parcel is erroneously delivered by a non-money order office and the charges collected, they should be remitted direct to the sender by registered mail, the postmaster prepaying postage and registry fee, and a report made to the Third Assistant Postmaster-General, Division of Registered Mails.

49. **Delivery without collection.**—C. O. D. parcels may be delivered without collection at money order offices upon written orders of the senders filed with the postmaster at office of mailing in the manner hereinbefore outlined. Postmasters at offices of address shall collect a greater or less amount than the charges appearing on a C. O. D. parcel upon authority from the postmaster at office of mailing showing that the change in the amount to be collected has been requested by the sender.

50. **Parcels not ordered.**—Addressees of C. O. D. parcels may refuse to accept delivery of parcels which they have not ordered or made arrangements to have sent. Postmasters should not urge addressees in such cases to accept delivery, but should explain to them that the parcels may be accepted and paid for, or refused. If refused, the senders should be promptly notified as directed by Sec. 637, P. L. and R.

51. **Name and address of sender unknown.**—C. O. D. parcels received without the name and address of the senders being indicated should be delivered, the charges collected and the sender's name and address ascertained, if possible, from the addressee. The amount collected should be retained until the name and address of the sender, as given by the addressee, is verified by the postmaster at the mailing office who, if his records do not show the name of the sender, should be requested to obtain a statement from the party specified as the sender showing that the parcel was mailed by him. Such statement should be forwarded to the postmaster at the office of delivery, who will attach it to the delivery tag. The money order should then be issued and mailed. If it is impossible to obtain the sender's name and address in this manner, instructions should be requested from the Third Assistant Postmaster-General, Division of Registered Mails, as to the disposition of the charges collected.

52. **Delivery to other than addressee.**—When a C. O. D. parcel is undeliverable to the person to whom addressed, and the sender directs delivery and collection of the charges from another person at the office where it is held, the postmaster shall make such delivery, collecting the original charges or such altered charges as the sender may direct, and make remittance in the usual manner, the authorization to deliver to other than the addressee being filed with the delivery office tag. Requests to forward to new addressees at other postoffices, however, must not be complied with.

53. **Money order not to be repaid.**—Except under special instructions from the Department, a money order issued for sum due sender of a C. O. D. parcel should not be repaid to the addressee of the parcel without the consent of the payee, which may be given either by indorsement in usual form on the money order or by means of a separate written authorization addressed to the issuing postmaster.

54. **Unclaimed C. O. D. money order.**—If a letter containing a money order for sum due sender of a C. O. D. parcel is returned to the issuing postmaster as unclaimed, or for the reason that the addressee of the letter (sender of the parcel) could not be found, the order should be held subject to future claim on the part of the payee, or until his whereabouts can be ascertained. Reasonable endeavor should at once be made by the issuing postmaster to secure an address to which the money order may be again mailed. The addressee of the parcel and the postmaster at the office at which the parcel was mailed should each be requested to furnish any information he may have or gain as to sender's new or correct address. In the absence of such information the order and the envelope in which it was mailed should be filed with the tag of the parcel. If the payee does not come forward or is not heard from within three years (the period during which C. O. D. tags are to be preserved at post offices), the order, with the tag itself, and a statement of all the known facts or circumstances connected with issue of same and return thereof to the issuing post office, should be forwarded to the Third Assistant Postmaster-General, Division of Money Orders.

55. **Application for duplicate money order.**—When a money order for sum due the sender of a C. O. D. parcel has been lost, the issuing postmaster, in place of the addressee of the parcel, may, in his official capacity, sign an application for a duplicate order to be issued in favor of the payee, taking care to affix to the lower left-hand corner of such application (Form 6002) an impression of his C. O. D. stamp, with the number of the parcel, which will serve to explain why the application is not signed in the name given therein as that of remitter.

56. **Correspondence.**—When inquiry is received relative to the disposition made of a C. O. D. parcel or of the returns therefor, the postmaster at the office of address will reply thereto without

delay. If he has no record of the parcel, he will communicate with the addressee and ascertain from him whether it was received by ordinary mail, and, if so received, he will collect the charges and make remittance thereof as provided in Section 489, P. L. and R.

RECORDS AND REPORTS OF INSURED AND C. O. D. MAIL.

57. **Disposition of old records.**—The records of insured and C. O. D. parcels must be preserved as provided in Section 362, P. L. and R.

58. **Records to be kept.**—No books other than firm mailing books and bound stubs of senders' receipts for insured parcels are furnished for recording insured and C. O. D. mail, but the filed coupons of C. O. D. tags and stubs of insurance receipts supply the necessary record when correctly filled out, properly postmarked and filed. Postmasters must be prepared, when called upon, to furnish such statistics with reference to insured and C. O. D. mail, as are indicated in article 37, pages 96 and 97 of this Guide.

59. **Delivering clerk to receipt for C. O. D. parcels.**—The requirement of Sec. 489, par. 7, P. L. and R., to the effect that "An employee shall receipt for the total number of parcels given him for delivery" is applicable to those employees to whom C. O. D. parcels are assigned for desk delivery, as well as to city and rural carriers.

60. **Delivery records of C. O. D. parcels at first and second class offices.**—At first and second class offices an employee not engaged in the money order division must be designated by the postmaster to have charge of the assignment of C. O. D. parcels to employees for both carrier and desk delivery. A receipt will be taken in bulk on Form 3815 from the employees receiving such parcels and will be surrendered to them upon the return of either the number of parcels signed for or the receipted tags therefor, together with the amounts collected. The employees making delivery must turn over to the clerk in charge the receipted tags and sums collected, together with the undelivered parcels, daily. Those parcels which have not been delivered will be reissued on the succeeding day, if delivery is assured. The clerk in charge must see that these instructions are complied with by the delivery clerks or carriers. He must deliver daily to the money order division the amounts received by him, together with the receipted tags, and may take a temporary bulk receipt therefor, such receipt specifying the total sum turned over for the issuance of money orders, and the total number of parcels represented thereby. When the money orders are issued, which must be the same day if practicable, the receipt coupons should be detached therefrom and given to the clerk in charge as evidence that remittances have actually been made for all C. O. D. parcels delivered. He must see that coupons are thus furnished him corresponding in number and amount to the collections turned over by him. Such receipt coupons must be filed in regular order, according to serial numbers and dates, and preserved for three years.

61. **Delivery records of C. O. D. parcels at third and fourth class offices.**—At money order post offices of the third and fourth classes having rural delivery service, the rural carriers must receipt to the postmaster in bulk on Form 3815 for all C. O. D. parcels taken by them on each trip for delivery. This receipt will be surrendered to the rural carrier upon the return of either the number of parcels signed for or the receipted tags together with the amounts collected. The postmaster shall issue and mail the required money orders the same day if practicable. The receipt coupons shall be detached by him from the money orders and filed in regular order, as provided in the preceding paragraph.

62. **Other records prohibited.**—Records other than those authorized must not be kept except as directed in Sec. 489, par. 10, P. L. and R., Articles 37, 29 and 32, pages 96, 97, 106 and 107 of this Guide and on Form 5502. Form 3815 must not be improvised for recording insured mail.

INDEMNITY FOR LOST AND DAMAGED INSURED AND C. O. D. MAIL.

63. **General provisions.**—See amended Secs. 488, 489 and 973, P. L. & R., relative to the general features of procedure in presenting claims for indemnity, the conditions under which indemnity is payable, etc. (See also Sec. 487, par. 2, P. L. & R.)

64. **Claims not to be refused.**—All applications for indemnity must be accepted and transmitted to the Department for appropriate action.

65. **Claims to be expedited.**—Immediate attention must be given to claims and to all correspondence received from the Department in regard thereto.

66. **Filing of loss claims in person.**—When inquiries or complaints are made *in person*, by individuals, relative to the loss of insured or C. O. D. parcels, postmasters at offices of mailing will obtain their declarations on Form 3812, to avoid the necessity of their making more than one call at the post office. If it is evident that the complaint is made before the parcel would ordinarily have reached the addressee, the form will be held at the mailing office until reasonable time for transmission and delivery has elapsed, and will then be sent to the office of address. The postmaster at the office of address will hold the Form 3812 for 30 days from the date of mailing of the parcel, unless the parcel has already been received, or is received in the meantime, in which event he will return the form to the mailing office with a full statement of the facts. If the parcel has not been received at the end of that period, the postmaster at the office of address will obtain the declaration of the addressee, make the statement required of the postmaster at the delivery office, then send the completed Form 3812 to the Third Assistant Postmaster General, Division of Registered Mails, and use Form 3819 to notify the postmaster at the mailing office of the disposition of the claim.

67. **Filing of loss claims by correspondence.**—When complaint of loss is made by letter, and a reasonable time has elapsed for transmission and delivery of a parcel (ordinarily about 30 days, allowing for possible delay), an inquiry must immediately be made of the postmaster at the office of address, and if his office reports its non-receipt, page 1 of Form 3812 must immediately be completed and sent to the postmaster at the office of address. If sufficient time for delivery has elapsed, and the complainant's letter shows that the addressee has advised the non-receipt of the parcel, Form 3812 should be completed forthwith. When sufficient time for transmission and delivery has not elapsed when complaint is made, the letter should be acknowledged and the writer advised of that fact and invited to renew inquiry if he should later have reason to believe that delivery was not effected.

68. **Filing of claims for rifling or damage.**—When complaint is made of rifling or damage, whether in person or by letter, an application on Form 3812 must be completed forthwith, as provided in pars. 10 and 11, amended Sec. 488, P. L. & R. Such forms, when completed at both offices of mailing and address, should be sent direct to the Third Assistant Postmaster General, Division of Registered Mails.

69. **Records of claims.**—A record shall be kept at every post office of all claims for indemnity originating thereat, which record must show the date of the first complaint and the date Form 3812 is transmitted by the postmaster to the other office involved. Post offices receiving Form 3812 for completion and transmission to the Third Assistant Postmaster General, Division of Registered Mails, shall report to the office at which the claim originates, the date of the transmittal of the form to the Department. Such reports must be made the same day the form is transmitted, Form 3819 being used for the purpose when on hand. A record must be kept of the disposition made of all Forms 3812 received from other offices, and of the date thereof. No special blanks are provided for this purpose by the Department and any available form may be improvised therefor.

70. **Checking of records.**—Postmasters must check these records at frequent intervals, and if any office has not made appropriate report of transmittal of the claim to the Department, correspondence should be instituted with the postmaster at that office, and if necessary a duplicate form should be completed. In case the postmaster at the office originating the claim is unable to obtain a satisfactory response from the other office involved, the matter must be reported to the Third Assistant Postmaster General, Division of Registered Mails, for attention. Such reports *should give full particulars* of the mailing of the parcels involved.

71. **Duplicate applications.**—Necessary duplicate Forms 3812, must be indorsed "Duplicate" at the top of page 1, and bear a notation showing the date and disposition of the original application.

72. **Time limitation.**—Applications for indemnity must be filed within six months from the date of mailing of the parcel involved. Form 3812, when executed after that period, must contain a statement by the postmaster showing whether informal claim was filed during that period. Any notification, verbal or written, received at a post office reporting the non-receipt of an insured or C. O. D. parcel, whether mailed from or addressed to that office, constitutes an informal claim for indemnity, and a notation of the date of same must be made on the record of indemnity claims, together with all particulars obtainable at the time.

73. **Affidavits taken without charge.**—Senders or addressees of insured or C. O. D. parcels covering which claims for indemnity have been filed, should be informed that any statements in connection with the claim may be sworn to before an authorized representative of the post office, without charge. As far as possible statements in connection with claims for indemnity should be obtained by the superintendent or clerk in charge of the branch or station nearest to the place of business or residence of the person from whom the statement is desired. Where affidavits are sworn to before notaries public, justices of the peace, etc., postmasters must see that their seals are affixed, or when such an officer has no seal, that a certificate of a clerk of a court of record certifying as to his authority to administer oaths, is attached.

74. **Affidavits executed by rural carrier.**—Rural carriers may execute affidavits of senders, addressees or others, provided the affiant does not live more than one-half mile from the carrier's route, in those cases where delay would otherwise be experienced because of the distance at which the affiant resides from the post office.

75. **Affidavits by telephone.**—In exceptional cases, the declaration may be signed and sent to the post office, acknowledgment of the statements made therein being made by telephone, provided the postmaster makes a certification to that effect and adds to his statement that because of unusual circumstances, it is impracticable for the addressee to appear personally.

76. **Indemnity for damage to an insured or C. O. D. parcel** will not be paid unless its preparation for mailing was such as to enable it to withstand all ordinary handling to which it would be customarily subjected, unless it was properly indorsed or the absence of indorsement was not due to the fault of the sender, and unless the damage occurred while the article was in the custody of the postal service. Damaged articles must not be withheld from delivery, but, when there is any question as to the propriety of packing or indorsement, the wrapper and packing should be immediately obtained by the postmaster. They should be held at the office of address and a notation made on the application for indemnity to that effect. If too offensive in their nature to be retained, they may be destroyed and a notation made on the Form 3812 showing the indorsements on the wrapper. Wrappers held at offices of address should be retained 60 days, except those of an offensive nature, which may be destroyed immediately, as outlined above.

77. **Partial damage.**—When partial damage is sustained by the contents of an insured or C. O. D. parcel, the person to whom it is sent should obtain a signed statement from a competent repair-man showing what the cost of necessary repairs will be. Excessive amounts for repairs will not be allowed, but only the direct, usual and ordinary cost of restoring similarly damaged articles to a serviceable condition. Postmasters should recommend that the recipients of damaged parcels obtain quotations on proposed repairs from two or more persons engaged in such work, in order that they may secure the most reasonable charge consistent with efficient service.

78. **Claims by addressees in damage cases.**—When addressees accept damaged insured or C. O. D. parcels, but desire indemnity to be paid to themselves, they should be advised to communicate with the senders and, if claim is filed, have themselves designated by the senders as the ones to whom indemnity should be paid, or arrange to have the senders receive the indemnity and adjust the matter direct with them.

REVIEW OF CLAIMS.

79. **Claims to be reviewed.**—Postmasters must require postal employees handling claims for indemnity to review Form 3812 carefully to see that it is in as complete a condition as possible and that all information called for in the document is furnished. This is very important, and must be thoroughly performed. The return for amendment or correction of the majority of those applications which are sent back for that purpose, could have been avoided, and the consequent delay in adjustment have been obviated, had care been exercised in this connection at the post offices where the claims were executed. Detailed instructions follow.

80. Statement of mailing postmaster.—

(a) Show the parcel number *correctly*, and on the proper line to indicate whether it was insured or C. O. D.

(b) Give the correct date of mailing, *including the year*.

(c) Enter the correct amount due sender if parcel was sent C. O. D.

(d) Enter the correct amount of fee paid. This entry should show the insurance or C. O. D. fee *only*, and should not include postage. If the entry shows an insufficient fee (as, for instance, a 5-cent fee on a C. O. D. parcel) a signed, postmarked explanation should be attached to the form, verifying the entry, stating the cause of such charge, and what remedial measures have been taken to prevent a recurrence.

(e) Show whether postage and fee were fully prepaid. If not, an explanation must be furnished.

(f) Show whether any special indorsements, such as "Fragile," "Glass," etc., appeared on the parcel, and if so, what they were.

(g) Enter the correct name and address of the sender if a C. O. D. parcel. If an insured parcel, this entry need not be made in the mailing postmaster's certificate, since there is no official record of the name of the sender.

(h) Give the name and address of the addressee, correctly and *completely*, as it appears upon the records. The address given should be that to which the parcel was dispatched, and not that to which an addressee may have removed after a parcel was mailed.

(i) Indicate the date of the first complaint regarding the parcel, whether oral or written.

(j) If the claim for indemnity is on account of the spoiling of perishable matter, the postmaster's certificate must include a statement showing the time of dispatch, if known, or the ordinary dispatch which would have been made of such an article, together with the time ordinarily required in transit between the mailing office and the office of address.

(k) The postmaster's certificate must be signed in person, except at offices authorized to have certificates signed by specially designated representatives of the postmaster.

(l) The name of the post office and State must be entered in the appropriate spaces beneath the signature of the postmaster.

(m) Postmark certificate clearly to show date on which signed.

81. Declaration of sender.—

(a) The contents of the parcel must be fully, legibly and clearly described.

(b) The quantity and value of each item of the contents must be shown, as "7 handkerchiefs at 25 cents each, \$1.75", or "2 qts. strawberries at 20 cents per quart, \$0.40", etc.

(c) If the articles were purchased by the sender, *the name and address of the one from whom purchased, and the date of purchase, must be shown in each instance*. Whenever possible, bills or signed statements from the seller showing the cost of each article should be attached to the form.

(d) The value, as stated by the sender, must *not* include insurance or C. O. D. fees and postage. When the value stated ends in odd cents, or is an unusual amount, as, for instance, "\$5.17," the postmaster should make special inquiry of the sender relative to this point.

(e) If the article was owned by someone other than the sender at the time of mailing, the name and address of the owner must be shown immediately beneath the description of the contents.

(f) If the article was *not* purchased by the sender, the basis of valuation placed upon it by him must be shown. If hand-made, he should itemize in a sworn statement the material used, the quantity, the price, the actual (or at least the approximate) number of hours of labor expended thereon, and the amount claimed per hour, etc. If similar articles had been previously sold by him, he should state the price realized therefor. If the article contained in the parcel was being sold to the addressee, he should so state, naming the price to have been received.

(g) If the article was a gift or heirloom, a sworn statement must be furnished describing it in the most minute detail possible, and showing the basis of valuation, that is, exactly why the

value is fixed at the amount claimed. If a gift, the statement must also show the date the article was presented, the name of the donor, and his present address. If ever appraised by a reliable dealer in similar articles, or by an expert in the craft to which they relate, the name and address of such person, his qualifications (i. e., whether a dealer, a professional appraiser, an expert in the particular craft involved, etc.), the date of appraisal, and the amount in which appraised should be stated. Sentimental values arising from the associations of articles cannot be allowed.

(h) If the senders were merchants and were selling the articles to the addressees, the price which would have been paid by the addressees if the goods were promptly delivered and immediately paid for, must be entered as the value of the goods. Any discounts from list price which would have been given to the addressees for immediate settlement, or for other reason, must be deducted from such list price in entering the value of the goods. This must be done even though it may appear that the claim will not be adjusted within the period for which the discount was allowed the addressees, as the basis of the adjustment of such claims is the value of the merchandise involved at the time and place of loss. Its value at the time of loss is the amount which would have been received had settlement been made immediately at that time. For this reason, also, when wholesale transactions are concerned, the value stated should be the wholesale price.

(i) If the sender was mailing the article to the addressee to be repaired, a statement must be furnished describing exactly what repairs were needed, and, if known, the cost thereof.

(j) If the sender is a repairman, and had repaired the article inclosed in the parcel for the addressee, a statement must be furnished showing what repairs were made, their cost, and whether they restored the article to a serviceable condition, or to its original value; or actually enhanced its value over that which it originally possessed when new.

(k) The manner in which the parcel was packed, wrapped and tied must be described clearly. If the claim is on account of damage, this description must be in detail.

(l) The declaration must show clearly and legibly the name and address of the person to whom the sender desires that indemnity be paid; and the person so designated must be either the sender himself, the addressee of the parcel, or the owner of the contents.

(m) The declaration of the sender must be legibly signed in person by the one whose name appeared on the parcel as the sender. In case a signature is illegible, or likely to be misread because of failure, for instance, to distinguish between "n's" and "u's," "a's" and "o's," etc., the correct spelling of the name should be clearly written or printed below the signature.

(n) If the sender is a business concern, the name of the concern should be entered on the line reserved for signature of sender, followed by the name of the representative executing the form, as:

"John Doe Merchandise Co,
by Richard Roe, *Treas.*"

(o) The address given must be that of the sender of record. When a representative of a business concern signs an application for indemnity, as above indicated, the address of the company or firm, and not that of the representative, must be entered.

(p) If the sender cannot write, and executes his declaration by making his mark, a witness must sign on the line provided therefor on the lower left side of page 1 of Form 3812; and such witness should affix his complete address.

(q) If the contents of the parcel are owned by someone other than the sender, and the owner resides at the office of mailing, his signature, certifying to the value as set forth by the sender, should be obtained on the line provided for that purpose.

(r) If the sender's declaration is sworn to before a postmaster or postal employee, the office at which executed and the date of execution (day, month and year) must be clearly entered in the spaces provided therefor, and the signature of the one administering the oath affixed, his official capacity being stated, as "Postmaster," "Clerk, specially designated by the postmaster," etc. The jurat must be postmarked, and the date of the postmark must correspond with the date of the execution of the declaration as shown in the jurat.

(s) If the sender's declaration is sworn to before a notary, justice of the peace, or other officer authorized to administer oaths, his official seal must be affixed. If he has no seal, a certificate should be obtained from the clerk of a court of record showing that he is authorized to administer oaths. If the claim is for \$10.00 or less, the postmaster's written certification that he knows the official to be so authorized, will be accepted. If the sender so desires, the affidavit may be resworn to without charge before a postal employee, instead of obtaining a certificate or impression of seal in such cases.

(t) If the sender's claim is on account of the loss of a parcel on its return to him, because undeliverable at the office of address, a duplicate "Declaration of Addressee" should be attached to the form, and he should execute it as if he were the addressee, the original particulars of mailing, as shown by the records of the mailing office, being entered in the spaces provided therefor.

(u) If the claim is for damage to an article listed as fragile in article 103, page 21, of this Guide, or to a parcel which contained perishable matter or eggs and the records of the mailing office do not show that the parcel was marked "Fragile," "Perishable," "Eggs," etc., a statement should be prepared and accompany the form containing the following questions and their answers:

Statement of mailing office:

- (1) Were you (or your clerk) informed what articles were in the parcel? _____
- (2) Did you (or your clerk) inquire what articles were in the parcel? _____

(3) What response was received to your inquiry, if made? _____

(4) If sender is a firm, were instructions relative to indorsement and packing given in accordance with directions in the current annual (July) Postal Guide? If so, state the date of such instructions. _____

(Signature of employee accepting parcel)

(Name of post office).

(Date)

Statement of person who presented article for mailing:

(1) Did the clerk who accepted the parcel inquire what it contained? _____

(2) If so, what reply did you make? _____

(3) Was the parcel indorsed by you with any words indicating the nature of the contents? _____

(Date)

(Signature of person mailing parcel).

(v) If the claim is for irreparable damage to the whole or part of an article, the sender should state, if practicable, the cost of duplicating the irreparably damaged article or parts.

(w) If the claim is for loss of an insured parcel addressed to a soldier-addressee at a military camp or cantonment, and the addressee has gone overseas at the time of claim, the postmaster should ascertain whether the sender has any letter or other signed statement from the addressee written more than thirty days after the date of mailing, describing the parcel and reporting its non-receipt, which he is willing to submit as evidence to avoid the delay in adjustment which would be occasioned by sending abroad for the addressee's declaration. Senders should understand that such letters, when submitted, will not be returned. If such a letter is furnished, it should be securely attached to the top of page 2 of Form 3812.

(x) If the claim is for the loss or irreparable damage of vacuum bottles or fillers therefor, a statement should be obtained from the sender showing whether it will be satisfactory to have the lost or damaged article duplicated and indemnity paid to the concern effecting duplication. If so, the name and address of the one to whom the duplicated article is to be sent, should be stated, together with a complete description of the article, giving catalogue number, if practicable.

S2. Declaration of addressee.—

(a) The declaration must show the correct number of the parcel, the name of the sender, the office of mailing, and the *correct* date of mailing (day, month and year.)

(b) If the claim is for loss, it must show clearly that the parcel was not received by the person to whom addressed. The signature of the addressee must correspond with the name of addressee on mailing postmaster's certificate. If the name as given by the mailing postmaster was incorrect, the correct name of the addressee should be signed, and under it the words, in parentheses "(same as '_____')" giving the name as entered by the mailing postmaster.

(c) If claim is for loss, and the parcel was addressed in care of a person, firm, etc., other than the addressee, the signature of such person (or firm or other concern through its representative) must be obtained on the addressee's declaration, in addition to the signature of the addressee.

(d) If the parcel was addressed to a hotel or apartment house, even though not addressed in care thereof and delivery, if made, would have been improper, the signature of the person receiving mail for that hotel or house should be obtained in addition to the signature of the addressee. If addressed to the addressee at a club, lodging house or business concern, the signature of the person to whom such mail would ordinarily be delivered should be obtained.

(e) If the claim is for rifling or partial loss of contents, the statement of the addressee should list all the articles which were *contained* in the parcel when delivered, and *not* the articles missing. The fact that all the articles received have been listed should be verified.

(f) If the addressee was the owner of any of the articles forming the subject-matter of the claim, or if the owner is stated by the sender to reside at the office of address, a supplementary sworn statement must be obtained from the addressee or owner, establishing their value in the manner outlined in article S1, pars. *c* to *h*, inclusive, pages 112 and 113 of this Guide. This statement should be securely attached to the top of page 2 of Form 3812.

(g) If the claim is on account of damage, the declaration of addressee must list *all* the articles contained in the parcel when received, state which were damaged, the extent of damage, and if repairs have been made, there must be attached receipted bills therefor or an explanation of their absence.

(h) In damage cases, when the addressee has not already had the repairs made, he should be advised to consult a dealer and ascertain whether the article may be repaired, and if so, the cost of such repairs. A signed statement from the dealer making such estimate, showing his name and address, must be obtained and affixed to page 2 of Form 3812. When such a signed statement cannot be obtained, the addressee must state the name, address and line of business of the dealer consulted, and explain why the signed estimate of cost of repairs cannot be furnished. In cases of broken glassware, earthenware and crockery, etc., this will not ordinarily be necessary.

(i) When there is no dealer or competent repairman in the town to which the article is addressed from whom an estimate might be obtained, the postmaster will, when such arrangement is satisfactory to the addressee, transmit the damaged article, securely packed, to the postmaster at the nearest large office with request that he submit it to a reliable dealer or repairman and obtain an estimate of the cost of repairs, if reparable. Such postmaster should be requested to hold the article, without having repairs made, at his office, pending further advice, and to transmit the dealer's estimate to the postmaster sending him the article. When such estimate is received, the postmaster at the office of address will obtain a supplementary statement from the addressee showing whether he is willing that the article be repaired, attach both of these statements securely to the top of page 2 of Form 3812, and transmit all papers to the postmaster at the office of mailing with the request that he transmit them to the Third Assistant Postmaster General, Division of Registered Mails, with a statement from the sender showing whether he would prefer to have the article repaired and delivered to the addressee, indemnity being paid to the repairer, or would prefer a cash indemnity covering the cost of repairs, as ascertained.

(j) When the claim is for spoiling of perishable matter, the postmaster at the office of address will obtain from the addressee a statement showing when the parcel was first tendered for delivery, and attach it to the top of page 2 of Form 3812.

(k) The signature of the addressee must conform to the instructions in article 81, pars. m and n, page 113.

(l) The address of the addressee must conform to the instructions in article 81, par. o, page 113.

(m) Signatures by mark must conform to the instructions in article 81, par. p, page 113.

(n) The jurat must be completed in conformity with the instructions in article 81, pars. r and s, page 113.

83. Statement of postmaster at office of address.

(a) The statement of postmaster at office of address need not be executed in claims involving the *damage or rifting* of insured parcels. In claims on account of the alleged loss of insured parcels, it must show clearly and unmistakably that the parcel has not been returned to sender, forwarded to the addressee at another office, or transmitted for disposition as undeliverable matter; or, if such treatment was accorded the parcel, the disposition made of it must be clearly shown.

(b) Indicate the date of the first complaint relative to the parcel, either oral or written.

(c) If the parcel for which claim is made was C. O. D., the postmaster's statement must show, in addition to the particulars outlined in the preceding two paragraphs, whether the article was received in his office, and if received, the particulars of delivery. If it is shown that delivery was made of the parcel, the number, date and amount of the money-order by which remittance was made, must be stated.

(d) The postmaster's certificate must be signed in person, except at those offices which have been authorized to have certificates signed by specially designated representatives of the postmaster.

(e) The name of the post office and State must be entered in the appropriate spaces beneath the signature of the postmaster.

(f) Postmark certificate clearly to show the date on which signed.

84. **Individual claim numbers of patrons.**—Patrons having a number of claims for indemnity, who desire to identify warrants received in settlement thereof from the Department, should be instructed to assign to their claims their own identification numbers, and enter such numbers on Form 3812 immediately after the name of the payee in answer to the question "To whom should payment be made?". If an edition of Form 3812 is used which does not bear this question, the notation "Our claim No. —" should appear immediately after the claimant's signature to the application. When a warrant is issued in settlement of such a claim, a slip will accompany it upon which will be entered the claim number.

85. **Review by last office handling form.**—Before transmitting Form 3812 to the Department, the last office handling it should compare the statement of the postmaster at office of mailing and the declaration of the addressee to see that the particulars of mailing of the parcel as they appear on the two certificates are identical.

86. **Forms 3812 not to be sent direct to France.**—Postmasters must not send Forms 3812 direct to the United States Postal Agent, American Expeditionary Forces. When incomplete as far as statements of persons who are with the military forces abroad, are concerned, the documents should be sent direct to the Third Assistant Postmaster General, Division of Registered Mails.

87. **Recovery of parcels.**—Postmasters must take such action as will insure the notification of the Third Assistant Postmaster General, Division of Registered Mails, in every instance where claim has been presented on account of the loss of an insured or C. O. D. parcel which is subsequently recovered. Delivery must not be effected of such articles until their recovery has been reported to the Department and instructions have been received.

88. **Indorsement of parcels when indemnity has been paid.**—Postmasters must have all insured or C. O. D. parcels for which indemnity has been paid, when sent by direction of the Third Assistant Postmaster General to postmasters at offices having Dead Mail Sections, for disposition as the property of the United States, plainly indorsed to show that indemnity has been paid and that the articles are not subject to reclamation.

SENDERS' RECEIPTS FOR ORDINARY PARCELS.

(See Article 63, page 17, of this Guide.)

89. Firm mailing book adaptable.—When receipts for ordinary parcels are desired by patrons mailing a number of parcels at one time, the firm mailing book must be so modified as to list the articles thereon; and each sheet must have affixed postage stamps at the rate of one cent for each parcel listed, which stamps shall be postmarked and the sheet returned to the sender. These sheets are to be filled out by the sender, but no carbon copy shall be filed at the post office.

90. Furnished by rural carriers.—When such receipts are desired by patrons residing on rural routes, the parcel should be delivered to the rural carrier, payment being made at the time at the rate of one cent for each parcel, in addition to the postage. The carrier will obtain receipts at the post office to which he is attached, affix stamp, postmark, and deliver the receipts to the senders on his next trip.

FOREIGN MAILS.

POSTAGE RATES ON ARTICLES FOR CANADA, CUBA, MEXICO, THE REPUBLIC OF PANAMA, THE UNITED STATES POSTAL AGENCY AT SHANGHAI AND THE UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

1. Canada, Cuba, Mexico and Panama.—Articles addressed for delivery in Canada, Cuba, Mexico and the Republic of Panama are subject to the same postage rates and conditions which would apply to them if they were addressed for delivery in the United States: Except that:

(a) Letters and postal cards must be dispatched to Canada and Mexico if prepaid one full rate of postage and to Cuba and Panama whether prepaid or not. Other articles for Cuba and Panama must be prepaid at least in part and for Canada and Mexico in full. The postage rate for letters is, 3 cents for each ounce or fraction of an ounce and for postal cards or post cards (private mailing cards), unless conforming to the conditions for prints, 2 cents each.

(b) "Prints," "samples" and "commercial papers" may be sent subject to the postage rates, weight limit and other conditions applicable to similar articles in Postal Union mails (see secs. 13 and 14).

(c) Packages must not be sealed.—Articles other than letters in their usual and ordinary form are excluded from the mails for Canada, Cuba, Mexico and Panama, unless they are so wrapped that their contents can be easily examined by postmasters and customs officers. Any article enclosed in an envelope, as the word "envelope" is generally used, without regard to its size, is considered to be "in the usual and ordinary form" of a letter. But unsealed packages may contain, in sealed receptacles, articles which cannot be safely transmitted in unsealed receptacles; provided, the contents of the closed receptacles are plainly visible or are precisely stated on the covers of the closed receptacles and that the package is so wrapped that the outer cover can be easily opened.

2. Merchandise.—Packages of merchandise that weigh over four ounces and not over four pounds, six ounces, may be sent to Canada, Cuba, Mexico and the Republic of Panama, at the eighth zone rate of postage (twelve cents for each pound or fraction thereof). Parcels for Cuba, Mexico and the Republic of Panama must be accompanied by customs declarations regardless of their weight.

3. Packages of merchandise weighing not more than four ounces, may be mailed, at the postage rate of one cent for each ounce or fraction of an ounce, to Canada, Cuba, Mexico and the Republic of Panama. Customs declarations are required on such parcels of merchandise of four ounces or less, to Mexico and the Republic of Panama.

Packages of merchandise cannot be insured or sent C. O. D. but may be registered for Canada, Cuba, Mexico and the Republic of Panama.

Mailable merchandise for Mexico and the Republic of Panama, at the option of the sender, may also be sent by international parcel post if it conforms to the requirements.

4. Consular invoices for Cuba.—Regardless of the fact that it is necessary to attach a customs declaration to each package of merchandise for Cuba, the customs regulations of that country require that the senders of merchandise must present at the proper Cuban consular office for certification a consular invoice covering the merchandise, if the merchandise represents a value of \$5.00 or more. Invoices mailed at United States post offices where no Cuban consular office is located are excepted from this requirement. The consular invoice may either accompany the package or be sent under separate cover.

5. Return postage.—Packages of merchandise originally prepaid at the rate of twelve cents a pound and returned as undeliverable from Mexico and Panama are subject to a return charge equal to the amount of postage originally prepaid. This charge does not apply to packages of merchandise weighing four ounces or less and originally prepaid at the rate of one cent an ounce or fraction of an ounce.

6. Unmailable.—The following articles are unmailable under any conditions, viz.:

All sealed packages, which, from their form and general appearance, evidently are not letters; publications which violate the copyright laws of the country of destination; poisons, explosive or inflammable substances; live or dead (not dried) animals, insects (except bees) and

reptiles; fruits and vegetables which quickly decompose, and substances which exhale a bad odor, lottery tickets or circuiars; all obscene or immoral articles, articles which may destroy or damage the mails, or injure the persons handling them (see also Sec. 41, page 125. "Prohibited articles").

7. **Articles from Canada, Cuba, Mexico and Panama.**—The domestic postage rates and conditions of Canada, Cuba, Mexico and the Republic of Panama apply to articles mailed in those countries addressed for delivery in the United States. Consequently articles (except sealed packages which are not letters) mailed in any one of those countries which are entitled to pass in the domestic mails of that country free of postage, are likewise entitled to transmission free of postage to the United States.

8. **Postage due.**—Postage due upon articles insufficiently prepaid exchanged with these countries is collectible upon delivery at the single rate. Postage due upon wholly unpaid letters and postal cards from Cuba and Panama shall be collected at double the prepaid rate.

SECOND-CLASS MATTER FOR CANADA, CUBA, MEXICO AND PANAMA.

9. **Postage rates.**—The rates of postage prescribed in paragraphs 1, 2 and 4 of Sec. 429, Postal Laws and Regulations, are applicable to second-class matter mailed by publishers for delivery in Mexico, Cuba, and Panama, and to daily newspapers, issued as frequently as six times a week, addressed to *bona fide* subscribers in Canada, the eighth zone rate being applicable to advertising portions of publications subject to the zone rates. The rate of postage on second-class matter other than such daily newspapers addressed for delivery in Canada shall be 1 cent for each 4 ounces or fraction of 4 ounces, calculated on the weight of each package and prepaid by postage stamps affixed, and copies of such publications addressed for delivery from the same post office may be placed in one package, addressed to such post office, and postage paid thereon by affixing the stamps to the outside wrapper.

UNITED STATES POSTAL AGENCY AT SHANGHAI, CHINA.

10. **Postage rates and conditions.**—(a) Articles of every kind that are admitted to the domestic mails of the United States may be sent by mail for delivery in the city of Shanghai at the postage rate and under the conditions which apply to similar articles addressed for delivery in the United States. Letters for the city of Shanghai specially addressed via Siberia or via Europe and Siberia or otherwise to indicate the trans-Siberian route are subject to the postal union postage rate of 5 cents for the first ounce and 3 cents for each additional ounce or fraction of an ounce. Such letters are not delivered through the postal agency at Shanghai, but under the postal union regulations are delivered through the Chinese, or British post offices in the city of Shanghai.

Letters for the city of Shanghai sent via the Pacific are delivered through the United States postal agency in that city, and are consequently subject to domestic rates and conditions. Articles for all other parts of China by either the Pacific or trans-Siberian route are subject to postal union conditions, unless by "International parcel-post."

Only such parcels for the city of Shanghai as can not be sent by domestic parcel post to the United States postal agency at Shanghai should be sent by international parcel post via the Chinese Post Office at Shanghai.

11. It is to be noted that parcels by the domestic parcel post can be insured, but can not be registered.

(b) All letters and packages included in mails made up in the United States for the United States postal agency at Shanghai and received at that agency, which contain, or in the opinion of the postal agent may contain, articles liable to Chinese customs duties, are submitted to customs officials specially authorized to perform that duty by the Chinese Maritime Customs, who determine the dutiable character of the articles and levy the proper customs charges upon such as they find to be dutiable; which charges the United States postal agent collects upon the delivery of the articles, and transmits the amounts so collected to the Chinese customs official designated to receive and receipt for the same.

(c) Articles which the addressees refuse to receive on account of the customs charges will be returned to this country the same as other undeliverable articles, and the Chinese customs official who appraised such articles will be promptly advised of the refusal of the addressees to pay the charges, and of the return of the articles to the United States.

UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

12. **Postage rates and conditions.**—Articles mailed in the United States addressed to the officers and men of the United States Navy in the United States Naval Hospital at Yokohama, will be subject to the same conditions and rates of postage as articles mailed in the United States addressed to the officers and men on United States naval vessels. (See the item "Domestic Mail Matter" on page 6.)

RATES OF POSTAGE ON ARTICLES FOR FOREIGN COUNTRIES OTHER THAN CANADA, CUBA, MEXICO, THE REPUBLIC OF PANAMA, THE UNITED STATES POSTAL AGENCY AT SHANGHAI AND THE UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

13. **Classification.**—Articles for foreign countries (except *Canada, Cuba, Mexico and the Republic of Panama and the United States Postal Agency at Shanghai, as indicated above in sections 1 to 9, are not designated "First-class matter," "Second-class matter," etc.; but are classified as "Letters," "Post cards," "Printed matter," "Commercial papers," and "Samples of merchandise," and are subject to the postage rates indicated below.

14. **Letters**, except as indicated in sec. 15 below, 5 cents for the first ounce, or fraction of an ounce, and 3 cents for each additional ounce, or fraction of an ounce. Stamps or forms of prepayment, whether current or obsolete, canceled or uncanceled, as well as printed articles constituting the representative sign of monetary value, and articles in typewriting or imitation of typewriting, are subject to postage at the letter rate. Monetary value is held by the International Bureau of the Universal Postal Union to attach to bonds, bank notes, commercial bills of exchange, etc., which have been fully executed by the makers;

Postal Cards, 2 cents each, for single; and 4 cents, each, for double cards;

Printed Matter, of all kinds, except as indicated in sec. 17 below, 1 cent for each 2 ounces or fraction of 2 ounces;

Commercial Papers, 5 cents for the first 10 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces;

Samples of Merchandise, 2 cents for the first 4 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces;

Registration Fee, in addition to postage, 10 cents.

15. **Reduced letter rate to certain countries.**—Letters for England, Ireland, Scotland, Wales, Bahamas, Barbados, British Guiana, British Honduras, Dominican Republic, Dutch West Indies, Leeward Islands, Newfoundland, Trinidad, including Tobago, and New Zealand, 3 cents per ounce.

16. Letters and post cards may be dispatched even if no postage whatever is prepaid. Other articles must be prepaid at least in part. In all cases double the amount of the deficient postage is collectible of the addressee upon delivery.

17. **Reading matter for the blind, exchanged with Great Britain.**—By special agreement, the limit of weight applicable in mails exchanged between the United Kingdom of Great Britain and Ireland and the United States to reading matter for the blind is 3 kilograms, or 6 pounds; and the prepaid rate, 1 cent for each 2 ounces or fraction thereof, up to 18 ounces, and 10 cents for each package exceeding 18 ounces in weight. Except as above provided, packages of such matter shall be subject to the conditions prescribed by the Universal Postal Convention for packages of printed matter in Postal Union mails.

Note.—The letter rate to all destinations except Canada, Cuba, Mexico, the Republic of Panama, the City of Shanghai, China, and those indicated in section 15 is as stated in section 14. The three-cent rate to Great Britain applies only to Great Britain and Ireland and not to British Colonies except those indicated in section 15.

For International Parcel Post, see pages 146 to 156.

GENERAL INFORMATION, REGULATIONS AND SUGGESTIONS.

18. **Senders should be cautioned** that in order to insure prompt and safe transmission to destination of articles addressed to foreign countries, they should (1) make the address legible and complete, giving the name of the *country*, that of the town or post office and in cases of cities or towns the street number should also be indicated. Articles addressed to "London" may be sent either to England or Canada. (2) Avoid using flimsy paper for envelopes, as they are liable to be torn or destroyed in the long transits. (3) Avoid using sealing-wax on the covers, as letters so sealed often adhere to each other, and the addresses of some of the articles are destroyed by the tearing of the covers in the attempt to separate the articles. (4) See that postage stamps affixed to the covers of articles of printed matter do not adhere also to the articles themselves, thus virtually sealing the packages and thereby subjecting them to additional postage, at the letter rate, on delivery.

19. **Prepayment.**—Postage can be prepaid upon articles (other than the reply-half of double postal cards) only by means of postage stamps of the country in which the articles are mailed. Articles mailed at the United States postal agency at Shanghai, China, are treated as if mailed in the United States; consequently, any prepayment of postage must be made by means of United States postage stamps. For all countries, except Canada, Cuba, Mexico and the Republic of Panama, newspapers, magazines and periodicals, whether "transient" or for regular subscribers, are required to be prepaid with postage stamps at the rate applicable to "printed matter" for those countries.

* Newfoundland is not included in the Dominion of Canada.

20. **Short-payment.**—(a) The dispatching exchange office of the country which dispatches to another country an article which is unpaid or short-paid, is required to mark upon its cover the capital letter "T," and in the case of an unpaid letter, to indicate the number of rates, when more than one, to which the letter is liable by reason of its weight; also, in case of a short paid article, to indicate (in French currency, e. g., 10 cts., meaning 10 centimes = 2 cents), the amount of postage due, calculated at double the deficiency, EXCEPT in the case of an article which has become insufficiently prepaid in consequence of redirection, then to mark it with the actual deficiency only. See table on pages 140 to 143.

(b) The exchange office of the country of destination which first receives the article stamps the article "Due — cents" or "U. S. Charge to collect — cents," which amount must be collected by the postmaster who delivers the article, affixing thereto postage-due stamps of the same value.

(c) A naught (0) alongside of postage stamps indicates that such stamps were not valid for the prepayment of postage in the country in which the articles so marked were mailed.

(d) Charges for postage-due are in addition to any customs charges.

(e) In the case of unpaid or short-paid articles returned to senders as undeliverable, the senders are chargeable with the amount which would have been collected of the addressees, if the articles had been delivered.

21. **Rating of short-paid articles.**—The ascertainment and rating of deficient postage on correspondence for and from foreign countries, and the placing on the correspondence of the proper indications of such deficiency, is the work of the exchange post offices and not of the mailing or delivering post offices, unless the latter are also exchange post offices. If through inadvertence the rating is in excess of the right amount, the refund of the excess shall be made as required by Sec. 461, P. L. & R.

22. **International reply coupons.**—A "reply coupon" may be purchased (price 6 cents) at post offices, which upon presentation at a post office in any of the countries which have qualified under the Rome Postal Convention, will entitle the person presenting the coupon to receive (without charge) a postage stamp or postage stamps of that country equivalent in value to a 5-cent United States postage stamp. By this arrangement a person in the United States can furnish his correspondent with a postage stamp with which to prepay postage on a reply to his letter. A list of the countries in which reply coupons are valid, may be found on page 36.

23. **Matter mailed at sea.**—Save in the instance hereafter given, postage prepaid upon articles mailed on board vessels on the high seas must be prepaid by means of postage stamps of the country under whose flag the vessel sails. Articles addressed for delivery in the United States or its possessions mailed on the high seas on board vessels of United States register bringing to the United States a mail made up in a foreign country, and articles handed to the officers of such vessels to be mailed on shore, are subject to the United States domestic postage rates and conditions. Postage upon articles mailed on board a steamer while the steamer is in a port of any country can be prepaid only by means of postage stamps of that country. Letters conveyed in vessels not regularly employed in carrying the mails (commonly called "ship letters") are subject to double rates of domestic postage (4 cents per ounce) on delivery.

24. **Pan American Union (Bureau of American Republics)—Matter admitted free.**—Matter originating at the Pan American Union, formerly the Bureau of American Republics, bearing the card of the Union and weighing not over four pounds six ounces (two kilograms), the limit of weight prescribed for packages of "prints" by the Universal Postal Convention, are admitted to the mails free of postage, when addressed to the countries forming the Pan American Union, viz.: Argentine Republic, Bolivia, Brazil, Chile, Colombia, Costa Rica, Ecuador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Paraguay, Peru, Salvador, San Domingo, United States, Uruguay, Venezuela.

25. **Matter entitled to admission to the international mails free of postage.**—The following articles are entitled to transmission in international mails free of postage, viz.: Official correspondence exchanged between Postal Administrations, between these Administrations and the International Bureau and between the exchange offices of different countries; as well as correspondence concerning prisoners of war. Postage upon all other articles can be prepaid only by means of postage stamps. The reply-half of a double postal card bearing a postage stamp of the country which issued the double card is to be considered as prepaid.

26. **Prisoners of war mail.**—All mailable articles (including parcel-post packages not exceeding 11 pounds in weight) to or from prisoners of war are entitled to transmission in the international mails free of postage.

Exemption from all postage charges applies in the countries of origin and destination as well as in the countries through which the mail passes, to correspondence addressed to or coming from bureaus of information concerning prisoners and to or from soldiers, prisoners in belligerent countries or interned in neutral countries. Sailors and civilians on interned vessels and in war prisons or camps, are assimilated to soldiers who are prisoners of war. No provision is made for the free transmission in the mails of matter mailed by a prisoner of war in this country to a person residing therein, nor for the mailing by a person in this country of matter addressed to a prisoner of war who is detained in the United States.

All mail shall be plainly addressed to the prisoner of war, giving name, designation and name of camp at which he is held, and be marked "Prisoner of War Mail, via New York." In addition it should bear the name and address of the sender, and in the case of parcel-post packages the

relationship of the sender to the prisoner of war addressed should be clearly stated. Parcel-post packages for prisoners in enemy countries may not be sent by organizations or societies, and only one such package per month may be sent to any one prisoner of war, the limit of weight for each package being 11 pounds. If more are received, the one apparently from the prisoner's next of kin will be forwarded and the others held in New York pending communication with the sender, with whose consent such excess packages may be forwarded to some other prisoner of war who, in that particular month, has received no package from any source. If such consent be not given, the packages will be returned to the sender.

Only the following articles may be included in packages sent to prisoners of war:

Belts (not made of leather), brushes (hair, hand, tooth, shaving, and shoe), buttons, candy (hard), cigars, cigarettes, comb, crackers or biscuits, gloves (not made of leather), handkerchiefs, knife (pocket), needles and thread, pencils, pens, penholders, pins, pipes, safety razors and blades, shaving soap, powder or cream, scarf, shirts, shoe laces (not made of leather), smoking or chewing tobacco, soap (toilet), socks, sweaters, tooth powder (paste or liquid mouth wash), towels, underwear, personal photographs, periodicals published prior to beginning of the war.

Serious loss has occurred through lack of careful packing of articles contained in packages for prisoners of war because such packages are not sufficiently and strongly packed to withstand the necessary handling en route and not so put up as to render the inspection and re-packing of the contents as easy as practicable. Paper of heavy weight and strong twine should be used and enough of both employed to insure adequate protection to the contents of the packages, especially when long ocean transportation is involved.

No communication will be permitted to contain any statement, allusion or suggestion of a nature to be of assistance to an enemy or ally of an enemy, nor shall any statement therein contained relate to any commercial transactions.

Owing to the mistreatment of mail articles marked "Prisonnier de Guerre" or "Kriegsgefangener"—that is, "prisoner of war"—postmasters are cautioned to note the designation employed so that the reason for the absence of postage may be understood in proper cases.

The provisions of Order No. 211 of April 7, 1917 (page 3 of the Postal Guide for May, 1917), are not to be understood as applying to mail for or from prisoners of war as defined by this section. Such mail, whatever its origin or destination, must be sent forward, if practicable, in accordance with its address.

Mail articles for prisoners of war shall not be registered and postmasters must observe strictly this prohibition.

On receipt from a foreign country, articles from prisoners or bureaus entitled to freedom from postage shall be stamped at the United States exchange post office "No charge for postage. Prisoner of war mail" before being dispatched to destination.

Suspension of mail service to and via Germany. For instructions on the subject see Order No. 211 of April 7, 1917 (page 3 of the Guide for May, 1917). Personal welfare inquiries and messages between persons in the United States and persons in enemy countries and in territory occupied by the enemy must not be sent direct between individuals or accepted by post offices from individuals. Full details regarding the transmission of the messages may be obtained upon application to any Red Cross chapter.

27. **Postmarking.**—All mail matter addressed to foreign countries is required to bear a legible impression of the date-stamp of the mailing post office; and matter received from foreign countries must bear a similar stamp (on the back of letters and on the front of postal cards), of the delivering post office. Postmasters should cause care to be taken not to deface by their own postmark, nor cover with postage-due stamps, any postmark already on an article.

28. **Withdrawals and change of address.**—The sender of any article addressed for delivery in a foreign country may cause it to be withdrawn from the postal service, or have its address changed, as long as the article has not been delivered to the addressee, provided the legislation of the country of destination of the article allows such withdrawal or alteration.

(a) To effect either of these ends—if the article has been actually dispatched from the United States—the sender must apply at the post office at which the article was mailed, where he must identify himself and deposit with the postmaster a sum sufficient to cover all expenses to be incurred—as prescribed in section 553, Postal Laws and Regulations, edition of 1913, for withdrawing letters from the domestic mails; and, in addition, the sender must furnish a facsimile of the address of the article, and must pay (by means of postage stamps affixed to his application, and canceled by the postmaster) the amount chargeable on a single-rate registered letter to the country concerned. When these formalities have been complied with, the postmaster at the mailing office of the letter in question is required to forward the application, accompanied by the facsimile of the address, under registration, to "The Second Assistant Postmaster-General (Division of Foreign Mails), Washington, D. C.," who will request the foreign Postal Administration interested to comply with the sender's directions. If request is to be by cable, application should be accompanied by an amount sufficient to prepay cablegram at the usual rate. Postmasters are not authorized to return or change the address of articles for or from foreign countries; but they may, upon request, forward an article to the same addressee at another post office. Requests to return to sender or to change address should be referred to the Department, and the articles should be held until instructions concerning them are received; such requests from private citizens should be replied to by postmasters with the information that they cannot be complied with.

(b) If the article has not been dispatched from the United States, it may, if unregistered, be returned to the sender upon compliance by him with the requirements of section 552 above mentioned; or if registered, upon compliance with the requirements of section 945, Postal Laws and Regulations.

(c) This Department has been officially advised that the legislation of Great Britain, and the British Colonies (except Southern Rhodesia, Antigua, Bahamas, Barbados, Ceylon, Gold Coast, British Guiana, Jamaica, Zanzibar, and the Australian Colonies), including Canada and British India; also Haiti, the Dominican Republic, Colombia (Republic of), and the French Establishments in Oceania, does not allow senders of articles to withdraw them from the mails, or to change their address; consequently, senders cannot prevent the delivery to the original addressees of articles sent by mail from the United States to any of those countries, nor from those countries and colonies to the United States.

29. **Registration.**— Any article of mailable matter, except those addressed under initials, or with the address written with a pencil, may be registered, subject to prepayment of the postage upon the article according to its nature, in addition to the registration fee.

30. **Reforwarding.**— (1) Mail matter of all kinds, of foreign origin (including such matter from Canada, Mexico, Cuba, and the Republic of Panama), received in the United States, must be reforwarded from the United States post offices of original destination to any other United States post office and—in the case of articles other than parcel-post packages—to any foreign country, without charge of additional postage therefor; or, if a registered article, without charge of an additional registry fee. Postage-due and customs duties, if any, must be collected by the postmaster who delivers the article to the addressee or to the sender. (2) Such matter, however, as has been addressed, in the first instance, to a post office in the country of mailing, is chargeable (but need not be prepaid), on redirection, with the same postage, less the sum prepaid, as would have been charged had it been addressed originally to the post office of ultimate delivery, but, if registered, without additional registry fee. And the same conditions apply to articles exchanged between two countries which have adopted in their reciprocal relations a lower rate than the ordinary Union rate, but which on being forwarded enter the service of another country, the rate for which is the ordinary Union rate. (3) Any article returned to sender for rectification or completion of its address is not considered when mailed with a corrected or completed address as reforwarded matter, but as newly mailed, and consequently becomes liable to a new charge of postage. (4) Upon any unpaid or short-paid article returned as undeliverable, the sender will be required to pay the sum which would have been collectible of the addressee if the article had been delivered.

31. **Optional and compulsory prepayment.**— The prepayment of postage on ordinary letters and postal cards is optional with the senders, except in cases where articles are mailed with the intention of avoiding prepayment (sec. 511, Postal Laws and Regulations), but on registered articles and parcel-post packages full prepayment is compulsory. Postage on all other articles must be at least partially prepaid. If postage is not prepaid in full, double the amount of the deficient postage is collectible on the delivery of the articles.

32. **Merchandise.**— Articles, including electrotypes and cuts for advertising purposes, not specially enumerated in Postal Conventions or in the United States Postal Laws and Regulations as transmissible in the mails to foreign countries, or which are not homogeneous with those therein enumerated, are not entitled to be sent in the regular mails to countries other than those named in the next following paragraph, at the reduced rates of postage fixed for articles other than letters, but may be transmitted, at letter rates of postage, fully prepaid (see page 118) provided they are not absolutely excluded from the mails by the provisions of Postal Conventions, or by the laws and regulations. Such articles are forwarded at the sender's risk as regards treatment under the customs regulations of the country to which they are sent. Their right of entry into a foreign country is determined by the officials of that country. They may be confiscated, returned as unmailable, or subjected to fines in addition to customs duties. (See "prohibited articles," pages 125 to 133.) For information relative to parcel post see pages 146 to 156.

Packages containing articles of merchandise may be sent to Canada, Cuba, Mexico, and the Republic of Panama, at the postage rate applicable to "fourth-class matter" in the domestic mails. (See sections 2 and 3, page 116.)

33. **Pairs of articles**— such as gloves, shoes, socks, etc., but not such as suspenders or drawers—are not transmissible by mail to foreign countries at the postage rates and conditions applicable to "samples of merchandise," but one article of a pair may be so transmitted.

34. **Export licenses.**— These are required in certain cases in connection with the shipment by mail of merchandise to foreign countries, and for specific information the monthly supplements to the Guide shall be consulted. Applications for individual licenses should be made by senders to the War Trade Board, Washington, D. C., or to any of its branches at Boston, Mass.; Chicago, Ill.; Detroit, Mich.; Eagle Pass, Tex.; El Paso, Tex.; Galveston, Tex.; Laredo, Tex.; Los Angeles, Cal.; Mobile, Ala.; New Orleans, La.; New York, N. Y.; Nogales, Ariz.; Philadelphia, Pa.; Portland, Ore.; St. Louis, Mo.; San Francisco, Cal.; Savannah, Ga., and Seattle, Wash.

By securing a license for the exportation of merchandise, no extension of the mail service is therefore provided for beyond the existing mail facilities, and it should be ascertained what merchandise, if any, is mailable before applications for licenses are requested on the part of senders, especially for licenses to export by mail to countries with which the United States has no parcel-post convention or agreement for the dispatch of merchandise parcels in the mails.

Mail shipments of coin, bullion, and currency.—United States coin or currency, gold coins, whether of United States or foreign mintage, and gold bullion, are prohibited transmission through the regular or parcel-post mails to countries outside of the United States and its possessions.

The prohibition is not applicable to foreign currency and foreign silver coins, which remain subject to the provisions of paragraph "(d)" of Section 41, page 125.

Individuals, firms, and corporations desiring to obtain licenses for the exportation of coin, bullion, and currency, must file an application with the Federal Reserve Bank of the district in which the applicant resides, or where the transaction requiring the shipment originates. (See page 3, June 1918, Postal Guide.)

35. Undeliverable matter.—Undeliverable articles should be treated in accordance with sections 659 and 1047, P. L. & R.

For instructions relative to treatment of undelivered second-class matter from Canada, see pages 5 and 6 of the Guide for May, 1917.

INFORMATION AS TO "POST CARDS," "PRINTS," "COMMERCIAL PAPERS," "SAMPLES OF MERCHANDISE," AND "COMPOSITE PACKAGES."

POST CARDS.

36. (a) Postal cards must bear at the head of the front the title "Postal Card," or its equivalent. They must be made of cardboard or thick paper, and must not be enclosed in an envelope. Private postal cards need not bear that title. They must not be larger than 5 9-16 by 3 9-16 inches, nor smaller than 4 by 2 3-4 inches. Postage stamps should be placed in the upper right-hand corner of the address side. The right-hand half of the address side is reserved for the address, postmarks, etc.; the left-hand half may be used to contain a message, or a picture on very thin paper may be pasted there; also a label not exceeding 2 inches by three-quarters of an inch in size may be pasted there. On the back of the card a picture on very thin paper may be pasted. With the exception of postage stamps, the labels and the pictures on very thin paper mentioned above, nothing may be attached to a postal card. Each half of a (double) reply-postal card must conform to the foregoing conditions. The two halves must be folded one on the other, and must not be closed in any manner. If the reply-half of a foreign double postal card is not addressed to the country which issued the card, it must be treated as an unpaid postal card unless it bears United States postage stamps; it cannot be registered by the original sender of the card. For the postage rate, see sec. 14, page 118.

Postal cards bearing manuscript additions which do not conform to the conditions prescribed for them as stated above must be treated as letters; but cards which conform to the conditions for printed matter are mailable as such.

(b) Each half of a double post-card is a complete post-card; but, in the event of the reply-half of a double post-card issued by any country being sent by mail to an addressee in a country other than that which issued the card, it is required to be treated as an unpaid post-card unless a United States postage stamp is affixed thereto, and postage collected of the addressee accordingly.

(c) The prepayment of the "reply-half" by means of the postage stamp of the country which issued the card is valid only if the two parts of the double card are received from the country of origin adhering to each other.

(d) An unsealed package containing only unaddressed illustrated postal cards without postage stamps should be treated as a "print."

(e) Post-cards (so-called), consisting of wood, leather, or any material other than paper or cardboard, are subject to treatment as letters.

(f) Single private mailing cards may be sent to foreign countries at the postage rate applicable to the official postal cards, provided they conform to the conditions prescribed for private mailing cards in the domestic mails of the United States.

(g) Any card of foreign origin which, from its title in any language, appears to be a post-card, and conforms—as to size, quality and weight—with the requirements for post-cards in our domestic mails, is admissible to the mails (domestic or international) as a post-card when prepaid by means of United States postage stamps. The foregoing applies to the reply-half of a double foreign postal card mailed in the United States, addressed for delivery in a country other than the country which issued the double card; but if the reply-half is addressed for delivery in the country which issued the double card, it is mailable without the addition of United States postage stamps. "Postal cards" and "post-cards" must consist of paper or cardboard.

PRINTS.

37. (a) Prints of all kinds are subject to the following conditions: Must be either placed under band, upon a roller, between boards, in a case open at one side or at both ends, or in an enclosed envelope; or simply folded in such a manner as not to conceal the nature of the packet; or lastly, tied by a string easy to unfasten. Address cards and all printed matter presenting the form and consistency of an unfolded card may be forwarded without band, envelope, fastening or fold. The maximum weight of packages of printed matter is fixed at 2 kilograms (4 pounds, 6 ounces), except second-class matter and single volumes of printed books

for Canada, Cuba, Mexico and the Republic of Panama and single volumes of printed books for Salvador. The maximum size is fixed at 45 centimeters (18 inches), in any one direction, except that rolls of printed matter which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter may be forwarded by mail. For the postage rate, see sec. 14, page 118.

(b) Stamps and other forms of prepayment, whether canceled or not; prints constituting the sign of monetary value, articles the text of which has been altered after printing except as indicated below, are not mailable at the postage rate applicable to "prints."

(c) Facsimile copies of manuscript or typewriting—if sent as prints—must be mailed at post office windows in not less than twenty (20) perfectly identical copies.

(d) Additions (by hand or other means) may be made to "prints" as follows:

On the outside of the package or on the print itself, the name, business and residence of the sender, and date of dispatch; to correct errors, cross out certain parts and make prominent, by means of marks, certain parts of the text; to add the "copy" to the "proof," and to make changes in and additions to the proof on separate sheets if necessary; to add to visiting cards as well as to Christmas and New Year cards the title and address of the sender, as well as congratulations, thanks, condolences or other forms of courtesy expressed in five (5) words at most; to erase certain parts and make prominent by means of marks, certain parts of the text; to add to cards of invitation and notices of meetings, the name of the person invited, the date, object and place of meeting; to add to books, sheet music, periodicals, photographs and engravings, a dedication, as well as to attach the bill or invoice; to add to clippings from periodicals, the title, date, number and address of the periodical; to insert figures in price-lists, offers for advertisements, stock quotations, trade circulars and prospectuses, as well as the name of the traveler, the date, and name of the locality through which he expects to pass, on notices of that kind; to indicate on booksellers' order bulletins, the works desired or offered, and to cross out or underscore the whole or any part; to printed order-form for books, periodicals, etc., all the particulars necessary to indicate precisely the identical article or edition desired, including the price of the article with and without the transportation or delivery charges; to add on notices relating to the movements of vessels, the dates of sailings and arrivals, as well as the names of the vessels; to add to notices of shipment, the date of the shipment; and to paint fashion plates, maps, etc. But no manuscript additions other than those indicated above are allowed upon prints.

(e) Prints must be wrapped so that the contents may be easily examined without damaging the cover. But cards need not be inclosed unless they are embellished by means of mica, ground glass or a similar substance.

(f) A package of newspapers or periodicals for transmission in international mails, except to the places mentioned in sections 8 and 9 at the rate of 1 cent per 2 ounces or fraction thereof is restricted to a single (outside) address. Newspapers or periodicals addressed to several different subscribers must not be enclosed in the same package with postage stamps affixed only to the outside wrapper of the package. But several periodicals or other articles of printed matter, without separate address, may be enclosed in the same package.

(g) Cards bearing the title "postal card" or its equivalent are admissible to the mails at the postage rate applicable to "prints," provided they conform to the general conditions prescribed herein for "prints" and are prepaid at the rate for "prints." If they do not conform to those conditions, they must be treated as postal cards or letters according to their size and the manuscript additions.

(h) The following are considered as prints, and admitted as such at the reduced postage applicable to "prints," viz.: Newspapers and periodical works, printed books stitched or bound, pamphlets, sheets of music, visiting cards, address cards, proofs of printing with or without the manuscripts relating thereto, papers with raised points for the use of the blind, engravings, photographs and albums containing photographs, pictures, drawings, plans, maps, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved, lithographed or autographed, and in general, all impressions or reproductions obtained upon paper, parchment or cardboard, by means of printing, engraving, lithographing and autographing, or any other mechanical process easy to recognize, except the copying press and the typewriter.

(i) Valentines, unframed Christmas and Easter cards, and other cards of a similar character, passing between friends in small quantities as tokens of esteem, are transmissible in mails dispatched to foreign countries (except Canada, Mexico, Cuba, the Republic of Panama, and Shanghai, to which United States domestic postage rates apply), at the rate and under the conditions applicable to "printed matter" in Postal Union mails; notwithstanding they are composed partly of silk or satin, and are hand-painted and of elaborate design and finish. But such cards regularly framed whether with wood, metal or other material usually used for picture frames, are not entitled to transmission as "printed matter," and should not be admitted to said mails at less than the letter rate of postage fully prepaid; nor should articles intended for use (such as cushions, etc.), which bear an Easter or Christmas greeting, but cannot be considered in any sense "cards," be treated as printed matter in said mails.

(j) Facsimile copies of manuscript or typewriting obtained by a mechanical process (polygraphy, chromography, etc.) are assimilated to prints; but in order to pass at the reduced postage, they must be mailed at the post office windows, and in the minimum number of twenty perfectly identical copies.

COMMERCIAL PAPERS.

38. (a) Commercial papers must be under band or in an open envelope. The maximum weight of commercial papers is fixed at 2 kilograms (4 pounds, 6 ounces), and the maximum size at 45 centimeters (18 inches), except when put up in rolls, the dimensions of which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter. For the postage rate, see sec. 14, page 118. In dispatching packages of commercial papers post offices and railway post offices must enclose them invariably in the pouches containing letters. In order that packages of commercial papers may be readily identified as such, each should be marked on the cover or wrapper "Commercial papers."

(b) The following are considered as commercial papers, viz.: All instruments or documents written or drawn wholly or partly by hand, which have not the character of an actual and personal correspondence, such as old letters and postal cards which have fulfilled their original object, papers of legal procedure, deeds of all kinds drawn up by public functionaries, way-bills or bills of lading invoices, the various documents of insurance companies, copies of or extracts from deeds under private signature, written on stamped or unstamped paper, scores or sheets of manuscript music, manuscript for publication, forwarded separately, original and corrected tasks of pupils, excluding all comment on the work, etc.

(c) Manuscript sermons and packages of old letters or post cards may be sent by mail to foreign countries at the rate, and under the conditions, applicable to "commercial papers" in Postal Union mails. "Old letters" or "old post-cards" are letters which have served the purpose for which they were originally written and not those which have been withheld from mailing beyond the dates they bear.

SAMPLES.

39. (1) Samples of merchandise must conform to the following conditions: must be placed in bags, boxes or removable envelopes in such a manner as to admit of easy inspection. They must not have any salable value, nor bear any manuscript, other than the name or the firm style of the sender, the address of the addressee, a manufacturer's or trade mark, numbers, prices and indications relating to the weight, size and quantity to be disposed of, and words which are necessary to precisely indicate the origin and nature of the merchandise. Packages of samples must not exceed 350 grams (12 ounces) in weight, or the following dimensions: 30 centimeters (12 inches) in length, 20 centimeters (8 inches) in breadth, and 10 centimeters (4 inches) in depth; except that when in the form of a roll, a package of samples may measure not to exceed 30 centimeters (12 inches) in length, and 15 centimeters (6 inches) in diameter. For the postage rate, see sec. 14, page 118. Articles sent for sale, in execution of an order, or as gifts, however small the quantity may be, are not admissible at the sample rate and conditions stated in sec. 14.

Many articles sent in the mails to foreign countries as samples of merchandise prove to be dutiable on delivery, and are consequently returned to origin. Particular care should be given in the dispatch of samples, as articles which have any salable or commercial value are prohibited under this classification.

(2) Articles of glass, liquids, oils, fatty substances, dry powders, as well as live bees, are admitted to the mails as "samples" provided they are packed in the following manner:

(a) Articles of glass must be packed solidly in boxes of metal or wood in a way to prevent all damage to other articles or the employees.

(b) Liquids, oils and substances easily liquefiable must be enclosed in glass bottles hermetically sealed. Each bottle must be placed in a wooden box filled with spongy material sufficient to absorb the liquid in case the bottle should be broken. Finally, the box itself must be enclosed in a case of metal or wood with a screw top, or of strong and thick leather. If wooden blocks perforated to contain several vials or wooden mailing cases are used, measuring at least one-tenth of an inch in the thinnest part, lined with a sufficient absorbing material and furnished with a lid, the blocks need not be enclosed in a second case.

(c) Fatty substances, such as ointments, soft-soaps, resins, etc., must be enclosed in an inner cover (box, linen bag, parchment, etc.), which must be placed in a second box of wood, metal or strong, thick leather.

(d) Dry powders must be placed; if coloring—in bags of leather, gummed cloth or strong oiled paper; and if not coloring, in boxes of metal, wood or cardboard, which bags or boxes must be enclosed in a cloth or parchment bag.

(e) Live bees must be enclosed in boxes which avoid all danger and permit examination of the contents.

(3) Articles treated as samples.—Single keys, fresh-cut flowers (but not live plants), tubes of serum and pathological objects rendered inoffensive by their mode of preparation and packing; specimens of natural history, such as dried or preserved animals and plants, geological specimens, etc., are admitted to the mails at the postage rate and under the conditions applicable to "samples," provided they are not sent for sale, in execution of an order or as a gift and that their packing conforms to the general conditions prescribed for samples.

COMPOSITE PACKAGES.

40. **Composite packages.**—It is permitted to enclose in the same package, samples of merchandise, prints, and commercial papers, but subject to the following conditions: (1) That each class of articles taken singly shall not exceed the limits which are applicable to it as regards weight and size. (2) That the total weight of the package must not exceed 2 kilograms (4 pounds, 6 ounces). That the minimum charge shall be 5 cents when the package contains commercial papers, and 2 cents when it consists of printed matter and samples.

PROHIBITED ARTICLES IN THE REGULAR MAILS.

(For Prohibited Articles in Parcel Post Mails, See pages 147 to 153.)

41. **To all foreign countries.**—(a) All articles excluded from transmission in domestic mails, as being in themselves, either from their form or nature, liable to destroy, deface or otherwise injure the contents of the mail bags or the persons of those engaged in the postal service, are prohibited from transmission in the mails exchanged with foreign countries, as are also poisons, such as opium, and obscene, lewd or lascivious books, pamphlets, etc., lottery tickets and letters and circulars concerning lotteries, so-called gift-concerts, etc., also excluded from the domestic mails.

(b) Certain articles other than those above mentioned, which, from their nature or form, are liable to destroy, deface or injure the contents of the mail bags or the persons of those engaged in the postal service, may be transmitted in the mails to foreign countries, if bona fide trade samples and exchangeable in the mails with said countries, when enclosed in the form prescribed for such articles in domestic mails.

(c) Postal cards or letters addressed to go around the world.

(d) Letters or packages containing coin, gold or silver substances, jewelry or precious articles. This does not apply to Canada, Cuba, Mexico, Shanghai and to certain other countries whose legislation does not prohibit their circulation in their domestic mails.

(e) Any package whatever, containing articles liable to customs duty in the countries addressed. This does not apply to Canada, Cuba, Mexico, the Republic of Panama, or Shanghai, or to articles forwarded by "parcel post."

(f) Articles other than letters and post cards which are not prepaid, at least partly, or which do not fulfill the conditions required in order to enjoy the reduced rates.

(g) Articles other than letters and postal cards addressed for delivery in any foreign country, which contain writing in the nature of personal correspondence, or which do not conform to all the conditions prescribed for such articles, to entitle them to transmission in the mails at reduced rates of postage, unless they are fully prepaid at the rate of postage applicable to letters for the foreign country of destination.

(h) Packages of samples of merchandise which contain live animals and insects except bees, which have a salable value, which are sealed, unless the contents are visible, or plainly indicated by the mode of packing, or which exceed in weight or measure the prescribed limits, are not transmissible at the rates fixed for samples.

(i) Packages of commercial papers and printed matter of all kinds, the weight of which exceeds 2 kilograms (4 pounds, 6 ounces); or the size of 18 inches in any direction, except that rolls of printed matter may measure 30 inches in length by 4 inches in diameter.

(j) There is, moreover, reserved to the governments of every country of the Union, the right to refuse to convey over its territory or to deliver, as well articles liable to the reduced rate in regard to which the laws, ordinances or decrees which regulate the conditions of their publication or of their circulation in that country have not been complied with, as correspondence of every kind which evidently bears inscriptions forbidden by the legal enactments or regulations in force in the same country.

(k) To Belgium, Denmark and the Danish Colonies, Egypt, France and the French Colonies, Italy, Malay States (Federated), Norway, the Netherlands, Portugal and the Portuguese Colonies, Russia, Servia, Sweden, and Switzerland; Articles of correspondence marked on the outside with the declared value of contents.

NON-POSTAGE STAMPS.

42. **Christmas stamps, etc.**—The following countries refuse to admit to their mails articles bearing non-postage "Christmas" stamps or other adhesive charity stamps or labels, unless postage thereon is prepaid, and unless the non-postage stamps are affixed to the back and not to the address side of the covers:

Unless the foregoing conditions are complied with articles bearing non-postage stamps will not be dispatched from this country but will be returned to the sender, if known, otherwise they will be sent to the Division of Dead Letters.

To preclude delay in handling articles bearing such stamps the covers of the articles should bear the full name and address of the senders.

CUSTOMS DUTIES.

157. **Mailability.**—The Department has not been advised what articles (other than those so designated in the preceding list of "prohibited articles") are liable to customs duties in foreign countries, and consequently does not exclude articles of merchandise from the regular mails for foreign countries because they may be liable to customs duties in the countries to which they are addressed. They are accepted at the sender's risk. Any country may refuse to deliver dutiable articles received in mails from other countries, and may dispose of them in accordance with the customs regulations of that country.

The question whether or not an article sent by mail from one country to another is subject to customs duty in the latter country can be decided only by the country to which the article is sent, and is not affected by any postal convention between said countries.

This Department is not authorized to question the decision of foreign officials in such matters any more than foreign officials would be authorized to question the decision of United States officials respecting the liability to United States customs duty of an article received here in mails from abroad.

158. **Advertising matter for Canada.**—Advertising circulars are liable in Canada to a specific customs duty at the rate of 15 cents per pound, which duty Canadian customs officials are required to collect when such pamphlets arrive by mail, even though each pamphlet bears a different address. But Canadian customs officials are authorized to remit such duty in respect to bona fide trade catalogues and price lists not designed to advertise the sale of goods by any person in Canada, when sent into Canada in single copies addressed to merchants therein, and not exceeding one copy to any merchant for his own use but not for distribution.

Customs duties on advertising pamphlets, advertising show cards, illustrated advertising periodicals, price books, catalogues and price lists; advertising almanacs and calendars, patent medicine or other advertising circulars, fly sheets or pamphlets, advertising chromos, chromo types, oleographs or like work produced by any process other than hand painting or drawing, and having any advertisement or advertising matter printed, lithographed or stamped thereon, or attached thereto, including advertising bills, folders and posters, or other similar artistic work, lithographed, printed or stamped on paper or cardboard for business or advertisement purposes, n. o. p. (not otherwise provided for) imported by mail into Canada may be prepaid by means of Canadian customs duty stamps affixed to the reverse side of each package containing the advertising matter above referred to, for the amount of duty payable on the same, according to the following scale of charges, viz.:

	Duty		Duty
Up to and including 1 oz.	1 ct	Over 8½ oz. and not exceeding 9½ oz.	9 cts
Over 1 oz. and not exceeding 2¼ oz. . .	2 cts	Over 9½ oz. and not exceeding 10½ oz.	10 cts
Over 2¼ oz. and not exceeding 3¼ oz.	3 cts	Over 10½ oz. and not exceeding 11¾ oz.	11 cts
Over 3¼ oz. and not exceeding 4¼ oz.	4 cts	Over 11¾ oz. and not exceeding 12¾ oz.	12 cts
Over 4¼ oz. and not exceeding 5¼ oz.	5 cts	Over 12¾ oz. and not exceeding 14 oz.	13 cts
Over 5¼ oz. and not exceeding 6½ oz.	6 cts	Over 14 oz. and not exceeding 15 oz.	14 cts
Over 6½ oz. and not exceeding 7½ oz.	7 cts	Over 15 oz. and not exceeding 16 oz.	15 cts
Over 7½ oz. and not exceeding 8½ oz.	8 cts		

If such customs duty stamps are affixed to the address side of the advertising matter, said matter will not be accepted for mailing.

In all cases postage on such matter, when mailed in the United States and addressed for delivery in Canada, must be prepaid in full by means of United States postage stamps affixed to the address side, or by money under the conditions set forth in Section 459 of the Postal Laws and Regulations, edition of 1913.

The above-mentioned customs duty stamps can be obtained in denominations of one, two and five cents each, on application to the Commissioner of Customs, Ottawa, Canada, or to the Secretary, High Commissioner for Canada, 17 Victoria Street, London, S. W., England.

Office at New York articles imported in the regular mails or by parcel post, for the purpose of advisory appraisement, the entire contents of the packages will be turned over to the postmaster, to be forwarded by that officer to the postmaster at New York for delivery to the Comparative Valuation Reports Bureau, registered packages to be forwarded under registration and sealed packages to be forwarded after they have been receipted for and opened by the addressee, or an authorized representative, in the presence of the customs officer. At the same time, the customs officer will notify the Comparative Valuation Reports Bureau that the package or packages have been turned over to the postmaster for that purpose.

165. Customs regulations applicable to articles from abroad.—The Secretary of the Treasury has informed this Department as follows, viz.:

(a) Newspapers and periodicals (the term "periodicals" embraces only unbound or paper-covered publications issued within six months of the time of entry, containing current literature of the day and issued regularly at stated periods, as weekly, monthly or quarterly); books, engravings, photographs, etchings, bound or unbound, maps and charts imported for the use of the United States or the Library of Congress, or sent to the Library of Congress to secure a copyright; books, maps, music, engravings, photographs, etchings, lithographic prints, bound or unbound, and charts which have been printed more than twenty years at the date of importation, hydrographic charts and publications issued for their subscribers or exchanges by scientific and literary associations or academies, or publications of individuals for gratuitous private circulation, not advertising matter, and public documents issued by foreign governments; books and pamphlets printed wholly or chiefly in languages other than English; books and music, in raised print, used exclusively by the blind; textbooks used in schools and other educational institutions; books, maps, music, engravings, photographs, etchings, lithographic prints and charts, not more than two copies in any one invoice, for the use of any society or institution incorporated or established solely for religious, philosophical, educational, scientific or literary purposes, or for the encouragement of fine arts, or by any college, academy, school or seminary of learning in the United States or any State or public library, and books used abroad not less than one year by persons or families from foreign countries, are not subject to United States customs duties.

The importation of piratical copies of articles copyrighted in the United States, articles bearing false notice of copyright when there is no existing copyright in the United States, and copies of any book copyrighted in the United States which are not printed from type set or plates made in the United States, or copies of American copyrighted books which are not printed and bound in the United States, are prohibited importation.

With the above exceptions, all articles of printed matter contained in the mails received from foreign countries are subject to the regular duties of 15 per centum ad valorem.

(b) There is no provision of law which authorizes the free entry of samples generally, except those imported in bond for exportation within six months; but, in case the appraising officer finds that so-called samples have no commercial value, they are admitted free of duty; otherwise not. A sample may be defined to be a specimen of an article or class of goods having no market or commercial value itself, and not subject to sale, but through the medium of which it is intended to sell the goods it represents.

In accordance with a decision of the Secretary of the Treasury, effective June 1, 1917, unsealed packages, registered or unregistered, containing trade samples, whether dutiable or not, intended solely for use in soliciting orders for merchandise, may be imported in the regular mails from foreign countries, subject to all customs duties and customs regulations, in the same manner as though imported by parcel post, express or freight.

Packages containing trade samples must be plainly marked abroad with the words "trade samples of " and "subject to examination by United States Customs Officers."
(merchandise)

The importation in the regular mails of packages containing articles claimed to be samples but which are in fact small shipments sent on approval, of articles purchased abroad or sent in pursuance of an order therefor, and of articles sent as presents, is prohibited as heretofore.

(c) Tea is free of duty, but is subject to customs examination as to its purity, quality and fitness for consumption. Such examination is not required, however, for samples of tea imported by mail from countries of production, up to 2 pounds.

(d) Importations of dutiable articles by mail, otherwise than by parcel post, are prohibited, except precious stones and trade samples, under certain conditions, and printed matter. Prohibited importations are subject to seizure. For the first such importation release will be allowed upon payment of a fine equal to the duty, but second and subsequent importations will be released only upon payment of the appraised value, which is the foreign value with the duty added.

This paragraph (d) does not apply to packages from Canada, Mexico, Cuba, Republic of Panama, Panama Canal Zone, Philippine Archipelago, Guam, Tutuila, United States Postal Agency at Shanghai, China, and the Virgin Islands of the United States.

(e) The importation of less than 3,000 cigars or cigarettes in a single package is prohibited. Cigarettes must be put up in packages containing 5, 8, 10, 15, 20, 50, or 100 cigarettes, and cigars in boxes containing 5, 10, 12, 13, 25, 50, 100, 200, 250 or 500 cigars.

(f) The importation of obscene articles, lottery matter, films or pictorial representations of prize fights, opium in any form or any preparation or derivative thereof, and plumage or skins of wild birds, except for scientific or educational purposes, is prohibited.

(g) All articles manufactured wholly or in part in a foreign country by convict labor are prohibited from importation. The Philippine Islands are not foreign country within the meaning of this provision.

(h) All parcels received in the foreign mails must be submitted to customs officers, as required by the joint regulations (Sec. 664, P. L. and R.) whether dutiable or nondutiable.

166. **Inquiries.**—Inquiries respecting United States customs duties should be addressed to "The Secretary of the Treasury, Washington, D. C."

167. **Importation of nursery stock prohibited.**—The prohibition against the importation of "nursery stock" in the mails from foreign countries extends to all growing or living plants (except field, vegetable, and flower seeds), all other plant products for propagation, and bulbs, roots and tubers.

Also, in accordance with information received from the Department of Agriculture, the following special prohibitions are effective:

Living canes of sugar cane or cuttings or parts thereof.

Potatoes — from Newfoundland, the Islands of St. Pierre and Miquelon, Great Britain (including England, Scotland, Wales and Ireland), Germany, Austria, and Hungary; and

Oranges, sweet limes, mangoes, achras sapotes, peaches, guavas, and plums, from Mexico.

All packages or samples of raw or unmanufactured cotton and cotton seed (including seed cotton), cotton seed hulls and cotton waste shall be returned immediately to the countries from which received as prohibited importation. This prohibition does not apply to samples in transit through the United States.

Seed and all other portions of Indian corn or maize, and certain closely related plants in the raw or unmanufactured state, from southeastern Asia (including India, Siam, Indo-China and China), Malayan Archipelago, Australia, New Zealand, Oceania, Formosa, Japan and adjacent islands.)

The foregoing prohibitions do not apply to plants or plant products ordered by, or intended for, and addressed to "Office of Foreign Seed and Plant Introduction, United States Department of Agriculture, Washington, D. C." Samples of cotton addressed to individuals and firms in care of the Office of Foreign Seed and Plant Introduction, Department of Agriculture, shall not be dispatched to Washington, if received in this country from foreign countries. Only samples of cotton plainly intended for the Department of Agriculture should be allowed to reach their destination. The Department of Agriculture has given notice that it cannot act as intermediary between foreign shippers and ultimate consignees in the United States.

Sweet potatoes and yams prohibited importation in the mails.—In view of the order effective on and after January 1, 1918, issued by the Secretary of Agriculture under the authority conferred by the Plant Quarantine Act of August 20, 1912, any variety of sweet potatoes or yams is prohibited importation in the mails from any foreign country, except for experimental or scientific purposes by the Department of Agriculture: Provided, That the entry for immediate export or for immediate transportation and exportation in bond of sweet potatoes and yams of all varieties may be permitted in accordance with the regulations governing such entry for immediate export or for immediate transportation and exportation in bond, promulgated by the Secretary of Agriculture October 20, 1917.

All mail importations of the products mentioned should be returned to origin except such as are addressed to the office of "Foreign Seed and Plant Introduction, United States Department of Agriculture, Washington, D. C." and except such products from foreign countries as are intended for immediate export or for immediate transportation and exportation in bond in accordance with the regulations promulgated by the Secretary of Agriculture, as above mentioned, which should be allowed to go forward to addressees in regular course.

COUNTRIES IN THE UNIVERSAL POSTAL UNION.

168. In addition to the United States and its island possessions those countries and colonies named in the postage rate table on pages 140 to 143 (except Lagos, North East Rhodesia, North West Rhodesia, Nyassaland and Northern and Southern Nigeria) are included in the Universal Postal Union.

169. The following are considered as belonging to the Universal Postal Union.

(a) The German post offices established at Peking and Tsinanfu (China), as subordinate to the Postal Administration of Germany.

(b) The post offices which the administration of the British Colony of Hong-Kong maintains at Lin Kung Island, Wei-hai-wei (China).

(c) The Norwegian post office at Advent Bay on the West coast of Spitzbergen, as subordinate to the Postal Administration of Norway.

(d) The post offices which the Administration of Japan maintains in China, Manchuria and the Island of Saghalien.

170. Postal Union Rates and conditions apply to British India offices in various native States within the limits of Hindostan. To Kashmir, Ladak (Little Thibet), and Cabul (Afghanistan), in Italian mail, the same rates apply, but prepayment is compulsory, and only to the British Indian Frontier.

171. Correspondence for the Tunisian and Tripolitan ports of Sousse, Monastir, Mehdie, Sfax, Djerba and Tripoli, sent via France, is assimilated in all respects to correspondence for France.

That for other portions of Tripoli, sent by the same route, is liable to the same rates of postage, but prepayment is obligatory and valid only to the port of debarkation, and registration is not possible. Correspondence for Goulette, near Tunis, and for Sousse in Tunis, sent via Italy, is assimilated in all respects to that for Tunis sent by the same route.

172. **Correspondence for Russia.**—Correspondence for Russia should have the name of the place of destination added in either French or German, but to insure its despatch from the United States, the name of the place of destination, including the name of the government, district, or province, must be in English, otherwise the mail may be returned to the sender for the needed addition. If for the smaller towns in Russia, correspondence should always bear, as a part of the address, the name of the province or government in which the towns are situated; otherwise, the Russian post office declines to undertake delivery of the correspondence.

173. **Lourenzo Marquez.**—Articles intended for Lourenzo Marquez, the capital of the Province of Mozambique, should be so addressed, and not to "Delagoa Bay" as that address is often confused with "Algoa Bay"—a port of the Cape Colony.

174. **Gilbert and Ellice Island, etc.**—All classes of correspondence are now admitted to the mails for Gilbert and Ellice, New Hebrides, Banks, Solomon and Shortland Islands, but registered correspondence cannot be accepted for Santa Cruz Islands.

175. **More than one Tripoli.**—There are three Tripolis in countries bordering on the Mediterranean, namely, one in Syria, one in Greece and one in Northern Africa. In the case of an article for either of the three the name of the country should be stated in the address, and in case of an article intended for Tripoli in Northern Africa its destination should be stated as "Tripoli-in-Barbary," North Africa.

176. **Kuala Kemaman.**—A post office has been established at Kuala Kemaman, in the State of Trengganu, one of the Malay States. Registered correspondence may be accepted for all localities in the State of Trengganu, but such correspondence is distributable only at the post offices of Kuala Trengganu and Kuala Kemaman.

GENERAL FOREIGN SEPARATING SCHEME.

MAIL FOR COUNTRIES OR PLACES NOT LISTED IN THIS SCHEME SHOULD BE SENT TO THE EXCHANGE POST OFFICE AT NEW YORK, N. Y.

NOTES.—Foreign mail should be placed in packages labeled as follows:

N. Y.—New York—Foreign; N. O.—New Orleans—Foreign; Boston—Boston—Foreign; T. P.—Transpacific—Foreign; S. F.—San Francisco—Foreign; and so on.

****Special instructions.**—Mails for Canada, Canal Zone, Cuba, and Mexico should be dispatched according to special instructions issued to cover designated post offices or those in a particular State.

Separate packages.—Whenever the letters and post cards for a country amount to five or more, or other articles to 25 or more, they should be tied up separately, and the "New York—Foreign" facing slip changed to read "New York Foreign—Sweden," or France, etc., as the case may be.

Naval mails.—Articles for United States Naval vessels addressed "Care Postmaster, New York, N. Y." should not be dispatched under a New York "City" label. Such articles should be dispatched under a "New York—Foreign" label; and when separate packages consist solely of five or more letters or post cards or 25 more other articles, the label or slip, in addition, should be marked "Warships."

International parcel-post packages.—These should not be dispatched in accordance with this scheme, but should be dispatched as indicated in the table on page 146. When there are five or more to be sent in one dispatch the packages should be placed in a separate sack.

NEW YORK "BUREAU SEPARATION" OF NEWSPAPER (PRINTS) MAIL.

In post offices and railway post offices, where the space available for newspaper racks is limited, or if the quantity of newspapers (prints) addressed to foreign countries is too small to warrant the assorting of them into separate sacks for each country, request should be made on the appropriate Division Superintendent, Railway Mail Service, for authority to assort newspapers (prints) for foreign countries, which are dispatched through the New York exchange post office, in accordance with the Bureau system of newspaper distribution as followed at the New York post office.

Under this system there is assigned a group of foreign countries to a so-called "Bureau" division: for instance, newspapers (prints) for England, Ireland, Scotland and Wales, are assembled in one separation, known as the Bureau No. 1 Division.

In post offices and railway post offices, economy in space may be secured by having one newspaper sack for Bureau No. 1; another sack for Bureau No. 2; and so on, with a consequent reduction of the number of sacks required, as compared with the number of sacks to be used if there were a separate one for each country.

When authority is granted to make a Bureau separation, printed copies of the Bureau Scheme of Distribution will be furnished.

Postmasters in other Divisions of the Railway Mail Service will dispatch articles for the west coast of South America via New York, except when they can be expedited by dispatch via New Orleans.

Mails for Central America.

Postmasters in the Eleventh, Twelfth and Fourteenth Divisions of the Railway Mail Service must send all articles for Central America via New Orleans.

Postmasters in the Eighth and Thirteenth Divisions of the Railway Mail Service will send all such articles via New Orleans (whenever they cannot be expedited via San Francisco), except prints and parcel post packages for Amapala, Choluteca, Nacoame, and Tecucigalpa, Republic of Honduras, and like articles for the Republic of Salvador, which should be dispatched via San Francisco, unless specially addressed otherwise.

Postmasters in all other Divisions of the Railway Mail Service must send such articles via New York and via New Orleans when they can thereby be expedited.

In Central America the countries concerned are the Republic of Panama and west coast ports of Costa Rica, Nicaragua, Salvador, Guatemala and Honduras.

*Heavy official mail, both registered and ordinary, addressed to Hawaii, Guam and the Philippine Islands shall be forwarded to San Francisco, Cal., for dispatch from that office by United States transports or other vessels sailing direct to Honolulu, Guam and Manila, preference being given the United States transports. It has been arranged with the Executive Departments at Washington that in any instance where there may be special reason for the expeditious transmission of a particular dispatch, the mail will bear a notice in a conspicuous manner requesting dispatch to be made so as to secure earliest arrival at destination. In such special cases the dispatch shall be made via the quickest available route.

† Postmasters at offices making up direct sacks of foreign mail labeled "San Francisco—Foreign" or "Seattle—Foreign" shall include therein all insured mail addressed to post offices in the Philippine Islands. Insured mail addressed to these islands must not be dispatched in direct sacks to Manila, P. I. Postmasters at offices not authorized to make up direct sacks of foreign mail should dispatch such insured mail in the regular manner.

NOTE. — Mails for West Coast of South America. Postmasters at post offices in the Eighth, Eleventh, Twelfth, Thirteenth and Fourteenth Divisions of the Railway Mail Service must send all articles for the west coast of South America via New Orleans. The countries concerned are Colombia (Provinces of Cauca and Narino only), Ecuador, Peru, Bolivia and Chile.

THE CORRECT MANNER OF ADDRESSING MAIL AND WRAPPING PACKAGES ADDRESSED TO INDIVIDUALS SERVING IN THE UNITED STATES NAVY.

Postmasters will not accept for persons in the Naval Service packages containing fruits or perishable foodstuffs, and they will require that all packages be securely wrapped, strongly tied, and plainly addressed, preference to be given to packages that are inclosed in strong and suitable boxes or wrapped in sacking, bagging, or cloth, sewed for examination as indicated in Section 469, paragraph 3, Postal Laws and Regulations, 1913.

In addressing mail, senders should be informed that as the whereabouts of men in the Navy are not known to the postmaster at New York, letters simply addressed "John Doe, care Postmaster, New York," cannot be dispatched to destination. Each letter or package should bear the full name of the addressee, the branch of the service he is serving in, such as Navy, Naval Reserve, Marine Corps, or Coast Guard, his rank or rating, if known, and the name of the vessel or station on which he is serving. This information to be in addition to the required address, "Care Postmaster, New York."

The fullest publicity should be given to the information contained in the foregoing in order that the public may be able to address and prepare mail matter properly before it is brought to the post office for examination and mailing.

Parcels addressed "Poste Restante" are unmailable.

180. **Prohibited articles.**—The following articles are prohibited transmission by parcel post to all foreign countries:

(For special prohibitions regarding each country, see pages 147 to 153.)

- Articles that are excluded from the domestic mails of the United States.
- Written communications of the nature of personal correspondence.
- Packages enclosed in a parcel but addressed to a person other than the person indicated in the address of the parcel itself.
- Live or dead animals except live bees and dead insects and reptiles when thoroughly dried; fruits and vegetables which easily decompose, and substances which exhale a bad odor; lottery tickets or advertisements, or circulars relative to lotteries; all obscene or immoral articles; articles which in any way may damage or destroy the mails or injure the persons handling them. The presence, in an unsealed parcel, of sealed receptacles containing mailable articles which cannot be safely transmitted in unsealed receptacles, should not render the parcel unmailable, provided the contents of the sealed receptacles are plainly visible, or are unmistakably indicated by the method of packing or by a precise statement on the covers. But such sealed receptacles shall not be admitted to the parcel post unless included in an outside cover open to inspection.
- Liquids and oils, pastes, salves or other articles easily liquefiable are admissible (provided they are packed in accordance with the regulations prescribed for the admission of such

substances in the United States domestic parcel post mails) to the parcel post mails for the countries named on page 146 except Bermuda, Colombia, Dominican Republic, Guatemala, Netherlands East Indies, Nicaragua, Peru, Society Islands and Martinique.

181. Letters must not accompany parcels.—A communication of the nature of personal correspondence must not accompany or be written on any parcel but an open bill or invoice may be included. If such written matter be found it will be placed in the mails if separable, and if inseparably attached the entire parcel must be rejected. If, however, any such parcels are forwarded, the country of destination will collect upon the accompanying communication or communications double the letter rate of postage prescribed by the Universal Postal Convention.

182. Parcels must not contain separately addressed packages.—A parcel must not contain packages addressed to persons other than the person named in the outside address of the parcel itself. If such enclosed packages be detected they must be sent forward singly charged with new and distinct parcel post rates.

183. Supplies and needed information.—Postmasters' requisitions for the necessary blank forms and other supplies should be addressed to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies. Requests for information concerning the international Parcel Post service should be addressed to the Second Assistant Postmaster-General, Division of Foreign Mails.

184. Post offices to inform public.—Post offices are expected to assist the public to an understanding of the Parcel Post and the advantages it affords.

185. No Insured or C. O. D. Parcels in the International Parcel Post.—Postmasters must not forward insured and C. O. D. parcels to foreign countries even though the domestic rates of postage apply. If it is desired that an insured parcel be forwarded to Canada, Cuba or Mexico, the parcel may be sent as an international registered piece, upon the sender or addressee furnishing the registry fee and postage. C. O. D. parcels must not be so forwarded except upon authority from the sender and the cancellation of the charges thereon.

186. No responsibility for loss.—The Department is not responsible for the loss, damage or rifling of any parcel, except with respect to a registered parcel for Mexico and Salvador.

PARCELS FOR FOREIGN COUNTRIES.

187. How to mail parcels.—A parcel must not be posted in a letter-box, but must be taken into the post office and handed to the postmaster or other postal official in charge.

188. Address, etc.—Every parcel should bear a complete and legible address, not written in pencil, and be marked conspicuously "Parcel Post," and bear the name and address of the sender in such manner as not to be mistaken for the address of the parcel.

189. Packing.—Every parcel must be securely and substantially packed; but in such a way that it can be opened without damaging its cover, in order that its contents may be easily examined by postmasters and customs officials. Boxes with lids screwed or nailed on may be used, and bags closed by means of sewing, provided they are presented at the post office open for inspection and then closed by the senders, except that parcels for Italy, Argentina and Panama must be accepted for mailing, even though sealed and closed against inspection, provided they conform to other conditions prescribed. Where the sea transit is long, as for instance, to China and Japan, the packing and wrapping must be stronger than for nearby countries, and in all cases, the parcels, before acceptance, must be packed in such a substantial manner as to assure safe transmission. Parcels not properly wrapped must not be accepted for mailing, nor dispatched from United States exchange post offices.

190. Postage.—Postage on every parcel must be fully prepaid by means of postage stamps affixed at the rate applicable thereto as indicated in the table on page 146. Bear in mind that the rate on parcels is 12 cents per pound or fraction of a pound. A delivery fee of not less than 5 cents is collectible when the parcel is delivered. This fee cannot be prepaid by the sender.

191. Registration.—The sender of a parcel addressed to any of the places indicated in the foregoing table, except Argentina, Australia, Barbados, Curacao, Dutch Guiana, France, French Guiana, Gibraltar, Great Britain, Guadeloupe, Italy, Netherlands East Indies, Martinique, Society Islands and Uruguay may have the parcel registered by paying a registration fee of 10 cents and will receive the "return receipt" without additional charge therefor, provided he requests a return receipt when he mails the parcel.

192. Return receipts for unregistered parcels.—The sender of an unregistered parcel addressed to Bahamas, Barbados, British Honduras, Curacao, Dutch Guiana, or Jamaica may obtain a "return receipt" for the parcel by prepaying by means of postage stamps a fee of five cents in addition to the ordinary postage. In such cases the words "receipt desired" must be plainly written on the corner of the parcel.

193. Dimensions.—A parcel must not exceed the dimensions indicated in the foregoing table (page 146) for the country to which the parcel is addressed. A parcel not more than 3 feet 6 inches in length may measure as much as 2 feet 6 inches in girth, or around its thickest part. A shorter parcel may be thicker; thus, if it measures no more than 3 feet in length it may measure as much as 3 feet in girth or around its thickest part.

194. The most convenient mode of measuring is by means of a tape line 6 feet long. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.

195. The remarks in the two preceding paragraphs do not apply to parcels for Colombia, the length of which in any case must not exceed 2 feet no matter how small the parcel may be in girth; and the girth of which must not exceed 4 feet no matter how short the parcel may be.

196. Weight.—A parcel must not exceed the prescribed limit of weight indicated in the table on page 143.

197. Certificates of mailing.—The office of mailing may fill out and date-stamp a "Certificate of Mailing" (Form No. 4401) and hand the same to the sender if requested.

198. Customs declarations.—A "customs declaration" (Form No. 4402) properly filled out must be securely attached to every parcel; but so attached that it does not seal or close the parcel so that it cannot be easily opened without damaging the cover. The contents must be accurately described in the English language although an interlineation in another language, if desired, may be furnished. General terms such as "merchandise," or "samples," will not answer. It is not sufficient that the tag be tied to the parcel and allowed to hang loose. In addition to being tied by means of a cord passed through the eyelet, the tag should be bound to the parcel so that it lies flat thereon, and cannot be used as a handle to lift the parcel while in transit. Two copies of the "Declaration" must be forwarded with each parcel destined for Argentina, Martinique, Salvador, The Netherlands East Indies and Venezuela, while two copies of the special declaration "Form No. 2 Bts." (4402½) showing in addition to the usual entries the gross weight of the parcel, the net weight of the contents, the name and full address of the addressee, and whether or not the merchandise is intended for use in connection with supplies or industries for the French Government must be attached to each parcel for France. One copy may be affixed in such a manner that it can be readily removed at the exchange office where the mail is prepared for dispatch to France. All declarations must be postmarked at the post office of mailing.

199. Customs duties.—Customs duties cannot be prepaid; they will be collected of addressees when the parcels are delivered.

If a parcel is received at an exchange post office prepaid at the parcel rate, but unaccompanied by a "customs declaration," it will be sent to the Division of Dead Letters unless it bears a clear indication of the origin of the parcel so that the exchange office can call on the sender through the mailing office to furnish the required "customs declaration."

200. Parcel Post packages not fully prepaid inadvertently forwarded.—If an unregistered parcel for a foreign country is received at a United States exchange post office with postage not prepaid in full, the exchange office should request the mailing office to transmit to the exchange office the postage stamps necessary to complete the prepayment. Failure to complete the prepayment will prevent the dispatch of the parcel from the United States.

If a registered parcel is received at a United States exchange post office with postage not prepaid in full, postage stamps to cover the deficiency should be affixed, pursuant to the provisions of section 1059 of the Postal Laws and Regulations.

201. Parcel Post packages not mailable to all places.—Packages are transmissible by Parcel Post to the places indicated in the table on page 146 only. Parcels addressed to any other place must not be accepted for mailing or dispatched from the United States if they are mailed.

PARCELS FROM FOREIGN COUNTRIES.

202. Customs duties.—Dutiable or supposed dutiable articles received by international Parcel Post are subject to the treatment prescribed by the "Joint regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries" appearing in Section 664, Postal Laws and Regulations. Packages received at city delivery offices from foreign countries on which there are no customs charges, should be delivered in the same manner as domestic parcel-post matter.

203. Postage charges on delivery.—A delivery fee of 1 cent for each 4 ounces or fraction of 4 ounces is collectible on the delivery to the addressee, either at the post office or his residence, of each parcel from Colombia or Costa Rica, except that the minimum charge on any parcel is 5 cents. On parcels from all other places the delivery fee collectible on delivery of the parcels is 5 cents for each parcel of whatever weight. The delivery fee is in addition to the postage prepaid and is intended to cover partly the cost of transporting and handling the parcel after its receipt in the United States. Postage-due stamps to the amount of the proper charge on the parcel must be affixed thereto and canceled before delivery. (See section 521, P. L. & R.)

204. Reforwarding.—Parcel post packages received from foreign countries must be forwarded from one United States post office to another without charge for such forwarding.

205. Return and redirection.—Parcels which can not be delivered must be marked to show the cause of non-delivery, such as "unclaimed," "refused," etc., and returned from the post office of destination to the United States exchange office from which they were received, at the expiration of 90 days from the date of their receipt at the office of destination in the case of parcels from Colombia and Uruguay; at the expiration of 60 days in the case of parcels from Argentina, and at the expiration of 30 days in the case of parcels from Australia, Bahamas, Barbados, Bermuda, Bolivia, Brazil, British Guiana, British Honduras, China, Costa Rica, Curacao, Dominican Republic, Dutch Guiana, Ecuador, France, French Guiana, Gibraltar, Great Britain, Guadeloupe, Guatemala, Haiti, Hong Kong, Italy, Jamaica, Japan, Leeward Islands, Martinique, Mexico, Newfoundland, New Zealand, Nicaragua, Panama, Peru, Republic of Honduras, Salvador, Trinidad, Venezuela, and the Windward Islands.

The United States exchange office will return such parcels to the foreign exchange office which dispatched them to this country, and for such return the sender will be required to pay on each parcel a sum equal to the postage originally prepaid thereon.

206. **Sender to be consulted.**—In the case of undeliverable parcels from the Society Islands and The Netherlands East Indies, the postmaster at the post office of destination will notify the Second Assistant Postmaster General (Division of Foreign Mails) that the parcels remain undelivered—giving a full description of said parcels (including the name and address of addressee, name and address of sender, date and place of mailing, and any other information that will serve to identify the parcel on the records of the foreign despatching exchange office), and hold the parcels subject to the instructions of the Department. If, however, instructions are not received within 30 days after the expiration of the period (whether 2 months or 6 months) prescribed by the respective conventions, the parcels should be returned to origin.

207. **"Abandoned" parcels,** if dutiable, should be sent to the Collector of Customs from whom they were received; if non-dutiable, they should be sent to the Division of Dead Letters. In either case, the parcels should be marked "abandoned." Undeliverable parcels from the above-named countries or colonies should not be held beyond the periods indicated above at post offices of destination and, in the case of dutiable parcels, the proper customs officials should be kept fully informed of the status of each case.

208. **Parcels returned at request of senders.**—Senders of parcels for or from Argentina, Australia, Bahamas, Barbados, Bermuda, Brazil, British Guiana, British Honduras, Hong Kong, Italy, Jamaica, Leeward Islands, Newfoundland, New Zealand, Portugal, Society Islands, Trinidad and the Windward Islands who request their parcels to be returned must transmit with their requests the amount necessary to prepay postage afresh at the rate of 12 cents per pound or fraction of a pound.

209. **Prohibited articles.**—Parcels for or from Argentina, Australia, Bermuda, Curaçao, Dominican Republic, Dutch Guiana, France, Haiti, Italy, Japan, Portugal or Uruguay, which contain "prohibited" articles or which exceed the limits of size or weight, need not necessarily be returned to the country of origin; but at the demand of customs officials may be disposed of in accordance with the customs regulations of the country of destination.

210. **Undeliverable parcels returned to United States.**—An undeliverable parcel returned to the United States, upon which the return postage has not been prepaid, is subject on delivery to the sender to a postage charge equal to the amount of postage originally prepaid on the parcel; which amount should be marked on the parcel by the United States exchange post office which receives it back from abroad, and collected by the post office which delivers it to the sender—the necessary postage-due stamps being affixed and cancelled as directed in section 203, page 155.

211. **Notices to addressees of registered parcels.**—The post office of destination must promptly notify the addressee of the arrival of a registered parcel.

212. **Official and semi-official or express service.**—Most of the countries of Europe have an arrangement with international express companies, under which parcels regularly mailed in those countries are withdrawn from the mails and handed to said companies to be brought to this country and by them delivered to addressees without the intervention of the United States postal service. Such arrangements are known as the semi-official parcel post, and packages so conveyed and delivered are somewhat delayed and at times give rise to additional charges to which regular parcel post packages are not subjected. In order to avoid said delays and charges senders in foreign countries should be cautioned to insist upon their parcels for the United States being sent in the official international parcel post mails and to mark them so as to indicate unmistakably that they are to be so sent.

UNITED STATES MAIL AGENCY FOR EXPEDITIONARY FORCES IN EUROPE.

Pursuant to Section 4021, Revised Statutes (Section 1468, Postal Laws and Regulations), a Mail Agency has been established for conducting the postal service in connection with the American Expeditionary Forces in Europe, to be known as the United State Mail Agency, in France.

EXCLUSION OF SOLIDIFIED ALCOHOL, MATCHES, ETC., FROM THE MAILS FOR FOREIGN COUNTRIES AND THE AMERICAN EXPEDITIONARY FORCES AND NAVAL VESSELS.

The mailing is prohibited of packages containing the substances named for the destinations above mentioned, and also of packages containing matches of every kind, as well as cigar lighters (fuse lighters, storm lighters, etc.).

As it is not deemed safe to admit solidified alcohol (including the preparation called "Sterno" or "canned heat") to the mails for foreign countries, or to the mails for the American Expeditionary Forces and United States naval vessels including mails for marines on shore in a foreign country, owing to the long transit and frequent handling incident to the dispatch of packages overseas, notice is hereby given that the preparation in question is excluded from said mails.

Every effort should be made by postmasters to advise the relatives and friends of the soldiers, sailors and marines of the foregoing prohibitions, that all packages are thoroughly inspected before being forwarded and that any such prohibited articles found therein will be confiscated.

213. Customs declarations are not required for parcels addressed to members of the American Expeditionary Forces.

STATE LIST

POST OFFICES, BRANCH POST OFFICES AND STATIONS.

JUNE 1, 1918

[For Supplement containing changes to July 1, 1918, see Index]

* Money order offices.

† International money order offices.

° Postal savings depositories.

§ Summer offices.

|| Winter offices.

The office numbers preceding the names of post offices must be used in all correspondence with the Auditor and the Post Office Department, and on all vouchers, statements and accounts.

The unit numbers, used in parcel post business, follow the names of the counties. A branch office or a station is in the same unit as the main office. The space following the unit number is provided for the insertion of the zone number.

Postal savings deposits are received only at the post offices, branches and stations that are authorized to transact postal savings business. Withdrawals must be made at the post office, branch or station at which the depositor maintains his account.

All stations issue and cash money-orders, register letters and parcels, and sell postal supplies. Lettered and named stations, in addition, receive, deliver and dispatch mail matter.

Money orders must be drawn only on the main office or branch offices, not on stations, but may be cashed at either the main office, branch office or any station of such office.

Independent stations, indicated thus (Ind.), receive and dispatch registered mail in the same manner as post offices, and are the only stations to which postmasters address registered package tickets.

County seats (C) and the number of rural routes emanating from certain offices are shown in the list of post offices arranged by states and counties.
